15. Other Matters

The minutes of the 2024 Annual Meeting of Stockholders, the Information Statement (which includes the Management Report), SEC Form 17A (Annual Report) and other pertinent documents will be made available at the website of the Company, http://www.lbcexpressholdings.com/, and the Philippine Stock Exchange (PSE) EDGE portal.

The Board of Directors has set **18 November 2025**, as the record date for the determination of stockholders entitled to notice of and to vote at the Annual Stockholders' Meeting.

The Company will dispense with the physical attendance of stockholders at the meeting. Consequently, attendance will only be by remote communication, with voting being accomplished in absentia through the Company's online voting system at URL address: http://www.lbcexpressholdings.com/2025-annual-general-meeting or through the Chairman of the meeting, as proxy.

Stockholders intending to participate by remote communication should pre-register with the Company via LBCH's Electronic Registration and Online-voting System (E-ReV System) at URL address: http://www.lbcexpressholdings.com/2025-annual-general-meeting during the given registration period and in any case, no later than **1 December 2025.**

Following such pre-registration and subject to validation procedures, stockholders may vote either electronically via the E-ReV System, no later than **28 November 2025** or submit duly accomplished proxies on or before **28 November 2025** to the Office of the Corporate Secretary at Picazo Buyco Tan Fider Santos & Dee Law Office, Penthouse, Liberty Center, 104 H.V. Dela Costa Street, Salcedo Village, Makati City and/or by email to cpalmagil@picazolaw.com or mggo@picazolaw.com. Validation of proxies is set on **2 December 2025** at 2:00 pm.

The detailed rules and procedures for participating in the meeting through remote communication and for casting their votes in absentia are set forth in the Information Statement.

The Company is not soliciting proxies.

CRISTINA S. PALMA GIL-FERNANDEZ
Corporate Secretary

AGENDA DETAILS AND RATIONALE[1]

1. Call to Order

The Chairman of the Board of Directors, Mr. Rene E. Fuentes, will call the meeting to order.

2. Certification of Notice and Quorum

The Corporate Secretary, Atty. Cristina S. Palma Gil-Fernandez will certify that copies of the Notice of Meeting were duly published in the business section of two (2) newspapers of general circulation, and will certify the number of shares represented in the meeting, for the purpose of determining the existence of quorum to validly transact business.

Pursuant to Sections 23 and 57 of the Revised Corporation Code and SEC Memorandum Circular No. 6, Series of 2020, the Corporation has set up a designated web address which may be accessed by the stockholders to participate and vote in absentia on the agenda items presented for resolution at the meeting. A stockholder who votes in absentia or who participates by remote communication shall be deemed present for purposes of quorum.

The following are the rules and procedures for the conduct of the meeting:

(i) Stockholders may attend the meeting remotely through LBCH's Electronic Registration and Online-voting (E-ReV) System (the **"E-ReV System"**). Stockholders may send their questions or comments prior to the meeting by e-mail at info@lbcexpressholdings.com. The E-ReV System shall include a mechanism by which questions may be posted live during the meeting. The Company will endeavor to answer all questions submitted prior to and in the course of the meeting, or separately through the Company's Investor Relations Office.

(ii) Each of the Agenda items which will be presented for resolution will be shown on the screen during the live streaming as the same is taken up at the meeting.

(iii) Stockholders must register through the Company's E-ReV System to personally participate in the meeting by remote communication and to be included in determining quorum, together with the stockholders who voted by proxy.

(iv) Voting shall only be allowed for stockholders registered in the E-ReV System at http://www.lbcexpressholdings.com/2025-annual-general-meeting or through the Chairman of the meeting as proxy.

(v) All the items in the Agenda for the approval by the stockholders will need the affirmative vote of stockholders representing at least a majority of the issued and outstanding voting stock represented at the meeting.

(vi) Election of directors will be by plurality of votes and every stockholder will be entitled to cumulate his votes.

(vii) The Company's stock transfer agent and Corporate Secretary will tabulate and validate all votes received.

[1] Annex to Notice of Meeting for the 2025 Annual Stockholder's Meeting.

3. Approval of the minutes of the last stockholders' meeting held on 9 December 2024

The minutes of the last Annual Meeting of Stockholders held on 9 December 2024 will be presented for approval by the stockholders, in keeping with Section 49(a) of the Revised Corporation Code.

4. Presentation and Adoption of the President's Report and Annual Report and Approval of the Audited Financial Statements for the year 2024

The President's Report and the Annual Report of the Company for the year 2024 and the audited financial statements of the Company for the year ended 31 December 2024 will be presented for the information, understanding, and approval of the stockholders. The President's Report and Annual Report for 2024 will provide context and details on the financial performance and results of operations of the Company for 2024. This report and presentation are in line with the Company's thrust to observe and abide by the best corporate governance practices. It will allow stockholders to understand the financial condition of the Company and they will be given the opportunity to propound questions to management on matters relating to the performance of the Company.

The comments and feedback from the stockholders and their approval or disapproval of these reports and the financial statements will provide guidance to the Board of Directors in the management of the business of the Company.

5. Ratification of all acts of the Board of Directors and Management since the last annual stockholders' meeting held on 9 December 2024

The ratification of all acts and resolutions of the Board of Directors and all the acts of management taken or adopted since 9 December 2024 will be sought from the stockholders during the meeting.

The ratification of the acts and resolutions of the Board and management will also serve as an avenue for the stockholders to better understand how the Board manages the business and operations of the Company. The ratification will also serve as confirmation by the stockholders that they approve of the manner by which the Board and management of the Company have been running its business and affairs.

6. Election of the Directors (including the Independent Directors) of the Company for the ensuing fiscal year

The Corporate Secretary will present the names of the persons who have qualified and have been duly nominated for election as directors and independent directors of the Company consistent with the Company's By-Laws and Manual on Corporate Governance and other applicable laws and regulations.

The election of the members of the Board of Directors allows the stockholders to directly participate in the selection of the individuals who will serve in the Board which exercises the corporate powers of the Company.

The procedure for voting by remote communication, in *absentia* or by proxy, including cumulative voting, is provided in this Information Statement.

7. Appointment of the external auditor of the Company for 2025

The approval of the stockholders of the Company is being sought for the appointment of SyCip Gorres Velayo & Co. as the external auditor of the Company.

8. Ratification of Re-approval for the Amendment of certain articles and sections of the Articles of Incorporation and By-Laws previously approved last 9 December 2024: (i) Change of Principal Address, and (ii) Change of Annual General Meeting Date

INFORMATION STATEMENT

A. GENERAL INFORMATION

Item 1. Date, Time, and Place of Meeting of Security Holders

The Annual Meeting of the stockholders of LBC Express Holdings, Inc. (the "**Company**") will be held on **9 December 2025, Monday, 2:00 P.M. to be conducted via remote communication.**

The Chairman will conduct the online meeting from the principal place of business of the Company at the LBC Hangar, General Aviation Center, Domestic Airport Road, Pasay City.

Attendance and voting in the AGM by the stockholders shall be done only via remote communication by signing in through http://www.lbcexpressholdings.com/2025-annual-general-meeting. Stockholders may attend the meeting remotely through the *Zoom* application, with links to be posted on the Company's website.

The mailing address of the Company is at LBC Central Exchange, L-2 C5 Extension, Moonwalk, Parañaque City, Metro Manila, Philippines.

This Information Statement will be first sent or given to security holders (by posting on PSE Edge and the Company's website) on or around **12 November 2025**.

The requirements and procedure for registration, participating and voting are set forth in **Annex "A"** to the Information Statement.

Item 2. Dissenters' Right of Appraisal

Under Sections 41 and 80 of the Revised Corporation Code, the following are the instances when a stockholder may exercise his appraisal right:

1. In case any amendment to the articles of incorporation has the effect of changing or restricting the rights of any stockholder or class of shares, or of authorizing preferences in any respect superior to those of outstanding shares of any class, or of extending or shortening the term of corporate existence;

2. In case of sale, lease, exchange, transfer, mortgage, pledge or other disposition of all or substantially all of the corporate property and assets of the Company; and

3. In case of merger or consolidation.

4. In case of investment of corporate funds for any purpose other than the primary purpose of the corporation

In order that a dissenting stockholder may exercise his appraisal right, such dissenting stockholder must have voted against the proposed corporate action at the annual meeting. Within thirty (30) days after the date of the annual meeting at which meeting such stockholder voted against the corporate action, the dissenting stockholder shall make a written demand on the Company for the fair value of his shares held. If the proposed corporate action is implemented, the Company shall pay the dissenting stockholder upon surrendering the certificates of stock representing his shares, the fair value of said shares on the day prior to the date on which the vote was taken. If the dissenting stockholder and the Company cannot agree on the fair value of the shares within sixty (60) days from the date of stockholders' approval of the corporate action, then the determination of the fair value of the shares shall be determined by three (3) disinterested persons, one (1) of whom shall be named by the dissenting stockholder, one (1) by the Company and a third to be named by the two (2) already chosen. The findings of the majority of the appraisers shall be final and their award shall be paid by the Company within thirty (30) days after such award is made. The procedure to be followed in exercising the appraisal right shall be in accordance with Sections 80 to 85 of the Revised Corporation Code.

There are no matters or proposed actions as specified in the Notice of Annual Stockholders' Meeting that will give rise to a possible exercise by shareholders of their appraisal rights as provided in the Corporation Code of the Philippines and summarized above.

Item 3. Interest of Certain Persons in or Opposition to Matters to be Acted Upon

Other than the election to office to include the nomination and election of directors and independent directors, there are no matters to be acted upon in which any director or executive officer is involved or had a direct, indirect, or substantial interest. Furthermore, no director has informed the registrant, in writing or otherwise, that he/she intends to oppose any action to be taken by the registrant at the Meeting.

B. CONTROL AND COMPENSATION INFORMATION

Item 4. Voting Securities and Principal Holders Thereof

As of 30 September 2025, the number of shares outstanding of LBC Express Holdings, Inc. (**"LBCH"** or the **"Company"**) is 1,425,865,471 shares with par value of One Peso (Php1.00) per share.

All stockholders of record at the close of business hours on **18 November 2025** (the **"Record Date"**) are entitled to notice and to vote at the Annual Stockholders' Meeting.

A common stockholder entitled to vote at the Meeting shall have the right to vote in person or by proxy the number of shares registered in his name in the stock and transfer book of the Company as of the Record Date. With respect to the election of directors, said stockholder may vote such number of shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of his shares shall equal, or he may distribute them on the same principle among as many candidates as he shall see fit, provided, that the total number of votes cast by him shall not exceed the number of shares owned by him multiplied by the whole number of directors to be elected.

For this year's meeting, the Board of Directors had adopted a resolution to allow stockholders entitled to notice of, and to attend the meeting, to exercise their right to vote *in absentia*.

Information Required of Directors and Executive Officers

Directors and Executive Officers

As of the date of this Information Statement, the following persons have been nominated to the Board for election at the Annual Stockholders' Meeting and have accepted their nomination:

RENE E. FUENTES
ENRIQUE V. REY, JR.
MARK WERNER J. ROSAL
AUGUSTO G. GAN
ROSALIE H. INFANTADO
CARLOS GABRIEL R. ARANETA
VICTOR Y. LIM JR. as independent director
FERDINAND D. TOLENTINO as independent director
ANTHONY A. ABAD as independent director

Except for those nominated as independent directors, the nominees to the Board of Directors were formally nominated to the Corporate Governance Committee of the Board by a shareholder of the Company, LBC Development Corporation. Mr. Ferdinand D. Tolentino, Mr. Victor Y. Lim, Jr. and Mr. Anthony A. Abad are being nominated as independent directors. The nominated independent directors, having possessed the qualifications and none of the disqualifications of an independent director, were nominated by Klarence Tan Dy in accordance with the guidelines for the nomination and election of independent directors pursuant to Rule 38 of the Securities Regulation Code (SRC). Klarence Tan Dy is not related to any of the nominees including Mr. Ferdinand D. Tolentino, Mr. Victor Y. Lim Jr., and Mr. Anthony A. Abad.

The qualifications of all nominated directors, including the nominated independent directors, have been pre-screened in accordance with the Corporate Governance Manual and By-Laws of the Company. Only the nominees whose names shall appear on the final list of candidates are eligible for election as directors (independent or otherwise), in accordance with the procedure set forth in the By-Laws of the Company. No other nominations will be entertained after the preparation of the final list of candidates and no further nominations shall be entertained or allowed during the Annual Stockholders' Meeting.

The Certifications of Independent Directors are attached hereto as **Annex "B".**

The Secretary's Certificate attesting to the fact that only Director Ferdinand D. Tolentino is currently holding a government position, having been duly appointed on 21 February 2024 as the Private Sector Representative to the Governing Board of the Public-Private Partnership of the Philippines, to which he does not derive any compensation and/or honorarium, and that no other director nor officer of the Corporation hold any position in any capacity in any government agency or instrumentality, is hereto attached as **Annex "C"**.

Significant Employees

None. While the Company values its workforce, the business of the Company is not highly dependent on the services of personnel outside of Senior Management.

Family Relationships

There are no family relationships between Directors and members of the Company's senior management known to the Company.

Involvement in Certain Legal Proceedings

The Company believes that, except as discussed below, none of the Company's directors, nominees for election as director, or executive officers have in the five-year period prior to the date of this Prospectus: (1) had any bankruptcy petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within a two-year period of that time; (2) have been convicted by final judgment in a criminal proceeding, domestic or foreign, or have been subjected to a pending judicial proceeding of a criminal nature, domestic or foreign, excluding traffic violations and other minor offenses; (3) have been the subject of any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting their involvement in any type of business, securities, commodities or banking activities; or (4) have been found by a domestic or foreign court of competent jurisdiction (in a civil action), the SEC or comparable foreign body, or a domestic or foreign exchange or other organized trading market or self-regulatory organization, to have violated a securities or commodities law or regulation, such judgment having not been reversed, suspended, or vacated.

The Araneta Siblings, who are the controlling shareholders of LBC Development Corporation, the shareholder holding a majority of the outstanding shares of the Company are involved in legal proceedings described below.

On 9 September 2011, pursuant to Monetary Board Resolution No. 1354, the Monetary Board prohibited LBC Bank (which is controlled by the Araneta Family) from doing business in the Philippines, ordered it closed, and placed it under the receivership of the PDIC based on the below reasons.

1. LBC Bank has insufficient realizable assets to meet liabilities;

2. LBC Bank cannot continue in business without involving probable losses to its depositors and creditors; and

3. LBC Bank has willfully violated the Cease and Desist Order of the Monetary Board dated 12 March 2010 for acts or transactions which are considered unsafe and unsound banking practices and other acts or transactions constituting fraud or dissipation of the assets of the institution and considering the failure of the Board of Directors/management of LBC Bank to restore the bank's financial health and viability despite considerable time given to address the financial problems, and that the bank had been accorded due process.

The PDIC thereafter stepped in as receiver and prepared its report on LBC Bank's status. Based on the Rehabilitation Report of PDIC, the conclusion/recommendation was that LBC Bank could not be rehabilitated or otherwise placed in such a condition that it can be permitted to resume business with safety to its depositors, creditors, and the general public considering that:

1. the estimated realizable value of its assets (ERVA) as of 31 December 2011 in the amount of ₱1.7 billion is deficient by ₱4.96 billion to cover estimated liabilities aggregating to ₱6.6 billion. Additional capital infusion of ₱5.96 billion is needed to meet the ₱1 billion minimum capital requirement for a thrift bank with head office located in Metro Manila; and

2. the rehabilitation proposal submitted by the LBC Group of Companies and the Rizal Banking Corporation via asset purchase agreement was found not viable.

On 5 July 2012, the MB of the BSP issued Resolution No. 1088 directing PDIC to proceed with the liquidation of LBC Bank on the basis of the Rehabilitation Report.

The PDIC has filed various criminal and administrative complaints against certain members of the Araneta Family in relation to the receivership of LBC Bank, which are described below:

- Mr. Juan Carlos Araneta, Mr. Santiago Araneta, Mr. Fernando Araneta and Ms. Ma. Monica G. Araneta (the **"Araneta Siblings"**) were named as respondents in their capacity as stockholders and/or directors LBC Bank in a complaint for estafa, falsification of commercial documents and conducting business in an unsafe and unsound manner that was filed by the PDIC with the Department of Justice (the **"DOJ"**). The complaint is entitled *"Philippine Deposit Insurance Corporation vs. Ma. Eliza G. Berenguer, et. al."* and docketed as NPS Docket No. XVI-INV-15D-00125. PDIC alleged that the Araneta Siblings, in conspiracy with the other respondents, made it appear that they infused capital into LBC Bank in the amount of approximately 39 Million Pesos to cover a capital deficiency as required by the BSP. The Araneta Siblings denied the allegations, stating that they actually paid for the subscription, as shown by PDIC's own evidence, that no evidence was presented to show conspiracy, and that as mere stockholders and/or directors, they are not involved with the day-to-day management of the bank and how the bank used the money subject of the case. On 18 April 2016, the complaint against all the respondents was dismissed by the investigating prosecutor. The PDIC filed a Petition for Review with the Secretary of Justice (**"SOJ"**) on 25 May 2016. The appeal is currently pending with the SOJ.

- Mr. Juan Carlos Araneta, Mr. Santiago Araneta and Mr. Fernando Araneta were named as respondents in their capacity as stockholders and/or directors of LBC Bank in a complaint for syndicated estafa, falsification of commercial documents and conducting business in an unsafe and unsound manner that was filed by the PDIC with the DOJ. The complaint is entitled *"Philippine Deposit Insurance Corporation vs. Ma. Eliza G. Berenguer, et. al."* and docketed as NPS Docket No. XVI-INV-15H-00315. PDIC alleged, among others, that LBC Bank took out a 30 Million Peso loan from Chinabank "to generate funds for the purpose of remittance." The loan, however, was allegedly not recorded as "Bills Payable" nor as any other liability in LBC Bank's books. PDIC claims that the loan proceeds were transferred to LBC Development Corporation who used the funds to partially pay LBC Bank for advances of remittances. LBC Bank then allegedly paid the loan to Chinabank prior to maturity date using LBC Bank's own funds. The Aranetas denied the allegations, stating, among others, that the approval of the resolution granting the corporation the authority to obtain a loan was a regular action of the

members of the board of directors in the normal and ordinary course of business, and they cannot be held liable individually as directors for the mere approval of a regular corporate action. In a resolution dated 27 March 2019, the complaint against all the respondents was dismissed by the investigating prosecutor. The resolution was belatedly furnished to the PDIC and thus, it only appealed to the SOJ on or about 14 October 2021. The Aranetas and other respondents filed their comment to the appeal on 2 November 2021. In a resolution dated 16 May 2023, the SOJ dismissed the appeal. The PDIC filed a motion for reconsideration dated 7 June 2023, which is currently pending resolution.

- Mr. Juan Carlos Araneta, Mr. Santiago Araneta and Mr. Fernando Araneta were named as respondents in their capacity as stockholders and/or directors of LBC Bank in a complaint for syndicated estafa, falsification of commercial documents and conducting business in an unsafe and unsound manner that was filed by the PDIC with the DOJ. The complaint is entitled *"Philippine Deposit Insurance Corporation vs. Ma. Eliza G. Berenguer, et. al."* and docketed as NPS Docket No. XVI-INV-15J-00397. PDIC alleged that LBC Bank obtained three loans from Chinabank in the amount of approximately 50 Million Pesos, which were secured by a Hold-Put Agreement on LBC's existing Foreign Currency Deposit Unit Time Deposits of various LBC affiliate companies with Chinabank. The loans all indicated that the proceeds were intended for LBC Bank's "working capital" and yet were not recorded as "Bills Payables" or liabilities in the books of LBC Bank. The proceeds from the loan were allegedly credited by Chinabank to LBC Bank's Current/Savings Bank Account, and then used as partial payment for "advance to affiliates". Thereafter, LBC Bank used the proceeds of the matured time deposits to pay the loans to Chinabank. The Aranetas denied the allegations, stating, among others, that the approval of the resolution granting the corporation the authority to obtain loans was a regular action of the members of the board of directors in the normal and ordinary course of business, and they cannot be held liable individually as directors for the mere approval of a regular corporate action. The case was submitted for resolution of the investigating prosecutor on 25 May 2016. In a joint resolution dated 20 June 2022, the investigating prosecutor jointly resolved this case and the succeeding case (NPS Docket No. XVI-INV-15K-00414) and dismissed both of them. After their motion for reconsideration was denied, the PDIC appealed to the SOJ on or about 26 July 2022. The Aranetas and other respondents filed a joint comment dated 16 August 2022. In a resolution dated 29 September 2022, the SOJ dismissed the appeal of the PDIC. The PDIC filed a motion for reconsideration on or about 14 October 2022. In a resolution dated 16 May 2023, the SOJ denied the motion for reconsideration. The Aranetas and other respondents are currently awaiting if the PDIC will appeal further to the Court of Appeals. To date, they have not received any appeal or petition for certiorari filed by the PDIC.

- Mr. Juan Carlos Araneta, Mr. Santiago Araneta and Mr. Fernando Araneta were named as respondents in their capacity as stockholders and/or directors of LBC Bank in a complaint for syndicated estafa, falsification of commercial documents and unsound business practices that was filed by the PDIC with the DOJ. The complaint is entitled *"Philippine Deposit Insurance Corporation vs. Ma. Eliza G. Berenguer, et. al."* and docketed as NPS Docket No. XVI-INV-15K-00414. PDIC alleged that Foreign Currency Remittances received by LBC Mabuhay were not deposited to LBC Bank's Dollar Account with CalBank resulting in funding gaps or "short remittances." Despite this, LBC Bank continued to pay the full amount of the remittance instructions resulting in Advances by LBC Bank in favor of LBC Mabuhay, supposedly in violation of the Memorandum of Understanding between LBC Bank and the BSP. The Aranetas denied the allegations, stating, among others, that as mere stockholders and/or directors, they are not involved in the day-to-day management and operations of the bank and thus could not have participated in the actions alleged in the complaint. The case was submitted for resolution of the investigating prosecutor on 25 May 2016 and is still currently pending. In a joint resolution dated 20 June 2022, the investigating prosecutor jointly resolved this case and the preceeding case (NPS Docket No. XVI-INV-15J-00397) and dismissed both of them. After their motion for reconsideration was denied, the PDIC appealed to the SOJ on or about 26 July 2022. The Aranetas and other respondents filed a joint comment dated 16 August 2022. In a resolution dated 29 September 2022, the SOJ dismissed the appeal of the PDIC. The PDIC filed a motion

for reconsideration on or about 14 October 2022. The appeal is currently pending with the SOJ. The Aranetas and other respondents are currently awaiting if the PDIC will appeal further to the Court of Appeals. To date, they have not received any appeal or petition for certiorari filed by the PDIC.

- Mr. Juan Carlos Araneta, Mr. Santiago Araneta, Mr. Fernando Araneta and Mr. Carlos G. Araneta were named as respondents in their capacity as stockholders and/or directors of LBC Bank in a complaint for unsafe and unsound business practices that was filed by the PDIC with the prosecutor's office. The complaint is entitled *"Philippine Deposit Insurance Corporation vs. Juan Carlos G. Araneta, et. al."* and docketed as NPS Docket No. XVI-INV-16D-00128. PDIC alleged that the respondents committed acts or omissions constituting unsafe and unsound business practice by entering into Service Agreements with LBC Express, whose terms were supposedly manifestly and grossly disadvantageous to Bank. The respondents allegedly failed to enforce payment of service fees, thereby causing undue injury and/or unwarranted benefits, advantage, or preference to LBC Express through manifest partiality and bad faith that resulted in a material loss or damage to the liquidity or solvency of LBC Bank and to the latter's depositors, creditors, and the general public. The Aranetas denied the allegations, stating, among others, that as mere stockholders and/or directors, they are not involved in the day-to-day management and operations of the bank and thus could not have participated in the actions alleged in the complaint. They further allege that the complaint does not actually impute any specific criminal action to each of them individually. In a resolution dated 20 February 2018, the complaint against all the respondents was dismissed by the investigating prosecutor. The PDIC filed a Petition for Review with the SOJ on or about 25 February 2019. In a resolution dated 16 May 2023, the SOJ dismissed the Petition for Review. In lieu of moving for reconsideration, the PDIC filed a Petition for Certiorari dated 21 July 2023, which is docketed as CA-G.R. SP No. 179701. After the parties filed their respective pleadings, the Court of Appeals dismissed the Petition in its Decision dated 27 August 2025.The PDIC filed a motion for reconsideration dated 29 September 2025, which is currently pending resolution.

- An administrative complaint was filed by the PDIC before the Office of the Special Investigation (OSI) BSP against Mr. Juan Carlos Araneta, Mr. Santiago Araneta, and Mr. Fernando Araneta, together with other respondents in their capacity as stockholders and/or directors of LBC Bank. The administrative complaint is based on the same complaint discussed in the preceding paragraph. The administrative complaint is entitled *"Philippine Deposit Insurance Corporation vs. Ma. Eliza G. Berenguer, et. al."* and docketed as OSI-AC-No. 2016-003. The Aranetas adopted the same defences as discussed in the preceding paragraph. After a preliminary investigation, the OSI issued a Resolution dated 14 September 2017, finding a *prima facie* case of unsound banking practice against the Aranetas and the former LBC Bank president, while dismissing the case against the other respondents who were former employees of LBC Bank for lack of evidence. The OSI denied the Aranetas' motion for reconsideration in a Resolution dated 6 March 2018. The OSI filed formal charges against the Aranetas and the former LBC Bank president with the Supervised Banks Complaints Evaluation Group (SBCEG) of the BSP on or about 12 March 2018. The case before the SBCEG is entitled *"In Re: Administrative Case against Ma. Eliza G. Berenguer, et. al.,"* and docketed as Administrative Case No. 2018-092. The Aranetas have filed their respective Answers to the formal charges and intend to present their evidence when the case is set for trial. On 7 August 2018, the Aranetas filed a motion to suspend the proceedings before the BSP because the civil case described in the Legal Proceedings section below (Civil Case No. 15-1258) involves the same issues and thus represents a prejudicial question. In the resolution dated 3 November 2021, the Special Hearing Panel granted the motion and suspended the proceedings until the Civil Case is resolved with finality. The PDIC filed a motion for reconsideration which was denied. The PDIC appealed to the Court of Appeals last 23 September 2022, docketed as CA-G.R. No. 175378. The Court of Appeals denied the appeal of the PDIC in its Decision dated 27 February 2025. The PDIC filed

a motion for reconsideration dated 14 March 2025, which is currently pending resolution. In the meantime, the BSP proceedings remain suspended, pending the outcome of the Civil Case and/or the appeal.

- Mr. Juan Carlos Araneta, Mr. Fernando Araneta, and Mr. Santiago Araneta were named as respondents in their capacity as directors of LBC Bank in a complaint for violation of Section 55.1 (a) of the General Banking Law and Subsection X306.3 of the Manual of Regulations for Banks in relation to Section 36 of the New Central Bank Act that was filed by the Bangko Sentral ng Pilipinas (BSP) with the DOJ. The complaint is entitled *"Bangko Sentral ng Pilipinas vs. Ma. Eliza G. Berenguer, et. al."* and docketed as NPS Docket No. XVI-INV-16L-00383. The complaint alleged that the amortizations for certain loans by related parties were allegedly simulated and that the Bank did not receive actual payment. Furthermore, the same loans by such related parties were allowed to be renewed and restructured under terms favourable to the borrowers, to the prejudice of the bank. The case is currently undergoing preliminary investigation before the city prosecutor. The Aranetas have denied the accusations and emphasized that they were not aware of nor did they participate in any alleged simulation of payments. They also maintain that the evidence filed by the BSP does not show their knowledge or involvement. They also approved the renewal and restructuring terms only after the Credit Group of LBC Bank performed due diligence and made recommendations.

  In a resolution dated 29 June 2022, the investigating prosecutor found probable cause to charge the Aranetas and other respondents with 2 counts of violating Sec. 55.1(a) of RA 8791 in relation to Sec. 36 of RA 7653 and 1 count for violating Subsection X306.3 of the MORB in relation to Sec.36 of RA 7653. The Aranetas and other respondents filed a Petition for Review to the SOJ on 29 July 2022, appealing the adverse resolution. The SOJ issued a resolution dated 6 October 2022, denying the appeal but the Aranetas and other respondents filed a motion for reconsideration 14 October 2022.

  The Makati City Prosecutor proceeded to file the aforementioned 3 criminal charges against the Aranetas, which were docketed as Criminal Case Nos. R-MKT-22-02606, Criminal Case Nos. R-MKT-22-02607, and Criminal Case Nos. R-MKT-22-02608 and raffled to Branch 137 of the Makati City Regional Trial Court (Makati RTC). The Aranetas have all been admitted to bail and allowed provisional liberty. The arraignment and pre-trial were concluded on 11 April 2023, with the Aranetas and all other accused pleading "not guilty" to the charges. The prosecution commenced its initial presentation of evidence, which is scheduled to continue until January 2024, depending on the number of witnesses to be presented. The defense counsels will then present the evidence for the accused from February 2024 onwards.

  In the meantime, the SOJ issued a resolution dated 30 August 2023, partially granting the motion for reconsideration. The SOJ ruled that there is no probable cause to charge the Aranetas and other members of the board of directors and directed the public prosecutors to withdraw the charges against them. The Makati City Prosecutor filed a manifestation and motion to withdraw the informations dated 22 September 2023. The Makati RTC however issued an order dated 12 October 2023, denying the motion to withdraw. The Makati City Prosecutor, as well as the Aranetas and other board members, filed their respective motions for reconsideration, which were denied in the Joint Order dated 13 November 2023.

  The Prosecution thus proceeded to present its next witnesses, Ms. Imelda Barro and Ms. Nenette Detoon.

  Related to these criminal cases, the Aranetas and other accused also filed a Petition for Certiorari dated 23 February 2023 with the Court of Appeals docketed as CA G.R. SP No. 178125. The Petition assails the orders of the Makati RTC which denied motions filed by the Aranetas and other accused to dismiss/quash the informations and to exclude the private

prosecutor from intervening. The Court of Appeals issued a Decision dated 9 July 2024, finding that the Makati RTC committed grave abuse of discretion, finding that the Constitutional rights of the accused were violated and ordering the dismissal of all criminal cases. The Office of the Solicitor General (OSG) filed a Motion for Reconsideration dated 5 August 2024, while the BSP filed its own Motion for Reconsideration dated 21 August 2024. The two motions for reconsideration were denied by the Court of Appeals in its Resolution dated 22 April 2025.

The OSG appealed to the Supreme Court, which is docketed as G.R. No. 280130. We are currently awaiting the action of the Supreme Court.

In light of the Court of Appeals Decision, the Aranetas and other accused filed an Ex-Parte Manifestation and Motion dated 25 July 2024, asking the judge to comply with the Court of Appeals Decision and dismiss the criminal cases, because the said decision is tantamount to an acquittal. After the prosecution filed its opposition, the judge issued an Order dated 19 August 2024, dismissing the three criminal cases against the Aranetas and other accused.

The prosecution has filed a Motion for Reconsideration dated 27 August 2024, which has been opposed by all accused. The motion for reconsideration is currently pending resolution.

On 16 November 2018, Mr. Santiago Araneta and Mr. Juan Carlos Araneta received, via registered mail, letters from the BSP ISD II, informing them that the Monetary Board, under Resolution No. 1716 dated 28 October 2018 has approved the inclusion of their names in the BSP Masterlist of Watchlisted Persons – Disqualification File "B" (Temporary) (the **"BSP Watchlist"**) and temporarily disqualifying them from becoming a director and/or officer in any BSP-supervised financial institution. Mr. Fernando Araneta received the same letter on 21 November 2018. As a result of their inclusion in the BSP Watchlist, Mr. Santiago Araneta and Mr. Fernando Araneta vacated their positions as directors of LBC Express, and an election was held last 6 December 2018 to fill in the positions they vacated.

The Aranetas subsequently received letters dated 23 February 2023 from the BSP Financial Supervision Department VII, asking them to file their written explanation as to why additional grounds for disqualification should not be included under their names in the BSP Masterlist of Watchlisted Persons due to the filing of the following cases against them: (a) Criminal Case Nos. R-MKT-22-02606, Criminal Case Nos. R-MKT-22-02607, and Criminal Case Nos. R-MKT-22-02608, (b) BSP Administrative Case No. 2018-092, and (c) Civil Case No. 15-1258. They submitted their consolidated reply dated 24 March 2023. They are currently awaiting the decision of the Monetary Board.

All of the legal proceedings against any director, officer, and controlling person are all updated as of date of the Information Statement.

Certain Relationships and Related Transactions

LBC Express Holdings and its subsidiaries in their ordinary course of business, engage in transactions with related parties and affiliates consisting of its parent company (LBC Development Corporation) and entities under common control. These transactions include royalty, service and management fee arrangements and loans and advances.

It is a policy of the Company that related party transactions are entered into on terms which are not more favorable to the related party than those generally available to third parties dealing at arm's length basis and are not detrimental to unrelated shareholders. All related party transactions shall be reviewed by the appropriate approving authority, as may be determined by the board of directors. In the event of a related party transaction involving a director, the relevant director should make a full disclosure of any actual or potential conflict of interest and must abstain from participating in the deliberation and voting on the approval of the proposed transaction and any action to be taken to address the conflict.

Please refer to Note 18 (Related Party Transactions) of the Notes to the 2024 Consolidated Financial Statements.

The Company, inclusive of its subsidiaries (collectively, the **"Group"**) has the following major transactions with related parties:

Royalty Fee and Licensing Agreement with Parent Company

LBC Express, Inc. (**"LBCE"**), a subsidiary of the Company, and LBC Development Corporation have entered into a trademark licensing agreement dated 29 November 2007 under which LBC Development Corporation has granted LBCE the full and exclusive right within the Philippines to use LBC Marks including the names "LBCE," "LBC Express," "LBC", "Hari Ng Padala" (Tagalog for "King of Forwarding Services"), "We Like to Move It", and "WWW.LBCEXPRESS.COM" as well as the "LBC" corporate logo, the "Team LBC Hari Ng Padala" logo.

On 4 August 2017, LBCE and LBC Development Corporation entered into a trademark licensing agreement, which amended and restated the trademark licensing agreement entered by the same parties on 9 November 2007. Both parties agreed to discontinue royalty payments for the use of LBC Marks in recognition of LBCE's own contribution to the value and goodwill of the trademark effective 4 September 2017.

Expense reimbursements, receivable/payable under regular trade agreements and advances to and from Related Parties

The Group provides expense reimbursements, has receivable and payable under regular trade agreements to affiliates. These are non-interest bearing and payable on demand.

Cash Advances to and from Related Parties

The Group makes advances to and from related parties to finance working capital requirements and as part of their cost reimbursements arrangement. These unsecured advances are non-interest bearing and payable on demand.

Fulfillment Fee and Brokerage Fee

In the normal course of business, the Group fulfills the delivery of balikbayan boxes, documents, parcels and money remittances, and performs certain administrative functions on behalf of its international affiliates. The Group charges delivery fees and service fees for the fulfillment of these services based on agreed rates. LBCE acquires services from Orient Freight International Incorporated (OFII), which include sea freight and brokerage mainly for the cargoes coming from international origins. These expenses are billed to the origins at cost.

Guarantee Fee

LBCE entered into a loan agreement with BDO which is secured with real estate mortgage on various real estate properties owned by the Group's affiliate. In consideration of the affiliate's accommodation to the LBCE request to use these properties as loan collateral, the Group agreed to pay the affiliate, every April 1 of the year starting 1 April 2016, a guarantee fee of 1% of the outstanding loan and until said properties are released by the bank as loan collateral.

On 15 April 2021, the Board of Directors of the Company approved the collateralization of the Company's time deposit amounting to ₱382.59 million by way of hold-out on such amount, in substitution of the aforementioned affiliate's property collateral. The current amount of time deposit as of December 31, 2024 is ₱127.13 million. Such guarantee shall substitute the existing real estate mortgage on the affiliate's real estate properties as security.

Business Combinations

On 29 May 2019, LBCH sold all its 1,860,214 common shares in QUADX Inc. to LBCE for ₱186,021,400 or ₱100 per share payable no later than two years from the execution of deed of absolute sale of share, subject to any extension as may be agreed in writing by the parties.

On 1 July 2019, LBCE sold all its QUADX Inc. shares to LBC Development Corporation for ₱186.02 million, payable no later than two years from the date of sale, subject to any extension as may be agreed in writing by the parties. On the same date, LBCE, LBC Development Corporation and QUADX Inc.

entered into a Deed of Assignment of Receivables whereas LBCE agreed to assign, transfer and convey its receivables from QUADX Inc. as of 31 March 2019 amounting to ₱832.64 million to LBC Development Corporation which shall be paid in full, from time to time starting 1 July 2019 and no later than two years from the date of the execution of the Deed, subject to any extension as may be agreed in writing by LBCE and LBC Development Corporation. In July 2021, LBCE and LBCDC entered into amended agreements to extend payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment. Subsequently, this was further extended for an additional two years in 2023.

In 2022, LBCDC entered into a pledge agreement with LBCE whereby the former pledged portion of its LBCH shares to LBCE as a guarantee to its outstanding receivables amounting to ₱1,018.66 million.

Notes receivable

Mahleene G. Go	Assistant Corporate Secretary, Corporate Information Officer and Compliance Officer

The following table identifies and summarizes the aggregate compensation of the Company's President and the four most highly compensated executive officers of the Company in fiscal years 2022, 2023, 2024 and 2025 (projected):

	Year	Salary	Bonus	Others	Total[(1)]
					(₱)
President and the four most highly compensated executive officers named above and aggregate compensation paid to all officers as a group[6]	December 2021 to November 2022	63,174,113	-	14,578,680	77,752,793
	December 2022 to November 2023	86,623,446	-	2,053,853	88,677,299
	December 2023 to November 2024	87,671,213	-	2,099,628	89,770,841
	Projected December 2024 to November 2025[(2)]	77,635,512	-	2,919,435	80,554,947

Note:

(1) Includes salary, bonuses and other income.

(2) With respect to the computation provided herein, this includes the compensation received by Mr. Michael A. Camahort with respect to his position of Chief Executive Officer and President from December 2024 to September 30, 2025. Thus, the compensation table above includes the compensation of Mr. Camahort as President until his retirement in September 30, 2025.

The Chairman, Chief Executive Officer and President, and the Chief Finance Officer and the Treasurer do not receive any compensation from the Company. The compensation of those three officers is paid by the Company's subsidiary, LBC Express. The individuals who hold those positions, Mr. Fuentes, Mr. Rey and Ms. Infantado, have been working for the Group even prior to the Corporate Reorganization of the Company in 2015 which resulted in the Company becoming the parent company of LBC Express. After such Corporate Reorganization, the compensation for services they rendered to the Group continued to be paid by LBC Express.

The incumbent Corporate Secretary, Assistant Corporate Secretary/Corporate Information Officer/Compliance Officer, and Alternate Corporate Information Officer are not executive officers of the Company. They do not receive any compensation from the Company in their personal capacities as such officers.

The said positions are filled-in by Picazo Buyco Tan Fider Santos & Dee (**"Picazo Law"**), retained counsel of the Company. Picazo Law provides its lawyers to service the requirements of the Company, pursuant to a retainer agreement for general and external legal services, in consideration for which Picazo Law is paid its standard retainer fees.

EMPLOYMENT CONTRACTS

The Company has no special employment contracts with the named Executive Officers.

[6] This aggregate compensation amount excludes Atty. Gil-Fernandez and Atty. Go, who are not employees of the Company. They do not receive any compensation from the Company in their personal capacities as such officers.

Standard Arrangement

Other than payment of reasonable per diem as may be determined by the Board for every meeting, there are no standard arrangements pursuant to which directors of the Company are compensated, or were compensated, directly or indirectly, for any services provided as a director and for their committee participation or special assignments for 2010 up to the present. No per diems were paid during 2024 to the directors.

Other Arrangements

There are no other arrangements pursuant to which any director of the Company was compensated, or to be compensated, directly or indirectly, during 2024 for any service provided as a director.

Warrants and Options Outstanding

There are no outstanding warrants or options held by the President, the named executive officers, and all officers and directors as a group.

Item 7. Independent Public Accountants

The external auditor of the Company is the accounting firm of SyCip Gorres Velayo & Co. (**"SGV & Co."**). The Board, upon the recommendation of the Company's Audit Committee, approved the reappointment of SGV & Co. as the Company's independent auditor for 2024 based on their performance and qualifications.

The reappointment of SGV and Co. will be presented to the stockholders for their approval at the Annual Stockholders' Meeting.

Representatives of SGV & Co. for the current year and for the most recently completed fiscal year are expected to be present at the Annual Stockholders' Meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

Changes in and Disagreements with Accountants on Accounting and Financial Disclosure

The consolidated financial statements of the Company as of and for the year ended 31 December 2024, 2023, 2022, 2021, and 2020 were audited by SGV & Co., a member firm of Ernst & Young Global Limited.

SGV & Co. has acted as the Company's independent auditor since fiscal year 2014. Dolmar C. Montañez is the current audit partner for the Company and has served as such since fiscal year 2014. The Company has not had any material disagreements on accounting and financial disclosures with its current independent auditor for the same periods or any subsequent interim period. SGV & Co. has neither shareholdings in the Company nor any right, whether legally enforceable or not, to nominate persons or to subscribe for the securities of the Company. The foregoing is in accordance with the Code of Ethics for Professional Accountants in the Philippines set by the Board of Accountancy and approved by the Professional Regulation Commission.

Audit and Audit-related Fees

The following table sets forth the aggregate fees billed for each of the last two years for professional services rendered by SGV & Co.:

	2024	2023
In millions (₱)		
Audit and Audit-Related Fees [1]	₱2.24	₱2.14
Non-audit service fees [2]	₱0.21	₱0.21

Total	₱2.45	₱2.35

(1) Audit and Audit-Related Fees. This category includes the audit of annual financial statements, review of interim financial statements and services that are normally provided by the independent auditor in connection with statutory and regulatory filings or engagements for those calendar years

(2) Related to transfer pricing fees based on billed fees.

In relation to the audit of the Company's annual financial statements, the Company's Corporate Governance Manual, provides that the audit committee shall, among other activities, (i) review the reports submitted by the internal and external auditors; (ii) ensure that other non-audit work provided by the external auditors are not in conflict with their functions as external auditors; and (iii) coordinate, monitor and facilitate compliance with laws, rules and regulations.

The Audit Committee consists of at least three appropriately qualified non-executive members of the board of directors, the majority of whom, including the Chairman, is an Independent Director. The Audit Committee, with respect to an external audit, shall:

(i) Perform oversight functions over the Company's external auditors. The Audit Committee should ensure that the internal and external auditors act independently from each other, and that both auditors are given unrestricted access to all records, properties and personnel to enable them to perform their respective audit functions.

(ii) Prior to the commencement of the audit, discuss with the external auditor the nature, scope, and expenses of the audit, and ensure proper coordination if more than one audit firm is involved in the activity to secure proper coverage and minimize duplication of efforts.

(iii) Evaluate and determine the non-audit work, if any, of the external auditor, and review periodically the non-audit fees paid to the external auditor in relation to their significance to the total annual income of the external auditor and to the Company's overall consultancy expenses. The committee shall disallow any non-audit work that will conflict with his duties as an external auditor or may pose a threat to his independence. The non-audit work, if allowed, should be disclosed in the Company's annual report.

(iv) Review the reports submitted by the external auditors.

Item 8. Compensation Plans

During the Annual Stockholders' Meeting held on 13 August 2007, the stockholders owning or representing at least two thirds (2/3) of the outstanding capital stock approved the stock option for the Company's deserving employees, officers and board members to be derived from the Company's unissued authorized capital stock up to the extent of ten percent (10%) of the outstanding capital stock of the Company, subject for approval by the Securities and Exchange Commission (**"SEC**") and the Philippine Stock Exchange (**"PSE"**).

The terms and conditions governing the stock option plan still have to be determined and approved by the Board of Directors. The application for said stock option plan has not been filed yet with the SEC and PSE. There are no stock warrants or options outstanding.

While the Company currently does not have any intention of issuing stock option plans, it reserves the right to issue the same in the future subject to applicable regulations.

C. ISSUANCE AND EXCHANGE OF SECURITIES

Item 9. Authorization or Issuance of Securities Other than for Exchange

There are no actions or matters to be discussed in the Annual Stockholders' Meeting with respect to the authorization or issuance of any securities.

Item 10. Modification or Exchange of Securities

There are no actions or matters to be discussed in the Annual Stockholders' Meeting with respect to the modification of any class of securities of the Company, or the issuance or authorization for issuance of one (1) class of securities of the Company in exchange for outstanding securities of another class.

Item 11. Financial and Other Information

(i) Management's Discussion and Analysis of Financial Condition and Results of Operations are attached hereto as **Annex "D"**.

(ii) The Annual Report for the year ended 31 December 2024 are attached hereto as **Annex "E"**.

(iii) The Quarterly Report for the quarter ending 30 June 2025 is attached herewith as **Annex "F".**

Item 12. Mergers, Consolidations, Acquisitions, and Similar Matters

There are no actions or matters to be discussed in the Annual Stockholders' Meeting with respect to mergers, consolidations, acquisitions, sales, or other transfers of all or any substantial part of the assets of the Company, liquidation or dissolution of the Company, and similar matters.

Patents, Trademarks, Licenses, Franchises, Concessions, Royalty, Agreement or Labor contracts including duration

The Company uses a variety of registered names and marks, including the names "LBCE," "LBC Express," "LBC", "Hari Ng Padala" (Filipino for "King of Forwarding Services") and "WWW.LBCEXPRESS.COM" as well as the traditional and the re-designed "LBC" corporate logos (including the new slogan "We like to move it"), the "Team LBC Hari Ng Padala" logo and "LBC Remit Express" logo in connection with its business. Except for the "LBC Remit Express" design and logo registered on 26 July 2012 and expires on 26 July 2022) and the LBC in rectangular box and Pesopak logo (registered on 31 May 2012 and expires on 31 May 2022), which are owned directly by the Company, these marks (collectively, the "LBC Marks") are owned and licensed to the Company by LBC Development Corporation, the Company's parent company, pursuant to a trademark licensing agreement entered into on 9 November 2007. Under the terms of this agreement, the Company has the full and exclusive right to utilize the LBC Marks in consideration for a fixed royalty fee of 3.5% of the Company's annual gross revenues (defined as all revenue from sales of products and services, direct and indirect, relating to the Company's business operations). Pursuant to an addendum signed on 25 October 2013, the fixed royalty fee was lowered to 2.5%, effective 1 December 2013. Under the agreement, the Company also has the right to extend the use of the LBC marks to its subsidiaries (defined as companies in which the Company holds at least 67% of the voting rights) within the Philippines, as well as to its remittance and cargo/courier/freight forwarding fulfillment service partners and agents in the Philippines and abroad, subject to certain terms and conditions. In practice, foreign agents of the Company are granted very limited use of the "LBC" brand and logos pursuant to the individual agency agreements entered into between them and the Company.

The LBC Marks have also been registered in each major jurisdiction in the Company's international network. LBC Development Corporation is currently in the process of registering the LBC Marks in the International Register pursuant to the Protocol Relating to the Madrid Agreement (the "Protocol"), which will grant the LBC Marks intellectual property protection in the jurisdictions of all Contracting Parties (as such term is defined in the Protocol). LBC Development Corporation is also currently in the process of registering the LBC Marks in jurisdictions within the Company's international network not covered by the Protocol.

On 4 August 2017, the trade licensing agreement was amended and both parties agreed to discontinue royalty payments for the use of LBC Marks in recognition of LBCE's own contribution to the value and goodwill of the trademark effective 4 September 2017.

Governmental approval of principal products and services

Republic Act No. 776 (**"RA 776"**) and Executive Order No. 514 (**"EO 514"**) are the principal statutes that provide the regulatory framework for freight forwarding by air and sea, respectively.

Freight Forwarding by Air

Under RA 776, an air freight forwarder is defined as an indirect air carrier which, in the ordinary and usual course of its undertaking, assembles and consolidates or provides for assembling and consolidating such property or performs or provides for the performance of break-bulk and distributing operations with respect to consolidated shipments, and is responsible for the transportation of property from the point of receipt to point of destination and utilizes for the whole or any part of such transportation the services of a direct air carrier. As mandated by RA 776, an airfreight forwarder shall only be allowed to engage in its allowed activities as stated in the law if it has, in force, a permit or any other form of authorization issued by the Civil Aeronautics Board (**"CAB"**). RA 776 states that only "citizens of the Philippines" may engage in domestic air commerce or air transportation, which includes air freight forwarding. For this purpose, a "citizen of the Philippines" means (a) an individual who is a citizen of the Philippines, or (b) a partnership of which each member is such an individual, or (c) a corporation or association created or organized under the laws of the Philippines, of which the directing head and two-thirds or more of the Board of Directors and other managing officers are citizens of the Philippines, and in which 60% of the voting interest is owned or controlled by persons who are citizens of the Philippines.

Each permit/certificate issued by the CAB shall be effective from the date specified therein and shall continue in effect until suspended or revoked or until the CAB shall certify that operation thereunder has ceased. If any service authorized by a permit/certificate is not inaugurated within a period of 90 days after the date of authorization as shall be fixed by the CAB or after such other period as may be designated by the CAB, the CAB may by order or direct that such permit/certificate shall thereupon cease to be effective to the extent of such service. No permit/certificate shall be issued for a period of more than 25 years.

Freight Forwarding by Sea

Under EO 514, the Philippine Shippers' Council was converted into a regular agency of the Department of Trade and Industry (**"DTI"**) known as Philippine Shippers' Bureau (**"PSB"**).

Under the PSB Rules, an international freight forwarder (**"IFF"**) is defined as a local entity that acts as a cargo intermediary and facilitates transport of goods on behalf of its client without assuming the role of a carrier. An IFF can also perform other forwarding services, such as booking cargo space, negotiating freight rates, preparing documents, advancing freight payments, providing packing/crating, trucking and warehousing, engaging as an agent/representative of a foreign Non-Vessel Operating Common Carrier (**"NVOCC"**) cargo consolidator named in a Master Bill of Lading as consignee of a consolidated shipment, and other related undertakings. The required minimum paid up capital of an IFF is ₱2,000,000.00 while its required minimum insurance coverage is ₱500,000.00. In contrast, a domestic freight forwarder (**"DFF"**) is defined as an entity that facilitates and provides the transport of cargo and distribution of goods within the Philippines on behalf of its client. The required minimum capital of a DFF is ₱250,000.00 while its required minimum insurance coverage is ₱250,000.00.

An IFF and DFF shall secure an accreditation with the PSB in order to conduct sea freight forwarding activities. The PSB issues a Certificate of Accreditation to a DFF and IFF to engage in the specific sea freight forwarding functions and/or category/ies it can operate. Every branch of a DFF and IFF must first be accredited before said branch can legally engage in the freight forwarding business. The Certificate of Accreditation has a life span of two years unless sooner cancelled under the PSB Rules. Its life span may also be cut short when it is automatically, or deemed revoked. The said Certificate shall not be transferred, alienated or inherited, in any manner. Official representatives of an accredited IFF or DFF firm are required to obtain PSB IDs. The life span of a PSB ID is co-terminus with the life

span of the Certificate of Accreditation. Thus, the cancellation, suspension, expiration or automatic/deemed revocation of the Certificate of Accreditation shall result in the automatic cancellation, suspension, expiration or revocation of the PSB ID.

Regulation of Private Express and Messengerial Delivery Services in the Philippines

Under Republic Act No. 7354, otherwise known as the "Postal Service Act of 1992", the Department of Transportation and Communications (the **"DOTC"**) was given the exclusive power and authority to regulate the postal delivery services industry or those engaged in domestic postal commerce, including the registration and prequalification of any natural or juridical person, other than freight forwarders, who engage in the business of letter and parcel messengerial services, door-to-door delivery, or the transporting of the property of others that are similar to mail or parcel. Pursuant to such authority, on 23 January 2001, the DOTC issued Department Circular No. 2001-01 known as the "Rules and Regulations in the Processing, Hearing and Adjudication of Applications for Authority to Operate Private Express and/or Messenger Delivery Service, and in Investigation of Complaints in connection with the Operation of such Services" (the **"DOTC Rules"**).

The DOTC Rules provide that only Filipino citizens or corporations or partnerships duly registered with the Securities and Exchange Commission, at least 60% of whose capital stock or shares is owned by Filipino citizens may apply to operate private express and/or messenger delivery services in the Philippines. Further, the executive and managing officers of such applicant are also required to be citizens of the Philippines. If assessed favorably, and after complying with the substantive and procedural requirements under the DOTC Rules, the applicant may be granted an authority by the Secretary of the DOTC to operate private express and/or messenger delivery services, which authority may be renewed, upon application, on a graduated scale (i.e., 1 to 5 years) and shall be renewable thereafter every five years. A copy of the authority granted shall also be furnished to the Private Express and Messengerial Association of the Philippines. Moreover, the authority granted may be amended, suspended, or cancelled when the public interest so requires or whenever the holder thereof has violated any order, rule or regulation prescribed by the DOTC.

The Commission on Information and Communication Technology (**"CICT"**) was created in 2004 and attached to the Office of the President by Executive Order No. 269. The CICT was the primary policy, implementing, and regulating entity for the promotion and development of integrated and strategic information and communications technology systems and communication facilities and services. Among the functions transferred to the CICT included the responsibilities of the DOTC relating to communications, and the authority to establish and prescribe rules and regulations for the operation and maintenance of a nationwide postal system that shall include mail processing, delivery services, and money order services.

In 2011, President Aquino issued Executive Order No. 47 renaming the CICT as the Information and Communications Technology Office (**"ICTO"**), transferring the former's functions to the latter, and placed the ICTO under the technical and administrative supervision of Department of Science and Technology (**"DOST"**). Among others, the ICTO is tasked with the implementation of the government's ICT-related initiatives.

Applications for authority or renewal of authority to operate private express and/or messengerial delivery entities as described earlier, are currently dealt with by the ICTO.

Regulation of Remittance Agents in the Philippines

Under BSP Circular No. 471, series of 2005, all qualified persons or non-bank institutions who intend to act as foreign exchange dealers/money changers and/or remittance agents are required to register with the BSP, before they can operate as such. Upon approval of the application of the foreign exchange dealer/money changer or remittance agent, a certificate of registration shall be issued by the BSP.

All foreign exchange dealers/money changers and/or remittance agents are likewise required to comply with the applicable provisions of Republic Act No. 7653 (The New Central Bank Act) and Republic Act No. 9160, as amended by Republic Act No. 9194, and further amended by Republic Act No. 10167, or the Philippine Anti-Money Laundering Act of 2001.

Effect of existing or probable government regulations on the business

The Company has been intently monitoring the effects of Republic Act No. 10963, otherwise known as the "Tax Reform for Acceleration and Inclusion" Act (the **"TRAIN Act**") on prices, focusing on utilities and oil as these have a direct and indirect effect on the Company's costs.

On 26 March 2021, Republic Act No. 11534, otherwise known as the "Corporate Recovery and Tax Incentives for Enterprises Act" ("**CREATE Law**") was passed into law which introduced reforms to the corporate income tax and incentives systems. Effective July 1, 2020, the corporate income tax rate on domestic corporations has been reduced from 30% to 25%, while domestic corporations with net taxable income not exceeding ₱5 million and total assets (excluding land on which the corporation's office, plant, and equipment are situated) not exceeding ₱100 million are subject to 20% corporate income tax. The CREATE Law enhanced certain incentives that investment promotion agencies may grant to business enterprises, such as additional deductions, increased net-operating loss carry-over, value-added tax (**"VAT"**) exemption on importation and VAT zero-rating of local purchases of goods and services directly and exclusively used in the registered project or activity, among others.

Subsequently, and following approval by the House of Representatives and the Senate on third and final reading of their respective bills amending the CREATE Law or the Corporate Recovery and Tax Incentives for Enterprises to Maximize Opportunities for Reinvigorating the Economy Bill ("**CREATE MORE Bill**") on 18 March and 9 September 2024, respectively, the Bicameral Conference Committee of the House of Representatives and the Senate was tasked to reconcile the disagreeing provisions of House Bill No. 9794 and Senate Bill No. 2762. On 10 September 2024, the Bicameral Conference Committee submitted its report on the disagreeing provisions of the bills, recommending that the respective bills be approved in accordance with the reconciled copy of the bill. The CREATE MORE Bill is now pending before the President and shall become law upon the President's approval and signature or upon lapse of a period of thirty (30) days beginning from the date the President received a copy of the bill (if such bill remains unsigned), and in each case after publication.

The CREATE MORE Bill, among others, introduces amendments to enhance the tax incentive regime that registered business enterprises (e.g., Board of Investment-registered entities) may receive, including: (a) VAT zero-rating on local purchases (which shall now include goods and services related to a registered project or activity such as janitorial, security, financial, consultancy, marketing, and administrative functions such as human resources, legal, and accounting services); (b) VAT exemption on importation of goods and services; (c) duty exemption on importation shall now include goods used for administrative purposes; (d) an enhanced deductions regime; (e) income tax holiday; (f) a registered business enterprise local tax that shall be assessed a registered business enterprise in lieu of all local taxes and local fees and charges imposed by a local government, during the period when the registered business enterprise enjoys income tax holiday or avails of the enhanced deductions regime; and (g) a special corporate income tax of five percent (5%) in lieu of all national and local taxes as well as local fees and charges.

Registered business enterprises who have a project or activity registered prior to the effectivity into law of the CREATE Law, are qualified to avail the incentives to be introduced by the CREATE MORE Bill.

On May 29, 2025, President Ferdinand R. Marcos, Jr. signed Republic Act No. 12214 or the Capital Markets Efficiency Promotion Act ("**CMEPA**"), which took effect on July 1, 2025. CMEPA was legislated to allow capital markets to develop efficiently with least intervention from the Government and introduced the following amendments to the Tax Code, among others:

- Clarification of the definition of "deposit substitutes" which excludes reverse purchase agreements entered into by and between the BSP and any authorized agent bank, certificates of assignment or participation, and similar instruments with recourse;

- Definition of "passive income" covers income derived from sources that do not require the taxpayer's active involvement in the conduct of trade or business, and which are not subject to VAT;

- Exclusions from gross income: (i) interest income and gains from sale of, transfer or disposition of specific bonds issued by the Republic of the Philippines or any of its instrumentalities to

finance capital expenditures or programs covered by the Philippine Development Plan and equivalent and other high-level priority programs of the national government and (ii) gains from the redemption of shares or units of participation in mutual funds and UITFs provided that final taxes on realized gains have already been withheld at the level of underlying assets prior to redemption;

- Additional deduction of 50% of the employer's actual contributions made to Personal Equity Retirement Account (PERA) shall be granted to private employers that contribute at least equal to the contributions of the employees, subject to the maximum allowable contribution under RA No. 9505, otherwise known as the PERA Act;

- Interest income by individuals and corporations, except non-residents, from depository banks under the expanded foreign currency deposit system shall be subject to 20% final withholding tax;

- For sale of shares in domestic or foreign corporations that are not traded in local or foreign stock exchange, 15% CGT shall be imposed on the net capital gains realized during the taxable year from the sale, exchange, or other modes of disposition of shares of stock;

- For domestic shares traded through a local stock exchange, the stock transaction tax ("**STT**") rate shall be lowered from 0.6% to 0.1% of the gross selling price. For domestic shares traded through a foreign stock exchange, STT shall be levied, assessed and collected on every sale, exchange, or other disposition of shares of stock other than by a dealer in securities, in lieu of capital gains tax, a tax at the rate of 1/10 of 1% of the gross selling price or gross value in money of the shares of stock sold, exchanged, or otherwise disposed which shall be paid by the seller or transferor; and

- DST at a rate of 75% of 1% shall be imposed on the following transactions: (i) original issuance of shares on the par value or actual consideration for no-par shares; (ii) bonds, debentures, certificates of stock or indebtedness issued in a foreign country on the value of the transaction; and (iii) debt instruments on the issue price.

As the Company continues to expand its branch network, warehouse & distribution network, an increase in utility and oil prices will affect the Company's costs which are directed to support increases in sales volumes. The Company is likewise preparing for the effects that an increase oil prices may have on its carriers and service partners (airlines, shipping lines, trucking companies).

Aside from the above, there are no existing or probable governmental regulation that are material to the business of the Company.

Major risks involved in each of the business of the company and subsidiaries.

A significant portion of the Company's business activities are conducted in the Philippines and a significant portion of its assets are located in the Philippines, which exposes the Company and its subsidiaries to risks associated with the Philippines, including the performance of, and impacts of global conditions on, the Philippine economy. Some of these risks include the following:

- Any political instability in the Philippines may adversely affect the Company's business, results of operations or financial condition.
- There is no guarantee that future events will not cause political instability in the Philippines. Such instability may disrupt the country and its economy, as well as commercial traffic into and out of the Philippines, which could materially and adversely affect the Company's business, financial condition and results of operations. Acts of terrorism, clashes with separatist groups and violent crimes could destabilize the country and could have a material adverse effect on the Company's business and financial condition.
- Territorial and other disputes with China and a number of Southeast Asian countries may disrupt the Philippine economy and business environment.
- Investors may face difficulties enforcing judgments against the Company.

- Corporate governance and disclosure standards in the Philippines may be less stringent than those in other countries.
- The sovereign credit ratings of the Philippines may adversely affect the Company's business.
- The occurrence of natural catastrophes could adversely affect the Company's business, financial condition or results of operations.
- Volatility in the value of the Peso against the U.S. dollar and other currencies could adversely affect the Company's business.

Legal Proceedings

Due to the nature of the Group's business, it is involved in various legal proceedings, both as plaintiff and defendant, from time to time. Such litigation involves, among others, claims against the Group for non-delivery, loss or theft of packages and documents, mis-release of remittances, labor disputes, as well as cases filed by the Group against employees and others for theft and similar offenses.

Except as disclosed below, neither the Company nor any of its Subsidiaries have been or are involved in, or the subject of, any governmental, legal or arbitration proceedings which, if determined adversely to the Company or the relevant Subsidiary's interests, would have a material effect on the business or financial position of the Company or any of its Subsidiaries.

On 2 November 2015, LBC Bank, through its receiver/liquidator, the PDIC, filed a case against LBC Express and LBC Development Corporation, together with other respondents, for a total collection of ₱1.82 billion. The PDIC seeks to collect allegedly unpaid service fees due from June 2006 to August 2011 and service charges on remittance transactions from January 2010 to September 2011. The case is entitled "LBC Development Bank, as represented by its receiver/liquidator, the Philippine Deposit Insurance Corporation, vs. LBC Express, Inc., LBC Development Corporation, LBC Properties, Inc., Juan Carlos Araneta, Santiago G. Araneta, Fernando G. Araneta, Monica G. Araneta, Carlos G. Araneta, Ma. Eliza G. Berenguer, Ofelia F. Cuevas, Apolonia L. Ilio, Joseph Jeffrey Rodriguez, and Arlan T. Jurado," and docketed as Civil Case No. 15-1258. It was initially raffled to Branch 143 of the Makati City Regional Trial Court.

On 28 December 2015, the summons, together with a copy of the Complaint of LBC Development Bank, Inc., and the writ of preliminary attachment were served on the former Corporate Secretary of LBC Express. The writ of preliminary attachment resulted in the (a) tagging of the 1,205,974,632 shares of LBC Express Holdings, Inc. owned by LBC Development Corporation and; (b) the attachment of various banks accounts of LBC Express totalling ₱6.90 million. The tagging of the shares in the record of the stock transfer agent had the effect of preventing the registration or recording of any of the said shares in the records, unless the writ of attachment is lifted, quashed or discharged.

On 12 January 2016, LBC Express and LBC Development Corporation filed with the court a Motion to Dismiss the Complaint for the collection of the sum of ₱1.82 billion. Also on 21 January 2016, they filed an Urgent Motion to Approve the Counterbond and Discharge the Writ of Attachment.

On 17 February 2016, the court issued an order to lifting and setting aside the writ of preliminary attachment. The said order directed the sheriff of the court to deliver to LBC Express. and LBC Development Corporation all properties previously garnished pursuant to the writ of preliminary attachment. The counterbond delivered by LBC Express and LBC Development Corporation, which is for an amount equal to ₱1.82 billion, the total amount of the claim, shall stand in place of the properties so released and shall serve as security to satisfy any final judgement against LBC Express or LBC Development Corporation in the case. Furthermore, LBC Development Corporation has expressly undertaken to both the Company and LBC Express to fund, through additional equity in LBC Express, any amount that the latter may be adjudged to pay in the case.

Pursuant to the said order setting aside the writ of preliminary attachment and garnishment, RCBC Stock Transfer Department has effected, as of 13 July 2016, the lifting of the (i) tagging of LBC Express Development Corporation's 1,205,974,632 shares in the Company and (ii) garnishment of PLDT preferred shares of LBC Development Corporation.

In a Joint Resolution dated 28 June 2016, the court resolved to deny the Motion to Dismiss filed by LBC Express, as well as the other defendants. On 18 July 2016, LBC Express, together with the other

defendants, filed motions for reconsideration of the Joint Resolution. In its Resolution dated 16 February 2017, the court resolved to deny the defendants' Motion for Reconsideration and directed the defendants to file their respective Answers within the remaining period. On 24 April 2017, LBC Express and LBC Development Corporation filed a Petition for Certiorari with the Court of Appeals, assailing the Joint Resolution denying the motions to dismiss. The Petition for Certiorari is entitled "LBC Express, Inc. and LBC Development Corporation vs. Hon. Maximo M. De Leon and LBC Development Bank, as represented by its receiver/liquidator, the Philippine Deposit Insurance Corporation," and docketed as CA-G.R. SP No. 150698.

On 10 April 2017, the other defendants filed their respective Answers while LBC Express and LBC Development Corporation filed their Answer on 11 April 2017. Initially, the court issued a Resolution dated 15 June 2017 declaring the LBC Express, LBC Development Corporation and the other defendants in default. On 7 July 2017, LBC Express, LBC Development Corporation and the other defendants filed their respective Verified Omnibus Motions for Reconsideration, to Lift the Order of Default, and to Suspend Proceedings, praying for the reversal of the order of default and the suspension of the proceedings pending such motion. The other defendants also filed an Urgent Motion for Inhibition. The court then issued a Joint Resolution dated 20 July 2017, lifting the order of default and admitting all of the Answers filed by the defendants, including LBC Express and LBC Development Corporation. The judge of Branch 143 also granted the urgent motion for inhibition and the case was re-raffled to Branch 142. The PDIC filed a Motion for Reconsideration dated 7 August 2017 of the Joint Resolution. The defendants, including LBC Express and LBC Development Corporation, have filed oppositions and the said motion is currently pending resolution.

The parties were then referred to mediation and Judicial Dispute Resolution (JDR) in order to discuss the possibility of amicable settlement. Although LBC Express is open to an amicable settlement, negotiations did not prosper and mediation was terminated on 8 December 2017, while JDR was terminated on 19 January 2018.

The case was re-raffled to Branch 134 of the Makati RTC. The Acting Presiding Judge issued an Order dated 12 April 2018, setting the case for preliminary conference on 31 May 2018. However, the counsels have agreed to file a joint motion to defer or suspend the preliminary conference, in order to continue the discussion of an amicable settlement. The PDIC, LBC Express, LBC Development Corporation, and the other defendants filed a Joint Motion to Suspend Proceedings, praying that the Makati RTC postpone pre-trial in order to give the parties an additional opportunity to discuss amicable settlement. In the Order dated 25 May 2018, the Makati RTC granted said Joint Motion, suspending the proceedings and deferring the pre-trial to 6 September 2018.

Thereafter, a new Presiding Judge was appointed to Branch 134 of the Makati RTC, and subsequently the scheduled pre-trial on 6 September 2018 was deferred by the new Presiding Judge.

On or about 3 September 2018, the PDIC filed a motion to issue alias summons to five (5) individual defendants, who were former officers and directors of LBC Bank. For reasons not explained by the PDIC, it had failed to cause the service of summons upon five of the individual defendants and hence, the court had not acquired jurisdiction over them.

On 26 October 2018, the Motion to Defer Pre-Trial scheduled on 15 November 2018 was filed because the PDIC was still trying to serve summons on the five (5) individual defendants and thus, for orderly proceedings, pre-trial should be deferred until the court acquires jurisdiction over them.

At the hearing held on 9 November 2018, which the PDIC did not attend, the judge directed the PDIC's counsel to coordinate with the Sheriff and cause the service of summons promptly. The judge then rescheduled the pre-trial to 23 January 2019. On 21 November 2018, the comment from the PDIC was received, arguing that pre-trial can proceed, even without the presence of the five (5) individuals because they are merely necessary parties to the case, and not indispensable parties.

As of early January 2019, the alias summons was served on only two of the individual defendants, who filed their respective Motions to Dismiss in November 2018 and January 2019. The PDIC filed its comments thereto and both Motions to Dismiss were deemed submitted for resolution.

On 18 January 2019, the PDIC filed a Pre-Trial Brief. LBC Express, LBC Development Corporation and the other defendants, on 21 January 2019, filed a Motion, asking the court to direct the PDIC to explain in writing its compliance with the previous order to cause the service of summons on the remaining five (5) individual defendants and to defer pre-trial until the court has acquired jurisdiction over them.

On 23 January 2019, the Judge ordered the PDIC to file its comment to the Motion and rescheduled the pre-trial to 21 February 2019.

The PDIC filed a Comment with Motion to Declare Defendants in Default, arguing that the pre-trial should proceed and that the current defendants are just delaying the proceedings. The PDIC also explained its efforts to serve summons on the five (5) individuals but admitted that it had only served summons of two of the individual defendants. The PDIC also stated that it is filing another motion for the issuance of another round of alias summons for the three (3) remaining defendants.

On 4 February 2019, LBC Express, LBC Development Corporation and the other defendants filed a Reply arguing that: (a) the PDIC never explained the three (3) -year delay in serving summons on the other defendants, (b) it is the PDIC's omission that have made the proceedings disorderly because not all of the defendants are at the pre-trial state, and (c) to avoid complications, the pre-trial should be deferred until the court has acquired jurisdiction over all defendants.

The court conducted a hearing on 1 February 2019 on the Motion to Declare Defendants in Default and granted time to submit comment thereto. LBC Express, LBC Development Corporation and the other defendants filed a Comment/Opposition on 11 February 2019, arguing that there is no basis to consider the current defendants in default because they are appearing at every hearing and that there are pending motions citing just and valid reasons to defer pre-trial, considering that summons are still being served on some defendants. Emphasis was given in particular that once jurisdiction is acquired over individual defendants, they will file their own answers, raising their own defenses, which should be considered at pre-trial. Also, it is mandatory to refer them to mediation and Judicial Dispute Resolution (JDR) for possible amicable settlement of the entire case. Even if mediation and JDR fail, the current judge is required by procedural rules to raffle the case to another branch so that his judgment is not influenced by matters discussed during JDR.

On 18 February 2019, a Pre-Trial Brief was filed by LBC Express, LBC Development Corporation and the other defendants, without prejudice to the defendants' pending motions to defer Pre-Trial.

At the hearing scheduled on 21 February 2019, the Judge took note of all the pending motions and said that they are deemed submitted for resolution. In the meantime, the Judge directed the parties to perform a pre-marking of all their documentary exhibits before the clerk of court. The Judge then rescheduled Pre-Trial to 28 March 2019.

On 6 March 2019, with respect to CA-G.R. SP No. 150698, LBC Express and LBC Development Corporation received a copy of the Court of Appeals' Decision dated 28 February 2019, denying the Petition for Certiorari. The Court of Appeals ruled that the PDIC representative was sufficiently authorized to sign the verification and the PDIC does not need to secure prior approval of the liquidation court to file the case. LBC Express and LBC Development Corporation filed a motion for reconsideration last 21 March 2019. On 18 July 2019, they received a copy of the Court of Appeals' resolution denying the motion for reconsideration. LBC Express and LBC Development Corporation filed an appeal to the Supreme Court on 2 September 2019 assailing the Court of Appeals Decision and Resolution. The appeal with the Supreme Court is entitled "LBC Express, Inc. and LBC Development Corporation v. Hon. Maximo M. De Leon, Presiding Judge of the Regional Trial Court of Makati Branch 143 and LBC Development Bank as represented by its receiver/liquidator, the Philippine Deposit Insurance Corporation" and docketed as G.R. No. 248539. The appeal is assigned to the Third Division of the Supreme Court. In the appeal, LBC Express and LBC Development Corporation are praying for the dismissal of the Complaint because the PDIC failed to obtain leave from the liquidation court to file the Complaint before the Regional Trial Court, contrary to the provisions of the Rules of Court and established jurisprudence. PDIC has already filed its Comment to the Petition for Review while LBC Express and LBC Development Corporation filed their respective Reply thereto on 14 October 2020. The Supreme Court has not resolved the appeal as of today.

The Pre-Trial scheduled for 28 March 2019 was subsequently reset to 2 May 2019, due to the order of Executive Judge for courts to conduct records disposal during the week of 28 March 2019.

The PDIC pre-marked its evidence during pre-marking conferences held last 6 and 11 March 2019. LBC Express, LBC Development Corporation and the other defendants continued pre-marking its evidence on 22 March 2019 and 10, 11, 12, 24, 29 and 30 April 2019.

At the pre-trial hearing on 2 May 2019, the judge released his Order, whereby he: (a) noted that several of the individual defendants have already received summons, (b) consequently, granted the motion of LBC Express to defer pre-trial proceedings in order to have an orderly and organized pre-trial, (c) cancelled the pre-trial hearing until the other defendants have filed their answers, and (d) denied the PDIC's motion to declare the defendants in default. The judge also denied the motion to dismiss of Santiago G. Araneta, and later on the judge denied the motion for reconsideration of the said individual defendant. Subsequently, the Santiago G. Araneta filed his Answer.

Thereafter, three out of the four (4) individual defendants, ie. Juan Carlos G. Araneta, Fernando G. Araneta and Ma. Eliza G. Berenguer, received summons and filed motions to dismiss the case, all of which were denied by the court. Juan Carlos G. Araneta and Fernando G. Araneta then filed their motion for reconsideration but was denied by the court in an Order dated 23 April 2020.

On 13 July 2020, the said two (2) individual defendants filed their Answer to the Complaint. On the other hand, Ma. Eliza G. Berenguer filed a motion for reconsideration of the order denying her motion to dismiss. The court has not resolved her motion for reconsideration yet. When the motion for reconsideration of Ma. Eliza G. Berenguer is resolved by the court, she will have to file her Answer to the Complaint with the court.

On 15 December 2020, we received PDIC's Motion to Declare Carlos G. Araneta in Default dated 9 December 2020, alleging that summons was served on Carlos G. Araneta on 16 April 2019 yet more than a year and 6 months has passed without an answer being filed. On 21 December 2020, Juan Carlos G. Araneta filed his Comment/Opposition to PDIC's Motion to Declare Carlos G. Araneta in Default dated 9 December 2020, alleging that he is known and called by his friends and colleagues as "Carlos" and his middle initial is "G", which stands for Gonzalez, and that he has duly filed his Answer on 13 July 2020. On 14 January 2021, PDIC filed its Reply with Motion to Show Cause. On 19 January 2021, Juan Carlos G. Araneta filed his Manifestation and Comment/Opposition to the Motion to Show Cause.

Meanwhile, on 16 January 2021, summons, together with a copy of the Complaint were served on LBC Properties, Inc., another defendant in this case. LBC Properties, Inc. therefore had until 15 February 2021 within which to file its Answer to the Complaint. On 11 February 2021, LBC Properties, Inc. filed its Answer with Compulsory Counterclaims of even date.

The Motion for Reconsideration of Ma. Eliza G. Berenguer and Motion to Show Cause of PDIC was set for hearing on 5 February 2021 at 8:30 a.m. In addition, hearing on 5 February 2021 was also set for the marking of the parties' additional exhibits and/or initial setting for pre-trial.

During the hearing on 5 February 2021, the court reset the pre-trial to 3 March 2021 due to the parties' pending motions.

During the hearing on 3 March 2021, the court reset the pre-trial to 15 April 2021, insisting that the parties' duly authorized representatives must be present.

The pre-trial scheduled on 15 April 2021 and the preliminary conferences for marking of exhibits scheduled on 21 and 23 April 2021 did not proceed because courts in National Capital Region are physically closed as directed by the Supreme Court in Administrative Circulars Nos. 21-2021 and 22-2021.

On 24 May 2021, Ma. Eliza G. Berenguer filed her Answer with Compulsory Counterclaims.

From June 2021 to September 2022, the parties held several preliminary conferences before the Clerk of Court to mark their documentary exhibits and to conduct pre-trial proceedings.

At the hearing last 29 September, 2022, the pre-trial proceedings were finally terminated. The court scheduled hearings for the presentation of the parties' witnesses and evidence on the following dates: 11, 18, 25 January 2023 and 1, 8, 15, 22 February 2023, and 1, 8, 15 March 2023. Notwithstanding the trial dates, the parties were referred to mediation, which was declared failed.

The presentation of PDIC's evidence and witnesses commenced on January 11, 2023. After several postponements, PDIC was supposed to present its last witness during the hearing on 22 February 2023.

The judge directed PDIC to make its oral formal offer of evidence on 8 March 2023.

On 7 March 2023, PDIC filed a Motion for Reconsideration, submitting the Judicial Affidavit of the witness and requesting that the RTC allow the witness to be presented. The defendants have since then filed their Comment/Opposition to the Motion for Reconsideration and the PDIC filed its reply.

Meanwhile, due to the pendency of the Motion for Reconsideration of the Order dated 22 February 2023, the judge cancelled the scheduled hearing on 8 March 2023, and reset the same to 19 April 2023.

On 19 April 2023, the judge allowed PDIC to present its last witness during the hearing, albeit without any order yet resolving the Motion for Reconsideration. The testimony of the witness was completed on 19 April 2023, but without prejudice to the resolution of the pending motion.

The judge set the case for hearing on 4 May 2023 during which PDIC will formally offer its documentary evidence. The judge likewise set the case for hearing on 18 May 2023 for the initial presentation of LBC's evidence and witnesses. The judge also subsequently issued an Order dated 20 April 2023 ruling that the Motion for Reconsideration of the Order dated 22 February 2023 has been rendered moot.

LBC and the other defendants filed a Motion for Reconsideration, Motion to Resolve, and Motion to Defer Plaintiff's Formal Offer of Evidence dated 4 May 2023, praying that the judge reconsider the order that the Motion for Reconsideration is rendered moot and to resolve the same. At the hearing on 4 May 2023, the judge postponed the PDIC's oral formal offer of evidence in light of the defendants' motions and directed the PDIC to file a comment or opposition. The PDIC filed an Opposition/Comment dated 9 May 2023.

The judge then issued an Order dated 18 May 2023, whereby he voluntarily inhibited from the case. The case was then raffled to Makati RTC, Branch 132 presided by Hon. Rommel O. Baybay.

After conducting a status hearing on 13 July 2023, the new presiding judge issued on Order of the same date, denying the pending motions on the ground that they are moot and academic, seeing that the last witness already testified. The Order further directed the PDIC to file a written formal offer of evidence within 30 days from notice and granting the defendants an equal period of time to comment thereto.

On 15 August 2023, LBC and the other defendants, through counsel, received the written Formal Offer of Evidence of the PDIC. LBC and the other defendants filed their respective comments thereto.

The judge issued an order dated 28 September 2023, admitting all of the documentary evidence of the PDIC. Since the judge appeared to consider serious objections raised by the defendants to the documentary evidence, LBC and the other defendants filed their respective motions for reconsideration. In the Order dated 19 January 2024, the judge denied all the motions for reconsideration.

LBC, the other defendants, and Ms. Berenguer then proceeded to file three separate Demurrers to Evidence, arguing that the PDIC failed to present sufficient evidence of its claims. After the parties filed their respective comments and replies, the judge issued a Resolution dated 16 May 2024, denying all the Demurrers to Evidence.

LBC, the other defendants, and Ms. Berenguer then proceeded to file Motions for Reconsideration. After the parties filed their respective comments and replies, the judge issued a Resolution dated 1 August 2024, denying all the Demurrers to Evidence.

LBC, the other defendants, and Ms. Berenguer then proceeded to file Motions for Reconsideration. After the parties filed their respective comments and replies, the judge issued a Resolution dated 1 August 2024, denying all the Demurrers to Evidence.

LBC and the other defendants have presented two witnesses already. The third witness is scheduled for presentation on 3 December 2025. The defendants have three to four more witnesses to present thereafter.

In relation to the above case, in the opinion of management and in concurrence with its legal counsel, any liability of LBCE is not probable and estimable at this point in time.

National taxes

LBCE and its certain subsidiaries are currently involved in assessments for national taxes and the outcome is not currently determinable.

The estimate of the probable costs for the resolution of this assessment has been developed in consultation with the Group's legal counsel and based upon an analysis of potential results. The inherent uncertainty over the outcome of this matter is brought about by the differences in the interpretation and application of laws and rulings. Management believes that the ultimate liability, if any, with respect to this assessment, will not materially affect the financial position and performance of the Group.

Without prejudice to the results of the assessment, the Group paid tax advance to the taxation authority amounting to ₱2.03 billion. In 2022, management assessed that it is probable that these tax advance payments will be used to settle specific tax liabilities, if there's any, or be used as tax credit for tax liabilities in the succeeding years. As such, the Group recognized the tax advance payment as other assets classified between current and noncurrent in consideration of the expected timing of usage in future periods. See Note 7 of the 2023 Audited Financial Statements.

c. Approval of the schedule, venue, and agenda of the Annual Stockholders' Meeting.

Item 19. Voting Procedures

Manner of Voting

In all items for approval, except in the election of directors, each share of stock entitles its registered owner to one vote.

For the purpose of electing directors, a stockholder may vote such number of his shares for as many persons as there are directors to be elected or he may cumulate said shares and give one candidate as many votes as the number of directors to be elected multiplied by the number of his shares shall equal, or he may distribute them in the same principle among as many candidates as he shall see fit.

Stockholders as of Record Date who have successfully registered their intention to participate in the annual meeting via remote communication and to vote in absentia, duly verified and validated by the Company shall be provided with unique log-in credentials to securely access the voting portal and participate and watch the online meeting of the stockholders of the Company. A stockholder voting electronically in absentia shall be deemed present for purposes of quorum.

The Corporate Secretary will be responsible for counting votes based on the number of shares entitled to vote owned by the stockholders who are present or represented by proxies.

Vote Required

With respect to the election of directors, candidates who received the highest number of votes shall be declared elected.

With respect to the adoption of the Audited Financial Statements for the year ended 31 December 2024, approval of minutes of the annual stockholders' meeting held on 9 December

2024, the approval of the President's Report, election of the members of the Board of Directors, including independent directors, for the ensuing calendar year, and reappointment of external auditors, the approval or ratification of the other actions set forth above, the vote of majority of the outstanding capital stock entitled to vote and represented in the meeting is required to approve such matters.

With respect to the (a) ratification of the approval for amendment of Articles of Incorporation and By-Laws for change of principal address of the Company to LBC Central Exchange, L-2 C5 Extension, Moonwalk, Parañaque City, Metro Manila, Philippines; (b) ratification of the approval for the amendment of By-Laws to change the date of the Annual Stockholders Meeting to be held every 2nd Monday of December of each year; (c) approval of the amendment of By-Laws to change the number of days to send written notice to stockholders of the conduct of the Annual General Meeting of the Company from ten (10) days to at least twenty-one (21) days prior to the date of the meeting; (d) approval of the amendment of By-Laws to change the number of days to send notice to the Board of Directors for the conduct of special meeting of the Company from one (1) day to at least two (2) days prior to the date of the special meeting; and (e) approval of the amendment of By-Laws to change the requirement for stockholders to demand special meetings of the Company from stockholders holding majority of the outstanding capital stock of the Company entitled to vote to stockholders holding at least ten percent (10%) or more of the outstanding capital stock of the Company entitled to vote, the vote of 2/3 of the outstanding capital stock entitled to vote and represented in the meeting is required to approve such matters.

Method of counting votes

The Corporate Secretary will be responsible for counting votes based on the number of shares entitled to vote owned by the stockholders who are present or represented by proxies at the Annual Meeting of the stockholders.

All votes received shall be tabulated by the Office of the Corporate Secretary with the assistance of the Company's stock transfer agent. The Corporate Secretary shall report the partial results of voting during the meeting. The actual voting results shall be reflected in the minutes of the meeting.

The requirements and procedure for registration, participating and voting are set forth in **Annex "A"** to the Information Statement.

ANNEX A

VIRTUAL ANNUAL STOCKHOLDERS' MEETING
AND REQUIREMENTS AND PROCEDURES
FOR ELECTRONIC VOTING IN ABSENTIA

The Annual Meeting of the stockholders of LBC EXPRESS HOLDINGS, INC. ("LBCH" or the "Company") will be held on Monday, **9 December 2025 at 2:00 p.m.**

The Company will dispense with the physical attendance of stockholders at the meeting and will allow attendance only by remote communication and by voting in absentia, or voting through the Chairman of the meeting as proxy. Should circumstances change, the Company will timely notify the stockholders if physical attendance will be allowed at the meeting on **9 December 2025**. If such will be the case, the guidelines therefor will be provided through a disclosure at the Philippine Stock Exchange or publication of a notice in a newspaper of general circulation.

Pursuant to Sections 23 and 57 of the Revised Corporation Code and SEC Memorandum Circular No. 6, Series of 2020, the Corporation has set up a designated web address which may be accessed by the stockholders to participate and vote in absentia on the agenda items presented for resolution at the meeting. A stockholder who votes in absentia or who participates by remote communication shall be deemed present for purposes of quorum.

The following are the rules and procedures for the conduct of the meeting:

(i) Stockholders may attend the meeting remotely through Zoom with links to be posted in LBCEH's website (the "Website"). Stockholders may send their questions or comments prior to the meeting by e-mail at info@lbcexpressholdings.com. The Company's Electronic Registration and Voting (E-ReV) System shall include a mechanism by which questions may be posted live during the meeting. The Company will endeavor to answer all questions submitted prior to and in the course of the meeting, or separately through the Company's Investor Relations Office.

(ii) Each of the Agenda items which will be presented for resolution will be shown on the screen during the live streaming as the same is taken up at the meeting.

(iii) Stockholders must register through the Company's E-ReV System to personally participate in the meeting by remote communication and to be included in determining quorum, together with the stockholders who voted by proxy.

(iv) Voting shall only be allowed for stockholders registered in the E-ReV System at http://www.lbcexpressholdings.com/2025-annual-general-meeting or through the Chairman of the meeting as proxy.

(v) All the items in the Agenda for the approval by the stockholders will need the affirmative vote of stockholders representing at least a majority of the issued and outstanding voting stock represented at the meeting.

(vi) Election of directors will be by plurality of votes and every stockholder will be entitled to cumulate his votes.

(vii) The Company's stock transfer agent and Corporate Secretary will tabulate and validate all votes received.

Registration Period

Registration to vote in absentia or via an absentee ballot may be made through the Electronic Registration and Voting (E-ReV) System at http://www.lbcexpressholdings.com/2025-annual-general-meeting (the "E-ReV System") from **9:00 a.m. of 12 November 2025 until 5:00 p.m. of 1 December 2025**. Beyond this

time and date, there could be no guarantee that the process of verification and final registration could be timely completed. Consequently, in such a case, a stockholder may no longer be allowed to personally participate in the Annual Meeting of the stockholders Nevertheless, beyond this time and date, a stockholder may still vote through the Chairman of the meeting as proxy, by submitting a duly accomplished proxy form, on or before 28 November 2025.

Registration Requirements

The following are needed for the online registration:

A. For individual Stockholders

1. The unique Stockholder ID which the Stockholder should request from Rizal Commercial Banking Corporation, the stock transfer agent (STA) of LBCH, before commencing with the online registration. 1. A certification from the stockholder's broker on the Stockholder's shareholdings in the Company as of the Record Date (in JPG format); and
2. The unique Broker's ID assigned to stockholder's broker by the PCD, together with sub-ID number assigned by such broker to the stockholder, which the stockholder should request from such broker before commencing with the online registration.

In all cases, incomplete or inconsistent information may result in an unsuccessful registration. As a result, stockholders will not be allowed access to vote electronically *in absentia* but may still vote through the Chairman of the meeting as proxy, by submitting a duly accomplished proxy form, on or before 28 November 2025.

Online Registration Procedure

1. Prior to online registration:

   (a) For shareholders holding share certificates, contact the LBCH STA via email to secure your unique Stockholder ID. Stockholders are encouraged to secure said unique Stockholder ID via email at **ppflores@rcbc.com** as this has been set up as the primary manner for securing such ID. When contacting the LBCH STA, please be prepared to indicate your stock certificate number/s and corresponding number of shares.

   (b) For stockholders whose shares are lodged under broker accounts, in addition to Item 1 (a) above, please contact your respective brokers to secure the necessary requirements under Item C (Registration Requirements).

2. Log-in into the LBCH's E-ReV System using your unique individual Stockholder ID/Broker's ID. Please ensure that you have prepared the necessary information and requirements.
3. Read the Data Privacy Notice in the E-ReV System. If you agree to its terms, please check the box signifying your consent to the processing of your personal information which shall be used solely for purposes of Annual Stockholders' Meeting of LBCH.
4. Enter the information required in the respective fields and upload the digital copies of your valid government-issued photo ID. When all information and digital copies have been uploaded, please click the "Submit" button.

Reminders:

- Please take note of your Stockholder ID/Broker ID and Authentication Code (as described below) and keep them in a safe place. While the Company shall endeavor to take all reasonable steps to generate replacements, the Company cannot in any way guarantee that it will be able to do so in a timely manner.
- A Stockholder's online registration cannot be completed if any of the mandatory requirements are not submitted.
- Only Stockholders who submitted the complete requirements thru the E-ReV System by 1 December 2025, 5:00 P.M., are entitled to personally participate in the Annual Stockholders' Meeting of LBCH.
- In any event, stockholders whose registration cannot be completed may still vote through the Chairman of the meeting as proxy, by submitting a duly accomplished proxy form, on or before 28 November 2025.
- In case of any issues relating to your registration in the E-ReV System, or in case you lose your Stockholder ID or Authentication Code, please send an email to info@lbcexpressholdings.com.

Verification of Stockholder Registrations

The Company or the LBCH STA shall verify the information and details submitted through the Electronic Voting in Absentia System, starting on 1 December 2025.

After verification of complete submission of the required information and documents, the stockholder shall receive an e-mail confirming registration in the E-ReV System through the stockholder's e-mail address provided in such registration. Such e-mail confirmation shall include the stockholder's unique Authentication Code (for use during the online AGM) and detailed instructions on how to participate and cast votes in the Annual Meeting of the stockholders of the Company.

In the event that you have not received such e-mail notification by 1 December 2025 please call or contact the Company or the LBCH STA.

Annual Meeting of the Stockholders

The Annual Meeting of the stockholders of LBCH shall be broadcasted online. The procedure for online voting, as well as the manner by which stockholders may bring up questions or concerns to the Board of Directors, shall be emailed to stockholders who successfully registered before the lapse of the Registration Period and whose registration has been verified.

Data Privacy

Each individual stockholder's (or that of the corporate stockholder's Authorized representative) data will be collected, stored, processed and used exclusively for the purposes of electronic registration in the E-Rev System of LBCH for Annual Meeting of the stockholders. Personal information will be processed and retained in accordance with the Data Privacy Act of 2012 and applicable regulations. The detailed data privacy policy of the Company may be accessed through the Company's website.

SECURITIES AND EXCHANGE COMMISSION
CORPORATE GOVERNANCE AND FINANCE DEPARTMENT
The SEC Headquarters
7907 Makati Avenue, Salcedo Village, Makati City

To: **RACHEL ESTHER J. GUMTANG-REMALANTE**
Director - Corporate Governance and Finance Department

Re: **LBC EXPRESS HOLDINGS, INC. – Undertaking to Notarize the Certification of Independent Director**

Dear Madame:

I write in connection with the submission of the Information Statement of LBC Express Holdings, Inc. for 2025. I understand that the Commission requires that the Certification of Independent Director be attached to the Information Statement bearing my wet signature as an independent director and duly notarized.

In this regard, I wish to inform the Commission that I am unable to appear before a notary public as I am out of the country due to personal reasons. Given certain circumstances, there is likewise difficulty in securing an apostille. With this, I am executing this undertaking to appear before a notary public upon my return to the Philippines and promptly submit a copy of my notarized Certification of Independent Director to the Commission.

Thank you.

Very truly yours,

ATTY. ANTHONY AMUNATEGUI ABAD
Independent Director
LBC Express Holdings, Inc.

Six months ended June 30, 2025 compared to the six months ended June 30, 2024

Service Revenue

The Company's service revenue decreased by 2% to ₱6,978.44 million for the six months period ended June 30, 2025, from ₱7,132.29 million for the six months ended June 30, 2024, mainly from retail segment by 10%. This is countered by the growth in revenue from the corporate segment by 21%.

Cost of Services

Cost of services is down by 4% to ₱5,344.76 million for the six months ended June 30, 2025, from ₱5,593.45 million for the six months ended June 30, 2024, pertaining to improvement in cost of delivery and remittance ratio from 32% to 31% of total revenue as a result of cost rationalization. There were lower facilities costs e.g. utilities and supplies of branches, depreciation and rental cost as well, along with salaries and wages equivalent to 4% decrease in aggregate.

Gross Profit

Gross profit improved to ₱1,633.68 million for the six months ended June 30, 2025, from ₱1,538.84 million for the six months ended June 30, 2024, primarily related to improved efficiency and cost rationalization.

Operating Expenses

Operating expenses increased by 3% ₱1,239.92 million for the six months ended June 30, 2025, from ₱1,207.74 million for the six months ended June 30, 2024, mainly driven by increases in professional fees, dues and subscriptions incurred for the period. This is offset by the reduction in costs from rationalization of branches and targeted advertising expenses of the management.

Operating Income

Operating income increased to ₱393.75 million for the six months ended June 30, 2025, from ₱331.10 million for the six months ended June 30, 2024, mainly due to improvement in gross profit by 6%.

Other Charges, Net

Other charges, net increased to ₱170.27 million for the six months ended June 30, 2025, from ₱509.38 million for the six months ended June 30, 2024, mainly due to gains on derivative and foreign exchange.

Net Income (Loss) after tax

Net loss after tax amounted to ₱181.30 million for the six months ended June 30, 2025, from net loss of ₱190.95 million for the six months ended June 30, 2024, due to improvement in operating income by 19% and the reduction in non-operating charges by 67%.

Quarter ended June 30, 2025 compared to the quarter ended June 30, 2024

Service Revenue

The Company's service revenue decreased by 5% to ₱3,338.02 million for the quarter ended June 30, 2025, from ₱3,519.10 million for the quarter ended June 30, 2024, as there was a 15% shortfall on retail segment. However, the corporate segment improved by 23%.

Cost of Services

Cost of services went down by 6% to ₱2,595.91 million for the three months ended June 30, 2025, from ₱ 2,776.21 million for the three months ended June 30, 2024, mainly from improved cost of delivery and remittance ratio from 33% to 31% of total revenue while facilities cost e.g. utilities, supplies, rent, depreciation, and manpower cost declined by 6% in aggregate. These are resulting from cost rationalization implemented by the management.

Gross Profit

Gross profit improved by 8% to ₱742.11 million for the quarter ended June 30, 2025, from ₱742.89 million for the quarter ended June 30, 2024.

Operating Expenses

Operating expenses decreased by 3% to ₱623.57 million for the quarter ended June 30, 2025 from ₱642.18 million for the six months ended June 30, 2024, mainly driven by lower license fees and provision in credit losses. These movements were countered by increases in professional fees incurred during the period.

Operating Income

Operating income increased to ₱118.54 million for the quarter ended June 30, 2025 from ₱100.71 million for the quarter ended June 30, 2024, mainly due to lower operating expenses.

Other Charges, Net

Other charges, net decreased to ₱70.86 million for the quarter ended June 30, 2025, from ₱293.08 million for the quarter ended June 30, 2024 mainly due to gains on derivative and foreign exchange and lower interest expenses for the quarter.

Net Income (Loss) after tax

Net loss after tax amounted to ₱36.48 million for the quarter ended June 30, 2025, from a net loss of ₱178.60 million for the quarter ended June 30, 2024, due to the improvement in operating income by 18% and the reduction in non-operating charges.

Year ended December 31, 2024 compared to the year ended December 31, 2023

Service Revenue

The Company's service revenue decreased by 1% to ₱14,296.06 million for the year ended December 31, 2024, from ₱14,513.69 million for the year ended December 31, 2023, mainly from money transfer services by 29%. Logistics is almost at par due to the offsetting impact of higher corporate revenue by 12% and the shortfall in retail by 4%.

Cost of Services

Cost of services improved by 3% to ₱11,171.59 million for the year ended December 31, 2024, from ₱11,468.23 million for the year ended December 31, 2023, pertaining to reduction in cost of delivery and remittance by 2%, facilities costs (rental, utilities, depreciation) by 8% and manpower cost by 1%. Other than the decline in volume, there are reductions in direct cost as management continues to engage in cost rationalization programs which also include consolidation of facilities, rightsizing of workforce and improving operational touchpoints.

Gross Profit

Gross profit is higher by 3% to ₱3,124.47 million for the year ended December 31, 2024, from ₱3,045.46 million for the year ended December 31, 2023, primarily attributable to reduction of cost of services.

Operating Expenses

Operating expenses decreased to ₱2,458.81 million for the year ended December 31, 2024, from ₱2,490.30 million for the year ended December 31, 2023, mainly driven by reduction in advertising, utilities and supplies, depreciation and amortization, software maintenance cost and subscription. These movements were countered by increases in professional fees, and taxes and licenses.

Further, there is a decline in provisions for impairment loss because of the write-off of receivable of one of the affiliates.

Operating Income

Operating income is higher by 20% to ₱665.66 million for the year ended December 31, 2024, from ₱555.17 million for the year ended December 31, 2023, mostly driven by the improvement in gross profit and net reduction of operating expenses.

Other Charges, Net

Other charges, net increased to ₱733.62 million for the year ended December 31, 2024, from ₱267.68 million for the year ended December 31, 2023, largely because of the loss on valuation of derivatives amounting to ₱218.34 million for 2024, compared to gain amounting to ₱150.81 million for 2023.

Foreign exchange valuation of bonds payable resulted to loss of ₱89.50 million for the year ended December 31, 2024, from gain of ₱20.69 million for the year ended December 31, 2023. This was offset by net gain in modification of liability due to extension of maturity of convertible instrument.

Interest expense mostly from bond and notes payable also went up by 15%.

Net Income (Loss) after tax

Net income (loss) after tax is at ₱145.30 million losses for the year ended December 31, 2024, from income of ₱168.19 million for the year ended December 31, 2023 which is primarily from higher non-operating losses which includes foreign exchange and valuation of convertible instrument.

This is countered by the uplift in operating income by 20% as the result of improvements in operations resulting in lower costs.

Year ended December 31, 2023 compared to the year ended December 31, 2022

Service Revenue

The Company's service revenue decreased by 4% to ₱14,513.69 million for the year ended December 31, 2023, from ₱15,189.72 million for the year ended December 31, 2022, mainly from retail logistics by 7%. This is offset by the improvement in corporate revenue by 2%.

Cost of Services

Cost of services is down by 7% to ₱11,468.23 million for the year ended December 31, 2023, from ₱

12,323.24 million for the year ended December 31, 2022, pertaining to improvement in cost of delivery, remittance, and manpower cost by 9% and 6%, respectively, aligned to the decline in current sales volume and cost rationalization initiated by the management.

Utilities and depreciation also went down mainly due to closure of unproductive branches and continued consolidation of warehouses.

Gross Profit

Gross profit improved by 6% to ₱3,045.46 million for the year ended December 31, 2023, from ₱2,866.49 million for the year ended December 31, 2022, primarily attributable to reduction of cost of services.

Operating Expenses

Operating expenses increased to ₱2,490.30 million for the year ended December 31, 2023, from ₱2,482.48 million for the year ended December 31, 2022, due to increases on the following:

- Provision for impairment loss primarily attributable to the write-off of receivable from one of the affiliates and additional allowances for doubtful accounts.
- Depreciation and amortization and software maintenance cost accounts are also higher because of the additional software capitalized in the latter part of 2022 and in 2023.
- Professional fees went up driven by the digitalization fees incurred this year.

The mentioned increases were offset by the decreases in controllable accounts such as sponsorship and travel and representation expenses. Taxes and licenses also went down due to documentary stamp taxes incurred last year.

Operating Income

Operating income is higher by 45% to ₱555.17 million for the year ended December 31, 2023, from ₱384.01 million for the year ended December 31, 2022, mostly driven by the improvement in gross profit.

Other Charges, Net

Other charges, net decreased to ₱267.68 million for the year ended December 31, 2023, from ₱748.41 million for the year ended December 31, 2022, largely caused by foreign exchange gains amounting to ₱59.87 million for the year ended December 31, 2023, compared to losses amounting to ₱75.55 million for the year ended December 31, 2022, which are mostly related to the valuation of the bond payable.

Further, valuation of derivative resulted to gain of ₱150.81 million for the year ended December 31, 2023, from loss of ₱230.55 million for the year ended December 31, 2022.

The Parent Company also acquired Blue Eagle & LBC Service Pte. Ltd on September 28, 2023 that resulted in a gain on bargain purchase amounting to ₱18.23 million.

Net Income (Loss) after tax

Net income (loss) after tax is at ₱168.19 million earnings for the year ended December 31, 2023, from loss of ₱543.24 million for the year ended December 31, 2022 mainly from the growth in gross profit margin by 2% and favorable valuation of derivative liability.

Year ended December 31, 2022 compared to the year ended December 31, 2021

Service Revenue

The Company's service revenue declined by 7% to ₱15,189.73 million for the year ended December 31, 2022, from ₱16,249.71 million for the year ended December 31, 2021, mainly from domestic logistics segment, partly covered by 5% growth in sales from overseas due to recovery of favorable rates in some countries.

Cost of Services

Cost of services is down by 2% to ₱12,323.24 million for the year ended December 31, 2022, from ₱12,638.27 million for the year ended December 31, 2021, pertaining to lower cost of delivery and remittance by 5%. Reduction in truck rentals, manpower and air freight costs were aligned to current sales production.

However, these reductions were offset by increasing fuel prices and surge in cost of freight-sea as general price increase were implemented by shipping lines, both in domestic and overseas setting.

Gross Profit

Gross profit is lower by 21% to ₱2,866.49 million for the year ended December 31, 2022, from ₱3,611.45 million for the year ended December 31, 2021, primarily attributable to decrease in volume and increase in cost of freight sea and fuel.

Operating Expenses

Operating expenses decreased by 41% to ₱2,482.48 million for the year ended December 31, 2022, from ₱3,512.41 million for the year ended December 31, 2021, mainly from the significant reduction of COVID-19 related expenses such as professional fees, shuttle services costs and medical and sanitation supplies.

Operating Income

Operating income is at ₱384.01 million for the year ended December 31, 2022, from ₱99.04 million for the year ended December 31, 2021, attributable to decline in cost of service and operating expenses.

Other Charges, net

Other charges, net decrease to ₱748.60 million for the year ended December 31, 2022, from ₱790.40 million for the year ended December 31, 2021, mainly driven by the 'Loss on derivatives' recognized during the year which is lower by ₱227.78 million.

Net Income (Loss) after tax

The Group improved in operating income to ₱384.01 million for the year ended December 31, 2022, from ₱99.04 million for the year ended December 31, 2021, mainly from the decrease in COVID-19 related expenses and decline in cost of service and operating expenses. However, the impact of loss on derivative and accretion of interest of bond drove the losses after tax amounting to ₱543.24 million and ₱853.57 million in 2022 and 2021, respectively.

FINANCIAL CONDITION

As of June 30, 2025 compared to as of December 31, 2024

Assets

Current Asset

Cash and cash equivalents decreased by 20% to ₱2,190.78 million as of June 30, 2025, from ₱2,733.43 million as of December 31, 2024. Refer also to analysis of cash flows in "Liquidity" section below.

Trade and other receivable, net decreased to ₱2,101.79 million as of June 30, 2025, from ₱2,127.19 million as of December 31, 2024, driven by the lower receivable from outside parties as a result of collections for the period. Further, there is slight increase on the allowance for expected credit losses which contributed to the decline.

Due from related parties increased to ₱1,170.60 million as of June 30, 2025, from ₱1,159.78 million as of December 31, 2024 caused by the business-as-usual transactions for the current period.

Investments at fair value through profit and loss increased to P=2.42 million as of June 30, 2025, from ₱ 2.36 million as of December 31, 2024, due to minimal amount of fair value gain recognized during the quarter.

Prepayments and other current assets increased by 2% to ₱1,164.21 million as of June 30, 2025, from ₱ 1,144.89 million as of December 31, 2024, primarily attributable to additional input value-added tax (VAT) from local purchases, higher level of material and supplies inventories and advance payments for software and maintenance payments, which were countered by the reduced level of restricted cash in bank and short-term investments.

Noncurrent Assets

Property and equipment, decreased by 2% to ₱2,443.47 million as of June 30, 2025, from ₱2,487.77 million as of December 31, 2024, mostly due to depreciation expense recognized during the period and retirement of assets related to closed branches, countered by additional purchases of ₱46.67 million.

Right-of-use assets, net is lower by 17% to ₱1,334.47 million as of June 30, 2025, from ₱1,601.24 million as of December 31, 2024, mainly attributable to amortization amounting to ₱399.03 million as of the period, offset by the net effect of renewals with impact of ₱157.77 million.

Intangible assets decreased by 7% to ₱196.63 million as of June 30, 2025, from ₱212.28 million as of December 31, 2024, mainly attributable to amortization amounting to ₱40.23 million as of the period, as countered by the additions in development in progress and software aggregating ₱20.52 million.

Investment at fair value through other comprehensive income increased by 2% to ₱101.38 million as of June 30, 2025, from ₱99.48 million as of December 31, 2024, relative to movement in market price from ₱ 0.51/share to ₱0.52/share.

Investment in associates increased to ₱384.08 million as of June 30, 2025, from ₱369.94 million as of December 31, 2024, due to share in net earnings.

Deferred tax assets - net slightly increased by 6% to ₱574.93 million as of June 30, 2025, from ₱544.57 million as of December 31, 2024, due to additional minimum corporate income tax (MCIT), recognition of net operating loss carry over (NOLCO), increase in contract liabilities, as countered by lower deferred taxes from retirement liability, accrued employee benefits, and impact of net decrease in right-of-use assets and lease liabilities.

Security deposit decreased by 5% to ₱358.48 million as of June 30, 2025, from ₱375.43 million as of December 31, 2024, mainly due to forfeitures and applications to rent expense of closed branches.

Other noncurrent assets slightly decreased to ₱2,079.27 million as of June 30, 2025, from ₱2,093.36 million as of December 31, 2024, because of application as tax credits of input VAT on capital goods and collection of loans receivable.

Liabilities
Accounts and other payable decreased by 9% to ₱3,197.00 million as of June 30, 2025, from ₱3,518.30 million as of December 31, 2024, due to settlements of trade payables to outside parties and to a related party, net decrease in the accruals, offset by the higher taxes payable.

Due to related parties decreased to ₱3.91 million as of June 30, 2025, from ₱10.72 million as of December 31, 2024, due to settlement of advances from an affiliate.

Notes payable (current and noncurrent) decreased to ₱1,537.86 million as of June 30, 2025, from ₱1,914.69 million as of December 31, 2024, driven by the settlement of loans amounting to ₱394.38 million, offset by total availment during the period amounting to ₱17.55 million.

Transmissions liability decreased to ₱540.81 million as of June 30, 2025, from ₱684.86 million as of December 31, 2024, mainly attributable to additional transactions.

Income taxes payable decreased to ₱11.06 million as of June 30, 2025, from ₱16.60 million as of December 31, 2024, mainly attributable to payment of taxes in overseas.

Lease liabilities (current and noncurrent) is lower by 16% to ₱1,538.10 million as of June 30, 2025, from ₱1,838.04 million as of December 31, 2024, primarily attributable to lease payments during the period.

Bond payable increased by 5% to ₱2,167.70 million as of June 30, 2025, from ₱2,065.59 million as of December 31, 2024, mainly from the accretion of interest amounting to ₱157.41 million and countered by the foreign exchange gains recognized amounting to ₱55.31 million.

Derivative liability decreased to ₱2,497.30 million as of June 30, 2025, from ₱2,528.53 million as of December 31, 2024, related to the gain on valuation recognized for the period amounting to ₱31.23 million. Retirement benefit obligation increased to ₱1,044.76 million as of June 30, 2025, from ₱1,005.30 million as of December 31, 2024, primarily due to accrual of expense recognized in current period.

As of December 31, 2024 compared to as of December 31, 2023

Assets

Current Asset
Cash and cash equivalents increased by 20% to ₱2,733.43 million as of December 31, 2024, from ₱2,281.86 million as of December 31, 2023. Refer to analysis of cash flows in “Liquidity” section below.

Trade and other receivable, net increased to ₱2,127.17 million as of December 31, 2024, from ₱1,950.15 million as of December 31, 2023, driven by the increase in trade receivable from outside parties and related parties by 13% and 11%, respectively, offset by the higher allowance for expected credit losses as a factor of the additional provisions this period and decreased in advances to officers and employees.

Due from related parties increased by 2% to ₱1,159.78 million as of December 31, 2024, from ₱1,139.86 million as of December 31, 2023, mostly from receivable related to regular trade agreement, as offset by collection of notes receivables.

Investments at fair value through profit and loss increased to ₱2.36 million as of December 31, 2024, from ₱2.26 million as of December 31, 2023, due to fair value gain amounting to ₱0.10 million during the year.

Prepayments and other current assets declined by 10% to ₱1,144.01 million as of December 31, 2024, from ₱1,265.92 million as of December 31, 2023, primarily attributable to the impact of the following:

- Settlement of notes receivable;
- Transfer of restricted cash to cash in bank;
- Input value-added tax (VAT) decreased by 25% because of decline in costs and application/usage during the year; and
- Prepaid taxes went down due to application of advance tax payments in overseas.

Noncurrent Assets

Property and equipment, net decreased by 6% to ₱2,487.77 million as of December 31, 2024, from ₱ 2,644.17 million as of December 31, 2023, primarily due to depreciation and net disposal amounting to ₱ 217.10 million and ₱35.39 million, respectively, offset by additions of ₱91.64 million.

Right-of-use assets, net is lower by 19% to ₱1,601.24 million as of December 31, 2024, from ₱1,980.48 million as of December 31, 2023, mainly attributable to amortization and early termination of contracts due to strategic closure warehouse and branches as part of the cost rationalization of the management.

Intangible assets, net is lower by 10% to ₱212.28 million as of December 31, 2024, from ₱236.89 million as of December 31, 2023, driven by amortization of ₱75.02 million, offset by ₱49.44 million additions.

Investment at fair value through other comprehensive income went down by 48% to ₱99.48 million as of December 31, 2024, from ₱191.16 million as of December 31, 2023, relative to movement in market price from ₱0.98/share to ₱0.51/share.

Investment in associates increased to ₱369.94 million as of December 31, 2024, from ₱355.57 million as of December 31, 2023, due to share in earnings, offset by dividends declared by an associate during the year.

Deferred tax assets - net decreased by 4% to ₱544.57 million as of December 31, 2024, from ₱525.94 million as of December 31, 2023, largely because of application of NOLCO during the year and the reduction of income tax deferred from right-of-use assets and lease liabilities. This is offset by the additional income tax deferred recognized related to retirement benefit liabilities, MCIT, and unrealized foreign exchange losses.

Security deposit decreased by 10% to ₱375.43 million as of December 31, 2024, from ₱419.20 million as of December 31, 2023, because of closed warehouses and branches.

Other noncurrent assets has a minimal decrease to ₱2,093.36 million as of December 31, 2024, from ₱2,094.31 million as of December 31, 2023

Liabilities

Accounts and other payable increased by 4% to ₱3,518.31 million as of December 31, 2024, from ₱3,380.08 million as of December 31, 2023. Majority of the variance represents the increase in trade payables to outside parties and taxes payable by 13% and 20%, respectively. This is offset by lower amount of contractual liabilities by 37%.

Notes payable (current and noncurrent) decreased to ₱1,914.69 million as of December 31, 2024, from ₱ 2,322.66 million as of December 31, 2023, driven by the settlements amounting to ₱1,848.77 million, offset by total availments during the year amounting to ₱1,440.80 million.

Transmissions liability increased by 13% to ₱684.86 million as of December 31, 2024, from ₱606.73 million as of December 31, 2023. This is because of higher liability related to cash-on- delivery and pick-up.

Income taxes payable went down by 15% to ₱16.60 million as of December 31, 2024, from ₱19.44 million as of December 31, 2023, mainly attributable to lower taxable income in overseas.

Lease liabilities (current and noncurrent) is lower by 16% to ₱1,838.04 million as of December 31, 2024, from ₱2,197.83 million as of December 31, 2023, primarily pertaining to lease payments during the year amounting to ₱1,022.61 million, offset by the additions amounting to ₱590.53 million.

Bond payable increased by 4% to ₱2,065.59 million as of December 31, 2024, from ₱1,979.74million as of December 31, 2023, mainly from the accretion of interest amounting to ₱319.59 million and foreign exchange loss incurred amounting to ₱89.50 million, offset by the impact of modification of liability due to maturity extension amounting to ₱324.30 million.

Derivative liability increased to ₱2,528.53 million as of December 31, 2023, from ₱2,030.07 million as of December 31, 2023, related to the loss on valuation incurred and modification of liability due to extension for the period amounting to ₱218.34 million and ₱280.12 million, respectively.

Retirement benefit obligation increased to ₱1,005.30 million as of December 31, 2024, from ₱900.66 million as of December 31, 2023, primarily due to accrual of expense recognized in current year.

As of December 31, 2023 compared to as of December 31, 2022

Assets

Current Asset
Cash and cash equivalents decreased by 35% to ₱2,281.86 million as of December 31, 2023, from ₱3,517.62 million as of December 31, 2022. This effect is mainly from the settlement of redemption payable related to convertible instrument in 2023. Refer also to analysis of cash flows in “Liquidity” section below.

Trade and other receivable, net decreased to ₱1,950.15 million as of December 31, 2023, from ₱2,045.05 million as of December 31, 2022, driven by the increase in allowance for expected credit losses as a factor of the additional provisions this year, write off of an affiliate receivable and the decline in other receivables mainly related to SSS benefit.

Due from related parties went down to ₱1,139.86 million as of December 31, 2023, from ₱1,156.08 million as of December 31, 2022, mainly due to settlements.

Investments at fair value through profit and loss increased to ₱2.24 million as of December 31, 2023, from ₱2.17 million as of December 31, 2022, due to fair value gain amounting to ₱0.10 million during the year.

Prepayments and other current assets declined by 14% to ₱1,265.92 million as of December 31, 2023, from ₱1,480.53 million as of December 31, 2022, primarily attributable to the impact of the following:

- Transfer of short-term investment and restricted cash to cash in bank;
- Input value-added tax (VAT) decreased by 26% because of decline in costs and application/usage during the year; and
- Prepaid employee benefits went down by 30% due to expense out of loyalty awards, educational and medical benefits.
- Offset by the increases in prepaid taxes.

Noncurrent Assets

Property and equipment, net increased by 22% to ₱2,644.17 million as of December 31, 2023, from ₱ 2,167.40 million as of December 31, 2022, primarily due to additions amounting to ₱787.32 million, offset by depreciation and net disposal amounting to ₱286.95 million and ₱23.8 million, respectively.

Right-of-use assets' net is lower by 4% to ₱1,980.48 million as of December 31, 2023, from ₱2,052.46 million as of December 31, 2022, mainly attributable to amortization amounting to ₱1,024.71 million, which is offset by additions of ₱1,083.84 million, resulting from new branches and renewals.

Intangible assets, net is lower by 7% to ₱236.89 million as of December 31, 2023, from ₱255.99 million as of December 31, 2022, driven by amortization of ₱73.80 million, offset by ₱54.34 million additions.

Investment at fair value through other comprehensive income went up down 4% to ₱191.16 million as of December 31, 2023, from ₱198.96 million as of December 31, 2022, relative to movement in market price from ₱1.02/share to ₱0.98/share.

Investment in associates decreased to ₱355.57 million as of December 31, 2023, from ₱371.66 million as of December 31, 2022, due to the dividends declared by an associate during the year.

Deferred tax assets - net increased by 1% to ₱525.94 million as of December 31, 2023, from ₱521.42 million as of December 31, 2022, largely because of the additional income tax deferred recognized related to MCIT and allowance for impairment losses. This is offset by reduction of NOLCO as portion of it was applied this year.

Security deposit decreased by 2% to ₱419.20 million as of December 31, 2023, from ₱427.43 million as of December 31, 2022, mainly due to forfeitures and applications to rent expense of closed branches.

Other noncurrent assets decreased by 1% to ₱2,094.31 million as of December 31, 2023, from

₱2,106.06 million as of December 31, 2022, because of settlements of loan and note receivables and application of input VAT on capital goods.

Liabilities

Accounts and other payable is lower by 13% to ₱3,380.08 million as of December 31, 2023, from ₱3,890.05 million as of December 31, 2022 mainly due to settlement of trade payables, withholding tax payment related to dividends declared by the Board of Directors of North America entities and lower amount of contractual liabilities.

Notes payable (current and noncurrent) increased to ₱2,322.66 million as of December 31, 2023, from ₱ 2,103.39 million as of December 31, 2022, driven by the availment of loans amounting to ₱999.12 million, offset by total settlement during the period amounting to ₱779.85 million.

Transmissions liability went down by 29% to ₱606.73 million as of December 31, 2023, from ₱850.30 million as of December 31, 2022, mainly attributable to transactions claimed during the period.

Income taxes payable went down by 22% to ₱19.44 million as of December 31, 2023, from ₱25.03 million as of December 31, 2022, mainly attributable to lower taxable income in overseas.

Lease liabilities (current and noncurrent) is lower by 3% to ₱2,197.83 million as of December 31, 2023, from ₱2,262.94 million as of December 31, 2022, primarily pertaining to lease payments during the year amounting to ₱1,153.24 million, offset by the additions amounting to ₱1,083.36 million.

Bond payable increased by 15% to ₱1,979.74 million as of December 31, 2023, from ₱1,715.38 million as of December 31, 2022, mainly from the accretion of interest amounting to ₱285.05 million, offset by foreign exchange gain recognized amounting to ₱20.69 million.

Assets

Current Assets

Cash and cash equivalents decreased by 1% to ₱3,517.43 million as of December 31, 2022, from ₱3,475.11 million as of December 31, 2021. Refer to analysis of cash flows in "Liquidity" section below.

Trade and other receivable, net decreased by 2% to ₱2,045.05 million as of December 31, 2022, from ₱2,095.62 million as of December 31, 2021, due to settlements from both outside and related parties.

Due from related parties increased by 3% to ₱1,156.08 million as of December 31, 2022, from ₱1,118.61 million as of December 31, 2021, mostly from receivable related to platform subscription fee.

Investments at fair value through profit and loss declined to ₱2.17 million as of December 31, 2022, from ₱15.69 million as of December 31, 2021, due to sale of investments.

Prepayments and other current assets decreased by 49% to ₱1,480.53 million as of December 31, 2022 from ₱2,909.41 million as of December 31, 2021, because of the reclassification of advance payments of taxes to other non-current assets as the management expects to realize it for more than a year.

Noncurrent Assets

Property and equipment, net increased by 14% to ₱2,167.40 million as of December 31, 2022, from ₱1,899.75 million as of December 31, 2021, primarily due to additions amounting to ₱636.03 million, offset by depreciation amounting to ₱369.00 million and net book value of disposal amounting to ₱3.34 million.

Right-of-use assets, net is lower by 7% to ₱2,052.46 million as of December 31, 2022, from ₱2,213.34 million as of December 31, 2021, mainly due to amortization that amounts to ₱1,046.12 million, offset by net additions of ₱981.77 million resulting mostly from new branches and renewals.

Intangible assets, net is lower by 4% to ₱255.99 million as of December 31, 2022, from ₱268.04 million as of December 31, 2021, driven by amortization of ₱38.48 million, offset by ₱31.90 million additions for the year.

Investment at fair value through other comprehensive income is up by 5% to ₱198.96 million as of December 31, 2022 from ₱189.21 million as of December 31, 2021, relative to movement in market price from ₱0.97/share to ₱1.02/share.

Investment in associate decreased by 5% to ₱371.66 million as of December 31, 2022, from ₱354.79 million as of December 31, 2021 due to cash dividends received, offset by the share in net income of the associates during the year.

Deferred tax assets - net increased by 13% to ₱521.41 million as of December 31, 2022, from ₱462.14 million as of December 31, 2021 largely because of the additional income tax deferred recognized related to NOLCO and unrealized foreign exchange losses.

Security deposit is higher by 6% to ₱427.43 million as of December 31, 2022 from ₱401.64 million as of December 31, 2021, due to additional security deposits paid for the existing warehouse and branches.

Liabilities

Accounts and other payable increased by 16% to ₱3,890.05 million as of December 31, 2022, from ₱3,358.18 million as of December 31, 2021. Majority of the variance represents the increase in taxes payable and trade payables to outside parties.

Notes payable (current and noncurrent) increased to ₱2,103.39 million as of December 31, 2022, from ₱1,992.73 million as of December 31, 2021, driven by the availment of loan amounting to ₱781.51 million, offset by the settlement amounting to ₱670.85 million during the year.

Transmissions liability went down by 6% to ₱850.30 million as of December 31, 2022, from ₱903.00 million as of December 31, 2021, mainly attributable to transactions claimed during the year.

Income tax payable decreased by 55% to ₱25.03 million as of December 31, 2022, from ₱55.82 million as of December 31, 2021 because of lower taxable income in overseas.

Lease liabilities (current and noncurrent) is lower by 7% to ₱2,262.94 million as of December 31, 2022, from ₱2,420.60 million as of December 31, 2021, primarily pertaining to lease payments during the year.

Bond payable increased by 1% to ₱1,715.38 million as of December 31, 2022, from ₱1,702.09 million as of December 31, 2021, mainly from the accretion of interest amounting to ₱308.40 million and foreign exchange loss recognized amounting to ₱189.11 million, offset by the redemption amounting to ₱484.22 million.

Derivative liability is down to ₱2,180.88 million as of December 31, 2022, from ₱2,558.12 million as of December 31, 2021, related to redemption amounting to ₱607.89 million, offset by the loss on valuation incurred for the period amounting to ₱230.55 million.

Notes:

(1) Operating income is calculated as income before income tax, interest expense-net and other income (expense).

(2) EBITDA is calculated as income before income tax plus depreciation and amortization and interest expense-net. EBITDA is not a measure of performance under IFRS or PFRS, and investors should not consider EBITDA in isolation or as alternatives to net profit as an indicator of the Group's operating performance or to cash flow from operating, investing and financing activities as a measure of liquidity or any other measures of performance under PFRS. Because there are various EBITDA calculation methods, the Group's presentation of this measure may not be comparable to similarly titled measures used by other companies.

(3) EBITDA as a percentage of service revenues.

(4) Net income before other comprehensive income.

(5) Net income as a percentage of service revenues.

(6) Total debt includes notes payable (current and non-current portion), lease liabilities and convertible instrument.

(7) Calculated as total cash and cash equivalents less total debt.

OFF BALANCE SHEET ARRANGEMENTS

As of December 31, 2024, the Group had no off-balance sheet arrangements.

FINANCIAL RISK DISCLOSURE

The Group has various financial assets such as cash and cash equivalents, restricted cash, trade and other receivables (excluding advances to officers and employees), due from related parties, financial assets at FVPL, financial assets at FVOCI, short-term investments under other current assets, loan receivable and notes receivable.

The Group's financial liabilities comprise of accounts and other payables (excluding statutory liabilities, accrued taxes and contract liabilities), due to related parties, notes payable, transmissions liability, lease liabilities, dividends payable, convertible instrument, derivative liability and other noncurrent liabilities. The main purpose of these financial liabilities is to finance the Group's operations.

QUALITATIVE AND QUANTITATIVE DISCLOSURE OF MARKET RISK

The Group is exposed to various types of market risks in the ordinary course of business, including foreign currency risk, credit risk, interest rate risk and liquidity risk.

Foreign Currency Risk

Foreign currency risk is the risk that the future cash flows of financial assets and financial liabilities will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates to the Group's operating activities when revenue or expenses are denominated in a different currency from the Group's functional currency.

The Group operates internationally through its various international affiliates by fulfilling the money remittance and cargo delivery services of these related parties. This exposes the Group to foreign exchange risk primarily with respect to Euro (EUR), Hongkong Dollar (HKD), US Dollar (USD) and Japanese Yen (JPY). Foreign exchange risk arises from future commercial transactions, foreign currency denominated assets and liabilities and net investments in foreign operations.

The Group enters into short-term foreign currency forwards, if needed, to manage its foreign currency risk from foreign currency denominated transactions.

The Group primarily reduces foreign currency exchange rate exposure by entering into currency forward contracts from time to time, as well as managing the timing of payments and settlements.

Credit Risk

Credit risk is the risk that one (1) party to a financial instrument will cause a financial loss to the other party by failing to discharge an obligation. The Group is exposed to credit risk through its cash and cash equivalents, trade and other receivables, net, due from related parties and security deposits. Cash and cash equivalents are generally deposited in universal banks as defined by the Philippine Banking System. Universal banks are considered as stable and are the single largest group of financial institutions in the country. Generally, the Group manages its credit risk from trade and other receivables and due from related parties by clearly delineating risk limits and implementing strict requirements relating to the creditworthiness of the counterparty throughout the life of the transaction. With respect to managing its credit risk from security deposits, the Group transacts only with counterparties that have passed its vendor accreditation process and are in good financial standing.

Interest Rate Risk

Interest rate risk arises on interest-bearing financial instruments recognized in the consolidated statement of financial position and on some financial instruments not recognized in the financial position. The Group's exposure to interest rate risk relates primarily to the its short-term investments and short-term debt obligations. The Group manages its exposures in interest rate risk by closely monitoring the same with various banks and other financial instruments and maximizing borrowing period based on market volatility of interest rates.

Liquidity Risk

Liquidity risk is the risk from inability to meet obligations when they become due, because of failure to liquidate assets or obtain adequate funding. The Group regularly monitors its cash position to ensure that maturing liabilities will be adequately met by maintaining sufficient cash, having access to committed credit facilities and the ability to close out market positions on certain short-term financial instruments.

Price Risk

The Group closely monitors the prices of its equity securities as well as macroeconomic and entity specific factors that could directly or indirectly affect the prices of these instruments. In case of an expected decline in its portfolio of equity securities, the Group readily disposes or trades the securities for replacement with more viable and less risky investments.

Such investment securities are subject to price risk due to changes in market values of instruments arising either from factors specific to individual instruments or their issuers, or factors affecting all instruments traded in the market.

SEASONALITY

The Group tends to experience increased volume in remittance transmission as well as cargo throughput during the months of June and July, corresponding to the start of the school year, and during the months of October and November, in anticipation of the holiday season.

KNOWN TRENDS, EVENTS OR UNCERTAINTIES

There are no material (i) known trends, events or uncertainties with material impact on liquidity, (ii) events that will trigger direct or contingent financial obligation that is material to the company (including any default or acceleration of an obligation, (iii) material off-balance sheet transactions, arrangements, obligations (including contingent obligations), and other relationships of the company with unconsolidated entities or other persons created during the reporting period, (iv) material commitments for capital expenditures, general purpose of such commitments, expected sources of funds for such expenditures, and (v) any other known trends, events or uncertainties with material impact on sales.

CORPORATE GOVERNANCE

The Company submitted its Manual on Corporate Governance to the Philippine SEC on May 26, 2017 in compliance with Philippine SEC Memorandum Circular No. 19 series of 2016.

As of 16 October 2025, the Company remains substantially in compliance with and has no material deviation from its Manual and no sanctions were imposed on any director, officer or employee on account of non-compliance with the same.

The Manual assists the Company in monitoring and assessing its level of compliance with leading practices on good corporate governance as specified in pertinent SEC circulars. Aside from establishing specialized committees to aid in complying with the principles of good corporate governance, the Manual also outlines specific investor's rights and protections and enumerates particular duties expected from the Board members, officers and employees. It also features a disclosure system which highlights adherence to the principles of transparency, accountability and fairness. The Compliance Officer is tasked with the formulation of specific measures to determine the level of compliance with the Manual by the Board members and members of the Committees. There has been no deviation from the Manual's standards as of 16 October 2025.

The Company and its respective directors, officers and employees have complied with the best practices and principles on good corporate governance as embodied in its Corporate Governance Manual. An evaluation system has been established by the Company to measure or determine the level of compliance of the Board of Directors and top-level management with its Manual of Corporate Governance.

The Company has a robust internal audit system as well as external audit engagements. The Company also plans to engage the services of an external firm to independently review its governance practices and in the process create an evaluation system that is independent.

Pursuant to SEC Memorandum Circular No. 15, series of 2017 mandating all publicly-listed companies to submit an Integrated Annual Corporate Governance Report (I-ACGR), the Company filed its 2024 I-ACGR on 29 May 2025.

PART I - BUSINESS AND GENERAL INFORMATION

Item 1. BUSINESS

BUSINESS DEVELOPMENT

CORPORATE REORGANIZATION

The Company was incorporated and registered with the Securities and Exchange Commission (**SEC**) as "Federal Chemicals, Inc." on July 12, 1993. At the time, the Company was principally engaged in the business of manufacturing various adhesives and sealants and other chemicals for hardware, construction, do-it-yourself and industrial applications. The Company has been a publicly-listed company since December 21, 2001, and was traded under the ticker symbol "FED" on the Philippine Stock Exchange (**PSE**).

On September 28, 2007, the change in corporate name from Federal Chemicals, Inc. to Federal Resources Investment Group, Inc. as well as the change in the primary purpose of the Company to that of a holding company was approved by the SEC.

On April 23, 2015, the Board of Directors of the Company approved the issuance of 59,101,000 common shares, at ₱1.00 per share, out of the unissued portion of the Company's authorized capital stock to LBC Development Corporation, subject to acceptable documentation being arrived at, as well as the fulfillment of such conditions agreed upon by the parties, including a mandatory tender offer, where required under relevant laws and regulations.

The Company needed to raise additional capital through the issuance of new shares out of the unissued portion of the Company's authorized capital stock for general corporate purposes. Further, such infusion was preparatory to a potential additional investment of LBC Development Corporation into the Company as a result of the ongoing due diligence on the Company.

On May 18, 2015, the Company and LBC Development Corporation entered into a Deed of Subscription, whereby LBC Development Corporation, subject to the completion of the mandatory tender offer, subscribed to 59,101,000 common shares out of the unissued authorized capital stock of the Company or 59.10% of the authorized capital stock of the Company. The consideration for the subscribed shares was ₱59,101,000 or ₱1.00 per share.

On May 22, 2015, LBC Development Corporation filed with the SEC its mandatory tender offer report for all the outstanding shares of the Company for a tender offer price of ₱1.00 per share. The mandatory tender offer period commenced on June 8, 2015 and ended on July 7, 2015. On July 14, 2015, LBC Development Corporation filed with the SEC its final tender offer report.

On July 22, 2015, the Company issued the stock certificates covering the subscribed shares to LBC Development Corporation.

On July 29, 2015 and in consonance with such change in control, the Board of Directors of the Company approved the acquisition by the Company of all the outstanding shares of stock of LBC Express, Inc., at the time a wholly-owned subsidiary of LBC Development Corporation, at the book value of not less than ₱1 billion. The Board also approved the following:

(i) increase in the authorized capital stock of the Company from ₱100 million to up to ₱3 billion in which subsequently approved by SEC on September 18, 2015 at ₱2 billion;
(ii) the issuance of shares out of the increase in authorized capital stock or out of the unissued capital stock to LBC Development Corporation and/or to other investors and/or third parties for the purpose of (a) funding the acquisition by the Company of all the outstanding shares of stock of LBC Express, Inc.; (b) funding the acquisition of other potential investments, whether or not related to the business of LBC Express, Inc.; and (c) ensuring compliance by the Company with the minimum public ownership requirements of the PSE;
(iii) the change in the name of the Company to "LBC Express Holdings, Inc."; and
(iv) the change of the trading symbol "FED" to "LBC".

On September 4, 2015, the stockholders of the Company approved all of the foregoing matters.

On September 18, 2015, pursuant to the authority to issue shares out of the increase in authorized capital stock or out of the unissued capital stock to LBC Development Corporation, the Company and LBC Development Corporation entered into Subscription Agreements, whereby LBC Development Corporation subscribed to, and the Company agreed to issue, 1,146,873,632 additional Common Shares at a subscription price of ₱1.00 per share or an aggregate subscription price of ₱1,146,873,632 (the **Additional Subscriptions**), consisting of 475,000,000 shares issued from the increase in the authorized capital stock of the Company and 671,873,632 shares issued out of the authorized and unissued capital stock of the Company, following the approval by the SEC of the increase in the authorized capital stock of the Company from ₱100,000,000.00 divided into 100,000,000 Common Shares with par value of ₱1.00 per Share, to ₱2,000,000,000.00 divided into 2,000,000,000 Common Shares with par value of ₱1.00 per Share. Notices of exemption for the Additional Subscriptions were filed with the SEC on October 13, 2015.

On September 24, 2015, the Company purchased from LBC Development Corporation a total of 1,041,180,493 shares of stock in LBC Express, Inc. for an aggregate purchase price of ₱1,384,670,966.

On October 2, 2015, the Company entered into Subscription Agreements with each of Vittorio P. Lim, Mariano D. Martinez, Jr., and Lowell L. Yu (collectively, the **Subscribers**), wherein subject to the approval by the SEC of the Capital Increase, the Subscribers agreed to subscribe, and the Company agreed to issue, a total of 178,991,839 Common Shares of the Company at the par value of ₱1.00 per share or an aggregate subscription price of ₱178,991,839.00 out of the authorized and unissued capital stock of the Company. The foregoing subscription was undertaken to ensure compliance by the Company with the PSE Minimum Public Ownership requirement of at least 10% of the outstanding capital stock of the Company. A notice of exemption for the subscription was filed with the SEC on October 13, 2015.

Involvement in Bankruptcy or Receivership Proceedings

As of the end of December 2024, the Company was not involved in any bankruptcy, receivership or any similar proceedings.

***Material Reclassification, Merger, Consolidation or Purchase or Sale of a Significant Amount of Assets (not in the ordinary course of business*)**

On September 24, 2015, the LBCH purchased from LBC Development Corporation (LBCDC) a total of 1,041,180,493 shares of stock in LBCE for an aggregate purchase price of ₱1,384,670,966.

On June 20, 2017, the BOD approved the issuance of convertible instrument. The proceeds of the issuance of convertible instrument will be used to fund the growth of the business of the Parent Company, including capital expenditures and working capital. Accordingly, on August 4, 2017, LBCH issued, in favor of CP Briks Pte. Ltd, a seven-year secured convertible instrument in the aggregate principal amount of US$50.0 million (₱2,518.25 million) convertible at any time into 192,307,692 common shares of LBCH at the option of CP Bricks Pte. Ltd at ₱13.00 per share conversion price, subject to adjustments in accordance with the terms and conditions of the instrument. The instrument (to the extent that the same has not been converted by CP Briks as the holder or by the Parent Company) is redeemable, at the option of CP Bricks Pte. Ltd, beginning on the 30th month from issuance date at the redemption price equal to the principal amount plus internal rate of return ranging from 10% to 13%. The agreement also contains redemption in cash by the Parent Company at a price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively) in case of a Change of Control as defined under the agreement.

The convertible bond is a hybrid instrument containing host financial liability and derivative components for the equity conversion and redemption options. The equity conversion and redemption options were identified as embedded derivatives and were separated from the host contract.

On December 29, 2022, US$11.00 million of the US$50.00 million convertible instrument was redeemed at a total price of US$19.33 million. Redemption payable and gain on redemption amounting to ₱1,014.74 million and ₱7.58 million, respectively, was recognized in the consolidated statements of financial position and financial performance as of December 31, 2022.

On August 2, 2024, the maturity date of convertible instrument was extended from August 4, 2024 to such time CP Briks opts to terminate the instrument upon thirty (30) days prior notice ("Extended Stated Maturity Date"). The Parent Company acknowledged and agreed that the interest in the instrument shall continue to accrue from the original stated maturity date until the extended maturity date, at the relevant IRR pursuant to Sections 4 and 5 of the instrument. Any reference in the purchase agreement and in the instrument to "due 2024" or "maturity date" or similar terms whether any such term is capitalized or not shall hereafter mean extended stated maturity date.

In order for CP Briks to exercise its right to terminate the instrument, it shall notify LBCH at least thirty (30) days prior to the day CP Briks opts to terminate and LBCH shall pay all outstanding principal and any accrued interest on such extended stated maturity date. Gain on modification of liability amounting to ₱44.18 million due to the extension was recognized in the consolidated statements of financial performance as of December 31, 2024.

As of December 31, 2024, the carrying value of bond payable amounted to ₱2,065.59 million and the fair value of the derivative liability amounted to ₱2,528.53 million. The fair value changes of the derivative liability recognized as "Gain (Loss) on derivative" amounted to ₱218.34 million loss in 2024 and ₱150.81 million gain in 2023. Interest expense on the bond payable amounted to ₱320.64 million in 2024 and ₱285.05 million in 2023.

LBC HISTORY

LBC Express, Inc. was initially founded as "Luzon Brokerage Corporation" in 1950s. It subsequently changed its name to "LBC Air Cargo, Inc." and operated as a brokerage and air cargo agent. A few years after incorporation, LBCE evolved into an express delivery service, becoming the first Filipino-owned private courier company to provide time-sensitive deliveries in the Philippines and offer customers an alternative to the Government-owned and operated postal service. In 1973, LBCE pioneered 24-hour door-to-door express delivery and messengerial services in the Philippines, providing greater convenience to its existing customers and further expanding its market share. LBCE's name was formally changed to "LBC Express, Inc." on April 26, 1988 to reflect the express delivery services that had come to form its hallmark business. In the 1990s, LBCE adopted the slogan "*Hari ng Padala*", or Filipino for "King of Forwarding Services." LBCE has now become the market leader in the Philippine domestic air freight forwarding market and, for the year ended November 30, 2012, had a market share of 41.8% of the domestic air freight forwarding industry in terms of throughput by weight, according to data from the CAB. While LBCE's logistics business still primarily comprises retail express courier and freight forwarding services, it has also expanded its product mix to offer services targeted at corporate customers, including full container load and less-than-container load sea freight forwarding and end-to-end logistics solutions.

In the early 1980s, LBCE entered into the domestic remittance business, leveraging the existing branch network of its logistics business as customer contact points for remittance acceptance and fulfillment, growing this business at low marginal cost. Beginning in 1999, LBCE expanded its money transfer services segment by offering bill payment collection services in the Philippines by serving as a third-party collection agent for various vendors throughout the Philippines. In 2006, LBCE also began providing corporate remittance fulfillment services, such as payouts of government Social Security System benefits, payroll and insurance benefits on behalf of third parties, as well as remittance encashments for customers of its local remittance partner, Palawan Pawnshop.

LBCE commenced its international money transfer operations in 1987 by establishing relationships with agents and affiliates in the United States and steadily expanding its network elsewhere globally to provide fulfillment services for inbound international remittances. LBCE later leveraged the network of its overseas affiliates to expand its Logistics business internationally as well. Today, LBCE provides courier and freight forwarding services in 29 countries and territories outside of the Philippines and fulfillment services for inbound remittances originating from over 25 countries and territories outside the Philippines, including the United States, the Asia Pacific region, Europe and the Middle East.

BUSINESS

SERVICES

The Group's business is principally comprised of two major segments: (a) Logistics; and (b) Money Transfer Services.

The Group's Logistics products serve Retail (C2C) and Corporate/Institutional (B2B/B2C) customers. The main services offered under the Group's Logistics business are Domestic and International Courier, and Freight Forwarding services (by way of air, sea and ground transport).

Money Transfer Services include Domestic Remittance services (available as branch retail services), Bills Payment collection, and Corporate Remittance Payout services. International Money Transfer Services are also offered overseas through the Group's own branches, and through partners, which encompasses International Inbound Remittance services.

The table below presents the above-mentioned components of the Group's revenue associated with its business segments, for the years indicated.

As of December 31, 2024, the Logistics business of the Group accounts for approximately 97% of its total revenues while Money Transfer Services accounts for the remaining 3%.

Retail Logistics comprised 74%, 77% and 78% of the Group's service revenue from Logistics for the years ended December 31, 2024, 2023 and 2022, respectively. The Group's primary retail logistics offerings are its "Express" products (courier and air cargo forwarding) and balikbayan boxes.

For the year ended December 31, 2024, 2023 and 2022, service fees from international outbound remittances amounted to ₱1.08 million, ₱2.40 million, and ₱2.71 million, respectively.

For the years ended December 31, 2024, 2023 and 2022, service fees from international inbound remittances were ₱313.81 million, ₱330.00 million, and ₱352.73 million, accounting for 64%, 48% and 56%, respectively, of the Group's total service revenues from Money Transfer Services.

Logistics

The Logistics business is the Group's primary source of revenue. The Group serves two primary customer segments within the Logistics business: (a) Retail (C2C) customers; and (b) Corporate/Institutional (B2B/B2C) customers. The main services offered to Retail customers include Courier, Air Cargo Forwarding and *Balikbayan* box services. The main services offered to Corporate clients include, in addition to Courier and Freight Forwarding services, Specialized Corporate Solutions, or Corporate Logistics services, tailored to the specific needs of the client.

As of December 31, 2024, the Group has offered Logistics services at 1,368 Company-owned branches in the Philippines and 67 Company-owned branches, and 771 Partner-agent branches, in 29 other countries and territories worldwide.

Retail Logistics

Retail Logistics comprised 74%, 77%, and 78% of the Group's service revenue from Logistics for the years ended December 31, 2024, 2023 and 2022, respectively. The Group's primary Retail Logistics offerings are its "Express" products (comprised of Courier and Air Cargo forwarding) and *Balikbayan* boxes.

Courier

Courier services are the Group's express messengerial services and refer to deliveries of parcels (i.e. letters and small packages typically weighing three kilograms or less) by land and/or air on a time-sensitive basis. LBCE generally performs domestic courier deliveries within 24 hours of acceptance alongside other committed lead times and international courier deliveries within one to three days of acceptance, depending on the origin and destination country. The Group is limited in liability for delays caused by certain *force majeure* and other events that may prevent it from making an on-time delivery. The fees for courier services are based on weight, dimensions and final destination, and the Group imposes add-on charges for extra services such as pick-up in certain areas outside of the National Capital Region of the Philippines, additional insurance and same-day delivery service.

Air Cargo

Cargo refers to larger packages and boxes (typically weighing over three kilograms). As with courier services, the Company generally performs express deliveries of domestic air cargo within 24 hours of acceptance alongside other committed lead times, while international air cargo is generally delivered within one to three days of acceptance, depending on the destination country. The Company charges for air cargo forwarding and items delivered by ground based on volumetric weight (a function of both the actual weight and dimensions of the cargo) and final destination, as well as add-on charges for extra services such as pick-up in certain areas, additional insurance and same-day delivery service.

Balikbayan Boxes

The *balikbayan* box is a box shipment of personal effects cargo sent by retail customers to friends and family, domestically and internationally. *Balikbayan* boxes are forwarded by the Group by way of sea transport and generally delivered within 35 days of acceptance from the sender, subject to *force majeure* and other unforeseen events. Because the Group charges for sea freight forwarding based on standard dimensions of the box rather than weight, *balikbayan* boxes provide a low cost option to customers making shipments of various items. They are also a means for customers to ship certain items that cannot be shipped by air, such as liquids and aerosols. Accordingly, *balikbayan* boxes are frequently used by overseas Filipinos to send large numbers or volumes of consumer products, such as clothing, home goods and personal care items, to recipients in the Philippines. *Balikbayan* boxes come in a variety of dimensions and typically weigh between 30 to 80 kilograms.

Corporate Logistics

The Company provides services to a varied portfolio of corporate and institutional customers, which include consumer goods manufacturers, food products producers, pharmaceutical companies, educational institutions, financial services companies and others, including several well-known multinational corporations. In addition to fulfilling the express delivery needs of corporate clients through courier and air cargo forwarding services, the Company also provides the following services:

Specialized Corporate Solutions (SCS)

SCS refers to the end-to-end tailored logistics services provided by the Company to corporate clients with specific requirements.

As part of SCS, the Company provides transportation of mail, parcels and cargo via air, land and sea. The Company offers sea freight forwarding services domestically for both full container load (FCL) and less-than-container load (LCL) shipments. LCL services are particularly attractive for small and medium-sized businesses with relatively lower volume shipping requirements. Corporate clients have the option of dropping off their shipments at the Company's container freight stations located near local ports or requesting a pick-up from the Company. The Company also offers flexible payments modes, including payment at origin, payment at destination, payment on account of shipper, and payment on account of consignee. Shipping times for sea freight are more protracted than for air freight, ranging from three to seven days for domestic shipments and seven to 45 days for international shipments. In recent years, the volume of sea freight forwarding services provided by the Company has increased due to the growth in its corporate client portfolio.

The Company also expanded SCS to include value-added services such as onsite operations, cold chain, warehousing, and cross-border logistics. The palette of available onsite operations includes warehouse storage, cross-docking (the temporary storage of arriving order and subsequent breaking-down and reassembly for truck delivery), inventory management, reverse logistics, pick-up of pallets and containers, order fulfillment services at the customer's own warehouse, specialized packaging and re-packaging (such as ice gelling for pharmaceutical products), open-checking services, cash on delivery (collection of value of item from consignee upon delivery and remittance of value to shipper) and delivery and discrepancy reporting, among others, which are in addition to its customary courier and freight forwarding services.

The Company performs services for corporate clients both pursuant to long-term contracts and on a per-transaction basis. SCS contracts typically have terms of one to three years. The Company extends credit facilities to most of its corporate clients, following a standard credit check procedure when first engaging a new client.

In recent years, the Company has increased its focus on its corporate logistics business and aims to continue expanding its corporate client portfolio and service offerings going forward.

Money Transfer Services

Money Transfer services are the Group's second primary business segment and comprise both domestic and international money transfer services.

Domestic

Domestic Money Transfer services include (a) Remittances and (b) Corporate Remittance Payout services. For the years ended December 31, 2024, 2023 and 2022, service fees from domestic Money Transfer Services were ₱177.34 million ₱357.50 million, and ₱274.13 million, respectively, representing 36%, 52%, and 44%, respectively, of the Company's total service revenues from Money Transfer Services.

Remittances

Remittances are transfers of funds between customers from one location to another. The Company is licensed by the Bangko Sentral ng Pilipinas (BSP) to serve as a remittance agent in the Philippines for both domestic remittances (wherein both the sender and the beneficiary are located within the Philippines) and international inbound remittances (wherein the sender is located outside the Philippines and the beneficiary is located within the Philippines). Retail customers in the Philippines, particularly the unbanked population and others who are underserved by traditional banking institutions, account for the majority of the Company's Domestic Remittance customers. The Company offers Domestic Remittance services in the form of branch retail remittance services.

Branch retail services enable customers who make remittances at any Company-owned branch in the Philippines to choose among the following fulfillment options for their beneficiaries:

Instant branch pick-up (Instant Pera Padala "IPP"), a real-time cash pick-up remittance facility in which funds become instantaneously available for pick-up by the remitter's beneficiary once the sending party has made the payment at a Company-owned branch; the sending party can designate any pick-up location or geographic zone within the Company's domestic and overseas network (including both Company-owned branches and branches of its partners, Palawan Pawnshop, Cebuana Lhuillier, M.Lhuillier, PetNet). The international outbound IPP is also called *"IPPX"*.

"Pesopak," a service by which remittances are delivered directly to the beneficiary's doorstep, providing an attractive option for situations in which beneficiaries cannot or do not want to visit a branch; the Company offers next day delivery for *Pesopak* in almost all areas in the Philippines; and

Remit-to-account ("RTA"), a service by which funds accepted from a sender at a Company branch will be directly deposited to the designated local bank account of the beneficiary.

LBCE charges a service fee for processing Domestic Remittances according to a progressive schedule based on the value of the remittance. Fees may also vary depending on the chosen method of fulfillment. For example, Remit-To-Account (RTA) and *Pesopak* deliveries may incur additional service charges. The significant majority of remittances made by customers of LBCE are for sums equivalent to approximately ₱13,000 or less.

Corporate Remittance Payouts

The Company also provides Payout services for various corporations and organizations. For example, the Company provides Payroll services for certain companies, whereby employees can collect salary checks at an LBC branch. As part of its reciprocal agreements with Palawan Pawnshop, Cebuana/PJ Lhuillier, M. Lhuillier, and Petnet, Inc. (Western Union), LBCE also provides encashment services for beneficiaries of senders who make a remittance at a Palawan Pawnshop, Cebuana/PJ Lhuillier, M.Lhuillier or Western Union branch.

The basic process for domestic remittances is as follows:

- Remittances from origins are accepted via point-of-sale system. Compliance Department checks the possible match using the Auto-Scrubbing Process (Sender and Beneficiary names are checked against the International Sanctions List) and ensure the validity of transaction. Data processing will be performed as well as fund allocation. Payout, delivery, credit to bank et.al are the methods in fulfillment of the transactions.

- As with domestic remittances, beneficiaries of international inbound remittances can avail of instant branch pick-up services at any location within the Group's domestic network as soon as the transaction is processed into the Group's POS system from its overseas branch or agent-operated location. Beneficiaries of inbound international remittances can also arrange for the money to be delivered to their door, have the sums credited to a pre-paid remittance card or have proceeds deposited directly into a bank account. The Group charges a service fee for processing international remittances according to a progressive schedule based on value of the remittance and pick-up destination of the remittance. The significant majority of remittances made by customers of the Group are for sums equivalent to approximately ₱10,000 to ₱15,000 or less.

For the year ended December 31, 2024, 2023 and 2022, service fees from international outbound remittances amounted to ₱1.08 million, ₱2.40 million, and ₱2.71 million, respectively.

International

The Company provides fulfillment services for international inbound remittances from over 10 countries and territories overseas to the Philippines through its overseas branches and affiliates and its network of international remittance agents.

To expand its international reach, LBCE has also entered into agreements with affiliates and remittance fulfillment agents in countries and territories outside of the Philippines. These agents include International Remittance houses such as in the Asia-Pacific region: in Hong Kong, Pacific Ace Forex H.K. Limited; in Malaysia, SMJ TERATAI SDN. BHD., TML Remittance Center SDN. BHD., Merchantrade Asia SDN. BHD., Tranglo; in Japan, in the Middle East continent; in the United Arab Emirates, Al Ansari Exchange LLC., Instant Cash FZE., Worldwide Cash Express Limited; in the North American region; Remitly Inc., XOOM Corporation, Placid NK Corporation, and Continental Exchange Solutions, Inc. dba RIA Financial Services, in the United States of America, among others

International remittances are also encashed by LBCE from Philippine-based companies with international presence, such as Petnet Inc. (under Western Union), Pinoy Express Hatid Padala Services, Inc., Mastercard Transactions Services (Philippines), Inc., Filremit Corp., Uniteller Filipino, Inc., among others.

For this same purpose, the Company also has partnerships with Philippine financial institutions with strong international and local presence such as Asia United Bank Corporation, Bank of Commerce, China Banking Corporation, Metropolitan Bank & Trust Company and Subsidiaries, Rizal Commercial Banking Corporation, Bank of the Philippine Islands, and Landbank of the Philippines, among others, as well as other pawnshop/money service businesses such as Eight Under Par, Inc. (Palawan Pawnshop), Cebuana Lhuillier Services Corporation (Cebuana Lhuillier), Michel J. Lhuillier Financial Services, Inc. (MJ Lhuillier), and P.J. Lhuillier, Inc., PETNET, Inc., among others.

Through the extended networks of its partners and agents, the Company provided fulfillment services for inbound remittances, although it transacts only with its direct agents. Under the terms of the fulfillment partnership agreements that the Company enters into, direct agents are permitted only limited use of the "LBC" name, trademarks and other protected signs when transacting business on behalf of the Company and still carrying on business under their own corporate and trade names. The

Company receives a fixed percentage of the agent's revenues in exchange for its services in relation to inbound international remittances. The Company requires most of its remittance agents to maintain a revolving fund, which must be replenished when the balance falls beneath a set threshold. This is to ensure that the Company bears minimal credit risk when making payouts on behalf of international agents. In addition, most of the agreements have in place a maximum remittance value per transaction as a further risk mitigation tool, typically ranging from ₱75,000 to ₱100,000.

For the years ended December 31, 2024, 2023 and 2022, service fees from international inbound remittances were ₱313.80 million, ₱330.00 million, and ₱352.73 million, respectively, accounting for 64%, 48%, and 56%, respectively, of the Company's total service revenues from Money Transfer Services.

OPERATIONS

LBC's Courier and Freight Forwarding services utilize transport by air, sea and land and a network of strategically located warehouses, distribution centers and delivery hubs to provide end-to-end delivery services for its Retail customers and Corporate/Institutional clients.

Logistics

Logistics entails the management of the flow of goods from a point of origin to a specified destination, including any ancillary services that may be required to facilitate the process, such as storage and packaging.

Air Freight Forwarding

Domestic

The Group's end-to-end domestic air freight forwarding services involve the following steps: (1) acceptance (by pick-up or drop-off at a branch) (2) ground transport to a regional warehouse/distribution center, (3) primary sorting, (4) loading to aircrafts (for air transport), (5) withdrawal by the receiving distribution center/delivery hub, (6) secondary sorting (if required) and (7) ground transport for delivery to final destination.

- Acceptance is the receipt by the Group of the customer's parcels and cargo, either through its pick-up service or at one of the Group's 1,368 customer contact points in the Philippines where customers can drop off parcels and cargo. All parcels and cargo must be accompanied by a waybill from the customer providing the recipient's name, shipping address, description of contents, estimated value and other pertinent information. Upon receipt of the customer's parcel or cargo, the receiving agent affixes a barcode onto the package and scans the package, beginning the tracking process. The parcel or package is rescanned at every subsequent touch point throughout the transport process until its final destination.

- At the close of business each day (approximately 7:00 p.m.), all packages are delivered by the Group's vehicle fleet to a regional warehouse / distribution center, from any of 31 warehouses in the country. The Company has two primary distribution centers: the Central Exchange, located in Paranaque, where all packages collected from, passing through or destined for Metro Manila are aggregated, and the Cebu Central Exchange, functioning similarly to the Central Exchange in Manila. Packages collected in other areas are aggregated at any one of 21 warehouses located near airports throughout the country. Upon receipt, the Exchange teams "scan-in" all packages and print manifest (i.e. an itemized inventory) listings of all the barcodes "scanned." The manifest is used to

check the number of shipments "scanned in" against the number of shipments that are later "scanned out."

- Throughout the night, the Exchange teams engage in primary sorting, and label parcels and cargo bound for different destinations across the Philippines to prepare them for onward transmission by air, sea or land.

- By morning, all packages bound for other provinces and cities are loaded onto the first and second flights of the day operated by Cebu Pacific Air and Philippine Airlines, among others. All packages to be transported by air are scanned by X-ray machines upon turnover to airline warehouses for detection of illegal and contraband goods.

- When the planes arrive at the destination airport, a team of employees withdraws shipments and again scans the barcodes and sorts the items, segregating parcels and cargo destined for different zones. The items may also be sorted at the Company's 178 regional delivery hubs (secondary distribution centers) for more efficient distribution to smaller cities and municipalities.

Packages are then loaded onto the Group's delivery vehicles, which either transport the items to a delivery hub for secondary sorting, or directly to the final destination if already within the zone of delivery.

In 2020, service level agreements were extended beyond the standard timeframes. The Group's Domestic Air Forwarding services were diverted into land and sea forwarding (by way of RORO).

International

The Group's international Air Freight Forwarding and Courier services involve a similar process as its domestic Air Freight Forwarding and Courier services, namely (1) acceptance (by pick-up or drop-off at an international LBCE-owned, or affiliate-owned branch or agent-operated location), (2) ground transport to a regional hub / distribution center, (3) primary sorting, (4) loading to international aircraft, (5) withdrawal of cargo by Philippine associates at the Central Exchange in Manila or Cebu, (6) secondary sorting, (7) further forwarding by air to regional destinations (if necessary) and (8) ground transport, via Company-owned and third party trucks, for delivery to final destination. In the case of shipments originating from overseas, LBCE's overseas branch, affiliate or agent, as applicable, is responsible for all of the steps from acceptance of the parcel/cargo through loading of the parcel/cargo onto the Philippine-bound airline carrier.

In the case of shipments originating from the Philippines and sent overseas, the overseas branch, affiliate or agent, as applicable, is responsible for all of the steps from acceptance of the parcel/cargo at the international destination to secondary sorting and delivery of the item to its final destination by ground.

International shipments utilize the same, integrated barcoding and scanning system as domestic shipments, enabling a seamless exchange between the Group's domestic team and its overseas teams.

Ground Delivery Fleet

Ground transport forms a key component of nearly all forms of delivery and forwarding services offered by the Group. Motorcycles and trucks are used for door-to-door pickup and delivery of parcels, cargo and money remittances, as well as ground transport of items destined for onward forwarding by air or sea. The vehicle fleet is also an integral part of the Group's contingency planning in the event that air and/or sea transport become unavailable. The Group also, from time to time, engages third-party trucking and transportation companies.

For items that are transported entirely by ground, parcels and packages undergo (1) acceptance (by pick-up or drop off at a branch), (2) ground transport to the regional distribution center, (3) primary sorting, (4) ground transport to a delivery hub for secondary sorting (if required) and (5) ground transport to the final destination.

As of December 31, 2024, the Company has a fleet of 3,140 vehicles (including 2,400 motorcycles and 740 delivery vans). The Company's drivers and couriers are trained in vehicle operation safety, customer service, cash handling and other procedures. Vehicles are acquired on a lease-to-own basis pursuant to finance leases with a typical term of three to five years to ownership. The Company's vehicle fleet undergoes maintenance on a regularly scheduled basis, and vehicles are typically replaced every ten years. The Group began re-fleeting most of its delivery trucks, in 2014, and motorcycles, in the latter part of 2017. Comprehensive insurance is maintained for all vehicles.

Sea Cargo Forwarding

As of the end of December 2024, the Group's Sea Cargo forwarding services are available domestically in Manila, Cebu, Bacolod, Iloilo, Davao, Cagayan de Oro and General Santos, and internationally in 29 countries and territories outside the Philippines.

The Group does not own ships and contracts with third-party shipping carriers for these services. Domestic sea transport is provided by Oceanic Container Lines, Inc., 2Go Freight, Lorenzo Shipping Lines, Gothong Southern and Asian Marine Transport Corporation, among others, while international sea transport is provided through Orient Freight International, an international freight forwarding agency in which LBCH acquired a 30% stake in 2018. This allows the Company to contract directly with international shipping carriers rather than rely on another international freight forwarder. The Company's sea cargo forwarding services are separated into Retail operations and Corporate operations.

Retail

Retail sea cargo denotes *balikbayan* boxes, which are primarily international inbound shipments and intra-Philippine shipments.

The basic forwarding process for *Balikbayan* Boxes is as follows:

- Acceptance of *Balikbayan* Boxes is handled by the LBCE (in the case of domestic shipments) or an LBCE overseas branch, overseas subsidiaries or affiliate (in the case of inbound international shipments). *Balikbayan* Boxes are typically picked up by delivery trucks, as they tend to be larger in terms of weight and volume.

- Upon acceptance, all cargo is input into the Company's VISTRA acceptance system by a pick-up/ delivery team, which update the pick-up manifest and cross checks each shipment for discrepancies when units are consigned to the international freight forwarder.

- *Balikbayan* Boxes are sorted and placed into containers at the local warehouse or distribution center of the Group's branch or affiliate/agent. Once a container is full, the Group can arrange for pick-up from the international freight forwarder or local shipping partner, as applicable. Because the throughput of goods shipped by the Group is substantial, containers are usually filled within one to two days.

- The Group's international freight forwarder (in the case of inbound international shipments) or the Group's local shipping partners (in the case of domestic shipments) will then collect the cargo from the warehouse or distribution center and load the items onto a ship.

- International inbound *Balikbayan* Boxes are in transit for seven (7) to eleven (11) days (for shipments within Asia) or 55 to 65 days (for shipments from Europe or North America) prior to arriving in Manila. All such *Balikbayan* Boxes are received by the international freight forwarder at either of the ports in Manila, Subic, Zambales, or Cagayan de Oro and consigned to the Group at the Vitas Harbor Center Warehouse. Intra-Philippine shipments, which generally take between two and three days for Manila, three to four days for Luzon, seven to ten days Visayas and then to fifteen days forMindanao to arrive at their destination, are received at regional warehouses and distribution centers. For international inbound shipments, the Group's customs brokers facilitate procedures necessary to be undertaken with the Philippine Bureau of Customs, while its international freight forwarder arranges for customs brokerage in the international jurisdictions.

- At the Vitas Harbor Center Warehouse or any of the regional warehouses and distribution centers, boxes are again scanned, inspected for any damage and sorted for further forwarding to their final destination by ground transport or re-directed to a domestic shipping company for further sea transport if necessary. International inbound *Balikbayan* Boxes are received by Group's overseas branches and affiliates and sorted for final delivery. *Balikbayan* Boxes are randomly scanned in the United States and in the Philippines via X-ray machines to prevent entry of illegal goods and money laundering.

Corporate
For Corporate Sea Cargo shipments, LBCE provides forwarding services for both Full Container Load (FCL) and Less than Container Load (LCL) shipments. LBCE's Corporate Sea Cargo forwarding services include, among others, Pier-to-Pier service (in which a customer's shipment is delivered to a receiving office at the destination pier for pickup by the receiving party) and Pier-to-Door service (in which the customer's shipment is delivered to the address of the receiving party). Corporate clients can either drop-off their cargo at LBCE's container freight stations or arrange for pick-up by LBCE's delivery fleet.

For corporate customers who wish to make regular use of the LBCE's services, the company assigns an account executive to be in-charge of obtaining details of the shipments and advising the customer on the readiness process and approval of credit terms. In addition, after shipments are completed, an account coordinator reports a summary of the transactions and the Billing and Collection department bills and collects payment for the shipments.

All corporate shipments are aggregated and sorted at the Company's container freight stations located near the local ports. Container freight stations are separate from the receiving warehouse for the retail *balikbayan* boxes.

Specialized Corporate Solutions

Under SCS, the Group provides transportation of mail, parcels and cargo via air, land and sea for its corporate clients, as well as value-added services such as onsite operations, and warehousing, among others. The transportation service operates in substantially the same manner as the general logistics operations described above.

Money Transfer Services

Remittances

Infrastructure
The Group leverages the branch network and vehicle fleet used for its Logistics services as a platform for its remittance services. The extensive geographic reach of its branch network, its large fleet of

delivery vehicles, the existing workforce of trained employees and the availability of cash funds at each of the Group branches from its logistics operations enable the Group to offer remittance services at very low additional operating cost. As the remittance business has grown into a significant portion of its business, the Group has increased the number of customer contact points for its remittance services by entering into fulfillment partnership agreements with agents and affiliates domestically and internationally.

The Money Backroom Office is in charge of operating the Group's remittance business. With respect to domestic remittances, its primary duties include, among others, reviewing daily acceptance values; forecasting the daily funding needs of each branch to meet fulfillment obligations; ensuring the proper safeguarding of cash at branches; overseeing the transport and deposit of cash into the Group's regional bank accounts (from which local managers of the branch offices can withdraw the funds); establishing and training branch employees in cash acceptance, Anti-Money Laundering (AML) / Counter Terrorist Financing and Proliferation Financing (CTF/PF), customer identification and other policies; and reporting covered transactions and suspicious transactions to the BSP. With respect to international remittances, its primary duties include monitoring balances of revolving accounts and settlement of payments. The Global Remittance Team uses data collected from the Group's front-end POS software to analyze end-of-day acceptance information at all of the branch locations. This enables the Global Remittance Team to estimate the funding requirements for each branch on a daily basis. The Group is in the process of transitioning its POS system into a more fully integrated system with the rest of its business operating software.

Domestic Partners
To expand its domestic network for remittance services, LBC Express Inc. and Eight Under Par, Inc. (a Philippine corporation doing business under the trade name "Palawan Pawnshop") entered into a non-exclusive agreement in June 2012 to serve as reciprocal fulfillment agents within the Philippines. A similar partnership was entered into by the Company with Cebuana Lhuillier Services Corporation (under the trade name "Cebuana Lhuillier") in 2019. Through these agreements, all of Palawan Pawnshop's 3,300 branches and Cebuana Lhuillier's 3,500 branches in the Philippines are available to provide instant branch pick-up services for beneficiaries of LBCE's remittance customers, and all of LBCE's 1,368 branches in the Philippines in turn provide the same service for Palawan Pawnshop's customers. All partners collect a reciprocal percentage of service fees for performing services on behalf the other.

The Group believes that its strategic partnerships with Palawan Pawnshop, Cebuana Lhuillier, MLhuillier, and PJ Lhuillier, among others, have enabled it to greatly expand its geographical reach in the Philippines and provide more services to more customers, particularly in areas where it has fewer Company-owned branches, at minimal expense. In 2018, Petnet, Inc. (Western Union) became an international fulfillment partner, extending the group's reach and network to more customers worldwide, through Western Union's approximately 500,000 agents in 220 countries.
The basic process for Domestic Remittances is as follows:

- Branch Retail services enable customers who make Remittances at any of the 1,368 Company-owned branches in the Philippines to choose among the fulfillment options for their beneficiaries. Upon acceptance from the sender, there is an online facility processes the request. An encashment alert is sent to the specified branch and the latter ensures fund availability to serve the consignee.

    - *Instant branch pick-up (Instant Pera Padala "IPP")*, a real-time cash pick-up remittance facility by which funds become instantaneously available for pick-up by the remitter's beneficiary once the sending party has made the payment at any of the 1,525 Company-owned branches or Palawan Pawnshop and/or Cebuana Lhuillier partner branches; the sending party can designate any pick-up location or geographic zone within the Company's domestic network;

- *"Pesopak*," a service by which remittances are delivered directly to the beneficiary's doorstep

- *"Remit-to-account" (RTA)*, a service by which funds accepted from a sender at a Company branch will be directly deposited to the designated local bank account of the beneficiary

International Remittance Agents
To expand its international reach, LBCE has also entered into agreements with affiliates and remittance fulfillment agents in countries and territories outside of the Philippines. These agents include International Remittance houses such as in the Asia-Pacific region: in Hong Kong, Pacific Ace Forex H.K. Limited; in Malaysia, SMJ TERATAI SDN. BHD., TML Remittance Center SDN. BHD., Merchantrade Asia SDN. BHD., Tranglo; in Japan, in the Middle East continent; in the United Arab Emirates, Al Ansari Exchange LLC., Instant Cash FZE., Worldwide Cash Express Limited; in the North American region; Remitly Inc., XOOM Corporation, Placid NK Corporation, and Continental Exchange Solutions, Inc. dba RIA Financial Services, in the United States of America, among others

International remittances are also encashed by LBCE from Philippine-based companies with international presence, such as Petnet Inc. (under Western Union), Pinoy Express Hatid Padala Services, Inc., Mastercard Transactions Services (Philippines), Inc., Filremit Corp., Uniteller Filipino, Inc., among others.

For this same purpose, the Company also has partnerships with Philippine financial institutions with strong international and local presence such as Asia United Bank Corporation, Bank of Commerce, China Banking Corporation, Metropolitan Bank & Trust Company and Subsidiaries, Rizal Commercial Banking Corporation, Bank of the Philippine Islands, and Landbank of the Philippines, among others, as well as other pawnshop/money service businesses such as Eight Under Par, Inc. (Palawan Pawnshop), Cebuana Lhuillier Services Corporation (Cebuana Lhuillier), Michel J. Lhuillier Financial Services, Inc. (MJ Lhuillier), and P.J. Lhuillier, Inc., PETNET, Inc., among others.

Through the extended networks of its partners and agents, the Company provided fulfillment services for inbound remittances, although it transacts only with its direct agents. Under the terms of the fulfillment partnership agreements that the Company enters into, direct agents are permitted only limited use of the "LBC" name, trademarks and other protected signs when transacting business on behalf of the Company and still carrying on business under their own corporate and trade names. The Company receives a fixed percentage of the agent's revenues in exchange for its services in relation to inbound international remittances. The Company requires most of its remittance agents to maintain a revolving fund, which must be replenished when the balance falls beneath a set threshold. This is to ensure that the Company bears minimal credit risk when making payouts on behalf of international agents. In addition, most of the agreements have in place a maximum remittance value per transaction as a further risk mitigation tool, typically ranging from ₱75,000 to ₱100,000.

The basic process for domestic remittances is as follows:

- Remittances from origins are accepted via point-of-sale system. Compliance Department checks the possible match using the Auto-Scrubbing Process (Sender and Beneficiary names are checked against the International Sanctions List) and ensure the validity of transaction. Data processing will be performed as well as fund allocation. Payout, delivery, credit to bank et.al are the methods in fulfillment of the transactions.

Corporate Remittance Payouts
The Company also provides Payout services for various corporations and organizations. The processor will acknowledge corporate transactions via email and validate payments by corporate client. The LBC backroom will confirm fund allocation, assign tracking numbers and perform recording to complete the transaction processing.

Cash on Delivery / Cash on Pick-Up ("COD/COP")
More and more Filipinos are doing their shopping online. Since 2017, the e-commerce industry has been growing exponentially, with digital marketplaces registering record sales and consistent growth. The Philippines has also ranked first in social media use and time spent online, which makes the country an ideal market for e-commerce to thrive and sustain vigorous activity.

One of the many challenges faced by many e-commerce merchants were payment gateways/options. Majority of online sellers are also considered "casual sellers" or "social sellers" and with most of them unbanked, completing a transaction had been a challenge. LBCE's inception of a payment solution bundled with logistics capabilities was "Cash On Delivery" (COD) and "Cash On Pick-up" (COP) service.

With this innovative new service, LBCE has enabled more merchants, including "casual or social sellers" to enter into and participate regularly in the thriving e-commerce arena. With "COD/COP," merchants have LBC deliver their goods and collect payment for them, which in turn can either be remitted to their appointed bank accounts or picked up from a designated LBC branch.

This pioneering service has helped spur the further growth of the e-commerce industry in the country, enabling trade, commerce, and generated income for many - promoting the Company's strategy of financial inclusivity and wide accessibility of services.

"COD/COP" utilizes both of LBCE's core business/services: logistics, as a courier of parcels & boxes, and money remittance, as a payment collection channel and payout conduit. Furthermore, LBC serves as a venue for transactions or "trading place": COP guarantees convenient and seamless transactions between merchant and buyer, a buyer may opt for any of LBCE's 1,368 branches as a pick- up point for their items purchased. COD offers the more established delivery scheme: LBC delivery associates collect payments from buyers upon delivery of the items, and these are delivered to any designated address, be it residential, office, or any other location. The collection of payments on behalf of the merchants from the buyers offer safe, reliable and guaranteed assurance for merchants engaging in online selling transactions. LBCE's expansive nationwide network and serviceable areas also allows for buyers to shop from anywhere in the Philippines, and sellers to reach more customers nationwide. COD/COP rates are competitively priced, providing value for money for merchants and buyers, along with LBC's guaranteed service levels.

COD/COP can be availed of at any LBC branch, without any other obligations or contracts; transactions are immediately processed upon fulfillment of the prescribed forms available at the branch. There is no need to create an "account" on online shopping sites, or to maintain any minimum volume of transactions to start an online or "social selling" business. Beginning in 2021, LBC's COD/COP service was also made available through online platforms/channels, primarily via www.lbcexpress.com

MARKETING AND SALES

The logistics industry continues to evolve rapidly, driven by heightened demand for convenient, digital, fast and highly reliable services. Changing customer expectations, the expansion of eCommerce, particularly through retail social selling, and the emergence of both regional and international last-mile providers have contributed to a highly segmented and increasingly competitive market landscape.

In response, the Group's primary marketing objective for 2024 is to re-establish strong connections with customers, conduct a comprehensive analysis of existing and emerging market segments, and adapt to their evolving needs with greater agility and precision. These efforts will be undertaken in parallel with the Group's ongoing community engagement initiatives, in alignment with its enduring commitment to corporate social responsibility.

Brand Equity and the Filipino Connection

LBC remains one of the Philippines' most recognized brands, as highlighted by a 2023 PSRC national survey among Filipinos using various delivery services. As a pioneer in the logistics industry, LBC has grown to 1,368 branches nationwide with a presence in 29 countries globally, continuously striving to serve Filipinos wherever they are.

Sustained by a strong presence in traditional media and increased visibility on popular digital platforms, LBC remains the top-of-mind and most trusted brand among traditional, long-time individual senders. The brand enjoys deep customer loyalty for its legacy of reliability and trustworthiness, making it the preferred choice for millions of Filipinos.

Marketing and Communications Post-Pandemic

LBC's relentless pursuit of innovation in the wake of the pandemic led to the launch of an enhanced web and mobile application, allowing customers to book shipments faster and more conveniently—whether through branch drop-off or rider pick-up. These digital platforms made LBC more accessible to the growing number of Filipinos using mobile devices for their transactions.

Recognizing the demand for affordable, frequent shipping, LBC introduced the Sakto Pack, a budget-friendly shipping option first launched in Metro Manila and now expanding nationwide. This fast-moving SKU was soon replicated by competitors, proving its effectiveness in addressing customer needs and driving acquisition.

To penetrate the eCommerce segment, LBC strengthened its Cash-on-Pick-up P80 offering and, towards the end of the year, introduced a tactical promo for Cash-on-Delivery P80. Additionally, RUSH VisMin was launched in Q4, promising next-day delivery for provincial senders. These initiatives, among others, were designed to provide solutions to key customer pain points, reinforcing LBC's position as a leader in logistics solutions.

Penetrating the eCommerce Market through SoShop!

LBC launched SoShop! in 2020 to support online businesses and social sellers with volume discounts, learning opportunities, and access to a growing market. The program gained traction quickly, reaching 30,000 customers in its first year, an additional 140,000 in 2021, and currently boasts 500,000 registered members as of August 2024.

By offering volume discounts of up to 50% off shipping fees, SoShop! enables business growth for social sellers. In 2022 and throughout 2023, LBC elevated the program by offering SoShop! members dedicated spaces within select branches for live online selling events, enabling real-time product promotion and instant shipping of purchased goods.

Through these initiatives, LBC continues to deepen its engagement with the fast-growing social commerce sector, supporting entrepreneurs and digital sellers with solutions that enhance efficiency and boost sales.

Media Strategy Shift: A Digital-First Approach

The evolving media landscape has significantly affected customer consumption habits, shifting engagement from traditional television and radio to digital and social platforms. Recognizing this shift, LBC has adopted a digital-first approach, optimizing its media investments for maximum efficiency and audience reach.

LBC's marketing efforts now prioritize:

- Social media dominance: Strategic ad placements and engagement-focused content across Meta (Facebook, Instagram), TikTok, YouTube, and X (Twitter) to connect with a highly engaged audience.

- Hyper-targeted advertising: Leveraging AI-powered audience segmentation and programmatic ads to ensure precision in reaching customers based on behavior, location, and purchase patterns.

- Search visibility and SEO optimization: Strengthening LBC's online presence through Google Ads, search engine marketing (SEM), and search engine optimization (SEO) to capture high-intent customers actively searching for logistics solutions.

- Influencer collaborations and user-generated content: Partnering with key content creators, vloggers, and eCommerce sellers to create authentic, relatable brand conversations.

- Data-driven performance marketing: Continuously refining strategies using real-time analytics and conversion tracking, ensuring every marketing peso delivers measurable results.

With these initiatives, LBC is not just keeping up with modern digital trends but leading the industry in customer engagement and conversion-driven marketing. By placing innovation and digital transformation at the core of its strategy, LBC ensures continued dominance in the logistics sector, meeting the evolving needs of Filipinos wherever they are, online or offline.

INFORMATION TECHNOLOGY

Operational

The Group remains steadfast in its commitment to investing in cutting-edge IT systems to uphold its competitive advantage and to deliver high-quality service to its customers more efficiently. Continuous improvements have been made to the Transport Management System, enhancing processes and leading to advancements in both customer-facing and internal systems. Additionally, significant investments have been directed towards Data Analytics by using the latest technology for its Data Warehouse architecture preparing it for the future in Digital Logistics. Moreover, the Group has fully embraced Cloud technology, facilitating the exploration of new innovations by eliminating hardware constraints and streamlining the procurement process. This approach enables the business to rapidly adjust resources and storage to accommodate evolving business needs, without the necessity of investing in physical infrastructure.

The Group has also upgraded its current network infrastructure to allow for a more secure and reliable environment. It upgraded its connectivity bandwidth and implemented a Software Defined Wide Area Network (SD WAN) to provide added network security and reliability. This has enabled the Group to improve its network availability significantly. The group also invested on Security Operation Center (SOC) in partnership with DTSI/NTT Security to provide 24/7 real time threat detection with capabilities on global intelligence correlation, multi-stage attack detection and anomaly threat analysis.

Business Management

The Group uses a comprehensive suite of customized business management solutions software designed and licensed by SAP. The Group has utilized SAP's Financial Accounting and Controlling (SAP FICO), Sales and Distribution (SAP SD) and Materials Management (SAP MM) modules. The Group has migrated SAP System Landscape to SAP S/4 HANA CLOUD which enables scalability

with low-risk deployments and leverage on SAP RISE's Fully Managed Services which covers Infrastructure and Database related activities. Thus, free-up IT resources and saves on cost for the company. SAP Financial modules were also rolled out to other countries like UAE, KSA, Kuwait, Bahrain, Qatar and Singapore for ease of financial reporting and consolidation and in compliance with the VAT Implementation in the Gulf Cooperation Council (GCC) Region.

As part of the digital transformation program, the Group has utilized Data Analytics for both predictive and operational purposes. It has also utilized its GPS data to create a database for last meter deliveries. It has also allowed itself to do paperless transactions through its handheld devices. The Group is also maximizing the use of Power BI (Business Intelligence) for its operational and financial reports allowing it to be able to make well informed decisions based on real time data.

Online and Mobile Platform

To enhance the customer experience, the Group has developed a digital platform that enables online real-time transaction processing and customer service through its website (www.lbcexpress.com). Currently, the Group's website contains several interactive features for its customers, including package tracking, rate calculators and scheduling of pick-ups for parcels and cargo, as well as real-time customer service support through the "Live Talk" capability. Adding to this commitment to customer convenience is the company's introduction of a Chatbot feature accessible through its Meta (Facebook) account. This Chatbot streamlines the booking process for rider pickup, stay informed with real-time tracking updates, locate the nearest LBC branch, check rates, handover to human agent, offering users a seamless experience. The company launched LBC Online in June 2020 through its website. LBC Online is a digital service to bridge LBC closer to the customers through online innovation where customers can book packages, process shipping and manage their money remittance all in a click while at the comfort of their home.

Expanding LBC's customer-centric approach LBC unveiled the LBC App in 2022, available for both Android and iPhone users. This innovative platform empowers customers to seamlessly initiate transactions, conveniently track their packages near real-time, and easily access information on LBC service rates. The utilization of a mobile tool for booking and tracking packages presents a paradigm shift in customer convenience and operational efficiency. By integrating these functionalities into a user-friendly mobile application such as the LBC App, customers benefit from unparalleled accessibility and flexibility in managing their shipments. Gone are the days of cumbersome desktop transactions; with the tap of a screen, users can effortlessly initiate bookings, select preferred delivery options, and receive instant confirmations—all from the palm of their hand.

Designed to cater to the diverse needs of both B2C and B2B markets, LBC introduced LBC Corporate Account Portal in 2023. Corporate clients gain access to a centralized hub where they can efficiently manage their transactions and streamline their shipping processes. Within the interface, users have access to a wide range of tools: Transaction Management furnishes users with expansive overviews, enabling tracking of shipments and real-time oversight of delivery statuses. Seamless Package Tracking functionality allows for effortless monitoring of package progression throughout the entire shipping trajectory, offering real-time updates for enhanced peace of mind and precise anticipation of delivery schedules. Pickup Scheduling facilitates punctual collection of shipments through direct booking within the dashboard, eliminating the requirement for complicated manual coordination and improving operational efficiency. Meanwhile, Airway Bill Generation, seamlessly automates the production of critical shipping labels, expediting workflows and enhancing overall efficiency and accuracy. By combining these features, LBC's dashboard emerges as a pivotal tool for corporations, augmenting transparency, operational proficiency, and documentation precision within their logistical frameworks.

GCash has revolutionized financial transactions in the Philippines by providing a convenient and secure digital wallet solution. By integrating GCash as a payment solution in LBC branches, the Group

aims to enhance customer experience and provide a seamless cashless payment option, aligning with its commitment to digital transformation and customer convenience.

The company has also made a strategic investment in SOTI MobiControl as its mobile device management (MDM) solution. SOTI MobiControl is a robust MDM system that allows the company to monitor, manage, and secure its fleet of desktop, laptop and handheld devices. This implementation has already shown significant benefits. For instance, the IT department can now perform activities such as remote device management, troubleshooting, and configuration assistance, leading to successful outcomes like error-free printing and efficient scanning processes.

Digital Transformation

Achieving the Group's vision is anchored on its ability to digitally transform the way they do things; the "Way We Move". However, Digital Transformation is not only just about incorporating the technological tools needed to change the organization; it is a massive undertaking given the scale of the Group and understanding that changes will only begin once mindsets of the human elements are also shifted. This "Change Management" for a 70+ year-old company, a heritage brand, will include over 11,000 associates across the globe, and a vast network of brick-and-mortar stores, hubs, and warehouses.

For the customers: Evolving consumer behavior and preferences are driving the way LBC wants to approach business. Our Group will be introducing solutions for a market that is connected 24/7, time-starved, with demands anchored on technology's ability to respond at the speed of need.

In response to customer demand, LBC recognizes that we cannot continue running our business with the current processes and technologies. Automation of all key processes is needed to survive and to be relevant in the industry.

The Group's core logistics applications are upgrading to automate all manual processes. Operations will significantly change once fully implemented. The Group will also be introducing additional products and services to customers of all segments.

For the partners: Boundaries among suppliers, service providers and consumers are evolving quickly, as a result of rapid shifts in technological advances. This entails a fundamental rethinking about how LBC streamlines internal processes, and will prioritize, ever more, driving speed and efficiency.

LBC's Digital Transformation will accelerate business activities, processes and competencies that will, in turn, impact the stakeholders in strategic and meaningful ways. The Group will harness Digital Transformation to radically improve internal performance, partner relationships, and expand reach across different business segments. The Group aims to:

- Further develop the first mile to make us accessible for pick-ups for the retail market, and small-corporate accounts (MSMEs);

- Set up our cross-border operations to capture the e-Commerce market at its origin, making LBC an end-to-end logistics service provider;

- Partner with other logistics service providers through crowdsourcing, making our pick-up and delivery operations "burstable";

- Utilize crowdsourcing to fulfill the need for surge of volume, thus providing a cost-effective solution to demand;

- Expand our Returns Services to Reverse Logistics through reselling, liquidation or disposal of returned items;

- Expand money transaction through digital currency solutions, allowing peer-to-peer payments or C2B payments; and

- Ensure improved efficiencies in our hubs.

All these initiatives will be driven by technology and supported by skilled workforce.

LBC has invested on Digital Transformation to ensure that infrastructure and systems will support our automated processes, and to enable better decision making through information transparency and integrity across all touchpoints.

STATUS OF ANY PUBLICLY-ANNOUNCED NEW PRODUCT OR SERVICE

LBC Rush Service

On October 1, 2023, LBC introduced the RUSH service, an express delivery service which commits to having shipments delivered within one to two days from acceptance. LBC assures customers, whether walk-in or online, of this faster delivery lead time.

LBC Rush is available for shipments of National Capital Region (NCR) origin only, bound to Visayas or Mindanao, except out-of-delivery zone and remote areas with lead time of 1 to 2 days.

LBC Sakto Pack

In 2022, the LBC Sakto Pack introduced a receptacle measuring 9" inches X 7.5" inches, with a maximum weight limit of 500 grams. Ideal for social sellers, the receptacle pouch was designed to accommodate smaller items, such as cosmetics, jewelry, novelties, and even small clothing items. Price points were also designed for ease, ranging between PhP 39 - 69, allowing social sellers flexibility and attractive pass-on rates. LBC has pioneered this receptacle pouch size and pricing, and has no competing services from other courier brands.

The Sakto Pack was initially introduced as a promotion from September 8, 2022 - December 8, 2022, but was later extended, and is available nationwide. The Sakto Pack may be booked through LBC's digital platforms (LBC App and LBC Website). Once booking is confirmed, customer can release the package for delivery via LBC rider pick-up or LBC branch drop-off.

COMPETITION

Logistics

The Group is a recognized market leader in the Philippine retail logistics industry, maintaining its position as the country's top importer of *balikbayan* boxes in terms of throughput for the past 20 years. While the Group holds a significant market share in the courier and air freight forwarding sector, it faces competition from key industry players such as J&T Express, AP Cargo Logistics Network Corporation, JRS Business Corporation, Airfreight 2100, Inc., Cargo Padala Express Forwarding Service Corporation, Libcap Super Express Corporation, and 2Go Express, Inc.

Additionally, the rise of on-demand logistics services has introduced new competition, with brands like Grab and Lalamove gaining traction in recent years. On an international level, the Group competes with global freight forwarding companies such as DHL, FedEx, and UPS. However, these international firms have historically had a limited presence in the Philippine logistics sector due to restrictions on foreign ownership and the logistical challenges presented by the country's archipelagic geography.

In the corporate logistics segment, major competitors in the Philippines include Ninjavan, Flash Express, 2Go Freight, and Fast Cargo, Inc. Internationally, DHL, FedEx, and UPS remain key competitors. While the Group's market share in this segment remains relatively modest, its corporate logistics business has demonstrated strong growth since being formally introduced as a separate business line in 2010. The Group aims to expand its presence in this sector by leveraging its well-established brand reputation and extensive retail logistics network.

Money Transfer Services

According to Ken Research, the Group ranks among the top five non-bank providers of domestic remittance services by volume and is also one of the leading non-bank providers of international inbound remittances in the Philippines as of calendar year 2012. The Group competes with both banking institutions and non-bank financial service providers for market share in the international and domestic remittance sector.

Major Philippine banks, including BDO Unibank, Inc., Bank of the Philippine Islands, Philippine National Bank, Metrobank, and RCBC, account for the majority of remittance transactions in terms of volume. However, the Group primarily serves the unbanked population, which represents a significant portion of Filipinos, providing substantial opportunities for further growth in the domestic remittance market.

The Group's primary non-bank competitors in the remittance industry include M. Lhuillier, Cebuana Lhuillier, iRemit, and Western Union. However, rather than solely competing, the Group has strategically partnered with several of these entities to extend its network reach and enhance market penetration. The industry's high barriers to entry, including stringent regulatory licensing requirements and the necessity for an extensive distribution network, limit the likelihood of new major competitors emerging in the foreseeable future.

QUALITY ASSURANCE AND INTERNAL CONTROLS

Quality Assurance

The Group acknowledges that quality is a fundamental and indispensable component of its business operations and considers it a principal responsibility in its engagement with all stakeholders. Anchored in its brand promise, "A Friend who makes your day," LBC Express remains steadfast in its commitment to integrating quality across all facets of the organization. This is demonstrated through the pursuit of profitable and sustainable growth, the optimization of operational efficiencies, the consistent execution of processes characterized by clarity, certainty, and convenience, and the continuous advancement of operational excellence within an agile and responsive organizational framework.

LBC consistently upholds its dedication to delivering high-quality service across all areas of its business. To this end, the Group has established comprehensive standards and procedures that govern service delivery, ensuring a seamless, dependable, and customer-centric experience. In addition, mechanisms are in place to regularly monitor performance quality and to proactively develop contingency measures, thereby safeguarding business continuity and mitigating potential disruptions.

Discrepancy Reporting and Undeliverable Items

To ensure that loss and damage is minimal, the Group trains all relevant employees in the proper handling of parcels and cargo. It also has in place stringent procedures for scanning of shipments at all touch points. Upon withdrawal of an item at a distribution center, a manifest of all scanned barcodes is printed, which is later checked against outgoing shipments. Pursuant to the Group's standard operating procedures, all shipping discrepancies must be reported as they occur, with team leaders at

the Central Exchange and regional distribution centers responsible for preparing preventive and corrective action, as well as compiling and providing discrepancy reports to the management on a regular basis. Discrepancies include damage, incomplete addresses, misrouted parcels and cargo, shipments to out-of-delivery-zone addresses, pilferage and improper acceptance.

When shipments are undeliverable because, for example, a recipient is unknown or not found at the destination address, or the destination address is not locatable, the Group will send out multiple notices to the sender, including initially an e-mail, followed up by a phone call and, as a last resort, a letter by registered mail. Shipments that remain unclaimed following these procedures (which typically take place over the course of six months to a year) are auctioned, with proceeds generally donated to charity after deducting costs incurred by the Group for storage and other related expenses.

Cash Collection and Management

The Group has implemented strict and comprehensive cash collection and management policies and procedures to minimize operational errors and promote customer trust. For example, every Group branch office is required to set up "cash sanctuaries" to minimize financial loss in the event of a robbery. In addition, the Group also sets strict limits on the amount of cash each branch is permitted to hold before the branch is required to make cash deposits at a bank, as well as value limits on cash deliveries of *Pesopak*.

Compliance with the Group's cash collection and management policies and procedures is monitored through random audits conducted by the Group's general accounting staff. Each branch has a team leader who is responsible for appointing two cash custodians, one primary cash custodian and one back-up cash custodian, maintaining a team resolution (which is signed by all branch associates and delineates the type of funds kept by the cash custodians) and producing readily-available documents showing proper cash turn-over among associates. The primary cash custodian is required to properly account for cash under safekeeping on a daily basis and ensure that there is no mingling of Group funds with customer funds. Every branch associate is required to undertake precautions to safeguard the cash within his or her branch office.

Business Continuity

The success of the Group's business is particularly dependent on the efficient and uninterrupted flow of its operations.

To safeguard against unanticipated interruptions in its business, the Group has instated the following business continuity plans and procedures:

- *Information Technology*. With respect to technology, the Group has back-up servers managed by its IT service provider with built-in redundancies for its various systems in which operational and customer data is stored. In the event of system downtimes, the Group has in place a back-up system whereby communication is maintained through mobile text messaging.

- *Transportation (Logistics).* Although the Group relies on airline and shipping carriers for its daily freight forwarding operations, it also has in place alternative procedures in the event that an airline or shipping carrier is unavailable. For example, when flights are grounded due to severe weather, the Group's vehicle fleet is capable of making deliveries by ground. Although ground deliveries may take longer than air cargo shipments, this enables the Group to continue its service even when other modes of transportation may be unavailable. When its usual shipping carriers are unavailable, the Group also makes use of its vehicle fleet. The vehicles can make deliveries to any region accessible by land, or can make use of RORO ("roll-on-roll-off") car ferries to reach locations that require sea transport.

- *Funding Insufficiencies (Remittances).* Although the Global Remittance Team monitors and makes daily estimates of the funding needs of each branch, on occasion, there may be

insufficient funds at a given location to encash a remittance. In such a case, the Group has in place procedures for either nearby branches to deliver the necessary sums, or for authorized personnel to withdraw the cash from one of the Group's local bank accounts.

Post pandemic, the Group was able to continuously operate through the previous years' circumstances, within its expansive operations in the Philippines, and around the globe.

SUPPLIERS

The Group has a broad base of suppliers. The Group is not dependent on one or a limited number of suppliers. The Group adheres to a Sourcing/Purchasing procedure which begins from the receipt of request for quotation, approved purchase requisition, or approved material requisition for new items or repetitive items such as Stock Items, Non-stock Items, Services and Capital Expenditures. The group also monitors delivery of stocks and/or services and interacts with the suppliers to ensure there are no deviations from existing Service Level Agreements with the vendors. These procedures adhere to Policies & Procedures such as: Three Canvassing Policy, Bids and Awards Policy, Policy on Construction of Facilities implemented by the Company's Sourcing & Procurement team. Likewise, a Procurement Manual is in place, which contains, among others, the following:

- Accreditation Requirements for Suppliers / Contractors
- Timeline for Purchase Order Processing and Delivery
- Process flow in Purchase Order creation for Regular Materials and Supplies
- Domestic Purchasing Process
- Vendor Evaluation Form

CUSTOMERS

The Group has a broad market base, including local and foreign individual and institutional clients. The Group does not have a customer that will account for 20% or more of its revenues.

TRANSACTIONS WITH RELATED PARTIES

Please refer to item 12 ("Certain Relationships and Related Transactions") of this Report.

INTERLLECTUAL PROPERTY

The Group uses a variety of registered names and marks, including the names "LBC Express, Inc.," "LBC Express," "LBC", "*Hari Ng Padala*" (Filipino for "King of Forwarding Services") and "WWW.LBCEXPRESS.COM" as well as the traditional and the re-designed "LBC" corporate logos (including the new slogan "We Like To Move It"), the "Team LBC *Hari Ng Padala*" logo and "LBC Remit Express" logo in connection with its business. Except for the "LBC Remit Express" design and logo (registered on July 26, 2012 and expires on July 26, 2022) and the LBC in rectangular box and *Pesopak* logo (registered on May 31, 2012 and expires on May 31, 2022), which are owned directly by the Company, these marks (collectively, the "LBC Marks") are owned and licensed to the Company by LBC Development Corporation, the Company's parent company, pursuant to a trademark licensing agreement. Under the terms of this agreement, the Company has the full and exclusive right to utilize the LBC Marks in consideration for a fixed royalty fee of 3.5% of the Company's annual gross revenues (defined as all revenue from sales of products and services, direct and indirect, relating to the Company's business operations). Pursuant to an addendum signed October 25, 2013, the fixed royalty fee was lowered to 2.5%, effective December 1, 2013.

Under the agreement, the Company also has the right to extend the use of the LBC marks to its subsidiaries (defined as companies in which the Company holds at least 67% of the voting rights) within the Philippines, as well as to its remittance and cargo/courier/freight forwarding fulfillment service partners and agents in the Philippines and abroad, subject to certain terms and conditions. In practice, foreign agents of the Company are granted very limited use of the "LBC" brand and logos pursuant to the individual agency agreements entered into between them and the Company.

The LBC Marks have also been registered in each major jurisdiction in the Company's international network. LBC Development Corporation is currently in the process of registering the LBC Marks in the International Register pursuant to the Protocol Relating to the Madrid Agreement (the "Protocol"), which will grant the LBC Marks intellectual property protection in the jurisdictions of all Contracting Parties (as such term is defined in the Protocol). LBC Development Corporation is also currently in the process of registering the LBC Marks in jurisdictions within the Company's international network not covered by the Protocol.

On August 4, 2017, the trade licensing agreement was amended and both parties agreed to discontinue royalty payments for the use of LBC Marks in recognition of LBCE's own contribution to the value and goodwill of the trademark effective September 4, 2017.

GOVERNMENT PERMITS AND LICENSES

The Group secures various approvals, permits and licenses from the appropriate government agencies or authorities as part of the normal course of its business.

EMPLOYEES

As of December 31, 2024, the Group had, on a consolidated basis, 8,285 full-time employees, compared to 10,238 full-time employees as of December 31, 2023. The Group continues to add to its workforce on a regular basis in line with the growth of its business.

Under the Group's hiring policy, all branch employees must have at minimum a college degree, while exchange associates and drivers and couriers are generally required to have completed a two-year vocational course or the second year of college. Employees of the Group in the Philippines are primarily trained in-house.

The Group maintains a non-contributory defined benefit plan covering all qualified employees in the Philippines.

The following table sets out the number of employees of the Group by job function as of December 31, 2024:

	Number of Employees
Management and Administrative Associates	213
Central Exchange and Regional Distribution Center Associates	346
Branch Associates	3,087
Drivers and Couriers	2,532
Other	2,107
Total	**8,285**

As of the end of December 2024, four Company subsidiaries in the Philippines have entered into collective bargaining agreements with their respective employees, with approximately 700 employee memberships. Approximately 400 of these employees in the Philippines belong to one of the six labor unions (for four subsidiaries). The Group believes that there is sufficient coverage by its other, non-

unionized subsidiaries to provide back-up support in the event of a disruptive labor dispute at any given unionized subsidiary. In addition, because freight forwarding and messengerial services may be considered indispensable to national interest in the Philippines, the Secretary of the Department of Labor and Employment in the Philippines has the discretion to end strikes or certify the same to the National Labor Relations Commission for compulsory arbitration pursuant to Article 263(g) of the Philippine Labor Code, even in cases involving private providers of such services. Such cessation order or arbitration certification would have the effect of automatically enjoining an intended or impending strike or, if one has already taken place, of requiring all striking or locked out employees to immediately return to work and all employers to immediately resume operations. The Company has not experienced any disruptive labor disputes, strikes or threats of strikes for at least the past decade. Management believes that the Company's relationship with its employees in general is satisfactory.

The Group complies with minimum compensation and benefits standards as well as all other applicable labor and employment regulations in all of the jurisdictions in which it operates. The Group has in place internal control systems and risk management procedures, primarily overseen by its Corporate Compliance Group, Labor Department and Legal Department, to monitor its continued compliance with labor, employment and other applicable regulations.

In addition to full-time employees, the Group relies on contractors for the peak seasons, such as during the Easter and Christmas seasons, to satisfy increased demand for services.

RISKS

The Group is subject to certain operational, regulatory and financial risks as follows:

- A significant portion of the Group's business activities are conducted in the Philippines and a significant portion of its assets are located in the Philippines, which exposes the Group to risks associated with the Philippines, including the performance of, and impacts of global conditions on, the Philippine economy.
- The Group's business is particularly dependent on the quality as well as the efficient and uninterrupted operation of its IT and computer network systems, and disruptions to these systems could adversely affect its business, financial condition and results of operations.
- The Group may not be able to expand its domestic branch network and its product offerings and expand into new geographical markets or develop its existing international operations successfully, which could limit the Group's ability to grow and increase its profitability.
- If consumer confidence in the Group and the "LBC" brand deteriorates, the Group's business, financial condition and results of operations could be adversely affected.
- The Group relies on third party contractors to provide various services, and unsatisfactory or faulty performance of these contractors could have a material adverse effect on the Group's business.
- The Group faces risks from increases in freight and transportation costs.
- The Group operates in competitive industries, which could limit its ability to maintain or increase its market share and maintain profitability.
- Any deterioration in the Group's employee relations, or any significant increases in the cost of labor, could materially and adversely affect the Group's operations.
- The Group may encounter difficulties in managing the operations of its agents and affiliates effectively.
- The Group's businesses are subject to regulation in the Philippines, and any changes in Government policies could adversely affect the Group's operations and profitability.
- The Group is subject to numerous U.S. and international laws and regulations intended to help detect and prevent money laundering, terrorist financing, fraud and other illicit activity. Failure by the Group, its agents and affiliates to comply with these laws and regulations and increased costs or loss of business associated with compliance with these laws and regulations could have a material adverse effect on the Group's business, financial condition and results of operations.
- The Group faces risks from trade restrictions.

- Any inability of the Group to secure renewals or new licenses for its money transfer operations may have a material adverse effect on its business, prospects, financial condition and results of operations.
- Risks associated with the Group's money transfer operations outside the Philippines could adversely affect the Group's business, financial condition and results of operations.

Item 2. PROPERTIES

REAL PROPERTY

On April 15, 2019, LBCE entered into a Contract to Sell (CTS) with a third party for the purchase of parcels of land for a total consideration of ₱916.89 million. As stipulated in the Contract, within 10 days of the signing of the CTS, LBCE paid the initial down payment amounting to ₱183.38 million. Subsequently, the second payment of ₱91.69 million was settled by LBCE within 15 business days upon presentation of the seller of the new subdivided title, while the remaining purchase price amounting to ₱641.82 million shall be paid through a bank financing not later than one year from the CTS date. Subsequently on February 10, 2020, LBCE availed a bank loan to settle the remaining unpaid purchase price wherein the same property was used as collateral to secure the bank loan. Capitalized direct expenses include transfer fees, capital gains tax, documentary stamp taxes and notarial fees amounting to ₱114.37 million.

On May 27, 2021, LBCE entered into an agreement with Union Bank of the Philippine (UBP) to finance the construction of the new warehouse. On August 5, 2021, the bank loan used for acquisition of land mentioned above was taken out via this contract (Note 15 of the consolidated financial statements). Various drawdowns of loans were made since 2021 to fund the construction of the LBC Central Exchange Facility in L-2 C5 Extension, Moonwalk, Paranaque City which started operations in August 2023. Total cost of building capitalized as of December 31, 2023 is ₱1.14 billion.

The Group's registered office is located at the LBC Hangar at the General Aviation Center in the Old Domestic Airport, Pasay City pursuant to a lease with the Manila International Airport Authority. The LBC Hangar houses the Central Exchange, as well as the Company's Information Technology Team and Global Remittance Team. The lease contract involving this facility ended in December 2023 and all operations were transferred to the new warehouse, simultaneous to the change in LBCE's registered office address. The Parent Company is awaiting approval for the change of address, as well, as of report date.

In addition, the Group leases the spaces for all its 1,368 Company-owned branches in the Philippines, as well as its regional distribution centers, delivery hubs, container freight stations and warehouses. The average term of these leases is one to eleven years, except for one warehouse which has a lease term of twenty (20) years, renewable at the Group's option at such terms and conditions which may be agreed upon by both parties. Branch offices are refurbished approximately every five to seven years, and the Company considers strategic relocation of branch offices from time to time to meet changing market demands.

For its general and administrative activities, the Group leases a 1,489.50 sq. m. office space at the Two-E-com Centre in Pasay City, Metro Manila, and a 1,701.07 sq. m. office space at the Ocean Breeze also in Pasay City, Metro Manila, both located near its registered office at the LBC Hangar.

For the years ended December 31, 2024, 2023 and 2022, the Company's total expenses related to leases were ₱1,483.63 million, ₱1,572.06 million, and ₱1,546.91 million, respectively.

EQUIPMENT

Other property and equipment owned by the Group primarily comprises its fleet of 3,140 vehicles (2,400 motorcycles and 740 vans), servers, computers and peripheral equipment, software, vaults and handheld scanners, X-ray scanners, and its sorting equipment.

Item 3. LEGAL PROCEEDINGS

Due to the nature of the Group's business, it is involved in various legal proceedings, both as plaintiff and defendant, from time to time. Such litigation involves, among others, claims against the Group for non-delivery, loss or theft of packages and documents, mis-release of remittances, labor disputes, as well as cases filed by the Group against employees and others for theft and similar offenses.

Except as disclosed below, neither the Company nor any of its subsidiaries have been or are involved in, or the subject of, any governmental, legal or arbitration proceedings which, if determined adversely to the Company or the relevant subsidiary's interests, would have a material effect on the business or financial position of the Company or any of its subsidiaries.

On September 9, 2011, the BSP, through Monetary Board Resolution No. 1354, resolved to close and place LBC Development Bank Inc.'s (the "Bank") assets and affairs under receivership.

On December 8, 2011, the Philippine Deposit Insurance Company (PDIC), as the official receiver and liquidator of closed banks, demanded on behalf of the Bank that LBC Holdings USA Corporation (LBC US) pay for its alleged outstanding obligations to LBC Bank amounting to approximately ₱1.00 billion, a claim that LBC US has denied as being baseless and unfounded. No further demand on this matter has been made by the PDIC since then, although there are no assurances that the claim has been waived or abandoned in whole or in part, or that the PDIC will not institute relevant proceedings in court or serve another demand letter to LBC US.

In relation to the Bank's closure and receivership, the receivables amounting to ₱295.00 million were written-off in 2011.

On March 17 and 29, 2014, the PDIC's external counsel sent letters to LBCE, demanding collection of the alleged amounts totalling ₱1.79 billion. On March 24 and 29, 2014, July 29, 2014, June 17, 2015 and June 26, 2015, the same legal counsel sent collection letters addressed to LBC Systems, Inc. [Formerly LBC Mundial Inc.] [Formerly LBC Mabuhay USA Corporation], demanding the payment of amounts aggregating to ₱911.59 million, all on behalf of the Bank.

On November 2, 2015, the Bank, represented by the PDIC, filed a case against LBC Express, Inc. (LBCE) and LBC Development Corporation (LBCDC), together with other respondents, before the Makati City Regional Trial Court (RTC) for a total collection of ₱1.82 billion. The case is in relation to the March 17, 2014 demand letter representing collection of unpaid service fees due from June 2006 to August 2011 and service charges on remittance transactions from January 2010 to September 2011. In the Complaint, the PDIC justified the increase in the amount from the demand letter to the amount claimed in the case due to their discovery that the supposed payments of LBCE were allegedly unsupported by actual cash inflow to the Bank.

On December 28, 2015, the summons, together with a copy of the Complaint of LBC Development Bank, Inc., and the writ of preliminary attachment were served on the former Corporate Secretary of LBCE. The writ of preliminary attachment resulted to the (a) attachment of the 1,205,974,632 shares of LBC Express Holdings, Inc. owned by LBCDC and (b) attachment of various bank accounts of LBCE totalling ₱6.90 million. The attachment of the shares in the record of the stock transfer agent had the effect of preventing the registration or recording of any transfers of shares in the records, until the writ of attachment is discharged.

LBCE and LBCDC, the ultimate Parent Company, together with other defendants, filed motions to dismiss the Complaint on January 12, 2016 for the collection of the sum of ₱1.82 billion. On January 21, 2016, LBCE and LBCDC filed its Urgent Motion to Approve the Counterbond and Discharge the Writ of Attachment.

On February 17, 2016, the RTC issued the order to lift and set aside the writ of preliminary attachment. The order to lift and set aside the preliminary attachment directed the sheriff of the court to deliver to LBCE and LBCDC all properties previously garnished pursuant to the writ. The counterbond delivered by LBCE and LBCDC stands as security for all properties previously attached and to satisfy any final judgment in the case.

In a Joint Resolution dated June 28, 2016, the RTC denied the motions to dismiss filed by all the defendants, including LBCE and LBCDC. Motions for reconsideration filed by the defendants were subsequently denied by the RTC in the Resolution dated February 16, 2017. On April 24, 2017, LBCE and LBCDC filed a Petition for Certiorari with the Court of Appeals, challenging the RTC's June 28, 2016 Joint Resolution. The Petition for Certiorari is entitled *"LBC Express, Inc. and LBC Development Corporation vs. Hon. Maximo M. De Leon and LBC Development Bank, as represented by its receiver/liquidator, the Philippine Deposit Insurance Corporation,"* and docketed as CA-G.R. SP No. 150698.

After filing motions for extension of time, LBCE and LBCDC filed their Answer with Counterclaims on April 10, 2017. In the Resolution dated June 15, 2017, the RTC denied the third motion for extension, declared all of the defendants including LBCE in default and ordered PDIC to present evidence ex-parte. LBCE and LBCDC filed a Verified Omnibus Motion for reconsideration and to lift the order of default. The other defendants filed similar motions, including a motion for inhibition. On July 21, 2017, LBCE received the Joint Resolution dated July 20, 2017, granting the Verified Omnibus Motions and the Motion for Inhibition, thereby lifting the order of default and admitting the Answers filed by all defendants.

The PDIC filed a Motion for Reconsideration dated August 7, 2017, seeking to reconsider the Joint Resolution dated July 20, 2017. The defendants, including LBCE and LBCDC have filed their respective comments thereto and the motion is currently pending resolution.

From August 10, 2017 to January 19, 2018, LBCE, LBCDC, the other defendants and PDIC were referred to mediation and Judicial Dispute Resolution (JDR) but were unable to reach a compromise agreement. The RTC ordered the mediation and JDR terminated and the case raffled to a new judge who will preside over the trial. The case was re-raffled to Branch 134 of the Makati Regional Trial Court.

On or about September 3, 2018, PDIC filed motions to issue alias summons to five individual defendants, who were former officers and directors of LBC Bank. For reasons not explained by PDIC, it had failed to cause the service of summons upon five of the individual defendants and hence, the court had not acquired jurisdiction over them.

On October 26, 2018, the Motion to Defer Pre-Trial scheduled on November 15, 2018 was filed because the PDIC was still trying to serve summons on the five individual defendants and thus, for orderly proceedings, pre-trial should be deferred until the court acquires jurisdiction over them.

At the hearing held on November 9, 2018, which the PDIC did not attend, the judge directed PDIC's counsel to coordinate with the Sheriff and cause the service of summons promptly. The judge then rescheduled the pre-trial to January 23, 2019. On November 21, 2018, comment from the PDIC was received, arguing that pre-trial can proceed, even without the presence of the five individuals because there are merely necessary parties to the case, and not indispensable parties.

As of early January 2019, the alias summons was served on only two of the individual defendants, in which they filed Motion to Dismiss on November 2018 and January 2019. The PDIC filed its comments thereto and both Motions to Dismiss were deemed submitted for resolution.

On January 18, 2019, PDIC filed a Pre-Trial Brief. LBCE and the other defendants, on January 21, 2019, filed a Motion, asking the RTC to direct the PDIC to explain in writing its compliance with the previous order to cause the service of summons on the remaining five individual defendants and to defer pre-trial until the court has acquired jurisdiction over them.

On January 23, 2019, the judge ordered the PDIC to file its comment to the Motion and rescheduled the pre-trial to February 21, 2019.

The PDIC filed a Comment with Motion to Declare Defendants in Default, arguing that the pre-trial should proceed and that the current defendants are just delaying the proceedings. The PDIC also explained its efforts to serve summons on the five individuals but admitted that it had only served summons of two of the individual defendants. The PDIC also stated that it is filing another motion for the issuance of another round of alias summons for the three remaining defendants.

On February 4, 2019, a Reply was filed arguing that: (a) the PDIC never explained the three-year delay in serving summons on the other defendants, (b) it is the PDIC's omission which have made the proceedings disorderly because not all of the defendants are at the pre-trial state, and (c) to avoid complications, the pre-trial should be deferred until the court has acquired jurisdiction over all defendants.

The court conducted a hearing on February 1, 2019 on the Motion to Declare Defendants in Default and granted time to submit comment thereto. A comment opposition was filed on February 11, 2019, arguing that there is no basis to consider the current defendants in default because they are appearing at every hearing and that there are pending motions citing just and valid reasons to defer pre-trial, considering that summons are still being served on some defendants. Emphasis was given in particular that once jurisdiction is acquired over individual defendants, they will file their own answers, raising their own defenses, which should be considered at pre-trial. Also, it is mandatory to refer them to mediation and JDR for possible amicable settlement of the entire case. Even if mediation and JDR fail, the current judge is required by procedural rules to raffle the case to another branch so that his judgment is not influenced by matters discussed during JDR.

On February 18, 2019, a Pre-Trial Brief was filed by LBCE and the other defendants, without prejudice to the defendants' pending motions to defer Pre-Trial.

At the hearing scheduled on February 21, 2019, the judge took note of all the pending motions and said that they are deemed submitted for resolution. In the meantime, the judge directed the parties to perform a pre-marking of all their documentary exhibits before the clerk of court. The judge then rescheduled Pre-Trial to March 28, 2019.

On March 6, 2019, with respect to CA-G.R. SP No. 150698, LBCE and LBCDC received a copy of the Court of Appeals' Decision dated February 28, 2019, denying the Petition for Certiorari. The Court of Appeals ruled that the PDIC representative was sufficiently authorized to sign the verification and the PDIC does not need to secure prior approval of the liquidation court to file the case. LBCE and LBCDC filed a motion for reconsideration on March 21, 2019. On 18 July 2019, they received a copy of the Court of Appeals' resolution denying the motion for reconsideration. LBCE and LBCDC filed an appeal to the Supreme Court on September 2, 2019 assailing the Court of Appeals Decision and Resolution. The appeal with the Supreme Court is entitled *"LBC Express, Inc. and LBC Development Corporation v. Hon. Maximo M. De Leon, Presiding Judge of the Regional Trial Court of Makati Branch 143 and LBC Development Bank as represented by its receiver/liquidator, the Philippine Deposit Insurance Corporation"* and docketed as G.R. No. 248539. The appeal was initially assigned to the Third Division of the Supreme Court. In the appeal, LBCE and LBCDC are praying for the dismissal of the Complaint because PDIC failed to obtain leave from the liquidation court to file the

Complaint before the Regional Trial Court, contrary to the provisions of the Rules of Court and established jurisprudence. PDIC has filed its Comment on January 11, 2020. The Supreme Court has not resolved the appeal as of today.

Meanwhile, PDIC has pre-marked its evidence during pre-marking conferences held on March 6 and 11, 2019. LBCE on the other hand pre-marked its evidence on March 22, 2019 and on April 10, 11, and 24, 2019.

LBCE was informed by the court staff that due to the order of Executive Judge for court records inventory and disposal, the pre-trial scheduled for March 28, 2019 will be reset to May 2, 2019.

On May 2, 2019, at the pre-trial hearing, the judge released his Order, whereby, among others, he granted the motion to defer pre-trial proceedings in order to have an orderly and organized pre-trial and deferred pre-trial hearing until the other defendants have received summons and filed their answers. In the meantime, the parties have proceeded to pre-mark their respective documentary exhibits in preparation for eventual pre-trial.

Later on, four of the five individual defendants received summons and then filed motions to dismiss the case, all of which were denied by the RTC. All four individual defendants filed for motions for reconsideration. The motions for reconsideration filed by the three individual defendants were eventually denied by the RTC. Thereafter, the three individual defendants filed their Answers to the Complaint with the RTC.

Meanwhile, on January 16, 2021, summons, together with a copy of the Complaint were served on LBC Properties, Inc., another defendant in this case. On February 11, 2021, LBC Properties, Inc. filed its Answer to the Complaint.

The last remaining individual defendant filed her Answer on May 24, 2021.

PDIC, LBCE, LBCDC and the other defendants pre-marked their respective documentary exhibits on May 26, 2021, July 6, 9 and 12, 2021, and November 8, 2021.

The court set the pre-trial on March 16, 2022. On May 16, 2022, one of the individual defendants moved for the resetting thereof because she was not able to compare the documents previously marked by PDIC and the other defendants. The judge allowed the comparison of documents on March 24 and 29, 2022 and reset the pre-trial to April 21, 2022.

As scheduled, PDIC, LBCE, LBCDC and the other defendants pre-marked their respective documentary exhibits on March 24 and 29, 2022.

On April 13, 2022, LBC Properties, Inc. filed a Manifestation and Motion to Resolve Affirmative Defenses, prayed that the court resolve the affirmative defenses raised in its answer.

On April 19, 2022, an individual defendant filed a similar Motion to Resolve Affirmative Defenses.

On April 21, 2022, the court allowed the cancellation of the pre-trial to afford the parties time to facilitate the early termination of the case and reset it to May 26 and June 23, 2022.

On November 8, 2021, PDIC, LBCE, LBCDC and the other defendants completed the pre-marking of their respective documentary exhibits. The parties are now waiting for notice from the RTC for the continuation of the pre-trial proper. The court has scheduled the continuation of the pre-trial proper on May 26, 2022 and June 23, 2022.

The RTC then conducted the pre-trial proper from May 26, 2022 until September 29, 2022.

The presentation of PDIC's evidence commenced on January 11, 2023. PDIC initially presented Atty. Ariston P Aganon, Mr. Richard Noel M. Ponce and Mr. Benjamin Marcos as its witnesses. After several postponements, PDIC was supposed to present its last witness, Ms. Bibiana Figueroa during the hearing on February 22, 2023. However, at said hearing, PDIC was not ready to present her and the RTC ruled that PDIC is deemed to have waived its right to present Bibiana Figueroa. The RTC directed PDIC to make its oral formal offer of evidence on March 8, 2023.

On March 7, 2023, PDIC filed a Motion for Reconsideration, submitting the Judicial Affidavit of Ms. Figueroa and requesting that the RTC allow her to be presented. LBC Express, Inc., LBC Development Corporation and the other defendants filed their Comment/Opposition to the Motion for Reconsideration. Due to the pendency of the Motion for Reconsideration of the Order dated February 22, 2023, the RTC cancelled the scheduled hearing on March 8, 2023, and reset the same to April 19, 2023.

On April 19, 2023, the RTC allowed PDIC to present its last witness, Ms. Bibiana Figueroa, during the hearing. The testimony of Ms. Figueroa was completed on April 19, 2023.

The RTC set the case for hearing on May 4, 2023 during which PDIC will formally offer its documentary evidence. The RTC likewise set the case for hearing on May 18, 2023 for the initial presentation of LBC's evidence and witnesses.

The RTC issued an Order dated April 20, 2023, ruling the defendants' Comment/Opposition to PDIC's Motion for Reconsideration has been rendered moot by the presentation and cross-examination of Ms. Figueroa.

LBC Express, Inc., LBC Development Corporation and the other defendants filed a Motion for Reconsideration, Motion to Resolve, and Motion to Defer Plaintiff's Formal Offer of Evidence dated May 4, 2023, which essentially sought to reconsider the RTC's April 20, 2023 Order on the ground that the cross-examination of Ms. Figueroa was made with express objections to the admissibility of her testimony and with express reservations with respect to the pending Motion for Reconsideration of the PDIC as well as to any remedy against any adverse resolution on the pending Motion for Reconsideration of the PDIC. LBC Express, Inc., LBC Development Corporation and the other defendants also requested the RTC to resolve the pending Motion for Reconsideration of the PDIC and to defer the Plaintiff's formal offer of evidence scheduled on May 4, 2023.

At the May 4, 2023 hearing, the RTC rescheduled the PDIC's formal offer to the next scheduled hearing on May 18, 2023 in light of the pending Motions.

At the hearing on May 18, 2023, the RTC issued an Order of the same date, in which Judge Redentor Cardenas ruled to voluntarily inhibit himself from further hearing the case, citing the contentious dispute over his decision to allow Ms. Figueroa to be presented as a witness.

The case was then re-raffled to Branch 132 of the Makati RTC, presided by Hon. Rommel Baybay.

Judge Baybay then conducted a clarificatory hearing on July 13, 2023 to discuss the pending motions. In an Order dated July 13, 2023, the RTC denied all the pending motions and directed the PDIC to file a written formal offer of evidence within 30 days and granted the defendants the same period to comment.

The PDIC filed its Formal Offer of Documentary Evidence dated August 14, 2023. On September 13 and 14, 2023, LBC Express, Inc., LBC Development Corporation and the other defendants filed their respective Comments and Objections to the Formal Offer.

In the Order dated September 28, 2023, the RTC resolved to admit Exhibits AA to JJ of the PDIC. LBC Express, Inc., LBC Development Corporation and the other defendants filed a Motion for

Reconsideration dated October 12, 2023. In the Order dated January 17, 2024, the RTC denied the Motion for Reconsideration.

Thus, on January 18, 2024, LBC Express filed its Demurrer to Evidence and LBC Development Corporation, LBC Properties, and the individual defendants filed a separate Demurrer to Evidence.

The RTC granted the PDIC a period of 30 days to file its comments to the Demurrers and further granted the defendants a period of 30 days to file their replies.

Subsequently, Defendant Berenguer filed her own Demurrer to Evidence dated February 19, 2024.

LBC Express, Inc., LBC Development Corporation, LBC Properties and the other defendants filed their Reply to the PDIC's Comment to the Demurrers to Evidence on March 20, 2024.

In a Motion for Extension of Time dated February 27, 2024, the PDIC requested that it be given until March 23, 2024 to file its Comment to Defendant Berenguer's Demurrer to Evidence.

Pending the resolution of the Demurrers, the initial presentation of evidence for the Defendants was set on April 19, 2024, April 26, 2024, and May 10, 2024.

At the hearing on April 19, 2024, the RTC noted that the Demurrers were not yet resolved. Defendant Berenger was given until May 4, 2024 to file a Reply in response to PDIC's Comment to Berenguer's Demurrer to Evidence. Upon its request, PDIC was given 30 days from receipt of Berenguer's Reply to file a Consolidated Rejoinder to Berenguer's Reply and the Reply filed on behalf of LBC Express and others.

The hearing dates on April 26, 2024 and May 10, 2024 were cancelled. The hearing dates for the presentation of Defendants' evidence were rescheduled to July 19, 2024, August 2, 2024, and August 23, 2024.

On May 16, 2024, LBCE received a copy of the Resolution dated May 9, 2024, denying all of the Demurrers. LBCE and the other Defendants filed their respective Motions for Reconsideration dated May 31, 2024. Defendant Berenguer also filed a Motion for Reconsideration dated June 3, 2024. The PDIC filed its oppositions to the three Motions for Reconsideration.

At the hearing last July 19, 2024, the court stated that it needed more time to resolve the pending motions. Hence, the presentation of Defendants' evidence was rescheduled to August 2, 2024 and August 3, 2024.

The court later issued a Resolution dated 1 August 2024, denying all the Motions for Reconsideration. The hearings for presentation of Defendants' evidence were rescheduled to September 20, 2024 and November 15, 2024.

LBCE and the other defendants presented their first witness, Ms. Janet Tayag-Ong, on September 20, 2024. Due to lack of time to complete her cross-examination, her presentation was continued to November 15, 2024. LBCE and the other defendants have at least five more witnesses to present. Hence, the trial of the civil case is still on-going.

In relation to the above case, in the opinion of management and in concurrence with its legal counsel, any liability of LBCE is not probable and estimable at this point in time.

RESULTS OF OPERATIONS

Year ended December 31, 2024 compared to the year ended December 31, 2023

Service Revenue

The Company's service revenue decreased by 1% to ₱14,296.06 million for the year ended December 31, 2024, from ₱14,513.69 million for the year ended December 31, 2023, mainly from money transfer services by 29%. Logistics is almost at par due to the offsetting impact of higher corporate revenue by 12% and the shortfall in retail by 4%.

Cost of Services

Cost of services improved by 3% to ₱11,171.59 million for the year ended December 31, 2024, from ₱11,468.23 million for the year ended December 31, 2023, pertaining to reduction in cost of delivery and remittance by 2%, facilities costs (rental, utilities, depreciation) by 8% and manpower cost by 1%. Other than the decline in volume, there are reductions in direct cost as management continues to engage in cost rationalization programs which also include consolidation of facilities, rightsizing of workforce and improving operational touchpoints.

Gross Profit

Gross profit is higher by 3% to ₱3,124.47 million for the year ended December 31, 2024, from ₱3,045.46 million for the year ended December 31, 2023, primarily attributable to reduction of cost of services.

Operating Expenses

Operating expenses decreased to ₱2,458.81 million for the year ended December 31, 2024, from ₱2,490.30 million for the year ended December 31, 2023, mainly driven by reduction in advertising, utilities and supplies, depreciation and amortization, software maintenance cost and subscription. These movements were countered by increases in professional fees, and taxes and licenses.

Further, there is a decline in provisions for impairment loss because of the write-off of receivable of one of the affiliates.

Operating Income

Operating income is higher by 20% to ₱665.66 million for the year ended December 31, 2024, from ₱555.17 million for the year ended December 31, 2023, mostly driven by the improvement in gross profit and net reduction of operating expenses.

Other Charges, Net

Other charges, net increased to ₱733.62 million for the year ended December 31, 2024, from ₱267.68 million for the year ended December 31, 2023, largely because of the loss on valuation of derivatives amounting to ₱218.34 million for 2024, compared to gain amounting to ₱150.81 million for 2023.

Foreign exchange valuation of bonds payable resulted to loss of ₱89.50 million for the year ended December 31, 2024, from gain of ₱20.69 million for the year ended December 31, 2023. This was offset by net gain in modification of liability due to extension of maturity of convertible instrument.

Interest expense mostly from bond and notes payable also went up by 15%.

Net Income (Loss) after tax

Net income (loss) after tax is at ₱145.30 million losses for the year ended December 31, 2024, from income of ₱168.19 million for the year ended December 31, 2023 which is primarily from higher non-operating losses which includes foreign exchange and valuation of convertible instrument.

This is countered by the uplift in operating income by 20% as the result of improvements in operations resulting in lower costs.

Year ended December 31, 2023 compared to the year ended December 31, 2022

Service Revenue

The Company's service revenue decreased by 4% to ₱14,513.69 million for the year ended December 31, 2023, from ₱15,189.72 million for the year ended December 31, 2022, mainly from retail logistics by 7%. This is offset by the improvement in corporate revenue by 2%.

Cost of Services

Cost of services is down by 7% to ₱11,468.23 million for the year ended December 31, 2023, from ₱12,323.24 million for the year ended December 31, 2022, pertaining to improvement in cost of delivery and remittance, and manpower cost by 9% and 6%, respectively, aligned to the decline in current sales volume and cost rationalization initiated by the management.

Utilities and depreciation also went down mainly due to closure of branches/warehouses.

Gross Profit

Gross profit improved by 6% to ₱3,045.46 million for the year ended December 31, 2023, from ₱2,866.49 million for the year ended December 31, 2022, primarily attributable to reduction of cost of services.

Operating Expenses

Operating expenses increased to ₱2,490.30 million for the year ended December 31, 2023, from ₱2,482.48 million for the year ended December 31, 2022, because of higher spend for the following:

- Provision for impairment loss primarily attributable to the write-off of receivable from one of the affiliates and additional allowances for doubtful accounts.
- Depreciation and amortization and software maintenance cost accounts are also higher because of the additional software capitalized in the latter part of 2022 and in 2023.
- Professional fees went up driven by the digitalization fees incurred this year.

The mentioned increases were offset by the decreases in controllable accounts such as sponsorship and travel and representation expenses. Taxes and licenses also went down because of the documentary stamp taxes incurred last year.

Operating Income

Operating income is higher by 45% to ₱555.17 million for the year ended December 31, 2023, from ₱384.01 million for the year ended December 31, 2022, mostly driven by the improvement in gross profit.

Other Charges, Net

Other charges, net decreased to ₱267.68 million for the year ended December 31, 2023, from ₱748.41 million for the year ended December, 2022, largely because of the foreign exchange gains amounting to ₱59.87 million for the year ended December 31, 2023, compared to losses amounting to ₱75.55 million for the year ended December 31, 2022, which are mostly related to the valuation of the bond payable.

Further, valuation of derivative resulted to gain of ₱150.81 million for the year ended December 31, 2023, from loss of ₱230.55 million for the year ended December 31, 2022.

Net income (loss) after tax is at ₱168.19 million earnings for the year ended December 31, 2023, from loss of ₱543.24 million for the year ended December 31, 2022 mainly from the growth in gross profit margin by 2% and because of favorable valuation of derivative liability.

Year ended December 31, 2022 compared to the year ended December 31, 2021

Service Revenue

The Company's service revenue declined by 7% to ₱15,189.73 million for the year ended December 31, 2022, from ₱16,249.71 million for the year ended December 31, 2021, mainly from domestic logistics segment, partly covered by 5% growth in sales from overseas due to recovery of favorable rates in some countries.

Cost of Services

Cost of services is down by 2% to ₱12,323.24 million for the year ended December 31, 2022, from ₱12,638.27 million for the year ended December 31, 2021, pertaining to lower cost of delivery and remittance by 5%. Reduction in truck rentals, manpower and air freight costs were aligned to current sales production.

However, these reductions were offset by increasing fuel prices and surge in cost of freight-sea as general price increase were implemented by shipping lines, both in domestic and overseas setting.

Gross Profit

Gross profit is lower by 21% to ₱2,866.49 million for the year ended December 31, 2022, from ₱3,611.45 million for the year ended December 31, 2021, primarily attributable to decrease in volume and increase in cost of freight sea and fuel.

Operating Expenses

Operating expenses decreased by 41% to ₱2,482.48 million for the year ended December 31, 2022, from ₱3,512.41 million for the year ended December 31, 2021, mainly from the significant reduction of COVID-19 related expenses such as professional fees, shuttle services costs and medical and sanitation supplies.

Operating Income

Operating income is at ₱384.01 million for the year ended December 31, 2022, from ₱99.04 million for the year ended December 31, 2021, attributable to decline in cost of service and operating expenses.

Other Charges, net

Other charges, net decrease to ₱748.60 million for the year ended December 31, 2022, from ₱790.40 million for the year ended December 31, 2021, mainly driven by the 'Loss on derivatives' recognized during the year which is lower by ₱227.78 million.

Net Income (Loss) after tax

The Group improved in operating income to ₱384.01 million for the year ended December 31, 2022, from ₱99.04 million for the year ended December 31, 2021, mainly from the decrease in COVID-19 related expenses. However, the impact of loss on derivative and accretion of interest of bond drove the losses after tax amounting to ₱543.24 million and ₱853.57 million in 2022 and 2021, respectively.

FINANCIAL CONDITION

Trade and other receivable, net increased to ₱2,127.17 million as of December 31, 2024, from ₱1,950.15 million as of December 31, 2023, driven by the increase in trade receivable from outside parties and related parties by 13% and 11%, respectively, offset by the higher allowance for expected credit losses as a factor of the additional provisions this period and decreased in advances to officers and employees.

Due from related parties increased by 2% to ₱1,159.78 million as of December 31, 2024, from ₱1,139.86 million as of December 31, 2023, mostly from receivable related to regular trade agreement, as offset by collection of notes receivables.

Investments at fair value through profit and loss increased to ₱2.36 million as of December 31, 2024, from ₱2.26 million as of December 31, 2023, due to fair value gain amounting to ₱0.10 million during the year.

Prepayments and other current assets declined by 10% to ₱1,144.01 million as of December 31, 2024, from ₱1,265.92 million as of December 31, 2023, primarily attributable to the impact of the following:

- Settlement of notes receivable;
- Transfer of restricted cash to cash in bank;
- Input value-added tax (VAT) decreased by 25% because of decline in costs and application/usage during the year; and
- Prepaid taxes went down due to application of advance tax payments in overseas.

Noncurrent Assets
Property and equipment, net decreased by 6% to ₱2,487.77 million as of December 31, 2024, from ₱2,644.17 million as of December 31, 2023, primarily due to depreciation and net disposal amounting to ₱217.10 million and ₱35.39 million, respectively, offset by additions of ₱91.64 million

Right-of-use assets, net is lower by 19% to ₱1,601.24 million as of December 31, 2024, from ₱1,980.48 million as of December 31, 2023, mainly attributable to amortization and early termination of contracts due to strategic closure warehouse and branches as part of the cost rationalization of the management.

Intangible assets, net is lower by 10% to ₱212.28 million as of December 31, 2024, from ₱236.89 million as of December 31, 2023, driven by amortization of ₱75.02 million, offset by ₱49.44 million additions.

Investment at fair value through other comprehensive income went down by 48% to ₱99.48 million as of December 31, 2024, from ₱191.16 million as of December 31, 2023, relative to movement in market price from ₱0.98/share to ₱0.51/share.

Investment in associates increased to ₱369.94 million as of December 31, 2024, from ₱355.57 million as of December 31, 2023, due to share in earnings, offset by dividends declared by an associate during the year.

Deferred tax assets - net decreased by 4% to ₱544.57 million as of December 31, 2024, from ₱525.94 million as of December 31, 2023, largely because of application of NOLCO during the year and the reduction of income tax deferred from right-of-use assets and lease liabilities. This is offset by the additional income tax deferred recognized related to retirement benefit liabilities, MCIT, and unrealized foreign exchange losses.

Security deposit decreased by 10% to ₱375.43 million as of December 31, 2024, from ₱419.20 million as of December 31, 2023, because of closed warehouses and branches.

(1) Audit and Audit-Related Fees. This category includes the audit of annual financial statements, review of interim financial statements and services that are normally provided by the independent auditor in connection with statutory and regulatory filings or engagements for those calendar years.

(2) Related to transfer pricing fees based on billed fees

SGV & Co. did not provide services for tax accounting, compliance, advice, planning and any other form of tax services to the Company in the last two fiscal years. Other than the audit of the annual financial statements and the review of the interim financial statements, SGV & Co. did not provide any other services to the Company in the last two fiscal years.

In relation to the audit of the Company's annual financial statements, the Company's Corporate Governance Manual, provides that the audit committee shall, among other activities (i) review the reports submitted by the internal and external auditors; (ii) ensure that other non-audit work provided by the external auditors are not in conflict with their functions as external auditors; and (iii) coordinate, monitor and facilitate compliance with laws, rules and regulations.

The Audit Committee is composed of at least three appropriately qualified non-executive members of the Board of Directors, the majority of whom, including the Chairman, is an Independent Director. The Audit Committee, with respect to an external audit:

- Perform oversight functions over the Company's external auditors. It ensures the independence of internal and external auditors, and that both auditors are given unrestricted access to all records, properties and personnel to enable them to perform their respective audit functions.

- Prior to the commencement of the audit, discuss with the external auditor the nature, scope and expenses of the audit, and ensure proper coordination if more than one audit firm is involved in the activity to secure proper coverage and minimize duplication of efforts.

- Evaluate and determine the non-audit work, if any, of the external auditor, and periodically review the non-audit fees paid to the external auditor in relation to the total fees paid to him and to the Company's overall consultancy expenses. The committee should disallow any non-audit work that will conflict with his duties as an external auditor or may pose a threat to his independence. The non-audit work, if allowed, should be disclosed in the Company's annual report and annual corporate governance report;

- Review the reports submitted by the external auditors.

The following are the members of the Company's Audit Committee:

a) Ferdinand D. Tolentino - Chairman
b) Victor Y. Lim, Jr. - Member
c) Anthony A. Abad - Member

PART III - CONTROL AND COMPENSATION INFORMATION

SIGNIFICANT EMPLOYEES

The Company considers its entire work force as significant employees. Everyone is expected to work together as a team to achieve the Company's goals and objectives.

FAMILY RELATIONSHIPS

As at the date of this Report, there are no family relationships between Directors and members of the Company's senior management known to the Company.

INVOLVEMENT IN CERTAIN LEGAL PROCEEDINGS

The Company believes that none of the Company's directors, nominees for election as director, or executive officers have in the five-year period prior to the date of this Report: (1) had any petition filed by or against any business of which such person was a general partner or executive officer either at the time of the bankruptcy or within a two-year period of that time; (2) have been convicted by final judgment in a criminal proceeding, domestic or foreign, or have been subjected to a pending judicial proceeding of a criminal nature, domestic or foreign, excluding traffic violations and other minor offenses; (3) have been the subject of any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently or temporarily enjoining, barring, suspending or otherwise limiting their involvement in any type of business, securities, commodities or banking activities; or (4) have been found by a domestic or foreign court of competent jurisdiction (in a civil action), the SEC or comparable foreign body, or a domestic or foreign exchange or other organized trading market or self-regulatory organization, to have violated a securities or commodities law or regulation, such judgment having not been reversed, suspended, or vacated.

On September 9, 2011, the BSP, through Monetary Board Resolution No. 1354, resolved to close and place LBC Development Bank Inc.'s (the "Bank") assets and affairs under receivership and appointed Philippine Deposit Insurance Company (PDIC) as the Bank's official receiver and liquidator.

On December 8, 2011, the Bank, thru PDIC, demanded LBC Holdings USA Corporation (LBC US) to pay its alleged outstanding obligations amounting to approximately ₱1.00 billion, a claim that LBC US has denied for being baseless and unfounded.

In prior years, the Group has outstanding advances of ₱295.00 million to the Bank, an entity under common control of LBCDC. In 2011, upon the Bank's closure and receivership, management assessed that these advances are not recoverable. Accordingly, the receivables amounting to ₱295.00 million were written-off.

PDIC's external counsel sent demand/collection letters to LBC Systems, Inc. [Formerly LBC Mundial Inc.] [Formerly LBC Mabuhay USA Corporation], demanding the payment of various amounts aggregating to ₱911.59 million on March 24 and 29, 2014, and June 17, 2014 and 26, 2015.

On March 17, 2014, PDIC's external counsel sent a demand/collection letter to LBC Express, Inc. (LBCE), for collection of alleged amounts totaling ₱1.76 billion representing unpaid service fees due from June 2006 to August 2011 and service charges on remittance transactions from January 2010 to September 2011. On March 29, 2014, PDIC's external counsel also sent demand/collection letters to LBCE and LBCDC for collection of the additional amounts of ₱27.17 million and ₱30 million, respectively, representing alleged unwarranted reduction of advances made by the Bank.

On November 2, 2015, the Bank, represented by the PDIC, filed a case against LBCE and LBCDC, together with other defendants, before the Makati City Regional Trial Court (RTC) for collection of money in the total amount of ₱1.82 billion. PDIC justified the increase in the amount from the demand letter sent on March 17, 2014 as due to their discovery that the supposed payments of LBCE and LBCDC were allegedly unsupported by actual cash inflow to the Bank, which PDIC sought to collect through the respective demand letters sent on March 29, 2014.

On December 28, 2015, summons, the complaint and writ of preliminary attachment were served on the former Corporate Secretary of LBCE. The writ of preliminary attachment resulted to the (a) attachment of the 1,205,974,632 shares of LBC Express Holdings, Inc. owned by LBCDC and (b) attachment of various bank accounts of LBCE totaling ₱6.90 million. The attachment of the shares in the record of the stock transfer agent had the effect of preventing the registration or recording of any transfers of shares in the records, until the writ of attachment is discharged.

On January 12, 2016, LBCE and LBCDC, together with other defendants, filed motions to dismiss the Complaint which was denied by the RTC, and then by Court of Appeals (CA). LBCE and LBCDC filed an appeal to the Supreme Court on September 2, 2019 assailing the denial of the motions to dismiss. PDIC has already filed its comment on the appeal while LBCE and LBCDC filed its reply on October 14, 2020. The Supreme Court has not resolved the appeal as of today.

On January 21, 2016, LBCE and LBCDC filed its Urgent Motion to Approve the Counterbond and Discharge the Writ of Attachment which was resolved in favor of LBCE and LBCDC.

On February 17, 2016, the RTC issued the order to lift and set aside the writ of preliminary attachment. The order to lift and set aside the preliminary attachment directed the sheriff of the RTC to deliver to LBCE and LBCDC all properties previously garnished pursuant to the writ. The counterbond delivered by LBCE and LBCDC stands as security for all properties previously attached and to satisfy any final judgment in the case.

From August 10, 2017 to January 19, 2018, LBCE, LBCDC, the other defendants and PDIC were referred to mediation and Judicial Dispute Resolution (JDR) but were unable to reach a compromise agreement. The RTC ordered the mediation and JDR terminated and the case was raffled to a new judge who scheduled the case for pre-trial proceedings.

On or about September 3, 2018, PDIC filed a motion for issuance of alias summons to five individual defendants, who were former officers and directors of the Bank. For reasons not explained by PDIC, it had failed to cause the service of summons upon the five individual defendants and hence, the RTC had not acquired jurisdiction over them. Since PDIC was still trying to serve summons on the five individual defendants and thus, for orderly proceedings, LBCE and other defendants filed motions to defer pre-trial until the RTC had acquired jurisdiction over the remaining defendants.

On January 18, 2019, PDIC filed its Pre-Trial Brief. LBCE, LBCDC and the other defendants, filed its own Pre-Trial Brief on February 18, 2019 without prejudice to their pending motions to defer Pre-Trial. In the meantime, the parties have proceeded to pre-mark their respective documentary exhibits in preparation for eventual pre-trial.

On May 2, 2019, at the pre-trial hearing, the RTC released an Order, which, among others, granted LBCE's motion to defer pre-trial proceedings in order to have an orderly and organized pre-trial and deferred the pre-trial hearing until the other defendants have received summons and filed their answers.

Later on, three of the four individual defendants received summons and then filed motions to dismiss the case, all of which were denied by the RTC. The three individual defendants filed motions for reconsideration which were eventually denied by the RTC. Thereafter, the two individual defendants filed their Answers to the Complaint with the RTC, and the third individual defendant filed her Answer with Compulsory Counterclaims on May 24, 2021. On December 15, 2020, PDIC filed a motion to declare the fourth individual defendant in default for failure to file an Answer despite receiving the summons. The fourth individual defendant replied that he has filed his Answer to the Complaint on July 13, 2020. PDIC filed its Reply with motion to show cause against the fourth individual defendant on January 14, 2021 and such defendant filed his Manifestation and Comment/Opposition thereto on January 19, 2021.

Meanwhile, on January 16, 2021, summons, together with a copy of the Complaint were served on LBC Properties, Inc., another defendant in this case. On February 11, 2021, LBC Properties, Inc. filed its Answer to the Complaint.

Later on, the RTC denied the motion for reconsideration of the last remaining individual defendant. Thus, on May 24, 2021, Ma. Eliza G. Berenguer filed her Answer with Compulsory Counterclaims.

On November 8, 2021, the parties completed the pre marking of their respective documentary exhibits.

The RTC then conducted the pre-trial proper from May 26, 2022 until September 29, 2022.

The presentation of PDIC's evidence and witnesses commenced on January 11, 2023. After several postponements, PDIC was supposed to present its last witness during the hearing on February 22, 2023. The RTC directed PDIC to make its oral formal offer of evidence on March 8, 2023.

On March 7, 2023, PDIC filed a Motion for Reconsideration, submitting the Judicial Affidavit of the witness and requesting that the RTC allow the witness to be presented. The defendants have since then filed their Comment/Opposition to the Motion for Reconsideration. The RTC will rule on PDIC's Motion for Reconsideration of the Order dated February 22, 2023 after receipt of PDIC's Reply.

Meanwhile, due to the pendency of the Motion for Reconsideration of the Order dated February 22, 2023, the RTC cancelled the scheduled hearing on 8 March 2023, and reset the same to April 19, 2023.

On April 19, 2023, the RTC allowed PDIC to present its last witness during the hearing. The testimony of the witness was completed on April 19, 2023.

The RTC issued an Order dated April 20, 2023, ruling the defendants' Comment/Opposition to PDIC's Motion for Reconsideration has been rendered moot by the presentation and cross-examination of Ms. Figueroa. The RTC set the case for hearing on May 4, 2023 during which PDIC will formally offer its documentary evidence. The RTC likewise set the case for hearing on May 18, 2023 for the initial presentation of LBC's evidence and witnesses.

LBC Express, Inc., LBC Development Corporation and the other defendants filed a Motion for Reconsideration, Motion to Resolve, and Motion to Defer Plaintiff's Formal Offer of Evidence dated 4 May 2023, which essentially sought to reconsider the RTC's April 20, 2023 Order on the ground that the cross-examination of the last witness was made with express objections to the admissibility of her testimony and with express reservations with respect to the pending Motion for Reconsideration of the PDIC as well as to any remedy against any adverse resolution on the pending Motion for Reconsideration of the PDIC. LBC Express, Inc., LBC Development Corporation and the other defendants also requested

the RTC to resolve the pending Motion for Reconsideration of the PDIC and to defer the Plaintiff's formal offer of evidence scheduled on May 4, 2023.

At the May 4, 2023 hearing, the RTC rescheduled the PDIC's formal offer to the next scheduled hearing on May 18, 2023 in light of the pending Motions.

At the hearing on May 18, 2023, the RTC issued an Order of the same date, in which Judge Redentor Cardenas ruled to voluntarily inhibit himself from further hearing the case, citing the contentious dispute over his decision to allow Ms. Figueroa to be presented as a witness.

The case was then re-raffled to Branch 132 of the Makati RTC, presided by Hon. Rommel Baybay.

Judge Baybay then conducted a clarificatory hearing on July 13, 2023 to discuss the pending motions. In an Order dated July 13, 2023, the RTC denied all the pending motions and directed the PDIC to file a written formal offer of evidence within 30 days and granted the defendants the same period to comment.

The PDIC filed its Formal Offer of Documentary Evidence dated August 14, 2023. On September 14 and 13, 2023, LBC Express, Inc., LBC Development Corporation and the other defendants filed their respective Comments and Objections to the Formal Offer.

In the Order dated September 28, 2023, the RTC resolved to admit Exhibits AA to JJ of the PDIC. LBC Express, Inc., LBC Development Corporation and the other defendants filed a Motion for Reconsideration dated October 12, 2023. In the Order dated January 17, 2024, the RTC denied the Motion for Reconsideration.

Thus, on January 18, 2024, LBC Express filed its Demurrer to Evidence and LBC Development Corporation, LBC Properties, and the individual defendants filed a separate Demurrer to Evidence.

The RTC granted the PDIC a period of 30 days to file its comments to the Demurrers and further granted the defendants a period of 30 days to file their replies.

Subsequently, Defendant Berenguer filed her own Demurrer to Evidence dated February 19, 2024.

LBC Express, Inc., LBC Development Corporation, LBC Properties and the other defendants filed their Reply to the PDIC's Comment to the Demurrers to Evidence on March 20, 2024.

In a Motion for Extension of Time dated 27 February 2024, the PDIC requested that it be given until March 23, 2024 to file its Comment to Defendant Berenguer's Demurrer to Evidence.

Pending the resolution of the Demurrers, the initial presentation of evidence for the Defendants was set on April 19, 2024, April 26, 2024, and May 10, 2024.

At the hearing on April 19, 2024, the RTC noted that the Demurrers were not yet resolved. Defendant Berenger was given until May 4, 2024 to file a Reply in response to PDIC's Comment to Berenguer's Demurrer to Evidence. Upon its request, PDIC was given 30 days from receipt of Berenguer's Reply to file a Consolidated Rejoinder to Berenguer's Reply and the Reply filed on behalf of LBC Express and others.

The hearing dates on 26 April 2024 and 10 May 2024 were cancelled. The hearing dates for the presentation of Defendants' evidence were rescheduled to 19 July 2024, 2 August 2024, and 23 August 2024.

On May 16, 2024, LBCE received a copy of the Resolution dated May 9, 2024, denying all of the Demurrers. LBCE and the other Defendants filed their respective Motions for Reconsideration dated May 31, 2024. Defendant Berenguer also filed a Motion for Reconsideration dated June 3, 2024. The PDIC filed its oppositions to the three Motions for Reconsideration.

At the hearing last July 19, 2024, the court stated that it needed more time to resolve the pending motions. Hence, the presentation of Defendants' evidence were rescheduled to August 2, 2024 and August 23, 2024.

The court later issued a Resolution dated August 1, 2024, denying all the Motions for Reconsideration. The hearings for presentation of Defendants' evidence were rescheduled to September 20, 2024 and November 15, 2024.

LBCE and the other defendants presented their first witness, Ms. Janet Tayag-Ong, at the hearings held last September 20, 2024, November 15, 2024, and March 6, 2025. Her cross-examination and presentation as a witness will be continued on July 17 and 30, 2025.

LBCE and the other defendants have at least five more witnesses to present. Hence, the trial of the civil case is still on-going.

In relation to the above case, in the opinion of management and in concurrence with its legal counsel, any liability of LBCE is not probable and estimable at this point.

National taxes
LBCE and its certain subsidiaries are currently involved in assessments for national taxes and the outcome is not currently determinable.

The estimate of the probable costs for the resolution of this assessment has been developed in consultation with the Group's legal counsel and based upon an analysis of potential results. The inherent uncertainty over the outcome of this matter is brought about by the differences in the interpretation and application of laws and rulings. Management believes that the ultimate liability, if any, with respect to this assessment, will not materially affect the financial position and performance of the Group.

Without prejudice to the results of the assessment, the Group paid tax advance to the taxation authority amounting to ₱2.03 billion. In 2022, management assessed that it is probable that these tax advance payments will be used to settle tax liabilities, if there's any, and be used as tax credit for tax liabilities in the succeeding years. As such, the Group recognized the tax advance payment as other assets classified between current and noncurrent in consideration of the expected timing of usage in future periods.

Item 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

RELATED PARTY TRANSACTIONS

The Company and its subsidiaries in their ordinary course of business, engage in transactions with related parties and affiliates consisting of its parent company (LBC Development Corporation) and entities under common control. These transactions include royalty, service and management fee arrangements and loans and advances.

It is a policy of the Company that related party transactions are entered into on terms which are not more favourable to the related party than those generally available to third parties dealing at arm's length basis and are not detrimental to unrelated shareholders. All related party transactions shall be reviewed by the appropriate approving authority, as may be determined by the board of directors. In the event of a related party transaction involving a director, the relevant director should make a full disclosure of any actual or potential conflict of interest and must abstain from participating in the deliberation and voting on the approval of the proposed transaction and any action to be taken to address the conflict.

Please refer to Note 18 ("Related Party Transactions") to the notes to the 2024 consolidated financial statements of the Company which is incorporated herein in the accompanying index to exhibits.
The Company has the following major transactions with related parties:

Royalty Fee and Licensing Agreement with Parent Company

LBC Express, Inc. and LBC Development Corporation have entered into a trademark licensing agreement dated November 29, 2007 under which LBC Development Corporation has granted the Company the full and exclusive right within the Philippines to use LBC Marks including the names "LBC Express, Inc.," "LBC Express," "LBC", "*Hari Ng Padala*" (Filipino for "King of Forwarding Services") and "WWW.LBCEXPRESS.COM" as well as the "LBC" corporate logo and the "Team LBC *Hari Ng Padala*" logo.

On August 4, 2017, LBC Express, Inc. and LBCDC entered into a trademark licensing agreement, which amended and restated the trademark licensing agreement entered by the same parties on November 9, 2007. Both parties agreed to discontinue royalty payments for the use of LBC Marks in recognition of LBCE's own contribution to the value and goodwill of the trademark effective September 4, 2017.

Expense Reimbursements with Related Parties

The Group provides advances and expense reimbursements to related parties. Further, it has receivable and payable under regular trade agreements to affiliates. These are non-interest bearing and payable on demand.

Fulfillment Fee and Brokerage Fees

In the normal course of business, the Group fulfills the delivery of *balikbayan* boxes, fulfillment of money remittances and performs certain administrative functions on behalf of its international affiliates. The Group charges delivery fees and service fees for the fulfillment of these services based on agreed rates. LBCE acquires services from OFII which include sea freight and brokerage mainly for the cargoes coming from international origins. These expenses are billed to the origins at cost.

Guarantee Fee

LBCE entered into a loan agreement with BDO which is secured with real estate mortgage on various real estate properties owned by the Group's affiliate. In consideration of the affiliate's accommodation to the Company's request to use these properties as loan collateral, the Group agreed to pay the affiliate, every April 1 of the year starting April 1, 2016, a guarantee fee of 1% of the outstanding loan and until said properties are released by the bank as loan collateral.

On April 15, 2021, the Board of Directors of LBCH approved to guarantee the loan and allowed to hold out its time deposit. The current amount of time deposit as of December 31, 2024 is P141.22 million. Such guarantee shall substitute the existing real estate mortgage on the affiliate's real estate properties as security.

Business Combinations

On May 29, 2019, LBCH sold all its 1,860,214 common shares in QUADX Inc. to LBCE for ₱186,021,400 or ₱100 per share payable no later than two years from the execution of deed of absolute sale of share, subject to any extension as may be agreed in writing by the parties.

On July 1, 2019, LBCE sold all its QUADX shares to LBCDC for ₱186.02 million, payable no later than two years from the date of sale, subject to any extension as may be agreed in writing by the parties. On the same date, LBCE, LBCDC and QUADX Inc. entered into a Deed of Assignment of Receivables whereas LBCE agreed to assign, transfer and convey its receivables from QUADX as of March 31, 2019 amounting to ₱832.64 million to LBCDC which shall be paid in full, from time to time starting July 1, 2019 and no later than two years from the date of the execution of the Deed, subject to any extension as may be agreed in writing by LBCE and LBCDC. In July 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment. Subsequently, this was further extended for an additional two years in 2023.

In 2022, LBCDC entered into a pledge agreement with LBCE whereby the former pledged portion of its LBCH shares to LBCE as a guarantee to its outstanding receivables amounting to P1,018.66 million.

Notes receivable

In November 2011, LBC Mundial Corporation paid-off LBC Holdings USA Corporation's outstanding mortgage loan which is consolidated into a long-term promissory note amounting to $1,105,148 at 4% interest, payable in 180 equal monthly installments. As of December 31, 2023, total outstanding notes receivable amounted to ₱15.31 million, ₱10.45 million of which is presented as noncurrent under "Other noncurrent assets". INDEPENDENT AUDITOR'S REPORT

The Stockholders and the Board of Directors
LBC Express Holdings, Inc. and Subsidiaries
LBC Hangar, General Aviation Centre
Domestic Airport Road
Pasay City, Metro Manila

Opinion

We have audited the consolidated financial statements of LBC Express Holdings, Inc. and its subsidiaries (the Group), which comprise the consolidated statements of financial position as at December 31, 2024 and 2023, and the consolidated statements of comprehensive income, consolidated statements of changes in equity and consolidated statements of cash flows for each of the three years in the period ended December 31, 2024, and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as at December 31, 2024 and 2023, and its consolidated financial performance and its consolidated cash flows for each of the three years in the period ended December 31, 2024 in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

We draw attention to Note 29 to the consolidated financial statements which describes the uncertainty related to the outcome of the case filed against LBC Express, Inc. (LBCE), among other respondents, by LBC Development Bank, Inc., as represented by its receiver and liquidator, the Philippine Deposit Insurance Corporation (PDIC) for collection of an alleged amount of ₱1.82 billion, and the recognition of advance tax payments amounting to ₱2.03 billion as an asset in relation to the ongoing assessment for national taxes of LBCE and its certain subsidiaries. Our opinion is not modified in respect of these matters.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's Responsibilities for the Audit of the Consolidated Financial Statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Going Concern assessment

As of December 31, 2024, the Group is in net current liability position of ₱3.66 billion and has a current ratio of 0.66x. The Group's convertible instrument amounting to ₱4.59 billion as of December 31, 2024 was extended indefinitely but the creditor retains the right to demand payment anytime subject to an advance notice. To date, the Group is in discussion with banks to obtain replacement financing. In the event of default, the creditor may foreclose the pledged LBCE shares which can be auctioned to public and the proceeds can be used to settle the liability which may have impact to the domestic business of the Group. The Group's ability to repay the obligation will be dependent on a number of factors including improving operation to raise fund, securing replacement financing and various settlement options under the agreement. As the going concern assessment is a significant aspect of our audit, we have identified this as a key audit matter.

The Group's disclosures on the going concern assessment are included in Notes 1, 3 and 16 to the consolidated financial statements.

Audit Response

We obtained an understanding of the management's going concern assessment, taking into consideration the current business environment. We compared management's assumptions used such as revenue growth rates and projected cash flow in the forecasted performance against historical performance, operating and financing plans. We inspected documents, such as extension agreement and minutes of meeting of the Board of Directors. We obtained management's plan and supporting evidence to repay the convertible instrument and its assessment of various options including those under the agreement. We updated our understanding of the underlying terms and condition of the instrument as these relate to the event of default and management's assessment of the potential implication to the Group's overall business. We also assessed the adequacy of the related disclosures in the notes to the consolidated financial statements.

National Taxes and Provisions and Contingencies

The Group is involved in assessments for national taxes and paid ₱2.03 billion tax advance to the tax authority. Also, the Parent Company's subsidiary, LBCE, among other respondents, is involved in a case filed by LBC Development Bank, Inc., as represented by its receiver and liquidator, the PDIC, for collection of an alleged amount of ₱1.82 billion. The claim pertains to alleged unpaid service fees from June 2006 to August 2011 and unpaid service charges on remittance transactions from January 2010 to September 2011.

The matter on the legal case is significant to our audit because the determination of whether any provision for potential liability should be recognized and the estimation of such amount, if any, require significant judgment by management. We also considered the recoverability of tax advance payment as a key audit matter because of the materiality of the amount involved, and the significant management judgment required in assessing whether it is recoverable and the related timing. The inherent uncertainty over the outcome of these matters is brought about by the differences in the interpretation and implementation of the laws and tax rulings.

The Group's disclosures about these matters are included in Notes 3, 7 and 29 to the consolidated financial statements.

Audit Response

We involved our internal specialists in the evaluation of management's assessment on (a) whether any provision for potential liability should be recognized and the estimation of such amount on the legal case; and (b) whether the tax advance payment is recoverable. We held discussions with and obtained the written replies of the Group's external legal/tax counsels on the status of the case/assessment and their assessment of any potential liability and the recoverability of the tax advance payments and related timing. For the legal case, we sent a confirmation letter to PDIC and obtained their reply which was provided to the Group for reconciliation with the Group's accounting records. For the tax assessment and tax advance payment, we obtained correspondences with the relevant tax authorities and evaluated the tax position of the management by considering the tax laws, rulings and jurisprudence. We also reviewed the Group's disclosures about these matters and the basis of management's assessment.

Recoverability of Goodwill

The Group is required to perform an impairment test on goodwill annually, or more frequently, if events or changes in circumstances indicate that the carrying value may be impaired. As of December 31, 2024, the Group has goodwill amounting to ₱287.02 million which is considered significant to the consolidated financial statements. In addition, management's assessment process requires significant judgment and is based on assumptions which are subject to higher level of estimation uncertainty, specifically for the annual and long-term revenue growth rates and discount rates.

The Group's disclosures on goodwill are included in Note 4 to the consolidated financial statements.

Audit Response

We updated our understanding of the management's process for evaluating the impairment of goodwill. We involved our internal specialist in evaluating the methodologies and the assumptions used. We compared the key assumptions used such as the annual and long-term revenue growth rates against the historical performance of the cash-generating units (CGU), market and industry outlook and other relevant external data. We tested the parameters used in the determination of the discount rate against market data. We also reviewed the Group's disclosures about those assumptions to which the outcome of the impairment test is most sensitive; specifically, those that have the most significant effect on the determination of the recoverable amount of goodwill.

Fair value measurement of derivative

The Group has derivative liability recognized at fair value amounting to ₱2.53 billion as of December 31, 2024. The fair value measurement of this liability is significant to our audit because it is inherently subjective as it involves the use of valuation inputs that are not market observable such as stock price volatility, forward foreign currency exchange rates and credit spread. Management also applied judgment in selecting the valuation technique and the assumptions to be used. We considered this as a key audit matter because of the materiality of the amount involved, and the significant judgment in determination of the non-observable inputs.

The Group's disclosures on the derivative liability are included in Notes 3, 16, 24 and 25 to the consolidated financial statements.

Audit Response

With the involvement of our internal specialist, we evaluated the methodology applied by referencing common valuation models. We performed an independent testing to assess the modelling assumptions and significant inputs used to estimate the fair value of the derivative. We obtained significant inputs from external sources considering available market observable inputs. We also reviewed the Group's disclosures related to the fair value measurement of the derivative liability.

Other Information

Management is responsible for the other information. The other information comprises the SEC Form 17-A for the year ended December 31, 2024 but does not include the consolidated financial statements and our auditor's report thereon, which we obtained prior to the date of this auditor's report, and the SEC Form 20-IS (Definitive Information Statement) for the year ended December 31, 2024, which is expected to be made available to us after the date of this auditor's report.

Our opinion on the consolidated financial statements does not cover the other information and we will not express any form of assurance conclusion thereon.

In connection with our audits of the consolidated financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audits, or otherwise appears to be materially misstated. If, based on the work we have performed on the other information that we obtained prior to the date of this auditor's report, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with PFRS Accounting Standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue ais a going concern.

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Plan and perform the group audit to obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group as a basis for forming an opinion on the consolidated financial statements. We are responsible for the direction, supervision and review of the audit work performed for purposes of group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Dolmar C. Montañez.

1. Corporate Information

LBC Express Holdings, Inc. (referred to as the "Parent Company" or "LBCH"), formerly Federal Resources Investment Group Inc. (FED), was registered with the Securities and Exchange Commission (SEC) on July 12, 1993.

The ultimate parent of the Parent Company is LBC Development Corporation (LBCDC). The Araneta Family is the ultimate beneficial owner of the Parent Company.

FED, before it was acquired by LBCH, undertook an Initial Public Offering and on December 21, 2001, FED's shares were listed on the Philippine Stock Exchange (PSE).

The Parent Company invests, purchases or disposes real and personal property of every kind and description, including shares of stock, bonds, debentures, notes, evidences of indebtedness, and other securities or obligations of any corporation, association, domestic and foreign.

The Parent Company is a public holding company with investments in businesses of messengerial either by sea, air or land of letters, parcels, cargoes, wares, and merchandise; acceptance and remittance of money, bills payment and the like; performance of other allied general services from one place of destination to another within and outside of the Philippines; and foreign exchange trading.

As of December 31, 2024, the Group is in net current liability position of ₱3.66 billion and has a current ratio of 0.66x. The Group's convertible instrument amounting to ₱4.59 billion was extended indefinitely and is classified as current liability since creditor has right to demand payment anytime subject to 30-day notice. To date, the Group is in discussion with banks to obtain replacement financing. In the event of default, the creditor may foreclose the pledged LBCE shares which can be auctioned to public and the proceeds can be used to settle the liability which may have impact to the domestic business of the Group.

Management's plans on future actions to settle the instrument includes improving operation to raise fund, securing replacement financing and those options under the agreement (see Note 16). Management is implementing strategic initiatives to accelerate the recovery of the Group's operation, sustain the increasing trend, and be able raise funds. Other settlement option for the convertible instrument will have material impact to the domestic business of the Group but the international business supports the Group's ability to continue as going concern. Management has determined that these actions support the Group's going concern assessment and has therefore prepared the financial statements on a going concern basis.

The Parent Company's registered office address is at LBC Hangar, General Aviation Centre, Domestic Airport Road, Pasay City, Metro Manila, Philippines.

The accompanying consolidated financial statements of the Parent Company and its subsidiaries (the Group) have been approved and authorized for issue by the BOD on April 14, 2025.

2. **Basis of Preparation and Summary of Material Accounting Policies**

Basis of Preparation

The consolidated financial statements of the Group have been prepared using the historical cost basis except for fair value through profit or loss (FVPL), fair value through other comprehensive income (FVOCI), and derivatives that have been measured at fair value. The consolidated financial statements are presented in Philippine Peso (₱), which is also the Group's functional currency. All amounts are rounded off to the nearest peso unit unless otherwise indicated.

Difference in accounting periods

The Group consolidated the non-coterminous financial statements of its subsidiaries using their November 30 fiscal year end except for QuadX Pte. Ltd., and Mermaid Co., Ltd. with December 31 year end which are aligned with the Parent Company since it is impracticable for the said subsidiaries to prepare financial statements as of the same date as the reporting date of the Parent Company.

Management exercised judgment in determining whether adjustments should be made in the consolidated financial statements of the Group pertaining to the effects of significant transactions or events of its subsidiaries that occur between December 1, 2024 and 2023 and the year-end date of the Parent Company's financial statements which is December 31, 2024 and 2023.

The consolidated financial statements as of December 31, 2024 were adjusted to effect LBCE's availment and settlement of bank loans in December 2024 amounting to ₱136.78 million and ₱100.16 million, respectively, adjustment to reflect the decrease in fair value of investment at FVOCI by ₱9.75 million, maturity of time deposit amounting ₱100.58 million; and adjustment to reflect equity share in net loss of Terra Barbaza Aviation, Inc. (TBAI) amounting to ₱2.67 million for the period December 1 to 31, 2024.

The consolidated financial statements as of December 31, 2023 were adjusted to effect LBCE's availment and settlement of bank loans in December 2023 amounting to ₱290.24 million and ₱32.90 million, respectively, adjustment to reflect equity share in net earnings of Terra Barbaza Aviation, Inc. (TBAI) amounting to ₱1.13 million, and adjustment to reflect the decrease in fair value of investment at FVOCI by ₱13.65 million for the period December 1 to 31, 2023.

Aside from these, there were no other significant transactions that transpired between December 1, 2024 to December 31, 2024, and between December 1, 2023 to December 31, 2023.

Statement of Compliance

The accompanying consolidated financial statements have been prepared in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis of Consolidation

The consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. All significant intercompany balances and transactions, including income, expenses and dividends, are eliminated in full. The consolidated financial statements comprise the financial statements of the Parent Company and its subsidiaries as of December 31, 2024 and 2023.

Non-controlling interests (NCI) represent the portion of profit or loss and net assets in subsidiaries not owned by the Group and are presented separately in the consolidated statement of comprehensive income, consolidated statement of changes in equity and within equity in the consolidated statement of financial position, separately from the Parent Company's equity. Any equity instruments issued by a subsidiary that are not owned by LBCH are non-controlling interests.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of LBCH and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The consolidated financial statements include the financial statements of LBCH and the following subsidiaries:

Changes in Accounting Policies and Disclosures

The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of amended standards effective beginning January 1, 2024. The Group has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Unless otherwise indicated, adoption of these amended standards did not have an impact on the consolidated financial statements of the Group.

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

  The amendments clarify:

  - That only covenants with which an entity must comply on or before the reporting date will affect a liability's classification as current or non-current.

  - That classification is unaffected by the likelihood that an entity will exercise its deferral right.
  - That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

- Amendments to PFRS 16, *Lease Liability in a Sale and Leaseback*

  The amendments specify how a seller-lessee measures the lease liability arising in a sale and leaseback transaction in a way that it does not recognize any amount of the gain or loss that relates to the right of use retained.

- Amendments to PAS 7 and PFRS 7, *Disclosures: Suppliers Finance Arrangements*

  The amendments specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

Standards Issued but not yet Effective

Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Group does not expect that the future adoption of the said pronouncements will have a significant impact on its financial statements. The Group intends to adopt the following pronouncements when they become effective.

Effective beginning on or after January 1, 2025

- PFRS 17, *Insurance Contracts*
- Amendments to PAS 21, *Lack of exchangeability*

Effective beginning on or after January 1, 2026

- Amendments to PFRS 9 and PFRS 7, *Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11
  - Amendments to PFRS 1, *Hedge Accounting by a First-time Adopter*
  - Amendments to PFRS 7, *Gain or Loss on Derecognition*
  - Amendments to PFRS 9, *Lessee Derecognition of Lease Liabilities* and *Transaction Price*
  - Amendments to PFRS 10, *Determination of a 'De Facto Agent'*
  - Amendments to PAS 7, *Cost Method*

Effective beginning on or after January 1, 2027

- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability*

Deferred effectivity

- Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*

Fair Value Measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Financial Assets and Financial Liabilities

Financial Assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. The Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables are measured at the transaction price determined under PFRS 15.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement
For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortized cost (debt instrument)
This category is the most relevant to the Group. The Group measures its financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

This category generally applies to cash and cash equivalents, short-term cash investments, electronic wallet, trade and other receivables, due from related parties and restricted cash under other current assets.

Financial assets designated at fair value through OCI (equity instruments)
Upon initial recognition, the Group can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity and are not held for trading. The classification is determined on an instrument-by-instrument basis.

After initial measurement, such equity investments are subsequently measured at fair value with unrealized gains and losses recognized in OCI. Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognized in profit or loss as other operating income when the right of the payment has been established, except when the Group benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such dividends are recorded in OCI. Equity instruments at FVOCI are not subject to an impairment assessment.

As at December 31, 2024 and 2023, the Group measures its quoted investment in share of stock at FVOCI (see Note 10).

Financial assets at fair value through profit or loss
Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and

interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value with net changes in fair value recognized in profit or loss.

Financial assets at FVPL are subsequently measured at fair value with net changes in fair value recognized in profit or loss as other income (charges).

As at December 31, 2024 and 2023, the Group measures its investment in unquoted unit investment trust fund at FVPL (see Note 10).

Impairment of Financial Assets
The Group recognizes an allowance for expected credit losses (ECL) for all debt instruments not held through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For trade and other receivables, the Group has elected to use the simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix based on loss rate approach that is based on the Group's historical credit loss experience for the past five years, adjusted for forward looking factors specific to the debtors and the economic environment (i.e., non-performing loans and gross domestic product).

For due from related parties and cash and cash equivalents, restricted cash, and other receivables, the Group applies the general approach.

The Group considers a financial asset in default when contractual payment are 90 days past due, except for certain circumstances when the reason for being past due is due to reconciliation with customers of served invoices which is administrative in nature which may extend the definition of default to 180 days and beyond. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group.

Financial assets are written off either partially or in their entirety only when the Group has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment loss.

Financial liabilities

Initial recognition and measurement
Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include accounts and other payables (excluding taxes and government contribution payable), due to related parties, notes payable, transmissions liability, lease liabilities, dividends payable, other noncurrent liabilities and bond payable.

Embedded Derivatives
An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

The Parent Company assesses whether embedded derivatives are required to be separated from the host contracts when the Parent Company first becomes a party to the contract. Reassessment only occurs if there is a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required.

Embedded derivatives are bifurcated from their host contracts, when the following conditions are met:

(a) the entire hybrid contracts (composed of both the host contract and the embedded derivative) are not accounted for as financial assets and liabilities at FVPL;
(b) when their economic risks and characteristics are not closely related to those of their respective host contracts; and
(c) a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative.

Embedded derivatives that are bifurcated from the host contracts are accounted for either as financial assets or financial liabilities at FVPL. Changes in fair values are included in profit or loss. The embedded derivatives of the Parent Company pertain to the equity conversion and redemption options components of the issued convertible debt instrument.

The Group's derivative liability is classified under this category (see Notes 16, 24 and 25)

Subsequent measurement
The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss
Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss. Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied.

Loans and borrowings
After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the consolidated statement of profit or loss.

This category generally applies to 'accounts and other payables' (except taxes and government contribution payable), 'due to related parties', 'notes payable', 'transmissions liability', 'lease liabilities', 'dividends payable', and 'other noncurrent liabilities' presented in the consolidated statement of financial position.

Derecognition of Financial Assets and Financial Liabilities

Financial asset
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

a) the rights to receive cash flows from the asset have expired, or
b) the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Financial liability
A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

Offsetting of Financial Assets and Financial Liabilities
Financial assets and financial liabilities are offset, and the net amount is reported in the statement of financial position when there is a legally enforceable right to offset the recognized amounts and the Company intends to either settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting arrangements, where the related assets and liabilities are presented at gross in the statement of financial position.

Prepayments and Other Assets

Prepayments are recognized when payment has been made in advance for the purchase of goods or services for which delivery or performance has not yet occurred. This also includes advance payments of the Group to the tax authority in relation to an ongoing tax assessment. The Group recognizes the advance payments as an asset if it gives a right to receive future economic benefits in the form of a refund, or by using it to settle tax liabilities, or as tax credit in the future. Prepayments are measured at undiscounted amounts and derecognized in the consolidated statement of financial position as they expire with the passage of time, or through use and consumption.

Creditable withholding taxes (CWT) are amounts withheld from income, which are applied as credit against income taxes, subject to documentary requirements. Creditable withholding taxes that are expected to be utilized as payment for income taxes within 12 months are classified as current asset.

Materials and supplies are initially measured at the cost of purchase, which comprise the purchase price less trade discounts, rebates and other similar deductions. Materials and supplies are subsequently measured at the lower of cost and net realizable value. Cost is determined using average cost formula. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Materials and supplies are derecognized when consumed.

Input tax represents the value-added tax (VAT) due or paid on purchases of goods and services subjected to VAT that the Group can claim against any future liability to the tax authority for output VAT on sale of goods and services subjected to VAT. The input tax can also be recovered as tax credit under certain circumstances against future income tax liability of the Group upon approval of the BIR. Input tax is stated at its estimated net realizable values. Input tax also includes deferred input VAT on unpaid purchase of services which are incurred and billings which have been received as of reporting date. Noncurrent portion of input VAT represents input VAT on unpaid purchase of goods and/or services.

Short-term cash investments are time deposits with maturity of more than three months from the date of acquisition but not exceeding one year.

Property and Equipment

Property and equipment, except land, are stated at cost less accumulated depreciation and amortization and any impairment in value. Land is carried at cost less any impairment loss.

Depreciation and amortization is calculated on a straight-line method over the following estimated useful lives of the property and equipment:

	Years
Computer hardware	3
Furniture, fixtures and office equipment	3 to 5
Transportation equipment	3 to 10
Leasehold improvements	8 years or lease term (whichever is shorter)
Building	50

Construction in progress is stated at cost. Construction in progress is not depreciated until such time as the relevant assets are completed and available for use.

The assets' residual value, estimated useful lives and depreciation and amortization method are reviewed periodically to ensure that the period and method of depreciation and amortization are consistent with the expected pattern of economic benefits from items of property and equipment or if constructed in a leased asset, whichever is shorter between the lease term and the useful life.

The asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

When property and equipment are retired or otherwise disposed of, the cost and the related accumulated depreciation and amortization and accumulated provision for impairment losses, if any, are removed from the accounts and any resulting gain or loss (calculated as the difference between the net disposal proceeds and the carrying amount of the property and equipment) is credited to or charged against profit or loss in the year the property and equipment is derecognized.

Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortization and accumulated impairment losses. Internally generated intangibles, excluding capitalized development costs, are not capitalized and the related expenditure is reflected in profit or loss in the period in which the expenditure is incurred.

Intangible assets with finite lives are amortized over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortization period and the amortization method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortization period or method, as appropriate, and are treated as changes in accounting estimates. The amortization expense on intangible assets with finite lives is recognized in profit or loss in the expense category that is consistent with the function of the intangible assets. The useful life of the Group's software is three to five years.

Intangible assets with indefinite useful lives, including goodwill, are not amortized, but are tested for impairment annually, either individually or at the cash-generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis.

Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in profit or loss when the asset is derecognized.

Security Deposits

Security deposits are recognized when payment has been made to suppliers which will be applied to outstanding payables of the Group on the termination of the related agreements and are recognized at cost.

Investment in Associates

An associate is an entity in which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The Group's investment in the associate is accounted for under the equity method of accounting. After application of the equity method, the Group determines whether it is necessary to recognize an impairment loss on its investment in an associate.

The financial statements of the associate are prepared for the same reporting period as the Group. When necessary, adjustments are made to bring the accounting policies in line with those of the Group.

Impairment of Nonfinancial Assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased.

Employee Benefits

The Group has a noncontributory defined retirement benefit plan. The net defined retirement benefit liability or asset is the aggregate of the present value of the defined retirement benefit liability at the end of reporting date reduced by the fair value of plan assets (if any), adjusted for any effect of limiting a net defined benefit asset to the asset ceiling. The asset ceiling is the present value of any economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan. The cost of providing benefits under the defined benefit plan is actuarially determined using the projected unit credit method.

Defined benefit costs comprise the following:

- service costs
- net interest on the net defined benefit liability or asset
- remeasurements of net defined benefit liability or asset

Service costs which include current service costs, past service costs and gains or losses on non-routine settlements are recognized as expense in profit or loss. Past service costs are recognized when plan amendment or curtailment occurs. These amounts are calculated periodically by an independent qualified actuary.

Net interest on the net defined retirement benefit liability or asset is the change during the period in the net defined retirement benefit liability or asset that arises from the passage of time which is determined by applying the discount rate based on government bonds to the net defined retirement benefit liability or asset. Net interest on the net defined retirement benefit liability or asset is recognized as expense or income in profit or loss.

Remeasurements comprising actuarial gains and losses, return on plan assets and any change in the effect of the asset ceiling (excluding net interest on defined retirement benefit liability) are recognized immediately in OCI in the period in which they arise. Remeasurements are not reclassified to profit or loss in subsequent periods. All remeasurements recognized in OCI account, "Remeasurement gains (losses) on retirement benefit plan", are not reclassified to profit or loss in subsequent periods.

Plan assets are assets that are held by a long-term employee benefit fund or qualifying insurance policies. Plan assets are not available to the creditors of the Group, nor can they be paid directly to the Group. Fair value of plan assets is based on market price information. When no market price is available, the fair value of plan assets is estimated by discounting expected future cash flows using a discount rate that reflects both the risk associated with the plan assets and the maturity or expected disposal date of those assets (or, if they have no maturity, the expected period until the settlement of the related liabilities). If the fair value of the plan assets is higher than the present value of the defined retirement benefit liability, the measurement of the resulting defined retirement benefit asset is limited to the present value of economic benefits available in the form of refunds from the plan or reductions in future contributions to the plan.

The Group's right to be reimbursed of some or all of the expenditure required to settle a defined benefit retirement liability is recognized as a separate asset at fair value when and only when reimbursement is virtually certain.

Termination benefits
Termination benefits are employee benefits provided in exchange for the termination of an employee's employment as a result of either the Group's decision to terminate an employee's employment before the normal retirement date or an employee's decision to accept an offer of benefits in exchange for the termination of employment.

A liability and expense for a termination benefit is recognized at the earlier of when the entity can no longer withdraw the offer of those benefits and when the entity recognizes related restructuring costs. Initial recognition and subsequent changes to termination benefits are measured in accordance with the nature of the employee benefit, as either post-employment benefits, short-term employee benefits, or other long-term employee benefits.

Employee leave entitlement
Employee entitlements to annual leave are recognized as a liability when they are accrued to the employees. The undiscounted liability for leave credits in excess of 45 days is expected to be settled wholly within twelve months after the end of the annual reporting date. Employees of certain foreign subsidiaries are also entitled to long service leaves as mandated by local laws over and above their annual leave if they work for a certain length of time which are taken on a pro-rata basis when the employee ceases to work. Earned leave credits of 45 days is recognized as a liability and settled when the employee leaves the Group subject to certain conditions.

Revenue Recognition

Revenue from contracts with customers
Revenue from contracts with customers is recognized when control of the goods or services are transferred to the customer at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services. The Group has generally concluded that it is the principal in its revenue arrangements.

The following specific recognition criteria must also be met before revenue is recognized:

Service revenue
The Group is in the business of logistics and money remittance which are sold separately as identified and have distinct contracts with customers.

The Group recognizes logistics revenue over time using output method wherein revenue is recognized on the basis of direct measurement of the value to the customer relative to the remaining services promised under the contract. The measurement of progress used the estimated period travelled (measured in days) of the goods being delivered over the period of the date of acceptance up to the delivery date.

Service arising from money transfer is considered to have been rendered when the principal amount of money has been transferred to the intended branch and the same is ready for withdrawal by the intended beneficiary.

Contract liability
A contract liability is the obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer. If a customer pays consideration before the Group transfers goods or services to the customer, a contract liability is recognized when the payment is made, or the payment is due (whichever is earlier). A contract liability is recognized as revenue when the Group performs under the contract. This applies to deferred revenue for which the Group has received the consideration from the customer, but the logistics service has not been completely fulfilled. These are subsequently charged as service revenue over the period of delivery.

Interest income
Interest income is recognized on a time-proportion basis using the effective interest method. Interest income from bank deposits is presented net of applicable tax withheld by the banks.

Other income
Other income is recognized when earned.

Costs and Expense Recognition
Costs and expenses are recognized in profit or loss when decrease in future economic benefit related to a decrease in an asset or an increase in a liability has arisen that can be reliably measured.

Costs and expenses are recognized in profit or loss:
- on the basis of a direct association between the costs incurred and the earning of specific items of income;
- on the basis of systematic and rational allocation procedures when economic benefits are expected to arise over several accounting periods and the association can only be broadly or indirectly determined; or
- immediately when expenditure produces no future economic benefits or when, and to the extent that, future economic benefits do not qualify or cease to qualify, for recognition in the consolidated statement of financial position as an asset.

Leases
The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

Group as lessee
The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

Right-of-use assets
The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets of 2 to 25 years.

The right-of-use assets are also subject to impairment. See discussion on impairment of non-financial assets.

Lease liabilities
At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses (unless they are incurred to produce inventories) in the period in which the event or condition that triggers the payment occurs.

Short-term leases (STL) and leases of low-value assets
The Group applies the STL recognition exemption to those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. The Group applies the low-value assets recognition exemption to leases of underlying assets with a value, when new, of US$5,000 or ₱300,000 and below. Lease payments on short-term leases and low-value assets are recognized as expense on a straight-line basis over the lease term.

Income Taxes
The tax expense for the period comprises of current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity.

Current tax
Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that have been enacted or substantively enacted at the reporting date.

Current income tax relating to items recognized directly in equity is recognized in equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax
Deferred tax is provided using the balance sheet liability method on all temporary differences, with certain exceptions, at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefit of unused tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and net operating losses carryover (NOLCO), to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carryforward benefits of unused tax credits from MCIT and NOLCO can be utilized.

Deferred tax liabilities are not provided on nontaxable temporary differences associated with investments in domestic subsidiaries, associates and interests in joint ventures. Deferred tax liabilities are also not provided on taxable temporary differences associated with investment in subsidiaries and associates, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Foreign Currencies

The Group's consolidated financial statements are presented in Philippine Peso, which is also the Parent Company's functional currency. For each entity, the Group determines the functional currency and items included in the financial statements of each entity are measured using that functional currency. The Group uses the direct method of consolidation and on disposal of a foreign operation, the gain or loss that is reclassified to profit or loss reflects the amount that arises from using this method.

Transactions and balances

Transactions in foreign currencies are initially recorded by the entities at their respective functional currency spot rates at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date.

Differences arising on settlement or translation of monetary items are recognized in profit or loss except for monetary items that are designated as part of the hedge of the Group's net investment in a foreign operation. These are recognized in OCI until the net investment is disposed of, at which time, the cumulative amount is reclassified to profit or loss. Tax charges and credits attributable to exchange differences on those monetary items are also recognized in OCI.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognized in OCI or profit or loss are also recognized in OCI or profit or loss, respectively).

In determining the spot exchange rate to use on initial recognition of the related asset, expense or income (or part of it) on the derecognition of a non-monetary asset or non-monetary liability relating to advance consideration, the date of the transaction is the date on which the Group initially recognizes the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of advance consideration.

Group consolidation
On consolidation, the assets and liabilities of foreign operations are translated into Philippine Peso at the rate of exchange prevailing at the reporting date and their statements of profit or loss are translated at exchange rates prevailing at the dates of the transactions. The exchange differences arising on translation for consolidation are recognized in OCI. On disposal of a foreign operation, the component of OCI relating to that foreign operation is reclassified to profit or loss.

Any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are treated as assets and liabilities of the foreign operation and translated at the spot rate of exchange at the reporting date.

Earnings Per Share ("EPS")
Basic EPS is calculated by dividing income applicable to common shares by the weighted average number of common shares outstanding during the year with retroactive adjustments for stock dividends. Diluted EPS is computed in the same manner as basic EPS, however, net income attributable to common shares and the weighted average number of shares outstanding are adjusted for the effects of all dilutive potential common shares. The calculation of diluted earnings per share does not assume conversion, exercise, or other issue of potential common shares that would have an antidilutive effect on earnings per share.

Segment Reporting
The Executive Committee is the Group's chief operating decision-maker. Operating segments are reported in a manner consistent with the internal reporting provided to the Executive Committee. The Executive Committee, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the steering committee that makes strategic decisions.

Provisions
A provision is recognized when the Group has a legal or constructive obligation as a result of a past event; it is probable that an outflow of economic benefits will be required to settle the obligation; and a reliable estimate can be made on the amount of the obligation.

Provisions are revisited at each reporting date and adjusted to reflect the current best estimate. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pretax rate that reflects the current market assessment of the time value of money, and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

Contingencies
Contingent liabilities are not recognized in the consolidated financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the consolidated financial statements but disclosed when an inflow of economic benefit is probable.

Events after the Reporting Date
Post year-end events up to the date when the consolidated financial statements are authorized for issue that provide additional information about the Group's position at each reporting date (adjusting events) are reflected in the consolidated financial statements. Post year-end events that are not adjusting events are disclosed in the notes to the consolidated financial statements, when material.

3. Significant Accounting Judgments and Estimates

The preparation of the consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Management believes the following represent a summary of these significant judgments, estimates and assumptions:

Judgments

In the process of applying the Group's accounting policies, management has made the following judgments, apart from those involving estimations, which have the most significant effect on the amounts recognized in the consolidated financial statements.

Assumption of going concern

The use of the going assumption involves management making judgments, at a particular point in time, about the future outcome of events or condition that are inherently uncertain. In the event of default, the creditor may foreclose the pledged LBCE shares which can be auctioned to public and the proceeds can be used to settle the liability which may have impact to the domestic business of the Group. Management's plans on future actions to settle the instrument includes improving operation to raise fund, securing replacement financing and those options under the agreement (see Note 16). Management is implementing strategic initiatives to accelerate the recovery of the Group's operation, sustain the increasing trend, and be able raise funds. Other settlement option for the convertible instrument may have impact to the domestic business of the Group but the international business supports the Group's ability to continue as going concern. The Group has no plans to liquidate. Management assessed that it will be able to maintain its positive cash position and settle its liabilities as they fall due. Accordingly, the accompanying consolidated financial statements have been prepared on a going concern basis of accounting.

Consolidation of entities in which the Group holds 50% or less than 50% ownership

LBCE has assessed that it controls the entities located in Bahrain, Kuwait, Qatar and Brunei even at 49% - 50% ownership due to the following reasons:

(a) it has the power to direct the relevant activities (e.g. operations, hiring of people, setting up of rates) of the entities. It has the full discretion on its day to day operations and decides on major transactions these entities enter into.
(b) it is exposed to variable returns of the entities.
(c) given its participation in the relevant activities of the entities, it is able to affect the returns of the entities.

Determining timing of revenue recognition and measurement of progress of performance obligation

The Group determined that the revenue for its logistics services is to be recognized over time because the customer simultaneously receives and consumes the benefits provided by the Group's performance of the obligation as the Group delivers the goods.

The Group has determined that the output method used in measuring the progress of the performance obligation faithfully depicts the Group's performance in delivering the services. The measurement of progress used the estimated period travelled (measured in days) of the goods being delivered over the period of the date of acceptance up to the delivery date. The Group regularly assess the period of delivery and revise its assumptions in determining revenue and contract liability as necessary.

Determining provisions and contingencies and recognition of tax advance payments as asset
The Group is currently involved in various legal proceedings and assessments for national taxes. The estimate of the probable costs for the resolutions of these claims has been developed in consultation with outside legal and tax counsels handling the defense in these matters and is based upon an analysis of potential results. The Group currently does not believe these proceedings will have a material effect on the Group's financial position. It is possible, however, that future results of operations could be materially affected by changes in the estimates or in the effectiveness of the strategies relating to these proceedings and assessments.

The Group recognizes the tax advance payments as an asset since it gives a right to receive future economic benefits, either in the form of (1) a refund, (2) or by using it to settle tax liability, (3) or as tax credit in the future. The Group assessed, in consultation with its tax counsel, that the right is not a contingent asset despite the ambiguity in tax regulations and process that governs the collection.

The Group assessed that it is probable that a portion of the tax advance will be recovered through tax credit that can be used to pay future taxes with the tax authority. The Group classified a portion of the tax advance payment to noncurrent assets considering the expected timing of usage in future periods.

Estimates and Assumptions
The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Group based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

Assessing impairment losses on financial assets
The Group uses a provision matrix to calculate ECLs for financial assets. The provision rates are based on days past due for groupings of various customer segments that have similar loss patterns.

The provision matrix is initially based on the Group's historical observed default rates. The Group calibrates the matrix to adjust the historical credit loss experience with forward-looking information. For instance, if forecast economic conditions (i.e., non-performing loans and gross domestic product) are expected to deteriorate over the next year which can lead to an increase in prices of basic goods and services, the historical default rates are adjusted.

At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historical observed default rates, forecast economic conditions, and ECLs, which have been adjusted to consider a range of possible outcomes, is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and of forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future.

The Group has considered the current economic condition in its calculation of ECL by revisiting the propriety of customer segmentation, ensuring that the loss rates have been appropriately adjusted for forward-looking information, and revising the probability weighting rates for each macroeconomic scenario per customer segment.

Further details on the expected credit losses are disclosed in Notes 6 and 24.

Evaluating impairment of goodwill
Goodwill impairment testing requires an estimation of the recoverable amount which is the higher between fair value less cost to sell or value-in-use of the cash-generating units to which the goodwill is allocated. Estimating value-in-use amount requires management to make an estimate of the expected future cash flows for the cash-generating units and to choose suitable discount rates to calculate the present value of cash flows. The Group's impairment test for goodwill discussed in Note 4 is based on value-in-use calculations using a discounted cash flow model.

The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash-inflows and the annual revenue growth rate and long-term growth rate used.

Further details on goodwill are disclosed in Note 4.

Estimating pension cost
The cost of defined benefit pension plans and other post-employment benefits as well as the present value of the pension obligation are determined using actuarial valuations. The actuarial valuation involves making various assumptions. These include the determination of the discount rates, future salary increases, mortality rates and attrition. Due to the complexity of the valuation, the underlying assumptions and its long-term nature, defined benefit obligations are highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

In determining the appropriate discount rate, management considers the interest rate of government bonds that are denominated in the currency in which the benefits will be paid, with extrapolated maturities corresponding to the expected duration of the defined benefit obligation adjusted based on the manner of cash outflow of settling the pension liability.

The mortality rate is based on publicly available mortality tables in the Philippines and is modified accordingly with estimates of mortality improvements. Future salary increase is based on expected salary rate increase over the duration of the obligation. Attrition rate is based on historical experiences. Further details about the assumptions used are provided in Note 23.

Leases - Estimating the incremental borrowing rate
The Group cannot readily determine the interest rate implicit in the lease, therefore, it uses its incremental borrowing rate (IBR) to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease.

The Group estimates the IBR using observable inputs (such as market interest rates) when available and is required to make certain entity-specific estimates.

Further details on lease liabilities are disclosed in Note 22.

Estimating fair value of embedded derivatives
The fair value of embedded derivatives, related to the issuance of convertible instrument recognized in the consolidated statement of financial position as derivative liability, is measured using binomial pyramid model. The inputs to this model are taken from a combination of observable markets and unobservable market data. Changes in inputs about these factors could affect the reported fair value of the embedded derivatives and impact profit or loss.

Further details on embedded derivatives are disclosed in Notes 16 and 25.

Evaluation of nonfinancial assets for impairment other than goodwill
The Group reviews its nonfinancial assets for impairment of value. This includes considering certain indications of impairment such as significant changes in asset usage, significant decline in the asset's market value of net realizable value, obsolescence or physical damage of an asset, significant underperformance relative to expected historical or projected future operating results and significant negative industry or economic trends.

Based on management's assessment, its nonfinancial assets (such as property and equipment, right-of-use assets, intangible assets, security deposits, investment in associates and other current and noncurrent assets) are recoverable as of December 31, 2024 and 2023. Further details on the nonfinancial assets are disclosed in Notes 7, 8, 9, 11 and 22.

Recognizing deferred tax assets
The Group reviews the carrying amounts of deferred tax assets at each reporting date and reduced to the extent that it is no longer probable that sufficient future taxable income will be available to allow all or part of the deferred tax assets to be utilized. Significant management judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and level of future taxable profits together with future tax planning strategies.

Realization of future tax benefit related to deferred tax assets is dependent on the Group's ability to generate future taxable income during the periods in which they are expected to be recovered. The Group has considered factors in reaching a conclusion as to the amount of deferred tax assets recognized as at December 31, 2024 and 2023. Management believes that the Group will be able to generate future taxable income to allow for the realization of deferred tax assets.

Further details on taxes are disclosed in Note 21.

4. Acquisition of Subsidiary and Goodwill

Acquisition of Blue Eagle and LBC Services Ltd.
On September 28, 2023, the Parent Company acquired, through business combination, 100% of the capital of Blue Eagle and LBC Service Ltd., a corporation registered in Taiwan, for a total purchase price of New Taiwan Dollar (NTD) 5.00 million. This acquisition is part of the agreement entered by the Parent Company for the issuance of convertible instrument in 2017 (see Note 16).

The fair values of identifiable assets acquired and liabilities assumed as at the date of acquisition as shown below:

	Blue Eagle and LBC Service Ltd.
Percentage of ownership of Parent Company	100%
Assets	
Cash and cash equivalents	₱9,345,875
Receivable from related parties	21,751,584
Trade and other receivables, net	1,054
Prepayments and other current assets	306,731
Total current assets	31,405,244
Property and equipment	₱92,146
Intangibles	272,514
Security deposits	4,333,476
Total noncurrent asset	4,698,136
Total asset	36,103,380
Liabilities	
Accounts and other payables	1,818,368
Transmission liability	7,207,548
Total liabilities	9,025,916
Net assets attributable to Parent Company	27,077,464
Less: purchase consideration	8,844,000
Gain on bargain purchase	₱18,233,464

There were no contingent considerations in the above acquisition. Net cash related to acquisition of the above entities in 2023 are shown below.

	Blue Eagle and LBC Service Ltd.
Cash paid	₱8,844,000
Cash acquired	9,345,875
Net cash inflow	₱501,875

The gain on bargain purchase of the acquired company was presented under "Other income (charges)" in the consolidated statements of comprehensive income.

From the date of acquisition on September 28, 2023, the Group's share in the revenue and net loss of Blue Eagle and LBC Service Pte. Ltd. in 2023 amounted to ₱1.33 million and ₱1.61 million, respectively. If the combination had taken place at the beginning of 2023, the Group's total revenue and total net income would have been ₱14,521.99 million and ₱157.87 million, respectively.

Impairment testing of Goodwill
The Group performed its annual impairment testing of goodwill amounting to ₱287.02 million as of December 31, 2024 which are primarily related to the acquisitions of LBC Aircargo (S) PTE LTD (LBC Taiwan Cargo), LBC Australia PTY Limited (LBC Australia Cargo), LBC Money Transfer PTY Limited (LBC Australia Money) and Mermaid Co. Ltd. The impairment testing performed considered the impact of the current economic condition in the assumptions.

Key Assumptions Used in Value-in-Use Calculations
The key assumptions used in determining the recoverable amount based on value-in-use calculations as of December 31, 2024 and 2023 are as follows:

The value-in-use calculation is based on the forecast approved by the management over an explicit period of five years.

The projected cash flows are based on the plan of management to capture demands driven by the growing population of Filipino community in the area by introducing new promotions and expanding through agents.

The key assumptions used in the value-in-use calculations are mostly sensitive to annual and long-term revenue growth rates beyond explicit forecast period and discount rate.

Revenue is projected to increase at a compounded annual growth rate of 3.61% to 6.01% and 3.85% to 6.28% in 2024 and 2023, respectively, and long-term growth rate of 1.00% to 2.00% in 2024 and 2023. Direct costs and capital expenditures are forecasted to follow the trend of revenue except for those that are non-variable but with various cost reduction initiatives such as constant negotiation with its suppliers. Discount rate used in 2024 and 2023 are 8.04% to 13.90% and 6.23% to 13.02%, respectively. This is based on a risk adjusted discount rate using the weighted average cost of capital adjusted to factor in the specific amount and timing of the future tax flows in order to reflect a pre-tax discount rate.

Based on the assessment of the value-in-use of the cash generating units, the recoverable amount exceeded their carrying amounts plus goodwill, hence, no impairment was recognized in 2024 and 2023 in relation to the goodwill.

5. Cash and Cash Equivalents

This account consists of:

	2024	2023
Cash on hand	**₱167,493,160**	₱223,151,164
Cash in banks	**2,565,921,170**	2,054,014,046
Cash equivalents	**14,568**	4,690,260
	₱2,733,428,898	₱2,281,855,470

Cash in banks earn interest at the respective bank deposit rates. Cash equivalents include short-term placements made for varying periods of up to three months depending on the immediate cash requirements of the Group and earn interest at the prevailing short-term placement rates.

Cash in banks and cash equivalents earn interest ranging from 0.0625% to 2.75%, 0.05% to 0.38%, and 0.06% to 0.38% per annum in 2024, 2023 and 2022, respectively. Interest income earned from cash and cash equivalents amounted to ₱1.81 million, ₱0.60 million, and ₱0.59 million and in 2024, 2023 and 2022, respectively.

6. Trade and Other Receivables

This account consists of:

	2024	2023
Trade receivable - outside parties	**₱1,985,699,950**	₱1,749,643,222
Trace receivable - related parties (Note 18)	**360,338,701**	324,947,167
	2,346,038,651	2,074,590,389
Less allowance for impairment losses	**338,223,650**	257,482,114
	2,007,815,001	1,817,108,275
Other receivables:		
Advances to officers and employees	**93,510,501**	105,919,811
Others	**25,843,181**	27,122,799
	₱2,127,168,683	₱1,950,150,885

Trade receivables arise from sale of services related to inbound and outbound courier services handling and consolidation services with normal credit terms of 30 to 90 days. In 2023, the Group has directly written-off trade receivables from a related party amounting to ₱56.15 million (see Notes 18 and 20).

Advances to officers and employees consist mainly of noninterest-bearing advances which are subject to liquidation upon completion of the business transaction and personal advances subject to salary deductions.

Others mainly consist of SSS benefit receivable to be reimbursed within a year and accrual of interest income which is expected to be collected upon maturity of the short-term placements.

The Group performed reassessment of the collectability of its receivables and as a result, recognized additional provision for impairment losses. These were recognized under operating expenses in the consolidated statements of comprehensive income.

The movements in allowance for impairment losses of trade receivables follow:

	2024	2023
Balance at beginning of year	**₱257,482,114**	₱211,457,118
Provision for expected credit losses (Note 20)	**80,741,536**	48,855,410
Accounts written-off	**–**	(2,830,414)
Balance at end of year	**₱338,223,650**	₱257,482,114

7. Prepayments and Other Assets

This account consists of:

	2024	2023
Prepayments:		
Taxes	**₱2,080,621,361**	₱2,122,601,701

Less: noncurrent portion	**2,093,359,358**	2,094,307,378
	₱1,144,894,737	₱1,265,918,338

Details of noncurrent portion follow:

	2024	2023
Prepaid taxes	**₱1,786,734,538**	₱1,807,419,435
Creditable withholding taxes (CWTs)	**242,130,536**	172,279,700
Loans receivable (Note 12)	**62,308,929**	66,227,013

VAT on capital goods	**–**	20,009,214
Notes receivable (Note 18)	**–**	10,454,332
Others	**416,107**	17,277,230
	₱2,093,359,358	₱2,094,307,378

Prepaid taxes include disputed tax payments which can be refunded or be used to settle specific tax liabilities, if there's any, or be used as tax credit for future tax liabilities (see Note 29). The Group assessed that it is probable that a portion of the tax advance will be recovered through tax credit that can be used to pay future taxes. Prepaid taxes also include unamortized portion of business permits.

Prepaid insurance, software maintenance, transportation supplies, and advertising are payments made in advance which will be applied against future billings due within 12 months.

Prepaid employee benefits pertain to advance payments to employees which will be consumed through future employee services.

CWTs are attributable to taxes withheld by the withholding agents which are creditable against income tax payable.

Restricted cash represents cash deposits, in the name of LBCE, with a maturity of one year and assigned to specific customers as a performance guarantee. This also includes time deposits of the Parent Company used as loan guarantee.

Materials and supplies consist of office supplies, packing materials and official receipts to be used in the Group's operations. Materials and supplies recognized under cost of services in profit or loss in 2024, 2023 and 2022 amounted to ₱447.53 million, ₱655.34 million, and ₱707.65 million, respectively (see Note 19).

Input VAT is applied against output VAT. Management believes that the remaining balance is recoverable in future periods.

Loans receivable pertains to receivable of the Parent Company from Transtech Co., Ltd (see Note 12).

Short-term cash investments are time deposits with maturity of more than three months from the date of acquisition but not exceeding one year. The interest income earned from the short-term cash investments and restricted cash amounted to ₱10.94 million, ₱12.23 million, and ₱4.76 million, in 2024, 2023 and 2022, respectively.

Security deposits pertain to lease deposits associated with terminated and expired lease contracts which are expected to be recovered within a year.

Electronic wallet represents revolving fund intended for the G-Cash wallet loading services offered by the Group.

Notes receivable pertains to receivable from LBC Holdings USA Corporation (see Note 18).

Advance payment to a supplier pertains to payment to a service provider intended for the purchase of a software.

Other prepayments pertain to advance payments to suppliers and service providers.

The noncurrent portion of prepaid rent pertains to advance payments for rental of the Group's leases of low-value assets. These payments are to be applied in the last two to three months of the lease term which is beyond 12 months after balance sheet date.

12. Loans Receivables and Trademark Agreement with Transtech

On September 25, 2019, LBCH extended a 15-year 2.3% interest-bearing loan to Transtech Co. Ltd. (Transtech) amounting to $1.80 million. Transtech, an entity incorporated in Japan, is involved in freight forwarding, warehousing, and packing business. Its services include forwarding of Balikbayan boxes from Japan to the Philippines.

Transtech shall pay interests on a quarterly basis. The Loan Agreement also constitutes a pledge by Transtech on its trademark for the benefit of LBCH, to secure LBCH's claims to the repayment of the loaned amount in case of default as defined in the Loan Agreement.

Subsequently, on September 30, 2019, Transtech granted LBCH an exclusive license to use its registered trademark subject to restrictions for a period of 10 years with automatic renewal of 3 years unless otherwise discontinued in writing by either party. LBCH may, in its discretion, use the trademark in combination with any text, graphics, mark, or any other indication. As consideration for the exclusive use of license, LBCH shall pay royalty of $0.13 million annually.

In 2024, 2023 and 2022, LBCH incurred royalty fees amounting to ₱7.18 million, ₱6.96 million, and ₱6.95 million, respectively. The related payable was offset to LBCH's interest receivable and loan receivable from Transtech amounting to ₱1.65 million and ₱5.53 million, respectively in 2024 and to ₱1.75 million and ₱5.21 million, respectively in 2023. Effect of foreign currency exchange rate related to interest receivable and loan receivable offsetting amounted to ₱1.43 million and ₱2.14 million, ₱6.73 million in 2024, 2023 and 2022, respectively.

Loans receivable as at December 31, 2024 and 2023 is as follows:

	2024	2023
Current portion*	**₱14,347,511**	₱12,632,821
Noncurrent portion**	**62,308,929**	66,227,013
	₱76,656,440	₱78,859,834

**Presented under 'Prepayment and other current assets'*
***Presented under 'Other noncurrent assets'*

Interest income earned amounted to ₱1.65 million, ₱1.75 million, and ₱1.87 million, in 2024, 2023, and 2022, respectively.

On June 20, 2017, the BOD of the Parent Company approved the issuance of convertible instrument. The proceeds of the issuance of convertible instrument will be used to fund the growth of the business of the Parent Company, including capital expenditures and working capital. Accordingly, on August 4, 2017, the Parent Company issued, in favor of CP Briks Pte. Ltd (CP Briks), a seven-year secured convertible instrument in the aggregate principal amount of US$50.0 million (₱2,518.25 million) convertible at any time into 192,307,692 common shares of the Parent Company at the option of CP Briks initially at ₱13.00 per share conversion price, subject to adjustments and resetting of conversion price in accordance with the terms and conditions of the instrument as follows:

- effective on three years (3) from issuance date (the Reset Date) – if the 30-day Trading Day Weighted Average Price (TDWAP) of the Parent Company's common shares on the Principal Market prior to the Reset Date is not higher than the initial conversion price, the conversion price shall be adjusted on the Reset Date to the 30-day TDWAP prior to Reset Date;
- upon issuance of common shares for a consideration less than the conversion price in effect – the conversion price shall be reduced to the price of the new issuance;

- upon subdivision or combination (i.e., stock dividend, stock split, recapitalization or otherwise) – the conversion price in effect shall be proportionately reduced or increased; and
- other events or voluntary adjustment.

The convertible instrument (to the extent that the same has not been converted by CP Briks as the holder or by the Parent Company) is redeemable at the option of CP Briks, commencing on the 30th month from the issuance date at the redemption price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively). The agreement also contains redemption in cash by the Parent Company at a price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively) in case of a Change of Control as defined under the agreement.

The Parent Company also has full or partial right to convert the shares subject to various conditions including pre-approval of the PSE of the listing of the conversion shares and other conditions to include closing sale price and daily trading volume of common shares trading on the Principal Market and upon plan of offering, placement of shares or similar transaction with common share price at a certain minimum share price. On August 9, 2021, the Parent Company's stockholders approved the issuance of common shares for potential exercise of conversion rights. As at report date, there has been no conversion nor redemption of the convertible instrument.

The convertible instrument is a hybrid instrument containing host financial liability and derivative components for the equity conversion and redemption options. The equity conversion and redemption options were identified as embedded derivatives and were separated from the host contract.

On October 3, 2017, the Parent Company entered into a pledge supplement with CP Briks whereby the Parent Company constituted in favor of CP Briks a pledge over all of the Parent Company's shares in LBCE consisting of 1,041,180,504 common shares, representing 100% of the total issued and outstanding capital stock of LBCE.

In the event of default, CP Briks may foreclose upon the pledge over LBCE shares as a result of which LBCE shares may be sold via auction to the highest bidder. The sale of LBCE shares in such public auction shall extinguish the outstanding obligation, whether or not the proceeds of the foreclosure sale are equal to the amount of the outstanding obligation. Under the terms of the pledge agreement, if LBCE shares are sold at a price higher than the amount of the outstanding obligation, any amount in excess of the outstanding obligation shall be paid to the Parent Company.

While CP Briks may participate in the auction of LBCE shares should there be a foreclosure, any such foreclosure of the pledge over LBCE shares and any resulting acquisition by CP Briks of equity interest in LBCE are always subject to the foreign ownership restrictions applicable to LBCE, which may not exceed 40% of the total issued and outstanding capital stock entitled to vote, and 40% of the total issued and outstanding capital stock whether or not entitled to vote, of LBCE.

Covenants
While the convertible instrument has not yet been redeemed or converted in full, the Parent Company shall ensure that neither it or its subsidiaries shall incur, create or permit to subsist or have outstanding indebtedness, as defined in the Omnibus Agreement, or enter into agreement or arrangement whereby it is entitled to incur, create or permit to subsist any indebtedness and that the Parent Company shall ensure, on a consolidated basis, that:

a. Total Debt to EBITDA for any Relevant Period (12 months ending on the Parent Company's financial year) shall not exceed 2.5:1.
b. The ratio of EBITDA to Finance Charges for any Relevant Period shall not be less than 5.0:1; and
c. The ratio of Total Debt on each relevant date to Shareholder's Equity for that Relevant Period shall be no more than 1:1.

The determination and calculation of the foregoing financial ratios are based on the agreement and interpretation of relevant parties subject to the terms of the convertible instrument. The Group is in compliance with the above covenants as at December 31, 2024 and 2023, the latest Relevant Period subsequent to the issuance of the convertible instrument. Relevant period means each period of twelve (12) months ending on the last day of the Parent Company's financial year.

In relation to the issuance of the convertible instrument and following the entry of CP Briks as a stakeholder in the Parent Company, the Parent Company entered into the following transactions:

a. On August 4, 2017, LBCE and LBCDC agreed for LBCE to discontinue royalty for the use of LBC Marks (see Note 18).

b. On various dates, the Parent Company entered into the following transactions for the acquisition of certain overseas entities:

vi. On October 15, 2018, the Parent Company acquired the following overseas entities:

- LBC Mabuhay Remittance Sdn. Bhd. which operates as a remittance company in Brunei. The Parent Company purchased one (1) share which represents 50% equity interest at the subscription price of US $557,804 per share.
- LBC Mabuhay (B) SDN BHD which operates as a cargo company in Brunei. The Parent Company acquired 50% of LBC Mabuhay (B) SDN BHD for a total purchase price of US $225,965.

vii. On September 28, 2023, the Parent Company acquired 100% equity in Blue Eagle and LBC Service Ltd., a corporation organized under the Republic of China (Taiwan) for NTD 5.00 million.

Upon completion of the acquisitions discussed in (i) to (vii) above, the Parent Company will have acquired equity interests in twelve overseas entities which are affiliated to the Parent Company and LBCDC.

In 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment (see Note 18). On November 29, 2022, a memorandum of agreement was signed between LBCDC and LBCE, whereas LBCDC pledged certain LBCH shares to secure the repayment of its obligation to LBCE amounting to P1,018.66 million (see Note 18).

If an event of default occurred and be continuing, CP Briks may require the Parent Company to redeem all or any portion of the convertible instrument, provided that CP Briks provides written notice to the Parent Company within the applicable period. Each portion of the convertible instrument subject to redemption shall be redeemed by the Parent Company at price equal to 100% of the conversion amount plus an internal rate of return (IRR) equal to 16% (inclusive of applicable tax, which shall be for the account of CP Briks).

On December 29, 2022, US$11.0 million of the US$50.0 million convertible instrument was redeemed by CP Briks at a total redemption price of ₱1,084.42 million (US$19.33 million) and was paid on January 10, 2023. Gain on partial redemption of convertible instrument amounted to ₱7.58 million in 2022.

On August 2, 2024, CP Briks Pte. Ltd (CP Briks) agreed to extend the original maturity date from August 4, 2024 to such time CP Briks opts to terminate the instrument upon thirty (30) days prior notice ("Extended Stated Maturity Date"). LBCH acknowledges and agrees that the interest in the instrument shall continue to accrue from the original stated maturity date until the Extended Stated Maturity Date, at the relevant IRR pursuant to Sections 4 and 5 of the instrument. Any reference in the purchase agreement and in the instrument to "due 2024" or "maturity date" or similar terms whether any such term is capitalized or not shall hereafter mean Extended Stated Maturity Date.

In order for CP Briks to exercise its right to terminate the instrument, it shall notify LBCH at least thirty (30) days prior to the day CP Briks opts to terminate and LBCH shall pay all outstanding principal and any accrued interest on such date.

a.) In the normal course of business, the Group fulfills the delivery of balikbayan boxes, fulfillment of money remittances and performs certain administrative functions on behalf of its affiliates. The Group charges delivery fees and service fees for the fulfillment of these services based on agreed rates.

The Group charges penalties to affiliates that fail to pay within 30 calendar days upon receipt of billings from LBCE. The amount is recognized by the Group as penalty income and is equivalent to 1/10 of 1% of the total amount of unpaid receivable due per day of delay. No penalty income was recognized in 2024 and 2023.

Accordingly, the Group is also charged penalties by its affiliates for the Group's failure to meet the maximum period of delivery as contained in the service level agreement. There are no claims and losses recognized in both years.

In 2023, a related party ceased its operation and the Group has directly written-off trade receivables from the related party amounting to ₱56.15 million.

Allowance for impairment loss recognized amounted to ₱9.21 million and ₱11.42 million as of December 31, 2024 and 2023, respectively.

b.) The Group provides expense reimbursements, has receivable and payable under regular trade agreements to affiliates. These are non-interest bearing and payable on demand.

In prior years, the Group has outstanding advances of ₱295.00 million to LBC Development Bank, an entity under common control of LBCDC. In 2011, management assessed that these advances are not recoverable. Accordingly, the said asset was written-off from the books in 2011 (see Note 29).

On May 29, 2019, LBCH sold all its 1,860,214 common shares in QUADX Inc. to LBCE for ₱186,021,400 or ₱100 per share payable no later than two years from the execution of deed of absolute sale of share, subject to any extension as may be agreed in writing by the parties.

On July 1, 2019, LBCE sold all its QUADX shares to LBCDC for ₱186.02 million, payable no later than two years from the date of sale, subject to any extension as may be agreed in writing by the parties. On the same date, LBCE, LBCDC and QUADX Inc. entered into a Deed of Assignment of Receivables whereas LBCE agreed to assign, transfer and convey its receivables from QUADX as of March 31, 2019 amounting to ₱832.64 million to LBCDC which shall be paid in full, from time to time starting July 1, 2019 and no later than two years from the date of the execution of the Deed, subject to any extension as may be agreed in writing by LBCE and LBCDC. In July 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment. Subsequently, this was further extended for an additional two years in 2023.

In 2022, LBCDC entered into a pledge agreement with LBCE whereby the former pledged portion of its LBCH shares to LBCE as a guarantee to its outstanding receivables amounting to ₱1,018.66 million.

c.) Starting 2007, LBCDC (Licensor), the Ultimate Parent Company, granted to the Group (Licensee) the full and exclusive right to use the LBC Marks within the Philippines in consideration for a continuing royalty rate of two point five percent (2.5%) of the Group's Gross Revenues which is defined as any and all revenue from all sales of products and services, including all other income of every kind and nature directly and/or indirectly arising from, related to and/or connected with Licensee's business operations (including, without limitation, any proceeds from business interruption insurance, if any), whether for cash or credit, wherever made, earned, realized or accrued, excluding any sales discounts and/or rebates, value added tax. Such licensing agreement was amended on August 4, 2017 and was subsequently discontinued effective September 4, 2017 in recognition of the Group's own contribution to the value and goodwill of the trademark. As of December 2024, and 2023 the remaining balance of royalty fee amounted to ₱128,915 and ₱151,164, respectively.

d.) In the normal course of business, LBCE acquires services from OFII which include sea freight and brokerage mainly for the cargoes coming from international origins. These expenses are billed to the origins at cost.

e.) In November 2011, LBC Mundial Corporation paid-off LBC Holdings USA Corporation’s outstanding mortgage loan which is consolidated into a long-term promissory note amounting to $1,105,148 at 4% interest, payable in 180 equal monthly installments. As of December 31, 2023, total outstanding notes receivable amounted to ₱15.31 million, ₱10.45 million of which is presented as noncurrent under “Other noncurrent assets”. This note were fully collected in 2024. Interest income earned from notes receivable amounted to ₱0.30 million, ₱0.72 million, and ₱1.76 million in 2024, 2023 and 2022, respectively.

f.) On June 26, 2024 and August 9, 2023, LBCH recognized cash dividend from OFII amounting to ₱30.00 million and ₱39.60 million, respectively, for its 30% interest on OFII.

Aside from required approval of related party transactions explicitly stated in the Corporation Code, the Group has established its own related party transaction policy stating that any related party transaction involving amount or value greater than 10% of the Group's total assets are deemed 'Material Related Party Transactions'. Such transactions shall be reviewed by the Related Party Transaction Committee prior to its endorsement for the Board's Approval. Moreover, any related party transaction involving less than 10% of the Group's total assets will be submitted to the President and Chief Executive Officer for review.

These NOLCO and excess of MCIT over RCIT came from LBCE and other subsidiaries.

On September 30, 2020, the BIR issued Revenue Regulations No. 25-2020 implementing Section 4(bbbb) of "Bayanihan to Recover As One Act" which states that the NOLCO incurred for taxable years 2020 and 2021 can be carried over and claimed as a deduction from gross income for the next five (5) consecutive taxable years immediately following the year of such loss.

Optional Standard Deduction
On December 18, 2008, the Bureau of Internal Revenue issued Revenue Regulation No. 16-2008 which implemented the provisions of Republic Act (R.A.) No. 9504, as amended by R.A. 10963 or the Tax Reform Acceleration and Inclusion Act (TRAIN), on Optional Standard Deduction (OSD). This regulation allows individuals and corporate taxpayers to use OSD in computing their taxable income. For corporate taxpayers, they may elect a standard deduction in the amount equivalent to 40% gross income in lieu of the itemized deductions.

In 2024 and 2023, eighteen (18) of LBCE's Subsidiaries opted to use OSD in computing the current provision for income tax.

22. **Lease Commitments**

The following are the lease agreements entered into by the Group:

1. Lease agreements for the current corporate office spaces, which include a three-year term starting from November 1, 2023, and another three-year term starting from January 1, 2024, as well as a five-year term that began on May 16, 2020. The lease agreements are renewable upon mutual agreement with the lessor and include rental rate escalations during the terms of the leases. The lease agreements also require the Parent Company to pay advance rental and security deposits.

2. Lease agreements covering various service centers and service points within the Philippines and foreign branches and subsidiaries located in the Middle East for a period of one (1) to eleven (11) years except for one (1) warehouse which has a lease term of twenty (20) years renewable at the Group's option at such terms and conditions which may be agreed upon by both parties. These lease agreements include provision for rental rate escalations including payment of security deposits and advance rentals.

3. Lease agreement with a local bank covering transportation equipment for a period of three to five years. The lease agreement does not include escalation rates on monthly payments.

There are no contingent rents for the above lease agreements.

23. Retirement Benefits

The entities under LBC Express, Inc. and Subsidiaries has funded noncontributory defined benefit retirement plans covering all qualified employees. The retirement plan is intended to provide for benefit payments to employees equivalent to 25% to 130% of the employee's final monthly basic salary for every year of credited service. Benefits are paid in lump sum upon retirement or separation in accordance with the terms of the Plan. The Group updates the actuarial valuation every year by hiring the services of a third-party qualified actuary. The latest actuarial valuation report was as of reporting date.

The Retirement Plan Trustee, as appointed by the Group in the Trust Agreement executed between the Group and the duly appointed Retirement Plan Trustee, is responsible for the general administration of the Retirement Plan and the management of the Retirement Fund. The Retirement Plan Trustee may seek the advice of a counsel and appoint an investment manager or managers to manage the Retirement Fund, an independent accountant to audit the Fund and an actuary to value the Retirement Fund. The Group has no transaction either directly or indirectly through its subsidiaries or with its employees' retirement benefit fund.

Under the existing Philippine regulatory framework, Republic Act 7641 requires a provision for retirement pay to qualified private sector employees in the absence of any retirement plan in the entity, provided however that the employee's retirement benefits under any collective bargaining and other agreements shall not be less than those provided under the law. The Group's retirement plan meets the minimum retirement benefit specified under Republic Act 7641.

For the Group's Philippine entities and foreign branches, any qualified employee who voluntarily resigns from the service of the Group after completing at least 10 years of service, shall receive a benefit equal to a percentage of his accrued retirement benefits

All equity and debt instruments held have quoted prices in active market.

The equity instruments are investment in stocks of a holding company of a conglomerate listed in the Philippines stock market engaged in various businesses.

Others include market gain or loss, accrued receivables net of payables and etc.

The Retirement Trust Fund assets are valued by the fund manager at fair value using the mark-to-market valuation.

The Group is not required to pre-fund the future defined benefits payable under the Retirement Plan before they become due. For this reason, the amount and timing of contributions to the Retirement Fund are at the Group's discretion. However, in the event a benefit claim arises and the Retirement Fund is insufficient to pay the claim, the shortfall will then be due and payable by the Group to the Retirement Fund.

The Retirement Plan Trustee monitors regularly the status of the plan assets and liabilities to ensure availability of funds upon retirement of personnel.

The Group expects to contribute ₱79 million to the retirement plan in 2025. The retirement plan does not have a formal funding policy. The funding requirement is mainly driven by the availability of excess fund from the Group's operations.

The movement in actuarial gain recognized in other comprehensive income follows:

	2024	2023	2022
Balance at beginning of year	**(₱278,638,327)**	(₱355,242,320)	(₱147,950,373)
Actuarial loss (gain) from defined benefit obligation	**9,380,001**	74,069,196	(221,074,845)
Plan asset remeasurement loss	**885,141**	2,534,797	13,782,898
Balance at end of year, gross	**(268,373,185)**	(278,638,327)	(355,242,320)
Deferred tax effect	**26,203,664**	29,973,529	86,693,579
Balance at end of year, net of tax	**(₱242,169,521)**	(₱248,664,798)	(₱268,548,741)

The principal assumptions used in determining retirement for the defined benefit plans are shown below:

	2024	2023	2022
Discount rate	**6.05% to 6.11%**	5.20% to 6.27%	3.17% to 7.48%
Salary increase	**2.00%**	2.00%	2.00% to 4.00%

Discount rate
The discount rate is determined by reference to spot yield curve at the end of the reporting period based on government bonds with currency and term similar to the estimated term of the benefit obligation. The Group used as reference long-term Philippine Treasury Bonds adjusted to create virtual zero-coupon bonds as of the reporting date and to reflect the term similar to the estimated term of the benefit obligation as determined by the actuary.

Salary increase
This is the expected long-term average rate of salary increase taking into account inflation, seniority, promotion and other market factors. Salary increase comprises of the general inflationary increases plus a further increase for individual productivity, merit and promotion. The future salary increase rates are set by reference over the period over which benefits are expected to be paid.

Demographic assumptions
Assumptions regarding mortality experience are set based on published statistics and experience in the Philippines. Is also considers attrition experience of the Group.

The sensitivity analysis below has been determined based on reasonably possible changes of each significant assumption on the defined benefit liability as of the end of reporting date, assuming if all other assumptions were held constant.

It should be noted that the changes assumed to be reasonably possible at the valuation date are open to subjectivity, and do not consider more complex scenarios in which change other than those assumed may be deemed to be more reasonable.

		2024	2023
	Increase (decrease)	**Net defined benefit liability**	Net defined benefit liability
Discount rate	+1.00%	**(₱57,422,339)**	(₱53,912,294)
	-1.00%	**63,918,598**	59,978,231

	-1.00%	**(60,155,257)**	(56,556,732)

The weighted average duration of the defined benefit obligation at the end of the reporting period is 6.41 years.

Shown below is the maturity analysis of retirement benefit payments up to ten years:

	2024	2023
Less than 1 year	**₱308,257,456**	₱288,737,951

24. Financial Risk Management Objectives and Policies

The Group has various financial assets such as cash and cash equivalents, restricted cash, trade and other receivables (excluding advances to officers and employees), due from related parties, financial assets at FVPL, financial assets at FVOCI, short-term investments under other current assets, loan receivable and notes receivable.

The Group's financial liabilities comprise of accounts and other payables (excluding statutory liabilities, accrued taxes and contract liabilities), due to related parties, notes payable, transmissions liability, lease liabilities, dividends payable, convertible instrument, derivative liability and other noncurrent liabilities. The main purpose of these financial liabilities is to finance the Group's operations.

The main risks arising from the Group's financial instruments are price risk, interest rate risk, liquidity risk, foreign currency risk and credit risk. The BOD reviews and approves policies for managing each of these risks which are summarized below.

Price risk
The Group closely monitors the prices of its equity securities as well as macroeconomic and entity-specific factors which could directly or indirectly affect the prices of these instruments. In case of an expected decline in its portfolio of equity securities, the Group readily disposes or trades the securities for replacement with more viable and less risky investments.

Such investment securities are subject to price risk due to changes in market values of instruments arising either from factors specific to individual instruments or their issuers, or factors affecting all instruments traded in the market.

The following table shows the effect on total comprehensive income should the change in the close share price of quoted equity securities occur as of December 31, 2024, 2023, and 2022 with all other variables held constant.

	Effect on total comprehensive income		
	2024	2023	2022
Change in share price			
+5.00%	**₱4,974,032**	₱9,557,944	₱9,948,064
-5.00%	**(4,974,032)**	(9,557,944)	(9,948,064)
Change in NAV			
+5.00%	**₱118,038**	₱113,178	₱108,353
-5.00%	**(118,038)**	(113,178)	(108,353)

The Group is also exposed to equity price risk in the fair value of the derivative liability due to the embedded equity conversion feature. Furthermore, at a given point in time in the future until maturity date, the derivative liability has a redemption option offering a minimum return in case the value of the conversion feature is low. In 2024, 2023 and 2022, a 5% increase (5% decrease) in the close stock price of the Parent Company's shares has minimal impact in the total comprehensive income.

Interest rate risk and credit spread sensitivity analysis
Except for the credit spread used in the valuation of the convertible instrument, the Group is not significantly exposed to interest rate risk as the Group's interest rate on its cash and cash equivalents and notes payable are fixed and none of the Group's financial assets and liabilities carried at fair value are sensitive to interest rate fluctuations. Further, the impact of fluctuation on interest rates on the Group's lease liabilities will not significantly impact the results of operations. The Group regularly monitors its interest rate exposure in interest rates movements. Management minimizes its interest rate risk by resorting to short-term financing, as needed, and believes that cash generated from normal operations are sufficient to pay its obligation as they fall due.

The value of the Group's convertible instrument is driven primarily by two risk factors: underlying stock prices and interest rates. Interest rates are driven by using risk-free rate, which is a market observable input, and credit spread, which is not based on observable market data. The following table demonstrates the sensitivity to a reasonably possible change in credit spread, with all other variables held constant, on the fair value of the Group's embedded conversion option of the convertible instrument.

	Effect in fair value	
	2024	2023
Credit spread +1%	**₱12,117,306**	₱11,540,380
Credit spread -1%	**(12,189,551)**	(11,609,185)

Liquidity risk
Liquidity risk is the risk from inability to meet obligations when they become due because of failure to liquidate assets or obtain adequate funding. The Group ensures that sufficient liquid assets are available to meet short-term funding and regulatory capital requirements.

The Group has a policy of regularly monitoring its cash position to ensure that maturing liabilities will be adequately met.

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Management believes that cash generated from operations is sufficient to meet daily working capital requirements.

Management has been continuously engaged in cost rationalization on all it's business segments which includes consolidation of facilities, evaluation and rationalization of branches as well as rightsizing of the workforce globally . In addition, management is upgrading its operational touchpoints, websites and applications to be more competitive in the evolving on line logistics industry. These activities are expected to reduce the operational cash outflow requirements and improve liquidity of the Group.

Management believes that with the support from the its Ultimate Parent Company, the Group is able to address any unplanned obligation in the next twelve months that may arise from the convertible instrument which is presented as current financial liability.

Surplus cash is invested into a range of short-dated money time deposits and unit investment trust fund which seek to ensure the security and liquidity of investment while optimizing yield.

The following summarizes the maturity profile of the Group's financial assets based on remaining contractual undiscounted collections:

The Group expects to generate cash flows from its operating activities mainly on sale of services. The Group also has sufficient cash and adequate amount of credit facilities with banks and its ultimate parent company to meet any unexpected obligations except settlement of convertible instrument (see Notes 1 and 16).

The undrawn loan commitments from long-term credit facilities as of December 31, 2024 and 2023 amounted to ₱510.94 million and ₱1,060.00 million, respectively.

Foreign currency risk
Foreign currency risk is the risk that the future cash flows of financial assets and financial liabilities will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates to the Group's operating activities when revenue or expenses are denominated in a different currency from the Group's functional currency.

The Group operates internationally through its various international affiliates by fulfilling the money remittance and cargo delivery services of these related parties. This exposes the Group to foreign exchange risk primarily with respect to Euro (EUR), Hongkong Dollar (HKD), US Dollar (USD) and Japanese Yen (JPY). Foreign exchange risk arises from future commercial transactions, foreign currency denominated assets and liabilities and net investments in foreign operations.

The Group enters into short-term foreign currency forwards, if needed, to manage its foreign currency risk from foreign currency denominated transactions.

Information on the Group's foreign currency-denominated monetary assets and liability recorded under 'cash and cash equivalents', 'trade and other receivables' and liabilities related to convertible instrument in the consolidated statements of financial position and their Philippine Peso equivalents follow:

	2024	
	Foreign currency	**Peso equivalent**
Assets:

Japanese yen	60,219	23,485
Liabilities:		
US Dollars	(35,702,776)	(1,984,003,262)

The translation exchange rates used were ₱61.47 to EUR 1, ₱7.11 to HKD 1, ₱55.57 to USD 1, ₱0.39 to JPY 1in 2023.

The following table demonstrates the sensitivity to a reasonably possible change in foreign exchange rates, with all variables held constant, of the Group's income before tax (due to changes in the fair value of monetary assets and liabilities) as at December 31:

Reasonably possible change in foreign exchange rate for every two units of Philippine Peso	Increase (decrease) in income before tax	
	2024	2023
₱2	**₱41,488,936**	₱41,037,128
(2)	**(41,488,936)**	(41,037,128)

There is no impact on the Group's equity other than those already affecting profit or loss. The movement in sensitivity analysis is derived from current observations on fluctuations in foreign currency exchange rates.

The Group recognized (₱9.25 million), ₱59.87 million, and (₱75.55 million) foreign exchange gains(losses) - net, for the years ended December 31, 2024, 2023, and 2022, respectively, arising from settled transactions and translation of the Group's cash and cash equivalents, trade receivables and payables, advances to affiliates - net and bond payable (see Note 20).

Credit risk

Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

Credit risk is monitored and actively managed by way of strict requirements relating to the creditworthiness of the counterparty at the point at which the transactions are concluded and also throughout the entire life of the transactions, and also by way of defining risk limits.

The maximum credit risk exposure of the Group's financial assets is equal to the carrying amounts in the consolidated statements of financial position.

There are no collaterals held as security or other credit enhancements attached to the Group's financial assets.

Cash in banks and cash equivalents are deposited/placed in banks that are stable as they qualify either as universal or commercial banks. Universal and commercial banks represent the largest single group, resource-wide, of financial institutions in the country the Group is operating. They offer the widest variety of banking services among financial institutions. These financial assets are classified as high grade due to the counterparties' low probability of insolvency.

Set out below is the information about the credit risk exposure on the Group's trade receivables using a provision matrix as at December 31:

Expected credit loss	13,369,439	56,342,715	6,101,206	181,668,754	257,482,114

There are no collaterals held by the Group with respect to trade receivables that have been identified as past due but not impaired.

Capital Management
The Group's objectives in managing capital are to safeguard the Group's ability to continue as a going concern so that it can continue to provide shareholder returns and to maintain an optimal capital structure to reduce the cost of capital and thus, increase the value of shareholder investment.

In order to maintain a healthy capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debts. Management has assessed that the Group is self-sufficient based on historical and current operating results.

The Group is subject to externally imposed capital requirements due to debt covenants. The Group is in compliance with the covenants as at December 31, 2024 and 2023, the latest Relevant Period subsequent to the issuance of the convertible instrument (see Note 16). No changes were made in the objectives, policies or processes for managing capital during the years ended December 31, 2024 and 2023.

The capital that the Group manages is equal to the total equity as shown in the consolidated statements of financial position at December 31, 2024 and 2023 amounting to ₱1,656.06 million and ₱1,926.08 million, respectively.

25. Fair Values and Offsetting Arrangements

The methods and assumptions used by the Group in estimating the fair value of the financial instruments are as follows:

The carrying amounts of cash and cash equivalents, trade and other receivables, due from/to related parties, short-term cash investments, accounts and other payables, dividends payable, transmissions liability, and the current portion of notes payable and lease liabilities approximate their fair value because these financial instruments are relatively short-term in nature.

The fair value of financial assets at FVOCI is the current closing price while the financial asset at FVPL is based on the published net asset value per unit as of reporting date.

The estimated fair value of long-term portion of notes payable is based on the discounted value of future cash flow using applicable rates ranging from 5.93% to 6.03% in 2024 and 5.87% to 5.99% in 2023.

The fair value of the long-term portion of lease liabilities is based on the discounted value of future cash flow using applicable interest rates ranging from 5.93% to 5.96% in 2024 and 5.90% to 5.94% in 2023.

The estimated fair value of derivative liability as at December 31, 2024 and 2023 is based on an indirect method of valuing multiple embedded derivatives. This valuation technique using binomial pyramid model uses stock prices and stock price volatility. This valuation method compares the fair value of the option-free instrument against the fair value of the hybrid convertible instrument. The difference of the fair values is assigned as the value of the embedded derivatives.

The significant unobservable input in the fair value is the stock price volatility of 16.92% and 13.50% in 2024 and 2023, respectively. In 2024 and 2023, a 5% increase (5% decrease) in the stock volatility has very minimal effect to the total comprehensive income.

The plain bond is determined by discounting the cash flows, which is simply the principal at maturity, using discount rate of 17.80% and 17.36% in 2024 and 2023, respectively. The discount rate is composed of the matched to maturity risk free rate and the option adjusted spread (OAS) of 12%.

Fair Value Hierarchy

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities
Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data

Except for the fair values of financial asset at FVOCI which are classified as Level 1, the discounting used inputs such as cash flows, discount rates and other market data, hence are classified as Level 3.

The financial asset at FVPL is under the Level 3 category.

The quantitative disclosures on fair value measurement hierarchy for financial assets and financial liabilities as of December 31 follow:

26. Segment Reporting

Management has determined the operating segments based on the information reviewed by the executive committee for purposes of allocating resources and assessing performance.

The Group's two main operating segments comprise of logistics and money transfer services. The executive committee considers the business from product perspective.

The Group's logistics products are geared toward both retail and corporate clients. The main services offered under the Group's logistics business are domestic and international courier and freight forwarding services (by way of air, sea and ground transport).

Money transfer services comprise of remittance services (including branch retail services and online and mobile remit) and bills payment collection and corporate remittance payout services. Money transfer services include international presence through its branches which comprises international inbound remittance services.

The Group only reports revenue line item for this segmentation. Assets and liabilities and cost and expenses are shared together by these two segments and, as such, cannot be reliably separated.

The Group has no significant customer which contributes 10.00% or more to the revenue of the Group.

Set out below is the disaggregation of the Group's revenue from contracts with customers:

Basic/Diluted EPS	**(₱0.11)**	₱0.12	(₱0.38)

The effect of the assumed conversion of convertible debt is anti-dilutive, as such, the diluted EPS presented in the consolidated statements of comprehensive income is the same value as the basic EPS.

29. Provisions and Contingencies

Closure of LBC Development Bank, Inc.
On September 9, 2011, the Bangko Sentral ng Pilipinas (BSP), through Monetary Board Resolution No. 1354, resolved to close and place LBC Development Bank Inc.'s (the "Bank") assets and affairs under receivership and appointed Philippine Deposit Insurance Company (PDIC) as the Bank's official receiver and liquidator.

On December 8, 2011, the Bank, thru PDIC, demanded LBC Holdings USA Corporation (LBC US) to pay its alleged outstanding obligations amounting to approximately ₱1.00 billion, a claim that LBC US has denied for being baseless and unfounded.

In prior years, the Group has outstanding advances of ₱295.00 million to the Bank, an entity under common control of LBCDC. In 2011, upon the Bank's closure and receivership, management assessed that these advances are not recoverable. Accordingly, the receivables amounting to ₱295.00 million were written-off.

PDIC's external counsel sent demand/collection letters to LBC Systems, Inc. [Formerly LBC Mundial Inc.] [Formerly LBC Mabuhay USA Corporation], demanding the payment of various amounts aggregating to ₱911.59 million on March 24 and 29, 2014, and June 17, 2015 and June 24 and June 26, 2015.

On March 17, 2014, PDIC's external counsel sent a demand/collection letter to LBC Express, Inc. (LBCE), for collection of alleged amounts totaling ₱1.76 billion representing unpaid service fees due from June 2006 to August 2011 and service charges on remittance transactions from January 2010 to September 2011. On March 29, 2014, PDIC's external counsel also sent demand/collection letters to LBCE and LBCDC for collection of the additional amounts of ₱27.17 million and ₱30 million, respectively, representing alleged unwarranted reduction of advances made by the Bank.

On November 2, 2015, the Bank, represented by the PDIC, filed a case against LBCE and LBCDC, together with other defendants, before the Makati City Regional Trial Court (RTC) for collection of money in the total amount of ₱1.82 billion. PDIC justified the increase in the amount from the demand letter sent on March 17, 2014 as due to their discovery that the supposed payments of LBCE and LBCDC were allegedly unsupported by actual cash inflow to the Bank, which PDIC sought to collect through the respective demand letters sent on March 29, 2014.

On December 28, 2015, the summons, the Complaint and the writ of preliminary attachment were served on the former Corporate Secretary of LBCE. The writ of preliminary attachment resulted to the (a) attachment of the 1,205,974,632 shares of LBC Express Holdings, Inc. owned by LBCDC and (b) attachment of various bank accounts of LBCE totaling ₱6.90 million. The attachment of the shares of LBC Express Holdings, Inc. in the record of the stock transfer agent had the effect of preventing the registration or recording of any transfers of such shares in the corporate records, until the writ of preliminary attachment is discharged.

On January 12, 2016, LBCE and LBCDC, together with other defendants, filed motions to dismiss the Complaint which was denied by the RTC, and then by the Court of Appeals (CA). LBCE and LBCDC filed an appeal to the Supreme Court on September 2, 2019 assailing the denial of the motions to dismiss. PDIC has already filed its comment on the appeal while LBCE and LBCDC filed its reply on October 14, 2020. The Supreme Court has not resolved the appeal as of today.

On January 21, 2016, LBCE and LBCDC filed its Urgent Motion to Approve the Counterbond and Discharge the Writ of Attachment which was resolved in favor of LBCE and LBCDC.

On February 17, 2016, the RTC issued the order to lift and set aside the writ of preliminary attachment. The order to lift and set aside the writ of preliminary attachment directed the sheriff of the RTC to deliver to LBCE and LBCDC all properties previously garnished pursuant to the said writ. The counterbond delivered by LBCE and LBCDC stands as security for all properties previously attached and to satisfy any final judgment in the case.

From August 10, 2017 to January 19, 2018, LBCE, LBCDC, the other defendants and PDIC were referred to mediation and Judicial Dispute Resolution (JDR) but were unable to reach a compromise agreement. The RTC ordered the mediation and JDR terminated and the case was raffled to a new judge who scheduled the case for pre-trial proceedings.

On or about September 3, 2018, PDIC filed a motion for issuance of alias summons to five individual defendants, who were former officers and directors of the Bank. For reasons not explained by PDIC, it had failed to cause the service of summons upon the five individual defendants and hence, the RTC had not acquired jurisdiction over them. Since PDIC was still trying to serve summons on the five individual defendants and thus, for orderly proceedings, LBCE and other defendants filed motions to defer pre-trial until the RTC had acquired jurisdiction over the remaining defendants.

On January 18, 2019, PDIC filed its Pre-Trial Brief. LBCE, LBCDC and the other defendants, filed their own Pre-Trial Briefs on February 18, 2019 without prejudice to their pending motions to defer pre-trial. In the meantime, the parties have proceeded to pre-mark their respective documentary exhibits in preparation for eventual pre-trial.

On May 2, 2019, at the pre-trial hearing, the RTC released an Order, which, among others, granted LBCE's motion to defer pre-trial proceedings in order to have an orderly and organized pre-trial and deferred the pre-trial hearing until the other defendants have received summons and filed their answers.

Later on, three of the four individual defendants received summons and then filed motions to dismiss the case, all of which were denied by the RTC. The three individual defendants filed motions for reconsideration which were eventually denied by the RTC. Thereafter, the two individual defendants filed their Answers to the Complaint with the RTC, and the third individual defendant filed her Answer with Compulsory Counterclaims on May 24, 2021. On December 15, 2020, PDIC filed a motion to declare the fourth individual defendant in default for failure to file an Answer despite receiving the summons. The fourth individual defendant replied that he has filed his Answer to the Complaint on July 13, 2020. PDIC filed its Reply with motion to show cause against the fourth individual defendant on January 14, 2021 and such defendant filed his Manifestation and Comment/Opposition thereto on January 19, 2021.

Meanwhile, on January 16, 2021, summons, together with a copy of the Complaint were served on LBC Properties, Inc., another defendant in this case. On February 11, 2021, LBC Properties, Inc. filed its Answer to the Complaint.

Later on, the RTC denied the motion for reconsideration of the last remaining individual defendant. Thus, on May 24, 2021, a defendant filed her Answer with Compulsory Counterclaims.

On November 8 2021, the parties completed the pre marking of their respective documentary exhibits.

The RTC then conducted the pre-trial proper from May 26, 2022 until September 29, 2022.

The presentation of PDIC's evidence and witnesses commenced on January 11, 2023. After several postponements, PDIC was supposed to present its last witness during the hearing on 22 February 2023. The RTC directed PDIC to make its oral formal offer of evidence on 8 March 2023.

On March 7, 2023, PDIC filed a Motion for Reconsideration, submitting the Judicial Affidavit of the witness and requesting that the RTC allow the witness to be presented. The defendants have since then filed their Comment/Opposition to the Motion for Reconsideration. The RTC will rule on PDIC's Motion for Reconsideration of the Order dated February 22, 2023 after receipt of PDIC's Reply.

Meanwhile, due to the pendency of the Motion for Reconsideration of the Order dated February 22, 2023, the RTC cancelled the scheduled hearing on March 8, 2023, and reset the same to April 19, 2023.

On April 19, 2023, the RTC allowed PDIC to present its last witness during the hearing. The testimony of the witness was completed on April 19, 2023.

The RTC issued an Order dated April 20, 2023 ruling the defendants' Comment/Opposition to PDIC's Motion for Reconsideration has been rendered moot by the presentation and cross examination of the defendant. The RTC set the case for hearing on May 4, 2023 during which PDIC will formally offer its documentary evidence. The RTC likewise set the case for hearing on May 18, 2023 for the initial presentation of LBC's evidence and witnesses.

LBCE, LBCDC and the other defendants filed a Motion for Reconsideration, Motion to Resolve, and Motion to Defer Plaintiff's Formal Offer of Evidence dated May 4, 2023, which essentially sought to reconsider the RTC on April 20, 2023. Order on the ground that the cross-examination of the last witness was made with express objections to the admissibility of her testimony and with express reservations with respect to the pending Motion for Reconsideration of the PDIC as well as to any remedy against any adverse resolution on the pending Motion for Reconsideration of the PDIC.

LBCE, LBCDC and the other defendants also requested the RTC to resolve the pending Motion for Reconsideration of the PDIC and to defer the Plaintiff's formal offer of evidence scheduled on May 4, 2023.

At the hearing on May 4, 2023, the RTC postponed PDIC's oral formal offer of evidence in light of the defendants' motions and directed PDIC to file a comment or opposition. PDIC filed an Opposition/Comment dated May 9, 2023.

The RTC then issued an Order dated May 18, 2023, whereby the presiding judge voluntarily inhibited from the case. The case was then raffled to Makati RTC, Branch 132 presided by Hon. Rommel O. Baybay.

After conducting a status hearing on July 13, 2023, the new presiding judge issued on Order of the same date, denying the pending motions on the ground that they are moot and academic, seeing that the last witness already testified. The Order further directed PDIC to file a written formal offer of evidence within 30 days from notice and granting the defendants an equal period of time to comment thereto.

On August 15, 2023, LBCE, LBCDC and the other defendants, through counsel, received the written Formal Offer of Evidence of PDIC. LBCE, LBCDC, and the other defendants filed their respective comments thereto.

The judge issued an order dated September 28, 2023, admitting all of the documentary evidence of the PDIC. Since the judge appeared not to consider serious objections raised by the defendants to the documentary evidence, LBCE, LBCDC, and the other defendants filed their respective motions for reconsideration. In the Order dated January 17 ,2024, the RTC denied the Motion for Reconsideration.

Accordingly, on January 18, 2024, LBCE filed its Demurrer to Evidence and LBCDC, LBC Properties, Inc. and the individual defendants filed a separate Demurrer to Evidence.

The RTC granted PDIC a period of 30 days to file its comments to the Demurrers and further granted the defendants a period of 30 days to file their replies.

Subsequently, another defendant filed her own Demurrer to Evidence dated February 19, 2024.

LBCE, LBCDC, LBC Properties, Inc. and the other defendants will file their Reply to the PDIC's Comment to the Demurrers to Evidence, which is due on March 20, 2024.

In a Motion for Extension of Time dated February 27, 2024, PDIC requested that it be given until March 23, 2024 to file its Comment to a defendant's Demurrer to Evidence.

Pending the resolution of the Demurrers, the initial presentation of evidence for the Defendants is set on April 19, 2024, April 26, 2024, and May 10, 2024.

At the hearing on April 19, 2024, the RTC noted that the Demurrers were not yet resolved. One of the defendant was given until May 4, 2024 to file a Reply in response to PDIC's Comment to said defendant's Demurrer to Evidence. Upon its request, PDIC was given 30 days from receipt of defendant's Reply to file a Consolidated Rejoinder to defendant's Reply and the Reply filed on behalf of LBCE and others.

The hearing dates on April 26, 2024 and May 10, 2024 were cancelled. The hearing dates for the presentation of Defendants' evidence were rescheduled to July 19, 2024, August 2, 2024, and August 23, 2024.

On May 16, 2024, LBCE received a copy of the Resolution dated May 9, 2024, denying all of the Demurrers. LBCE and the other Defendants filed their respective Motions for Reconsideration dated May 31, 2024. Defendant Berenguer also filed a Motion for Reconsideration dated June 3, 2024. The PDIC filed its oppositions to the three Motions for Reconsideration.

At the hearing last July 19, 2024, the court stated that it needed more time to resolve the pending motions. Hence, the presentation of Defendants' evidence were rescheduled to August 2, 2024 and August 23, 2024.

The court later issued a Resolution dated August 1, 2024, denying all the Motions for Reconsideration. The hearings for presentation of Defendants' evidence were rescheduled to September 20, 2024 and November 15, 2024.

LBCE and the other defendants presented their first witness on September 20, 2024, November 15, 2024 and March 6, 2025. Due to lack of time to complete the cross-examination of the first witness, the presentation of defendants' evidence was scheduled for continuance on July 17, 2025 and July 30, 2025. The Defendants have at least five more witnesses to present. Hence, the trial of the civil case is still on-going at this time.

In relation to the above case, in the opinion of management and in concurrence with its legal counsel, any liability of LBCE is not probable and estimable at this point.

National taxes
LBCE and its certain subsidiaries are currently involved in assessments for national taxes and the outcome is not currently determinable.

The estimate of the probable costs for the resolution of this assessment has been developed in consultation with the Group's tax counsel and based upon an analysis of potential results. The inherent uncertainty over the outcome of this matter is brought about by the differences in the interpretation and application of laws and rulings. Management believes that the ultimate liability, if any, with respect to this assessment, will not materially affect the financial position and performance of the Group.

Without prejudice to the results of the assessment, the Group paid tax advance to the taxation authority amounting to ₱2.03 billion. In 2022, management assessed that it is probable that these tax advance payments will be used to settle tax liabilities, if there's any, and be used as tax credit for tax liabilities in the succeeding years. As such, the Group recognized the tax advance payment as other assets classified between current and noncurrent in consideration of the expected timing of usage in future periods (see Note 7).

The Group does not provide further information required under Philippine Accounting Standards (PAS) 37, *Provisions, Contingent Liabilities and Contingent Assets*, on the ground that it may prejudice the outcome of the assessments.

NDEPENDENT AUDITOR'S REPORT

The Stockholders and Board of Directors
LBC Express Holdings, Inc.
LBC Hangar, General Aviation Centre

Report on the Audit of the Parent Company Financial Statements

Opinion

We have audited the parent company financial statements of LBC Express Holdings, Inc. (the Parent Company), which comprise the parent company statements of financial position as at December 31, 2024 and 2023, parent company statements of comprehensive income, parent company statements of changes in equity and parent company statements of cash flows for the years then ended, and notes to the parent company financial statements, including material accounting policy information.

In our opinion, the accompanying parent company financial statements present fairly, in all material respects, the financial position of the Parent Company as at December 31, 2024 and 2023, and its financial performance and its cash flows for the years then ended in accordance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Basis for Opinion

We conducted our audits in accordance with Philippine Standards on Auditing (PSAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Parent Company Financial Statements* section of our report. We are independent of the Parent Company in accordance with the Code of Ethics for Professional Accountants in the Philippines (Code of Ethics) together with the ethical requirements that are relevant to our audit of the parent company financial statements in the Philippines, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of Management and Those Charged with Governance for the Parent Company Financial Statements

Management is responsible for the preparation and fair presentation of the parent company financial statements in accordance with PFRS, and for such internal control as management determines is necessary to enable the preparation of parent company financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the parent company financial statements, management is responsible for assessing the Parent Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Parent Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Parent Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Parent Company Financial Statements

Our objectives are to obtain reasonable assurance about whether the parent company financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with PSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these parent company financial statements.

As part of an audit in accordance with PSAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the parent company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Parent Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Parent Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the parent company financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Parent Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the parent company financial statements, including the disclosures, and whether the parent company financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on the Supplementary Information Required Under Revenue Regulation 15-2010

The supplementary information required under Revenue Regulation 15-2010 for purposes of filing with the Bureau of Internal Revenue is presented by the management of LBC Express Holdings, Inc. in a separate schedule. Revenue Regulation 15-2010 requires the information to be presented in the notes to the parent company financial statements. Such information is not a required part of the basic financial statements. The information is also not required by the Revised Securities Regulation Code Rule No. 68. Our opinion is not affected by the presentation of the information in a separate schedule.

The engagement partner on the audit resulting in this independent auditor's report is Dolmar C. Montañez.

NOTES TO PARENT COMPANY FINANCIAL STATEMENTS

1. Corporate Information

LBC Express Holdings, Inc. (referred to as the "Parent Company" or "LBCH"), formerly Federal Resources Investment Group Inc. (FED), was registered with the Securities and Exchange Commission (SEC) on July 12, 1993.

The ultimate parent of the Parent Company is LBC Development Corporation (LBCDC). The Araneta Family is the ultimate beneficial owner of the Parent Company.

FED, before it was acquired by LBCH, undertook an Initial Public Offering and on December 21, 2001, FED's shares were listed on the Philippine Stock Exchange (PSE).

The Parent Company invests, purchases or disposes real and personal property of every kind and description, including shares of stock, bonds, debentures, notes, evidence of indebtedness, and other securities or obligations of any corporation, association, domestic and foreign.

The Parent Company is a public holding company with investments in businesses of messengerial either by sea, air or land of letters, parcels, cargoes, wares, and merchandise; acceptance and remittance of money, bills payment and the like; performance of other allied general services from one place of destination to another within and outside of the Philippines; and foreign exchange trading.

The Parent Company's registered office address is at LBC Hangar, General Aviation Centre, Domestic Airport Road, Pasay City, Metro Manila, Philippines.

Going Concern Assessment

As of December 31, 2024, the Group is in net current liability position of ₱3.28 billion and has a current ratio of 0.29x. The Group's convertible instrument amounting to ₱4.59 billion was extended indefinitely and is classified as current liability since creditor has right to demand payment anytime subject to 30-day notice. To date, the Group is in discussion with banks to obtain replacement financing. In the event of default, the creditor may foreclose the pledged LBCE shares which can be auctioned to public and the proceeds can be used to settle the liability which may have impact to the domestic business of the Group.

Management's plans on future actions to settle the instrument includes improving operation to raise fund, securing replacement financing and those options under the agreement (see Note 12). Management is implementing strategic initiatives to accelerate the recovery of the Group's operation, sustain the increasing trend, and be able raise funds. Other settlement option for the convertible instrument will have material impact to the domestic business of the Group but the international business supports the Group's ability to continue as going concern. Management has determined that these actions support the Group's going concern assessment and has therefore prepared the financial statements on a going concern basis.

The accompanying financial statements of the Parent Company has been approved and authorized for issue by the Parent Company's Board of Directors (BOD) on April 14, 2025.

2. **Summary of Material Accounting Policies**

Basis of Preparation
The financial statements of the Parent Company have been prepared using the historical cost basis, except for investments at fair value through profit or loss (FVPL) and derivatives that have been measured at fair value. The Parent Company financial statements are presented in Philippine Peso (₱), which is also the Parent Company's functional currency. All amounts are rounded off to the nearest peso unit unless otherwise indicated. The Parent Company prepares consolidated financial statements which are available in its official place of business.

Statement of Compliance
The accompanying financial statements of the Parent Company have been prepared in compliance with Philippine Financial Reporting Standards (PFRS) Accounting Standards.

Changes in Accounting Policies and Disclosures
The accounting policies adopted are consistent with those of the previous financial year, except for the adoption of amended standards effective beginning January 1, 2024. The Parent Company has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

Unless otherwise indicated, adoption of these amended standards did not have an impact on the financial statements of the Parent Company.

- Amendments to PAS 1, *Classification of Liabilities as Current or Non-current*

  The amendments clarify:
  - That only covenants with which an entity must comply on or before the reporting date will affect a liability's classification as current or non-current.
  - That classification is unaffected by the likelihood that an entity will exercise its deferral right.
  - That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

- Amendments to PFRS 16, *Lease Liability in a Sale and Leaseback*

  The amendments specify how a seller-lessee measures the lease liability arising in a sale and leaseback transaction in a way that it does not recognize any amount of the gain or loss that relates to the right of use retained.

- Amendments to PAS 7 and PFRS 7, *Disclosures: Suppliers Finance Arrangements*

  The amendments specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

Standards Issued but not yet Effective
Pronouncements issued but not yet effective are listed below. Unless otherwise indicated, the Parent Company does not expect that the future adoption of the said pronouncements will have a significant impact on its financial statements. The Parent Company intends to adopt the following pronouncements when they become effective.

Effective beginning on or after January 1, 2025
- PFRS 17, *Insurance Contracts*
- Amendments to PAS 21, *Lack of exchangeability*

Effective beginning on or after January 1, 2026
- Amendments to PFRS 9 and PFRS 7, *Classification and Measurement of Financial Instruments*
- Annual Improvements to PFRS Accounting Standards—Volume 11
  - Amendments to PFRS 1, *Hedge Accounting by a First-time Adopter*
  - Amendments to PFRS 7, *Gain or Loss on Derecognition*
  - Amendments to PFRS 9, *Lessee Derecognition of Lease Liabilities* and *Transaction Price*
  - Amendments to PFRS 10, *Determination of a 'De Facto Agent'*
  - Amendments to PAS 7, *Cost Method*

Effective beginning on or after January 1, 2027
- PFRS 18, *Presentation and Disclosure in Financial Statements*
- PFRS 19, *Subsidiaries without Public Accountability*

Deferred effectivity
Amendments to PFRS 10, *Consolidated Financial Statements*, and PAS 28, *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*.

Fair Value Measurement
Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- in the principal market for the asset or liability, or
- in the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible to the Parent Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Parent Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the parent company financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognized in the parent company financial statements on a recurring basis, the Parent Company determines whether transfers have occurred between Levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Financial Assets and Financial Liabilities

Financial Assets

Initial recognition and measurement
Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Parent Company's business model for managing them. The Parent Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

In order for a financial asset to be classified and measured at amortized cost or fair value through OCI, it needs to give rise to cash flows that are 'solely payments of principal and interest' (SPPI) on the principal amount outstanding. This assessment is referred to as the SPPI test and is performed at an instrument level.

The Parent Company's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both.

Subsequent measurement
For purposes of subsequent measurement, financial assets are classified in four categories:

- Financial assets at amortized cost (debt instruments)
- Financial assets at fair value through OCI with recycling of cumulative gains and losses (debt instruments)
- Financial assets designated at fair value through OCI with no recycling of cumulative gains and losses upon derecognition (equity instruments)
- Financial assets at fair value through profit or loss

Financial assets at amortized cost (debt instrument)
This category is the most relevant to the Group. The Group measures its financial assets at amortized cost if both of the following conditions are met:

- The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.
- Financial assets at amortized cost are subsequently measured using the effective interest (EIR) method and are subject to impairment. Gains and losses are recognized in profit or loss when the asset is derecognized, modified or impaired.

This category generally applies to cash, receivables, loans receivable and restricted cash equivalents presented under prepayments and other current assets, due from related parties and dividend receivable.

Financial assets at fair value through profit or loss
Financial assets at fair value through profit or loss include financial assets held for trading, financial assets designated upon initial recognition at fair value through profit or loss, or financial assets mandatorily required to be measured at fair value. Financial assets are classified as held for trading if they are acquired for selling or repurchasing in the near term. Derivatives, including separated embedded derivatives, are also classified as held for trading unless they are designated as effective hedging instruments. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at fair value through profit or loss, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortized cost or at fair value through OCI, as described above, debt instruments may be designated at fair value through profit or loss on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

Financial assets at fair value through profit or loss are carried in the parent company statement of financial position at fair value with net changes in fair value recognized in profit or loss.

Financial assets at FVPL are subsequently measured at fair value with net changes in fair value recognized in profit or loss as other income (charges).

As at December 31, 2024 and 2023, the Parent Company measures its investment in unquoted unit investment trust fund at FVPL.

Impairment of Financial Assets
The Parent Company recognizes an allowance for expected credit losses (ECL) for all debt instruments not held through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Parent Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

For due from related parties, loans receivable, restricted cash, and cash, the Parent Company applies the general approach.

For financial assets for which the Parent Company has no reasonable expectations of recovering either the entire outstanding amount, or a proportion thereof, the gross carrying amount of the financial asset is reduced. This is considered a (partial) derecognition of the financial asset.

As of December 31, 2024 and 2023, the Parent Company has not determined any expected credit loss for its financial assets subject for impairment.

Financial Liabilities

Initial recognition and measurement
Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Parent Company's financial liabilities include accounts and other payables (excluding taxes payable), due to related parties and bond payable.

Embedded Derivatives
An embedded derivative is a component of a hybrid (combined) instrument that also includes a non-derivative host contract with the effect that some of the cash flows of the combined instrument vary in a way similar to a stand-alone derivative.

The Parent Company assesses whether embedded derivatives are required to be separated from the host contracts when the Parent Company first becomes a party to the contract. Reassessment only occurs if there is a change in the terms of the contract that significantly modifies the cash flows that would otherwise be required.

Embedded derivatives are bifurcated from their host contracts, when the following conditions are met:

(a) the entire hybrid contracts (composed of both the host contract and the embedded derivative) are not accounted for as financial assets and liabilities at FVPL;
(b) when their economic risks and characteristics are not closely related to those of their respective host contracts; and
(c) a separate instrument with the same terms as the embedded derivative would meet the definition of a derivative.

Embedded derivatives that are bifurcated from the host contracts are accounted for either as financial assets or financial liabilities at FVPL. Changes in fair values are included in profit or loss. The embedded derivatives of the Parent Company pertain to the equity conversion and redemption options components of the issued convertible debt instrument.

The Parent Company's derivative liability is classified under this category (Notes 12, 17 and 18).

Subsequent measurement
The measurement of financial liabilities depends on their classification, as described below:

Financial liabilities at fair value through profit or loss
Financial liabilities at fair value through profit or loss include financial liabilities held for trading and financial liabilities designated upon initial recognition as at fair value through profit or loss.

Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative financial instruments entered into by the Parent Company that are not designated as hedging instruments in hedge relationships as defined by PFRS 9. Separated embedded derivatives are also classified as held for trading unless they are designated as effective hedging instruments.

Gains or losses on liabilities held for trading are recognized in profit or loss.
Financial liabilities designated upon initial recognition at fair value through profit or loss are designated at the initial date of recognition, and only if the criteria in PFRS 9 are satisfied.

Loans and borrowings
After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortized cost using the EIR method. Gains and losses are recognized in profit or loss when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included as finance costs in the parent company statement of profit or loss.

This category generally applies to 'accounts and other payables' (except statutory liabilities), 'due to related parties' and 'bond payable' presented in the parent company statement of financial position.

Derecognition of Financial Assets and Financial Liabilities

Financial asset
A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognized when:

a) the rights to receive cash flows from the asset have expired, or
b) the Parent Company has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) the Parent Company has transferred substantially all the risks and rewards of the asset or (b) the Parent Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Parent Company has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if and to what extent it has retained the risks and rewards of ownership. When it has neither transferred nor retained substantially all of the risks and rewards of the asset, nor transferred control of the asset, the Parent Company continues to recognize the transferred asset to the extent of the Parent Company's continuing involvement. In that case, the Parent Company also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Parent Company has retained. Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Parent Company could be required to repay.

Financial liability
A financial liability is derecognized when the obligation under the liability is discharged or cancelled or expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in profit or loss.

Offsetting of Financial Assets and Financial Liabilities
Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the asset and settle the liability simultaneously. This is not generally the case with master netting arrangements, where the related assets and liabilities are presented at gross in the statement of financial position.

Prepayments and Other Current Assets
Prepayments and other current assets are recognized as assets to the extent it is probable that the benefit will flow to the Parent Company. These are derecognized when there is a legally enforceable right to apply the recognized amounts against the related tax liability within the period prescribed by the relevant tax laws.

Creditable withholding taxes (CWT) are amounts withheld from income, which are applied as credit against income taxes, subject to documentary requirements. Creditable withholding taxes that are expected to be utilized as payment for income taxes within 12 months are classified as current asset.

Input tax represents the value-added tax (VAT) due or paid on purchases of goods and services subjected to VAT that the Parent Company can claim against any future liability to the Bureau of Internal Revenue (BIR) for output VAT on sale of goods and services subjected to VAT. The input tax can also be recovered as tax credit under certain circumstances against future income tax liability of the Parent Company upon approval of the BIR. Input tax is stated at its estimated net realizable values. This includes deferred input VAT on unpaid purchase of services which are incurred and billings which have been received as of reporting date. Noncurrent portion of input VAT represents input VAT on unpaid purchase of goods and/or services.

Short-term cash investments are time deposits with maturity of more than three months from the date of acquisition but not exceeding one year.

Investment in an Associate
An associate is an entity in which the Parent Company has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee, but is not control or joint control over those policies.

The considerations made in determining significant influence are similar to those necessary to determine control over subsidiaries.

Investments in an associate are accounted for under the cost method less accumulated provision for impairment losses, if any.

The financial statements of the associate are prepared for the same reporting period as the Parent Company. When necessary, adjustments are made to bring the accounting policies in line with those of the Parent Company.

Investment in Subsidiaries
Investment in subsidiaries is accounted for using the cost method less any accumulated impairment in value. On acquisition date of the investment, the excess of the cost of investment over the investor's share in the net fair value of the investee's identifiable assets, liabilities and contingent liabilities is included in the carrying amount of the investment and not amortized.

The Parent Company recognizes income from the investment only to the extent that the Parent Company receives distributions from accumulated income of the subsidiary arising after the date of acquisition. Distribution received in excess of such income is regarded as a recovery of investment and are recognized as a reduction of the cost of the investment.

Impairment of Nonfinancial Assets
The Parent Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Parent Company makes an estimate of the asset's recoverable amount. An asset's recoverable

amount is the higher of an asset's or cash-generating unit's fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

An assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased.

Equity

The Parent Company considers the underlying substance and economic reality of its own equity instruments and not merely its legal form in determining its proper classification.

Capital stock

The Parent Company records common stocks at par value and the amount of the contribution in excess of par value is accounted for as an additional paid-in capital. Incremental costs incurred directly attributable to the issuance of new shares are deducted from proceeds.

Retained earnings

Retained earnings represent accumulated earnings or losses of the Parent Company less dividends declared, and any adjustments arising from application of new accounting standards, policies or corrections of errors applied retrospectively. Dividends on common stocks are recognized as a liability and deducted from equity when declared.

Revenue Recognition

Revenue from contracts with customers

Revenue is recognized based on a five-step model to account for revenue arising from contracts with customers and requires that revenue be recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The requirements of revenue from contracts with customers do not have significant impact on the parent company financial statements since its revenue is primarily derived from dividend, interest income and services which are distinct performance obligations with specific transaction price. The existing accounting policies of these revenue streams are already in accordance with PFRS 15.

The following specific recognition criteria must also be met before revenue is recognized:

Service revenue

Service revenue is recognized when services are rendered.

Dividend income

Dividend income is recognized when the Parent Company's right to receive payment is established, which is generally when shareholders approve the dividend. This is recognized as dividend income in the parent company statement of comprehensive income.

Interest income

Interest income is recognized on a time-proportion basis using the effective interest method. Interest income from bank deposits is presented net of applicable tax withheld by the banks.

Other income

Other income is recognized when earned.

Expense Recognition
Expenses are recognized in profit or loss when decrease in future economic benefit related to a decrease in an asset or an increase in a liability has arisen that can be reliably measured.

Expenses are recognized in profit or loss:

- on the basis of a direct association between the costs incurred and the earning of specific items of income;
- on the basis of systematic and rational allocation procedures when economic benefits are expected to arise over several accounting periods and the association can only be broadly or indirectly determined; or
- immediately when expenditure produces no future economic benefits or when, and to the extent that, future economic benefits do not qualify or cease to qualify, for recognition in the statement of financial position as an asset.

Income Taxes
The tax expense for the period comprises of current and deferred tax. Tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity.

Current tax
Current tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that have been enacted or substantively enacted at the reporting date.

Current income tax relating to items recognized directly in equity is recognized in equity and not in profit or loss. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

Deferred tax
Deferred tax is provided using the balance sheet liability method on all temporary differences, with certain exceptions, at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognized for all taxable temporary differences. Deferred tax assets are recognized for all deductible temporary differences, carryforward benefit of unused tax credits from excess minimum corporate income tax (MCIT) over the regular corporate income tax (RCIT) and net operating losses carryover (NOLCO), to the extent that it is probable that future taxable income will be available against which the deductible temporary differences and carryforward benefits of unused tax credits from MCIT and NOLCO can be utilized.

Deferred tax liabilities are not provided on nontaxable temporary differences associated with investments in domestic subsidiaries, associates and interests in joint ventures. Deferred tax liabilities are also not provided on taxable temporary differences associated with investment in subsidiaries and associates, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Deferred tax relating to items recognized outside profit or loss is recognized outside profit or loss. Deferred tax items are recognized in correlation to the underlying transaction either in OCI or directly in equity.

Foreign Currency-Denominated Transactions and Translations
Foreign currency transactions are recorded in Philippine Peso at prevailing exchange rates at the time of the transactions. Exchange gains or losses resulting from foreign currency transactions are credited or charged to current operations. Foreign currency-denominated monetary assets and liabilities of the Parent Company are translated to Philippine Peso using the Bloomberg Valuation closing rate at the reporting date. Foreign exchange differences arising from foreign currency translation are also credited or charged to parent company statement of comprehensive income.

Provisions
A provision is recognized when the Group has a legal or constructive obligation as a result of a past event; it is probable that an outflow of economic benefits will be required to settle the obligation; and a reliable estimate can be made on the amount of the obligation.

Provisions are revisited at each reporting date and adjusted to reflect the current best estimate. If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows at a pretax rate that reflects the current market assessment of the time value of money, and, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as interest expense.

Contingent liabilities are not recognized in the financial statements. These are disclosed in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the financial statements but are disclosed in the notes to the financial statements when an inflow of economic benefits is probable.

Contingencies
Contingent liabilities are not recognized in the parent company financial statements. They are disclosed unless the possibility of an outflow of resources embodying economic benefits is remote. Contingent assets are not recognized in the parent company financial statements but disclosed when an inflow of economic benefit is probable.

Events after the Reporting Date
Post year-end events up to the date when the parent company financial statements are authorized for issue that provide additional information about the Parent Company's position at each reporting date (adjusting events) are reflected in the parent company financial statements. Post year-end events that are not adjusting events are disclosed in the notes to parent company financial statements when material.

3. Significant Accounting Judgments and Estimates

The preparation of the parent company financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Management believes the following represent a summary of these significant estimates and assumptions:

Judgments

In the process of applying the Group's accounting policies, management has made judgment, apart from those involving estimations, which have the most significant effect on the amounts recognized in the financial statements.

Assumption of going concern

The use of the going assumption involves management making judgments, at a particular point in time, about the future outcome of events or condition that are inherently uncertain. In the event of default, the creditor may foreclose the pledged LBCE shares which can be auctioned to public and the proceeds can be used to settle the liability which may have impact to the domestic business of the Company. Management's plans on future actions to settle the instrument includes improving operation to raise fund, securing replacement financing and those options under the agreement (see Note 12). Management is implementing strategic initiatives to accelerate the recovery of the Company's operation, sustain the increasing trend, and be able raise funds. Other settlement option for the convertible instrument will have material impact to the domestic business of the Group but the international business supports the Group's ability to continue as going concern. The Parent Company has no plans to liquidate. Management assessed that it will be able to maintain its positive cash position and settle its liabilities as they fall due. Accordingly, the accompanying financial statements have been prepared on a going concern basis of accounting.

Estimates and Assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Parent Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Parent Company. Such changes are reflected in the assumptions when they occur.

Estimating fair value of embedded derivatives

The fair value of embedded derivatives, related to the issuance of convertible instrument recorded in the parent company statements of financial position as derivative liability, is measured using binomial pyramid model. The inputs to this model are taken from a combination of observable markets and unobservable market data. Changes in inputs about these factors could affect the reported fair value of the embedded derivatives and impact profit or loss (see Note 12).

Further details on embedded derivatives are disclosed in Note 12.

Evaluation of nonfinancial assets for impairment

The Parent Company reviews its nonfinancial assets for impairment of value. This includes considering certain indications of impairment such as significant decline in the asset's market value of net realizable value, significant underperformance relative to expected historical or projected future operating results and significant negative industry or economic trends.

Based on management's assessment, its nonfinancial assets (such as investment in an associate and investment in subsidiaries) are recoverable as of December 31, 2024 and 2023. Further details on the nonfinancial assets are disclosed in Notes 8 and 9.

4. Cash

This account consists of cash in bank amounting to ₱384.38 million and ₱290.71 million as of December 31, 2024 and 2023, respectively.

Cash in banks earn interest at the prevailing bank deposit rates ranging from 0.05% to 0.0625% in 2024 and 2023. Interest income earned from cash in banks amounted to ₱0.19 million and ₱0.10 million in 2024 and 2023, respectively.

5. Receivables

This account consists of third-party receivables amounting to ₱0.01 million and ₱10.05 million as at December 31, 2024 and 2023, respectively, which are due and demandable.

6. Prepayments and Other Current Assets

This account consists of:

	2024	2023
Loans receivable (Notes 10 and 14)	**₱335,279,766**	₱397,083,160
Restricted cash equivalents	**141,219,919**	224,278,022
Input VAT	**22,269,063**	13,693,771
Creditable withholding taxes (CWTs)	**5,743,871**	5,139,720
Prepaid expenses	**2,289,625**	2,289,625
Deferred input VAT	**–**	1,200,093
Others	**213,467**	–
	507,015,711	643,684,391
Less: noncurrent portion (Notes 10 and 14)	**321,145,723**	384,450,339
	₱185,869,988	₱259,234,052

Loans receivable pertains to receivable of the Parent Company from Transtech Co., Ltd. and LBCE (see Notes 10 and 14).

Restricted cash equivalents represent time deposits of the Parent Company used as a guarantee to LBCE's loan (see Note 14). Interest income earned from restricted cash equivalents amounted to ₱9.01 million and ₱10.67 million in 2024 and 2023, respectively.

Input VAT arises from domestic purchases of goods and services and is offset against output tax. Management believes that the remaining balance is recoverable in future periods.

CWTs are attributable to taxes withheld by the Parent Company from its revenue from the SAP hosting agreement with LBCE which are creditable against income tax payable.

Prepaid expenses pertain to advance payment of service fee for cloud subscription services. The service fee is paid at the beginning of each quarter (see Note 14).

Deferred input VAT pertains to input tax on unpaid services which are incurred, in which billing has been received as of reporting date.

Other noncurrent assets pertain to the noncurrent portion of the Parent Company's loans receivable from Transtech Co., Ltd. (see Note 10) and LBCE (see Note 14).

7. Investment at Fair Value Through Profit or Loss (FVPL)

Investment at FVPL represents the Parent Company's investment in unit investment trust fund.

Movement of the investment at FVPL follows:

	2024	2023
Balance at beginning of period	**₱1,138,605**	₱1,090,062
Unrealized fair value gain during the year	**50,864**	48,543
	₱1,189,469	₱1,138,605

In 2024 and 2023, the Parent Company recognized unrealized fair value gains of ₱50,864 and ₱48,543, respectively, related to investment at FVPL. This is presented under "Others - net" of "Other income (expenses)" in the parent company statements of comprehensive income.

8. Investment in an Associate

On March 19, 2018, the Parent Company invested in 30% of Orient Freight International, Inc. (OFII), a company involved in freight forwarding, warehousing and customs brokerage businesses operating within the Philippines. In relation to the acquisition of shares, the Parent Company shall also exert commercially reasonable efforts to direct a certain amount of additional annual recurring logistics service business to OFII for a period of five years from closing date.

The Parent Company's interest in OFII is accounted for using cost method less any accumulated impairment in value.

The summarized statements of financial position of OFII follows:

	2024	2023
Current assets	**₱619,467,749**	₱593,167,912
Noncurrent assets	**196,606,556**	222,745,406
Current liabilities	**223,988,554**	283,453,429
Noncurrent liabilities	**103,701,073**	62,485,288
Equity	**488,384,678**	469,974,601

The summarized statements of comprehensive income of OFII follows:

	2024	2023
Revenue	**₱933,381,150**	₱919,592,166
Cost and expenses	**811,596,095**	849,147,805
Net income	**121,785,055**	70,444,361
Other comprehensive income (loss)	**(3,374,977)**	24,471,820
Total comprehensive income	**₱118,410,078**	₱94,916,181

In 2024 and 2023, OFII declared dividends amounting to ₱30.00 million and ₱39.60 million, respectively (see Note 14). No impairment loss was recognized for the investment in associate in 2024 and 2023.

9. Investment in Subsidiaries

The Parent Company's investments in subsidiaries accounted for under cost method accounting adjusted for impairment losses, if any, and the related percentage of ownership are shown below:

	Country of Incorporation	Principal activities	Ownership	**2024**	2023
LBC Express, Inc.	Philippines	Logistics and money remittance	100%	**₱3,384,670,966**	₱3,384,670,966

				₱4,202,897,032	₱4,202,897,032

The Parent Company, although it owns 50% of the voting share of LBC Mabuhay (B) Sdn Bhd and LBC Mabuhay Remittance Sdn Bhd, in substance controls said entities since: (a) the activities of the subsidiaries are being conducted on behalf of the Parent Company according to its specific business need so that the Parent Company obtains benefits from the subsidiaries' operations; and (b) the Parent Company has the decision-making powers to obtain the majority of the benefits of the activities of the subsidiaries.

On September 28, 2023, the Parent Company acquired 100% equity in Blue Eagle and LBC Service Ltd., a corporation organized under the Republic of China (Taiwan) for NTD 5.00 million or ₱8.84 million.

No impairment loss for investment in subsidiaries was recognized in 2024 and 2023.

10. Loans Receivables and Trademark Agreement with Transtech

On September 25, 2019, LBCH extended a 15-year 2.3% interest-bearing loan to Transtech Co. Ltd. (Transtech) amounting to $1.80 million. Transtech, an entity incorporated in Japan, is involved in freight forwarding, warehousing, and packing business. Its services include forwarding of Balikbayan boxes from Japan to the Philippines.

Transtech shall pay interests on a quarterly basis. The Loan Agreement also constitutes a pledge by Transtech on its trademark for the benefit of LBCH, to secure LBCH's claims to the repayment of the loaned amount in case of default as defined in the Loan Agreement.

Subsequently, on September 30, 2019, Transtech granted LBCH an exclusive license to use its registered trademark subject to restrictions for a period of 10 years with automatic renewal of 3 years unless otherwise discontinued in writing by either party. LBCH may, in its discretion, use the trademark in combination with any text, graphics, mark, or any other indication. As consideration for the exclusive use of license, LBCH shall pay royalty of $0.13 million annually.

In 2024 and 2023, LBCH incurred royalty fee amounting to ₱7.18 million and ₱6.96 million, respectively (see Note 15). The related payable was offset to LBCH's interest receivable and loan receivable from Transtech amounting to ₱1.65 million and ₱5.53 million, respectively in 2024 and ₱1.75 million and ₱5.21 million, respectively, in 2023. Effect of foreign currency exchange rate related to interest receivable and loan receivable offsetting amounted to ₱1.43 million and ₱2.14 million in 2024 and 2023, respectively.

Loans receivable as at December 31, 2024 and 2023 is as follows:

	2024	2023
Current portion*	**₱14,347,511**	₱12,632,822
Noncurrent portion**	**62,308,929**	66,227,013
	₱76,656,440	₱78,859,835

**Presented under 'Prepayment and other current assets'*
***Presented under 'Other noncurrent assets'*

Interest income earned amounted to ₱1.65 million and ₱1.75 million in 2024 and 2023, respectively.

11. Accounts and Other Payables

This account consists of:

	2024	2023
Deferred output VAT	**₱13,826,100**	₱14,546,121
Accrued professional fees and outside services	**8,807,116**	3,601,325

Others	**275,093**	400,062
	₱32,100,057	₱26,503,948

Deferred output VAT arises from the uncollected receivables from VATable service fees.

Accounts payable arises from regular transactions with suppliers and service providers. These are noninterest-bearing and are normally settled on one to 60-day term.

Accrued professional fees and outside services relates to audit fees, directors' fees and other outsourced fees.

Withholding tax payable pertains to taxes withheld on payment to suppliers which are settled on a monthly basis.

12. **Convertible Instrument**

This account consists of:

	2024	2023

Balances at end of year	**₱2,065,585,876**	₱1,979,740,743

On June 20, 2017, the BOD of the Parent Company approved the issuance of convertible instrument. The proceeds of the issuance of convertible instrument will be used to fund the growth of the business of the Parent Company, including capital expenditures and working capital. Accordingly, on August 4, 2017, the Parent Company issued, in favor of CP Briks Pte. Ltd (CP Briks), a seven-year secured convertible instrument in the aggregate principal amount of US$50.0 million (₱2,518.25 million) convertible at any time into 192,307,692 common shares of the Parent Company at the option of CP Briks initially at ₱13.00 per share conversion price, subject to adjustments and resetting of conversion price in accordance with the terms and conditions of the instrument as follows:

- effective on three years (3) from issuance date (the Reset Date) - if the 30-day Trading Day Weighted Average Price (TDWAP) of the Parent Company's common shares on the Principal Market prior to the Reset Date is not higher than the initial conversion price, the conversion price shall be adjusted on the Reset Date to the 30-day TDWAP prior to Reset Date;
- upon issuance of common shares for a consideration less than the conversion price in effect - the conversion price shall be reduced to the price of the new issuance;
- upon subdivision or combination (i.e., stock dividend, stock split, recapitalization or otherwise) - the conversion price in effect shall be proportionately reduced or increased; and
- other events or voluntary adjustment.

The convertible instrument (to the extent that the same has not been converted by CP Briks as the holder or by the Parent Company) is redeemable at the option of CP Briks, commencing on the 30th month from the issuance date at the redemption price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively). The agreement also contains redemption in cash by the Parent Company at a price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively) in case of a Change of Control as defined under the agreement.

The Parent Company also has full or partial right to convert the shares subject to various conditions including pre-approval of the PSE of the listing of the conversion shares and other conditions to include closing sale price and daily trading volume of common shares trading on the Principal Market and upon plan of offering, placement of shares or similar transaction with common share price at a

certain minimum share price. On August 9, 2021, the Parent Company's stockholders approved the issuance of common shares for potential exercise of conversion rights. As at report date, there has been no conversion of the convertible instrument.

The convertible instrument is a hybrid instrument containing host financial liability and derivative components for the equity conversion and redemption options. The equity conversion and redemption options were identified as embedded derivatives and were separated from the host contract.

On October 3, 2017, the Parent Company entered into a pledge supplement with CP Briks whereby the Parent Company constituted in favor of CP Briks a pledge over all of the Parent Company's shares in LBCE consisting of 1,041,180,504 common shares, representing 100% of the total issued and outstanding capital stock of LBCE.

In the event of default, CP Briks may foreclose upon the pledge over LBCE shares as a result of which LBCE shares may be sold via auction to the highest bidder. The sale of LBCE shares in such public auction shall extinguish the outstanding obligation, whether or not the proceeds of the foreclosure sale are equal to the amount of the outstanding obligation. Under the terms of the pledge agreement, if LBCE shares are sold at a price higher than the amount of the outstanding obligation, any amount in excess of the outstanding obligation shall be paid to the Parent Company.

While CP Briks may participate in the auction of LBCE shares should there be a foreclosure, any such foreclosure of the pledge over LBCE shares and any resulting acquisition by CP Briks of equity interest in LBCE are always subject to the foreign ownership restrictions applicable to LBCE, which may not exceed 40% of the total issued and outstanding capital stock entitled to vote, and 40% of the total issued and outstanding capital stock whether or not entitled to vote, of LBCE.

Covenants
While the convertible instrument has not yet been redeemed or converted in full, the Parent Company shall ensure that neither it or its subsidiaries shall incur, create or permit to subsist or have outstanding indebtedness, as defined in the Omnibus Agreement, or enter into agreement or arrangement whereby it is entitled to incur, create or permit to subsist any indebtedness and that the Parent Company shall ensure, on a consolidated basis, that:

a. Total Debt to EBITDA for any Relevant Period (12 months ending on the Parent Company's financial year) shall not exceed 2.5:1.
b. The ratio of EBITDA to Finance Charges for any Relevant Period shall not be less than 5.0:1; and The ratio of Total Debt on each relevant date to Shareholder's Equity for that Relevant Period shall be no more than 1:1.

The determination and calculation of the foregoing financial ratios are based on the agreement and interpretation of relevant parties subject to the terms of the convertible instrument. The Parent Company is in compliance with the above covenants as at December 31, 2024 and 2023, the latest Relevant Period subsequent to the issuance of the convertible instrument. Relevant period means each period of twelve (12) months ending on the last day of the Parent Company's financial year.

In relation to the issuance of the convertible instrument and following the entry of CP Briks as a stakeholder in the Parent Company, the Parent Company entered into the following transactions:

a. On August 4, 2017, LBCE and LBCDC agreed for LBCE to discontinue royalty for the use of LBC Marks (see Note 14).

b. On various dates, the Parent Company entered into the following transactions for the acquisition of certain overseas entities:

i. Effective January 1, 2019, the Parent Company was granted the regulatory approvals on the purchase of the following entities under LBC USA Corporation:

vi. On October 15, 2018, the Parent Company acquired the following overseas entities:

- LBC Mabuhay Remittance Sdn. Bhd. which operates as a remittance company in Brunei. The Parent Company purchased one (1) share which represents 50% equity interest at the subscription price of US$557,804 per share.

- LBC Mabuhay (B) SDN BHD which operates as a cargo company in Brunei. The Parent Company acquired 50% of LBC Mabuhay (B) SDN BHD for a total purchase price of US$225,965.

vii. On September 28, 2023, the Parent Company acquired 100% equity in Blue Eagle and LBC Service Ltd., a corporation organized under the Republic of China (Taiwan) for NTD 5.00 million.

Upon completion of the acquisitions discussed in (i) to (vii) above, the Parent Company will have acquired equity interests in thirteen overseas entities which are affiliated to the Parent Company and LBCDC. In 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment (see Note 14). On November 29, 2022, a memorandum of agreement was signed between LBCDC and LBCE, whereas LBCDC pledged certain LBCH shares to secure the repayment of its obligation to LBCE amounting to ₱1,018.66 million (see Note 14).

If an event of default occurred and be continuing, CP Briks may require the Parent Company to redeem all or any portion of the convertible instrument, provided that CP Briks provides written notice to the Parent Company within the applicable period. Each portion of the convertible instrument subject to redemption shall be redeemed by the Parent Company at price equal to 100% of the conversion amount plus an internal rate of return (IRR) equal to 16% (inclusive of applicable tax, which shall be for the account of CP Briks).

On December 29, 2022, US$11.00 million of the US$50.00 million convertible instrument was redeemed at a total price of ₱1,084.42 million (US$19.33 million) and was paid on January 10, 2023. As of December 31, 2022, the Parent Company recognized bond redemption payable amounting to ₱1,014.74 million and deducted the portion of US$11.0 million from the bond payable and derivative liability. Gain on partial redemption of convertible instrument amounted to ₱7.58 million in 2022. In 2024, gain on modification of maturity of convertible instrument amounted to ₱44.18 million.

On August 2, 2024, CP Briks Pte. Ltd (CP Briks) agreed to extend the original maturity date from August 4, 2024 to such time CP Briks opts to terminate the instrument upon thirty (30) days prior notice ("Extended Stated Maturity Date"). LBCH acknowledges and agrees that the interest in the instrument shall continue to accrue from the original stated maturity date until the Extended Stated Maturity Date, at the relevant IRR pursuant to Sections 4 and 5 of the instrument. Any reference in the purchase agreement and in the instrument to "due 2024" or "maturity date" or similar terms whether any such term is capitalized or not shall hereafter mean Extended Stated Maturity Date.

In order for CP Briks to exercise its right to terminate the instrument, it shall notify LBCH at least thirty (30) days prior to the day CP Briks opts to terminate and LBCH shall pay all outstanding principal and any accrued interest on such date.

a.) LBCH entered into a 60-month cloud service agreement from August 1, 2017 to July 31, 2022, and further extended up to January 31, 2025. Another contract was signed on June 28, 2024 to replace the current contract which will run for 60 months from September 30, 2024 to September 29, 2029. Further, the Parent Company also acquired a software license.

Subsequently, LBCH entered into an agreement with LBCE for the right of use the software licenses and subscription for a fee equivalent to cost plus margin of five percent (5%). The service fee shall be paid at the beginning of the quarter.

b.) The Parent Company makes advances and expense reimbursements to its related parties to finance working capital requirements. These are non-interest bearing and payable on demand.

c.) On May 29, 2019, LBCH sold all its 1,860,214 common shares in QUADX Inc. to LBCE for ₱186,021,400 or ₱100 per share payable no later than two years from the execution of deed of absolute sale of share, subject to any extension as may be agreed in writing by the parties.

On July 1, 2019, LBCE sold all its QUADX shares to LBCDC for ₱186.02 million, payable no later than two years from the date of sale, subject to any extension as may be agreed in writing by the parties. On the same date, LBCE, LBCDC and QUADX Inc. entered into a Deed of Assignment of Receivables whereas LBCE agreed to assign, transfer and convey its receivables from QUADX as of March 31, 2019 amounting to ₱832.64 million to LBCDC which shall be paid in full, from time to time starting July 1, 2019 and no later than two years from the date of the execution of the Deed, subject to any extension as may be agreed in writing by LBCE and LBCDC. In July 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment. Subsequently, this was further extended for additional two years in 2023.

In 2022, LBCDC entered into a pledge agreement with LBCE whereby the former pledged portion of its LBCH shares to LBCE as a guarantee to its outstanding receivables amounting to ₱1,018.66 million.

d.) On April 29, 2019, LBCH entered into a 10-year loan agreement with LBCE amounting to ₱183.38 million at 4% interest per annum. Additional loans were granted to LBCE in the following months dated June 3, 2019 and July 22, 2019 amounting to ₱91.69 million and ₱80.93 million, respectively, with quarterly principal payments and monthly interest payments at 4% per annum.

On April 1, 2020, additional 3-year loan was granted to LBCE amounting to ₱100.00 million, with quarterly principal payments and monthly interest payments at 4.50% per annum.

On June 14, 2021, additional 10-year loan was granted to LBCE amounting to ₱240.00 million, with quarterly principal payments and monthly interest payments at 4.25% per annum.

As of December 31, 2024 and 2023, total outstanding loans receivable amounted to ₱418.22 million and ₱477.82 million, respectively, and ₱258.62 million and ₱318.22 million of the respective balances is presented as noncurrent under "Other noncurrent assets". Interest income earned from loans receivable amounted to ₱20.09 million and ₱22.43 million in 2024 and 2023, respectively, ₱1.41 million and ₱1.31 million of which is still unpaid as at December 31, 2024 and 2023, respectively.

e.) On June 26, 2024 and August 9, 2023, LBCH recognized cash dividend from OFII amounting to ₱30.00 million and ₱39.60 million, respectively, for its 30% interest on OFII.

On November 30, 2024, LBCH recognized cash dividends from LBCE amounting to ₱P250.00 million which is expected to be received not later than October 31, 2025.

f.) On April 15, 2021, the BOD approved to guarantee one of LBCE's loans and allowed to hold out the Parent Company's time deposit. As of December 31, 2024, the balance of time deposit amounted to ₱141.22 million (see Note 6). Such guarantee shall substitute the existing real estate mortgage on LBCE's real estate properties as security.

The Parent Company's key management personnel are employed by LBCE. As such, the compensation and other benefits of key management personnel are recorded in the books of LBCE.

Aside from required approval of related party transactions explicitly stated in the Corporation Code, the Parent Company has established its own related party transaction policy stating that any related party transaction involving amount or value greater than 10% of the Parent Company's total assets are deemed 'Material Related Party Transactions'. Such transactions shall be reviewed by the Related Party Transaction Committee prior to its endorsement for the Board's Approval. Moreover, any related party transaction involving less than 10% of the Parent Company's total assets will be submitted to the President and Chief Executive Officer for review.

17. Financial Risk Management Objectives and Policies

The Parent Company has various financial assets such as cash and cash equivalents, receivables, loans receivable, restricted cash equivalents, prepayments and other current assets, due from related parties, dividend receivable and investment at FVPL.

The Parent Company's financial liabilities comprise of accounts and other payables (excluding statutory liabilities), due to related parties, and dividends payable. The main purpose of these financial liabilities is to finance the Parent Company's operations.

The main risks arising from the Parent Company's financial instruments are price risk, interest rate risk, foreign currency risk, credit risk and liquidity risk. The BOD reviews and approves policies for managing each of these risks which are summarized as follows:

Price risk
The Parent Company closely monitors the prices of its equity securities as well as macroeconomic and entity-specific factors which could directly or indirectly affect the prices of these instruments. In case of an expected decline in its portfolio of equity securities, the Parent Company readily disposes or trades the securities for replacement with more viable and less risky investments.

Such investment securities are subject to price risk due to changes in market values of instruments arising either from factors specific to individual instruments or their issuers, or factors affecting all instruments traded in the market.

The following table shows the effect on total comprehensive income should the change in the close of net asset value of investment at fair value through profit or loss occur as of December 31, 2024, 2023 and 2022 with all other variables held constant.

	Effect on total comprehensive income		
	2024	2023	2022
Change in NAV			
+5.00%	**₱59,473**	₱56,930	₱54,503
-5.00%	**(59,473)**	(56,930)	(54,503)

The Parent Company is also exposed to equity price risk in the fair value of the derivative liability due to the embedded equity conversion feature. Furthermore, at a given point in time in the future until maturity date, the derivative liability has a redemption option offering a minimum return in case the value of the conversion feature is low. In 2024 and 2023, a 5% increase (5% decrease) in the close stock price of the Parent Company's shares has minimal impact in the total comprehensive income.

Interest rate risk and credit spread sensitivity analysis
Except for the credit spread used in the valuation of the convertible instrument, the Parent Company is not significantly exposed to interest rate risk as the Parent Company's interest rate on its cash and cash equivalents is fixed. The Parent Company follows a prudent policy on managing its assets and liabilities so as to ensure that exposure to fluctuations in interest rates are kept within acceptable limits.

The value of the Parent Company's convertible instrument is driven primarily by two risk factors: underlying stock prices and interest rates. Interest rates are driven by using risk-free rate, which is a market observable input, and credit spread, which is not based on observable market data. The following table demonstrates the sensitivity to a reasonably possible change in credit spread, with all other variables held constant, on the fair value of the Parent Company's embedded conversion option of the convertible redeemable bond.

	Effect in fair value	
	2024	2023
Credit spread +1%	**₱12,117,306**	₱11,540,380
Credit spread -1%	**(12,189,551)**	(11,609,185)

Foreign currency risk
Foreign currency risk is the risk that the future cash flows of financial assets and financial liabilities will fluctuate because of changes in foreign exchange rates. The Parent Company's exposure to the risk of changes in foreign exchange rates relates to the loan receivable and bond payable denominated in US Dollar.

Information of the Parent Company's foreign currency-denominated monetary asset and liability recorded under loan receivable and bond payable, respectively, in the statements of financial position and its Philippine Peso equivalents as at December 31, 2024 and 2023 follow:

	2024	
	Foreign currency	**Peso equivalent**
Asset:		
US Dollars	**1,817,549**	**₱105,145,210**
Liability:		
US Dollars	**(35,708,979)**	**(2,065,585,436)**

The translation exchange rate used was ₱57.85 to USD 1 as at December 31, 2024.

	2023	
	Foreign currency	Peso equivalent
Asset:		
US Dollars	1,913,557	₱105,953,651
Liability:		
US Dollars	(35,702,776)	(1,976,862,707)

The translation exchange rate used was ₱55.37 to USD 1 as at December 31, 2023.

The following table demonstrates the sensitivity to a reasonably possible change in foreign exchange rates, with all variables held constant, of the Parent Company's income before tax (due to changes in the fair value of monetary liability).

Reasonably possible change in foreign exchange rate	Increase (decrease) in income before tax	
for every two units of Philippine Peso	**2024**	2023
₱2	**(₱67,782,860)**	(₱67,578,438)
(2)	**67,782,860**	67,578,438

There is no impact on the Parent Company's equity other than those already affecting profit or loss. The movement in sensitivity analysis is derived from current observations on fluctuations in US Dollar closing exchange rates.

The Parent Company enters into short-term foreign currency forwards, if needed, to manage its foreign currency risk from foreign currency denominated transactions.

Credit risk
Credit risk is the risk that counterparty will not meet its obligation under a financial asset or financial liability or customer contract, leading to a financial loss.

Receivable balances are monitored on an ongoing basis with the result that the Parent Company's exposure to bad debts is not significant.

As for the cash in banks and restricted cash equivalents, the maximum exposure to credit risk from these financial assets arise from the default of the counterparty with a maximum exposure equal to their carrying amounts.

As at December 31, 2024 and 2023, the loans and receivables of the Parent Company are neither past due nor impaired.

The credit quality of the financial assets was determined as follows:

Cash in banks and short-term time deposits are deposited/placed in banks that are stable as they qualify either as universal or commercial banks. Universal and commercial banks represent the largest single group, resource-wide, of financial institutions in the country the Parent Company is operating. They offer the widest variety of banking services among financial institutions. These financial assets are classified as high grade due to the counterparties' low probability of insolvency.

Receivables are considered high grade due to the Parent Company's positive collection experience.

High grade accounts are considered to be of high credit rating value. The counterparties have a very remote likelihood of default.

Medium grade accounts are active accounts with minimal instances of payment default, due to collection issues. These accounts are typically not impaired as the counterparties generally respond to the Parent Company's collection efforts and update payments accordingly.

Low grade accounts pertain to accounts which have impairment based on historical trend or customer's unfavorable operating conditions. Accounts under this group show possible or actual loss to the Parent Company as a result of default in payment of the counterparty despite the regular follow-up actions and extended payment terms.

The tables below show the credit quality of the Parent Company's financial assets:

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in raising funds to meet commitments associated with financial assets and financial liabilities. Liquidity risk may result from either the inability to sell financial assets quickly at their fair values; or the counterparty failing on repayment of a contractual obligation; or inability to generate cash inflows as anticipated.

The Parent Company has a policy of regularly monitoring its cash position to ensure that maturing liabilities will be adequately met.

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Management believes that cash generated from service agreements and investing activities is sufficient to meet daily working capital requirements.

Management has been continuously engaged in cost rationalization on all its business segments which includes consolidation of facilities, evaluation and rationalization of branches as well as rightsizing of the workforce globally. In addition, management is upgrading its operational touchpoints, websites and applications to be more competitive in the evolving online logistics industry. These activities are expected to reduce the operational cash outflow requirements and improve liquidity of the Parent Company.

Management is implementing strategic initiatives to accelerate the recovery of the Company's operation, sustain the increasing trend, and be able raise funds. Management is also seeking various means to address the instrument's timeline which include exploring with interested parties to purchase the instrument or refinance the liability. Management believes that any settlement option for the convertible instrument will not have material impact to the domestic business of the Company, and the international business supports its ability to continue as going concern. Management has determined that these actions support the Company's going concern assessment and has therefore prepared the financial statements on a going concern basis (see Note 12).

Surplus cash is invested into a range of short-dated money time deposits and unit investment trust funds which seek to ensure the security and liquidity of investment while optimizing yield.

The following table summarizes the maturity profile of the Parent Company's financial assets and financial liabilities as at December 31, 2024 and 2023 based on remaining contractual undiscounted collections and payments:

Capital Management

Generally, the primary objective of the Parent Company's capital management is to ensure that it continuously strives and maintains a strong credit standing and healthy capital ratios in order to support its business and maximize shareholders' value.

The Parent Company manages its capital structure and makes adjustments as may be necessary in light of changes in the business and general economic conditions. To maintain or adjust the capital structure, the Parent Company may adjust dividend payment to shareholders, return capital to shareholders or issue new shares.

No changes were made in the Parent Company's objectives, policies or processes as at December 31, 2024 and 2023. The Parent Company is not subject to externally imposed capital requirements.

The capital that the Parent Company manages is equal to the total equity as shown in the parent company statements of financial position at December 31, 2024 and 2023 amounting to ₱1,526.85 million and ₱1,850.02 million, respectively.

18. Fair Values and Offsetting Arrangements

The methods and assumptions used by the Parent Company in estimating the fair value of the financial instruments are as follows:

The carrying amounts of cash and cash equivalents, receivables, loans receivable, restricted cash equivalents, due from/to related parties, dividend receivable and accounts and other payables approximate their fair value. These financial instruments are relatively short-term in nature except for loans receivable.

The fair value of the unquoted unit investment trust fund is based on the published net asset value per unit as of reporting date and is under the Level 3 category.

The fair value of the long-term portion of loans receivable is based on the discounted value of future cash flow using applicable interest rates ranging from 5.92% to 5.95% in 2024 and 5.87% to 6.08% in 2023.

The estimated fair value of the derivative liability as at December 31, 2024 and 2023 are based on an indirect method of valuing multiple embedded derivatives. This valuation technique using binomial pyramid model uses stock prices and stock price volatility. This valuation method compares the fair value of the option-free instrument against the fair value of the hybrid convertible instrument. The difference of the fair values is assigned as the value of the embedded derivatives.

The significant unobservable input in the fair value is the stock price volatility of 16.92% and 13.50% in 2024 and 2023, respectively. In 2024 and 2023, a 5% increase (5% decrease) in the stock volatility has very minimal effect to the total comprehensive income.

The plain bond is determined by discounting the cash flows, which is simply the principal at maturity, using discount rate of 17.80% in 2024 and 17.36% in 2023. The discount rate is composed of the matched to maturity risk free rate and the option adjusted spread (OAS) of 12%.

Fair Value Hierarchy

The Parent Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: quoted (unadjusted) prices in active markets for identical assets or liabilities
Level 2: other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly
Level 3: techniques which use inputs which have a significant effect on the recorded fair value that are not based on observable market data.

The quantitative disclosures on fair value measurement hierarchy for assets and liabilities as at December 31 follow:

		2024

Introduction

Driving Resilience and Innovation: LBC's Commitment to Sustainability

As businesses face an increasingly complex and interconnected world, the importance of sustainability has never been more pronounced. Sustainability is no longer a peripheral concern but a core principle that shapes every aspect of how companies operate. From fostering innovation to addressing environmental challenges and promoting social well-being, sustainable practices are critical for creating long-term value and ensuring resilience in a rapidly evolving global landscape.

At LBC, we are fully committed to integrating sustainable practices into both our corporate governance and operational strategies. These practices are not just essential for ensuring our resilience, but they are also fundamental to our ongoing success.

Our proactive approach centers around innovative solutions, environmentally-responsible policies, and meaningful social initiatives. These pillars not only reinforce our brand's reputation but also help safeguard the interests of our customers, employees, key stakeholders, and the broader community. By prioritizing sustainability, we are not merely responding to current challenges; we are laying the foundation for a more resilient and thriving future for all those we serve.

With a growing network of over 8,500 branches, partners, and agents in over 29 countries, LBC is committed to moving lives, businesses, and communities and delivering smiles around the world.

Listed in the Philippine Stock Exchange through LBC Express Holdings, Inc., LBC aims to deliver value to all of its stakeholders, as it has for nearly 80 years. Founded in 1945 as a brokerage and air cargo agent, LBC pioneered time-sensitive cargo delivery and door-to-door delivery in the Philippines. Today, it is the most trusted logistics brand of the Global Filipino.

Materiality Process

Materiality Principle

LBC's materiality principle highlights a list of sustainability topics consistent with those reported in the previous year. In 2019, we identified these key issues through a roundtable discussion with senior management and an internal survey involving 155 respondents from all departments across our operations.

1. Environment

- Energy use in terms of fuel consumption for vehicles and electricity use and efficiency in operations
- Use of raw materials and recycled input materials in operations to minimize waste
- Compliance with laws and regulations

2. Social issues

- Employee hiring and retention
- Compensation and benefits
- Employee training and development (including lifelong learning)

3. Product responsibility

- Customer satisfaction
- Innovation and future technologies
- Data security, protection and privacy

This report holds information on these key sustainability issues, some of which are actually LBC strongholds that we are quite proud of, such as product responsibility, human resources, and our financial performance.

Economic

Economic Performance

Direct Economic Value Generated and Distributed

Direct economic value generated (PHP)	Direct economic value distributed (PHP)
14.30 billion	**13.81 billion**

LBC's FY24 economic performance demonstrates a solid revenue generation and distribution structure, generating a direct economic value of PHP 14.30 billion, while distributing a total of PHP 13.81 billion. Majority of the distributed economic value was allocated to operating costs (65.34%), followed by employee wages and benefits (29.53%), which highlights LBC's commitment to its workforce. Dividends, interest payments, and taxes accounted for 4.39%, while payments to suppliers other than operational costs represented a smaller portion of the distribution, indicating that LBC prioritizes its core operations and workforce, supporting operational sustainability and growth. Furthermore, LBC's commitment to community support is reflected in its PHP 12.12 million investment in CSR initiatives, or 0.09% of the total distribution. This underscores the company's focus on sustainability, employee welfare, and community engagement, supporting its long-term growth and responsible governance.

Currency: PHPm	Amount
Operating costs[1]	9,022
Employee wages and benefits	4,078
Payments to suppliers, other than operating costs[2]	89
Dividends given to stockholders and interest payments to loan providers[3]	303
Taxes given to government[4]	303
Investments to community (e.g., donations, CSR)	12

Notes:
[1] Excludes depreciation and amortization of fixed and intangible assets
[2] Payment for acquisition of fixed and intangible assets, net of any proceeds from sale
[3] Pertains to interest expense, excluding those related to convertible bonds of the holding company
[4] Refers to income taxes and other business taxes and licenses

Our Impact

Growth is our responsibility to the Global Filipinos. Founded in 1945 as a brokerage and air cargo agent, we pioneered express delivery and cargo shipping and door-to door delivery in the Philippines. As we operate our enterprise, LBC remains the brand that they can trust to connect them, no matter where they are in the world, meaningfully back home.

- *14.30 billion in revenues*
- *Present in 30 countries worldwide*
- *1,368 branches in the Philippines*

Economic

Economic Performance

Our Management Approach

Our business decisions and growth aspirations are driven by sustainable practices, compliance with laws and regulations, and strong internal governance. The Board plays a key role in overseeing the development, review, approval, and monitoring of business objectives and strategies, ensuring that performance aligns with company standards.

Key Strategic Elements:

1. Focus on Competitiveness

- Shifted from basic compliance to a proactive approach, focusing on continuously identifying and addressing risks and opportunities to drive sustainable growth.
- Obtained ISO 9001 certification for quality management, emphasizing our brand's commitment to quality, reliability, and customer satisfaction.
- Expanded quality standards to include areas such as Central Exchange, Warehousing, Remittance, and Payment Solutions.

2. Plan-Do-Check-Act Framework

- Over the years, this framework has equipped us with a robust system to ensure consistency across the enterprise.
- Integration of quality assurance throughout our operations, including brand attributes, management supervision, and employee competencies.

3. Digital Transformation Strategy

- This focuses on enhancing business processes, performance, and stakeholder relationships, with key objectives aimed at driving innovation and efficiency.
  - ◊ **First Mile Development:** Improving access for pick-ups from retail and small corporate accounts (MSMEs).
  - ◊ **Cross-Border Operations:** Expanding e-commerce services to offer end-to-end logistics solutions.
  - ◊ **Crowdsourcing Partnerships:** Utilizing third-party providers for flexible pick-up and delivery operations.
  - ◊ **Returns Services Expansion:** Enhancing reverse logistics through reselling or disposal of returns.
  - ◊ **Surge Volume Handling:** Managing surge volumes cost-effectively through crowdsourcing.
  - ◊ **Hub Efficiencies:** Enhancing operational efficiencies across hubs.
  - ◊ **Digital Currency Solutions:** Enabling peer-to-peer payments.

Economic

Procurement Practices

Proportion of spending on local suppliers

99.20% ***Percentage of the procurement budget spent on local suppliers for significant operations***

Our Impact

At LBC, over 99% of our materials and supplies are sourced from local suppliers, enhancing the efficiency and flexibility of the supply chain. This offers several advantages essential to the logistics industry, where speed and reliability are critical.

By sourcing locally, LBC benefits from:

1. **Faster lead times:** Local suppliers can deliver goods quickly, minimizing delays in logistics operations and ensuring a smooth flow of packages across the network.
2. **Lower minimum order quantities:** This allows for more agile inventory management, helping to meet fluctuating demands and reducing the risk of overstocking or wastage, especially during peak seasons.
3. **Reduced transportation costs:** Sourcing locally reduces long-haul transportation, cutting both costs and logistical complexities, while supporting sustainability efforts by lowering the carbon footprint.

LBC's role in this strategy involves carefully selecting reliable and cost-effective suppliers and employing a multi-sourcing approach to mitigate risks and ensure supply continuity, particularly in a fast-moving industry like logistics.

Economic

Procurement Practices

Risks and Opportunities Identified

While local sourcing offers numerous advantages, there are several risks that LBC must manage:

1. **Supply Disruptions:** Even when sourcing locally, issues like labor strikes, natural disasters, or regional infrastructure challenges can impact the timely availability of essential goods, affecting LBC's operations.
2. **Quality Issues:** Variability in the quality of supplies, such as packaging materials or vehicles, can disrupt services and impact customer satisfaction. Maintaining high-quality standards from local suppliers is essential to preserving LBC's reliability.
3. **Capacity Constraints:** Local suppliers may not always have the ability to scale up during peak periods or special promotions, which could delay the delivery of critical items like transportation equipment, ultimately impacting delivery timelines.
4. **Geopolitical Risks:** Political instability or regulatory changes at the local level could affect the availability or cost of goods, making it harder to manage procurement costs and supply continuity.
5. **Supplier Bankruptcy:** Smaller, local suppliers are often more vulnerable to financial instability. If a supplier goes bankrupt, LBC may face operational disruptions until an alternative is found.

Despite the risks, local sourcing presents several opportunities for LBC:

1. **Supplier Reciprocity:** Developing strong relationships with local suppliers can lead to favorable pricing, flexible terms, and preferential treatment, benefiting both parties. LBC can offer services such as storage, warehousing, and distribution, helping suppliers grow while ensuring reliable supply chains.
2. **Community Support:** Sourcing locally stimulates the local economy by creating jobs and supporting regional businesses. This also strengthens LBC's reputation as a responsible corporate entity, contributing to community growth and sustainability.
3. **Agility in Logistics:** Local suppliers enable LBC to be more agile, quickly adapting to market demands. Whether adjusting delivery schedules, scaling operations during peak times, or responding to customer needs for faster service, local sourcing allows LBC to maintain flexibility and efficiency in its logistics operations.

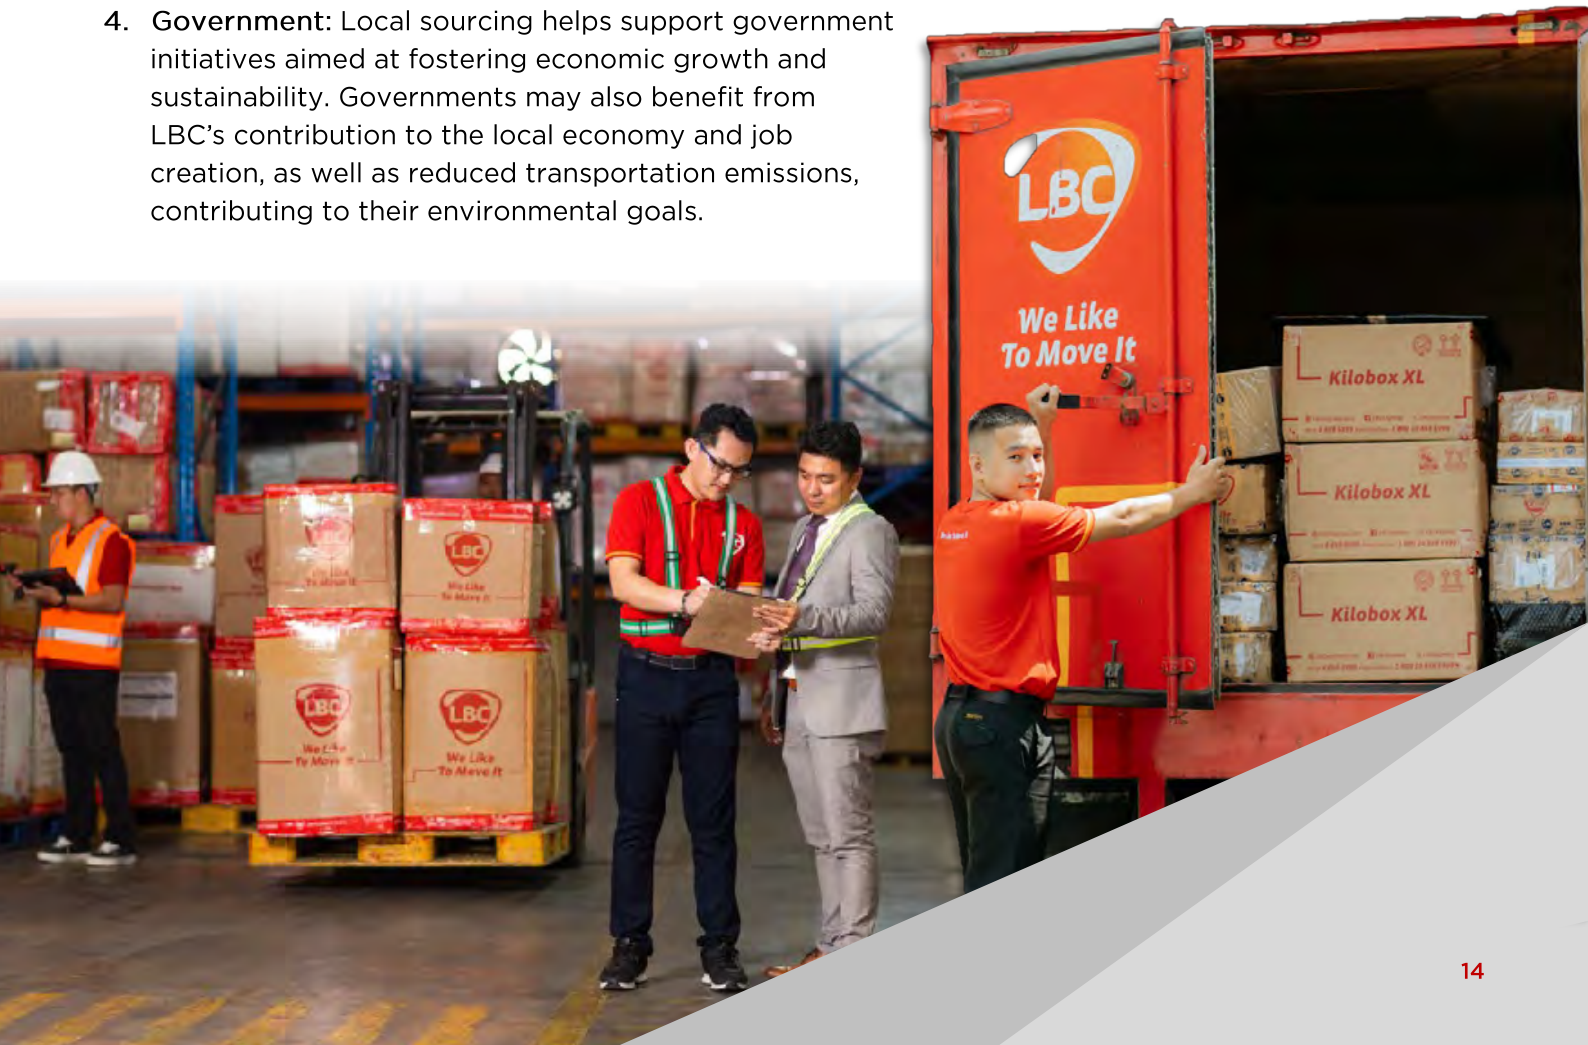

Economic

Procurement Practices

Stakeholders affected

The stakeholders impacted by LBC's local procurement practices include:

1. Suppliers: Local suppliers are directly impacted, as they benefit from LBC's business and its long-term commitment to sourcing locally. These suppliers gain steady orders and are able to grow their businesses through ongoing partnerships with a major logistics company.
2. Employees: Employees within LBC, especially those in procurement, logistics, and warehouse management, benefit from a streamlined and efficient supply chain. The reduced need for long-distance sourcing and faster inventory replenishment enables them to maintain smoother operations and meet customer expectations more effectively.
3. Communities: Sourcing from local suppliers benefits local communities by supporting regional businesses and creating job opportunities. Additionally, it encourages economic growth and sustainability in areas where LBC operates.
4. Government: Local sourcing helps support government initiatives aimed at fostering economic growth and sustainability. Governments may also benefit from LBC's contribution to the local economy and job creation, as well as reduced transportation emissions, contributing to their environmental goals.

Economic

Procurement Practices

Our Management Approach

LBC employs several management strategies to optimize its local procurement practices:

1. **Reverse Marketing:** LBC actively engages in reverse marketing, where it offers additional value to local suppliers. For instance, LBC may provide storage, warehousing, and distribution services to suppliers in exchange for favorable pricing or priority service, creating a mutually beneficial business relationship.
2. **Policies and Commitments:** LBC has implemented procurement policies that prioritize sourcing from local suppliers, especially for critical operational goods such as packaging, transportation equipment, and warehouse supplies. These policies align with LBC's broader sustainability and community support goals.
3. **Target and Goals:** LBC sets specific goals for increasing the proportion of its procurement budget spent on local suppliers, targeting over 90% of materials and supplies. This helps align procurement efforts with the company's overall objectives of improving supply chain efficiency and supporting local economies.
4. **Responsibilities and Resources:** LBC's procurement and supply chain management teams are responsible for establishing and maintaining strong relationships with local suppliers. They ensure that suppliers meet LBC's quality and service standards and work to mitigate risks related to supply chain disruptions.
5. **Programs and Initiatives:** LBC implements supplier development programs aimed at helping local suppliers improve their capabilities, meet quality standards, and scale operations. These initiatives ensure that LBC's local suppliers are aligned with the company's long-term strategic goals.

By focusing on local sourcing, LBC ensures that its procurement practices are not only efficient and cost-effective but also contribute to the growth and sustainability of local communities. Through initiatives like reverse marketing and ongoing supplier development, LBC strengthens its supply chain, supports local businesses, and maintains its position as a leader in the logistics industry.

Our Impact

For many years, LBC has been committed to reducing its environmental footprint by focusing on responsible consumption, production, and climate action. Energy consumption is one of the most significant sustainability issues within the logistics and transport sector, and it continues to be a key area of concern for both our company and stakeholders. As part of our ongoing efforts to minimize our environmental impact, we continuously seek ways to optimize our resource use across all operations.

In 2024, LBC's energy consumption included 43.24K GJ of gasoline and 123.85K GJ of diesel. These energy sources power our vehicle fleet. Additionally, our electricity consumption for powering our facilities, hubs, and other operational needs amounted to 17.90 million kWh. These figures represent the energy requirements for our business operations, and we remain committed to improving energy efficiency across all aspects of our logistics and transport services.

Beyond energy, we also closely monitor our consumption of water and the waste generated by our operations. In 2024, we used 97.52K cubic meters of water across our facilities, supporting various operational processes. We are actively seeking to implement more water-efficient practices in our operations to reduce overall consumption. As for waste, we generated an estimated 4,000 kilograms of solid waste per month. We are proud to highlight that all of this waste is 100% recyclable or reusable, ensuring that it contributes to a circular economy and minimizing its impact on landfills.

These consumption metrics not only provide us with valuable insights into our resource use but also guide our ongoing sustainability efforts. By continuously tracking and improving our resource efficiency, we aim to reduce our environmental footprint and contribute to a more sustainable future for the communities and ecosystems we serve.

Resource and Environmental Impact Management

Our Management Approach

As part of our management's decision to do the right thing, we have made decisive contributions to changing the world we live in for the better. We rolled out several initiatives voluntarily prior to any pressure or requirement from regulators or other stakeholders.

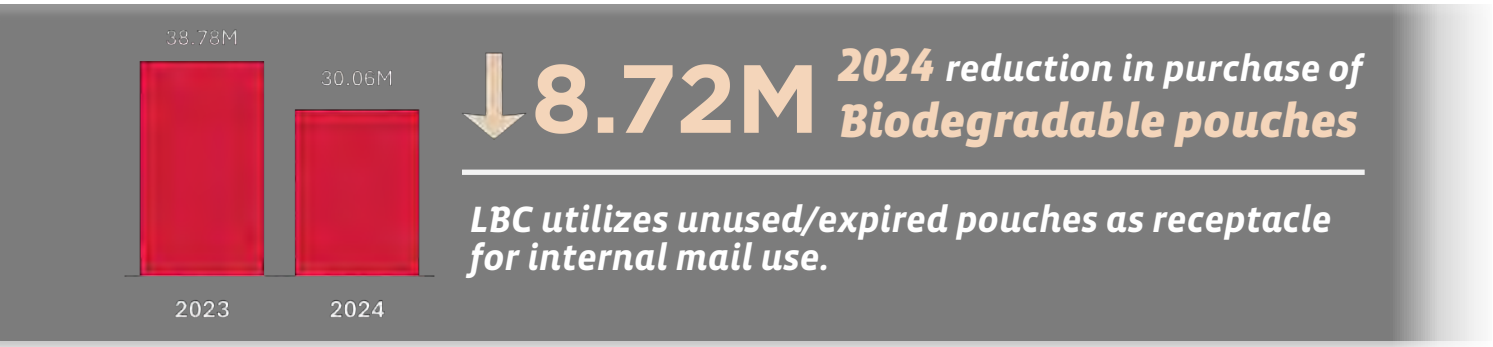

1. Introduction of Brown Box: In 2023, we began gradually introducing the "Brown Box" in various overseas origins, followed by its launch in the Philippines. By 2024, the Brown Box became available across the entire enterprise. The Brown Box offers the same high quality as the traditional white box but is made from recyclable materials, making it a more eco-friendly and sustainable packaging solution.
2. Biodegradable Packaging Initiative: In 2012, we introduced biodegradable pouches, well before the widespread concern over plastic waste. These pouches are certified 100% oxo-biodegradable, breaking down in 1 to 1.5 years when exposed to heat, light, or microorganisms. Unlike conventional plastics, these pouches do not emit methane during degradation.
3. Solar Energy Initiative (Davao Warehouse): To improve energy management, we installed solar panels at our Davao warehouse. On average, the solar panel system supplies about 59% of the warehouse's energy needs.

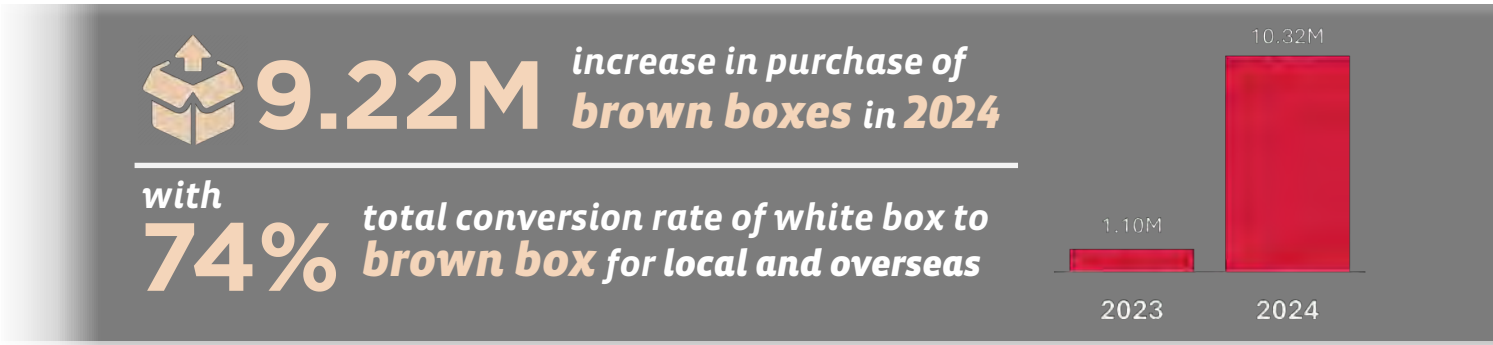

Environment

Resource and Environmental Impact Management

Materials used by the organization

Our Impact

LBC has taken significant steps to reduce its environmental footprint and streamline its operations by converting packaging materials, implementing recycling initiatives, and adopting renewable energy solutions.

The company has focused on reducing waste through the repurposing of biodegradable pouches and the transition from white boxes to brown boxes. This shift has a dual impact: it positively affects the environment by reducing the waste generated from packaging materials and helps lower company expenses related to packaging procurement.

In addition to packaging improvements, LBC has embraced solar energy at its Davao warehouse, further supporting its commitment to sustainability. By harnessing solar power, the company reduces its reliance on the grid, contributing to both cost savings and the reduction of its environmental impact, reinforcing LBC's dedication to responsible resource management and environmental stewardship.

Environment

Resource and Environmental Impact Management

Our Management Approach

LBC's management approach is driven by a commitment to sustainability, resource optimization, and cost efficiency. The Sourcing Department plays a pivotal role in the implementation of these initiatives, managing the distribution of recycled pouches to the appropriate departments. For instance, the Finance Department receives the repurposed pouches for internal mail purposes, ensuring that the use of recycled materials is both efficient and well-organized.

The company's initiative to convert white boxes to brown boxes aims to reduce its environmental impact. With a 74% conversion rate by the end of 2024, LBC is making significant progress in adopting sustainable packaging. LBC also prioritizes the use of recycled materials in its operations, further aligning practices with sustainability goals.

Additionally, the Solar Energy Initiative at the Davao warehouse has significantly enhanced energy management, with solar panels supplying about 59% of the warehouse's energy needs. This initiative has resulted in average savings of 34.62% in energy costs. This reduction in reliance on the grid underscores the system's effectiveness in supporting operational sustainability and energy efficiency, further strengthening LBC's commitment to responsible resource management.

Stakeholders affected

Several stakeholders are directly affected by LBC's sustainability initiatives:

1. **Employees/Internal Staff:** The primary beneficiaries of the company's sustainability initiatives. By using recycled pouches for internal mail, employees are directly contributing to reducing the company's waste and promoting a culture of sustainability. Furthermore, the use of recycled materials can contribute to the company's cost savings, which can, in turn, benefit employees through potential reinvestment in other areas, such as trainings and career development.
2. **Suppliers:** LBC's shift towards sustainable packaging may influence its suppliers, especially those providing biodegradable pouches and packaging materials. Suppliers may be required to adjust their product offerings to meet the company's increased demand for eco-friendly alternatives or to provide solutions that align with LBC's environmental goals.
3. **Management:** Senior management oversees the planning, implementation, and monitoring of these sustainability initiatives, ensuring that the company meets its set goals and continues to align with broader environmental policies.
4. **Customers and the Community:** While not directly involved in the internal processes, customers and the community may recognize and appreciate LBC's sustainability efforts, enhancing the company's reputation as a responsible corporate entity.

Environment

Resource and Environmental Impact Management

Risks and Opportunities

While LBC's initiatives bring several benefits, there are certain risks that the company must manage:

1. Supply Chain Disruptions: The availability of biodegradable and recyclable materials may fluctuate, especially if supply chains are disrupted. In such cases, LBC may face challenges in sourcing the necessary materials to continue its sustainability programs.
2. Operational Efficiency: The repurposing of materials like expired pouches must be done carefully to ensure that it does not negatively affect the operational efficiency of internal mail processes. If the recycled materials are not appropriately maintained or are not suitable for certain uses, it could cause delays or complications in mailing and handling important documents.
3. Cost Implications: While repurposing materials helps reduce expenses, there may be costs associated with the collection, cleaning, or reprocessing of expired pouches. These costs need to be carefully managed to ensure the sustainability efforts do not exceed their intended cost savings.

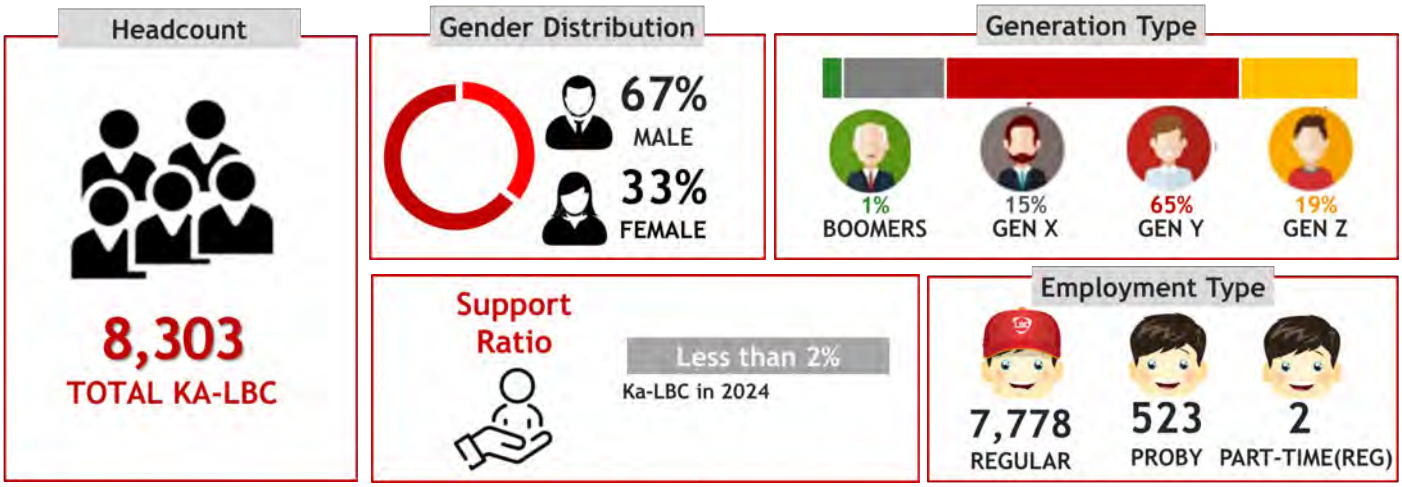

The sustainability initiatives LBC has adopted also present numerous opportunities for the company:

1. Reduced Waste: By converting white boxes to brown boxes and reusing expired pouches, LBC can significantly reduce the amount of waste generated by its operations. This not only contributes to environmental preservation but also aligns with growing consumer and industry expectations for sustainability.
2. Cost Savings: The use of recycled materials, particularly expired pouches for internal mail, enables LBC to lower its packaging expenses. These savings can be reinvested into other areas of the business, such as employee development, technology upgrades, or further environmental initiatives.
3. Enhanced Corporate Reputation: As sustainability becomes increasingly important to consumers, LBC's efforts to reduce waste and use recycled materials position the company as an environmentally responsible business. This can enhance the company's image in the marketplace, attracting environmentally conscious customers and partners.
4. Regulatory Compliance and Market Trends: With increasing global pressure for businesses to reduce their environmental impact, LBC's commitment to sustainability could help the company stay ahead of regulatory requirements and market trends. This proactive approach could create a competitive advantage in industries where environmental performance is becoming a key consideration.

Employee Demographics

LBC places a strong emphasis on its employees, recognizing them as essential to the company's success and social responsibility efforts. The company focuses on creating a decent work environment, promoting gender equality, and fostering employee development to ensure a supportive and inclusive workplace. With a workforce that spans multiple generations, LBC tailors its programs to meet the needs of employees from Gen Z to Baby Boomers, ensuring diverse perspectives are embraced.

While the company faces a 22.50% attrition rate, it actively works on improving employee retention through fair compensation, career growth opportunities, and regular feedback. Additionally, LBC maintains a less than 2% support ratio (the ratio of the lowest -paid employee to the minimum wage), ensuring that its compensation is above the minimum wage standard and supports fair pay for all employees.

LBC integrates a people-centered approach into its social commitment, ensuring a positive work environment, fair compensation, and equal opportunities for all employees. Its focus on gender equality, employee engagement, and a fair support ratio reinforces its long-term sustainability and role as a responsible corporate entity.

Employee Services

The LBC HCSS Team, alongside company leaders and under the guidance of the President, remains dedicated to supporting employees' well-being with active, agile, and resilient responses to ongoing challenges. In January 2024, LBC released the Annual Medicine Allowance to eligible employees, helping them manage medical expenses and ensuring they have access to necessary health resources. Additionally, the company offered an Onsite Annual Physical Exam (APE) in July 2024 at its main offices, providing employees with convenient access to regular health check-ups. In May 2024, LBC launched its Annual Vaccination Campaign, offering discounted flu and pneumonia vaccines to employees, promoting prevention and overall health.

Recognizing the importance of mental well-being, LBC also hosted a Mental Health Wellness Webinar Series from May to July 2024, providing employees with tools and strategies to manage stress, anxiety, and other mental health challenges. These efforts reflect LBC's comprehensive approach to supporting both the physical and mental health of its workforce, ensuring that employees have the resources they need to maintain a balanced and healthy lifestyle.

Our Impact

LBC's commitment to employee development has a profound impact on the company's overall performance and growth. With a global presence, LBC relies on its highly engaged and skilled workforce to maintain the quality and excellence that define the brand. By prioritizing employee development, the company not only enhances the skills and productivity of its team members but also fosters a culture of continuous improvement. This results in higher employee satisfaction, better customer service, and greater operational efficiency, all of which contribute directly to LBC's ongoing success across regions.

Our Management Approach

LBC's management approach focuses on creating a robust framework for employee development to ensure long-term sustainability and growth. Central to this approach is the belief that an engaged workforce is key to capitalizing on technological advancements. The company invests in a variety of development programs and learning systems, including e-Learning, leadership development, and career growth initiatives, to continuously build employees' skills.

Through regular assessments like the Leadership Practices Inventory and employee feedback surveys, LBC ensures that management is equipped to address development needs and align resources effectively. By fostering an environment that encourages skill enhancement and career progression, LBC creates a dynamic workforce that drives both individual and organizational success, supporting the company's ongoing expansion and leadership in the global market.

FIRE SAFETY DRILL AND SEMINAR

Workplace Conditions, Labor Standards, and Human Rights

Labor Laws and Human Rights

At LBC, we are deeply committed to upholding the rights and dignity of all employees and ensuring compliance with labor laws and human rights standards across our operations. We recognize that our workforce is one of our greatest assets, and fostering a fair, safe, and inclusive working environment is essential to our sustainability efforts. In line with this, we implement policies and practices that align with global human rights standards and work to ensure that our operations are free from labor violations, including forced and child labor.

We take all necessary steps to ensure compliance with local, national, and international labor laws. In our operations, there have been no recorded legal actions or employee grievances related to forced or child labor. This reflects our ongoing commitment to maintaining ethical labor practices and upholding human rights within our organization.

Policies on Human Rights and Workplace Behavior

While we do not have a specific policy addressing forced or child labor, LBC is committed to preventing labor law violations and human rights abuses. We adhere to the Sexual Harassment and Safe Spaces Act, which ensures a safe, respectful, and harassment-free workplace. This policy provides clear procedures for reporting incidents of harassment, promoting a supportive work environment for all employees.

Ongoing Commitment and Continuous Improvement

LBC remains committed to ensuring fair treatment and human rights for all employees. We are working to formalize a comprehensive policy on forced and child labor and continue to improve our labor practices through training, monitoring, and adherence to ethical standards. By upholding these values, we foster a fair and equitable workplace and ensure compliance with legal and regulatory requirements.

Supply Chain Management

Supplier Accreditation Policies

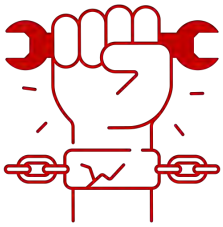

LBC is committed to maintaining high standards of sustainability, ethical practices, and responsible sourcing within its supply chain. To ensure that our suppliers align with these values, we have established a comprehensive Supplier Code of Conduct, which serves as the foundation for our supplier accreditation policy. This policy ensures that suppliers meet strict criteria in areas such as environmental responsibility, human rights, and ethical business practices. We regularly assess and verify supplier compliance to uphold these standards and ensure that all partners contribute to our sustainability goals.

In evaluating potential suppliers, we take into consideration several crucial sustainability topics. These are outlined in the Supplier Code of Conduct, which all suppliers must adhere to.

Environmental Performance

We require our suppliers to comply with all applicable environmental laws and regulations, ensuring they reduce or eliminate waste, water usage, and air emissions. Suppliers must also implement measures to minimize their environmental footprint through proper waste management and resource conservation.
(Reference: Article 4 of LBC Supplier Code of Conduct)

Forced and Child Labor

LBC does not tolerate forced or indentured labor in any form within our supply chain and expects suppliers to uphold the rights and dignity of their workers, ensuring that employment is voluntary and workers are treated fairly. Additionally, LBC prohibits the use of child labor, requiring all suppliers to comply with local and international laws regarding the employment of minors and to ensure workers meet the applicable minimum legal age requirement.
(References: Article 2 and Article 2a of LBC Supplier Code of Conduct)

Human Rights

We expect all suppliers to respect and uphold human rights, providing safe and dignified working conditions for all employees. Suppliers must avoid discrimination and ensure that employment practices are based on merit, not on personal characteristics such as race, gender, or religion.
(Reference: Article 2 of LBC Supplier Code of Conduct)

Bribery and Corruption

LBC has zero tolerance for bribery and corruption. Our suppliers must commit to fair business practices and adhere to all applicable anti-corruption laws, ensuring that their dealings with employees, suppliers, and customers are conducted ethically.
(Reference: Article 6 of LBC Supplier Code of Conduct)

Social

Relationship with Community

Significant Impacts on Local Communities

At LBC, we recognize that our success is deeply intertwined with the well-being of the communities in which we operate. As part of our ongoing commitment to sustainability, we have focused on initiatives that not only enhance our business operations but also foster positive, long-term impacts on local communities. Through strategic partnerships, environmental initiatives, and support for grassroots organizations, we strive to contribute to economic growth, social development, and environmental sustainability.

Move It Forward: Supporting Grassroots Organizations

LBC's *Move It Forward* program plays a pivotal role in strengthening community ties by providing logistics support to grassroots organizations, particularly those with limited financial resources. These organizations often struggle to cover the shipping costs required to distribute donations to their beneficiaries, and Move It Forward aims to eliminate this barrier.

Beyond logistical assistance, Move It Forward reinforces LBC's broader commitment to social responsibility by enabling partnerships with like-minded organizations that prioritize social good. The program plays an essential role in helping local charities and non-profits continue their work without the added strain of transportation costs, allowing them to focus more on their mission. By supporting these efforts, LBC fosters a culture of collaboration and community empowerment, making a lasting impact on the lives of beneficiaries and furthering the company's commitment to sustainable, positive change. Through Move It Forward, LBC not only supports the delivery of critical resources but also contributes to the collective effort to build stronger, more resilient communities.

Significant Impacts on Local Communities

LBC Foundation has made a significant impact by supporting various organizations through its shipping sponsorship program. By providing logistical support, LBC Foundation enables these organizations to expand their reach and impact, ensuring vital goods reach beneficiaries across different regions. This program underscores LBC's commitment to supporting social good and fostering positive change in the communities it serves.

Boxes Shipping Sponsorship: Empowering Non-Profits and Communities

Adarna Group Foundation received shipping support to send 9 boxes of books and craft materials to their beneficiaries in Bacolod, Negros Occidental.

Association of Foundations benefited from the sponsorship to send 351 parcels, including certificates, official receipts, and tokens, to member organizations nationwide.

Child Protection Network had 449 parcels of case documents and materials shipped to various offices and beneficiaries across the country.

League of Corporate Foundations sent 3 cargoes of tokens to resource speakers at the CSR Expo.

These sponsorships exemplify LBC's role in empowering organizations to distribute resources more effectively, thus enhancing the lives of countless individuals. By providing logistical support, LBC helps ensure that vital resources reach the communities that need them most, creating a ripple effect of goodwill and opportunity.

Social

Relationship with Community

Significant Impacts on Local Communities

In addition to supporting organizations and providing shipping sponsorships for community-based initiatives, LBC is equally committed to sourcing materials that contribute to the success of these efforts. Over 99% of our materials and supplies are sourced from local suppliers, a practice that has significant positive effects on regional economies. Local sourcing encourages responsible sourcing practices and contributes to the long-term vitality of the local economy, benefiting not just LBC but also our local partners, their employees, and the broader community.

Sourcing from Local Suppliers: Boosting Economic Growth

At LBC, local sourcing is more than just an operational strategy—it is a fundamental part of our commitment to the sustainable growth of the regions where we operate. By partnering with local suppliers, we directly contribute to the economic development of the areas we serve. Local sourcing encourages responsible sourcing practices, supports small and medium-sized enterprises, and contributes to the long-term vitality of the local economy. The impact of this approach extends far beyond our operations, benefiting not just LBC but also our local partners, their employees, and the broader community.

Beyond operational benefits, local sourcing plays a crucial role in fostering resilience within communities. By supporting regional businesses, we help stimulate job creation, provide stable income opportunities, and encourage entrepreneurship, which strengthens the overall economic health of the area. This creates a positive feedback loop where businesses grow, develop, and thrive alongside the operational success of LBC, ensuring that both our company and the communities we work in prosper together.

Social

Relationship with Community

Significant Impacts on Local Communities

Alongside supporting organizations through programs like Move It Forward and sourcing materials locally, LBC is equally committed to environmental sustainability in all aspects of its operations. While we work to strengthen community initiatives and foster local economic growth, we also recognize the critical importance of reducing our environmental impact for a sustainable future. These efforts not only improve our operational efficiency but also contribute to the long-term well-being of the communities we serve, helping to create a cleaner, healthier environment for future generations.

Environmental Sustainability: Reducing the Carbon Footprint

LBC understands that environmental sustainability is crucial not only for its operations but also for the long-term well-being of the communities it serves. In line with this, the company has taken significant steps to reduce its environmental footprint and promote green practices that contribute to a more sustainable future. These efforts include transitioning to eco-friendly packaging materials, implementing comprehensive recycling programs, and adopting renewable energy solutions across our operations.

These sustainability measures go beyond operational benefits—they play a key role in strengthening LBC's relationship with the communities in which we operate. By promoting environmentally responsible practices, LBC helps ensure a cleaner, healthier environment for future generations. These efforts strengthen LBC's relationship with the communities it serves, building trust and reinforcing the company's reputation as a responsible corporate entity. By promoting environmental responsibility, LBC not only reduces its own footprint but also contributes to the long-term well-being of local communities, ensuring a more sustainable future for all.

Our Management Approach

At LBC, customer satisfaction is at the heart of our service commitment. As a leading logistics provider, we understand that timely and effective resolution of customer concerns is critical to maintaining trust and loyalty. In response to the growing expectations of our customers and the evolving logistics landscape, we have reinforced our management approach to handling complaints. This approach is built on three key pillars: enhanced management oversight, technological innovation, and continuous capability development.

1. Enhanced Management Oversight. Internal monitoring and escalation procedures have been strengthened to ensure efficient and timely complaint resolution. Senior management plays an active role in tracking trends, identifying root causes, and supporting operational teams in implementing sustainable corrective measures.
2. Technological Innovations. The integration of artificial intelligence and machine learning enables the organization to analyze complaint data more efficiently, detect recurring issues, and streamline resolution processes. These technologies support a proactive and customer-centric approach to service improvement.
3. Capability-Building and Training. LBC places a strong emphasis on continuous training for its customer service teams. Programs focus on enhancing communication skills, empathy, and problem -solving capabilities, ensuring that all team members are equipped to manage complaints with professionalism and care.

PART I - FINANCIAL INFORMATION

Item 1. Financial Statements

The Unaudited Interim Financial Statements of the Company as of and for the period ended June 30, 2025 and Notes to Financial Statements are hereto attached as Annex "A".

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

RESULTS OF OPERATIONS

Six months ended June 30, 2025 compared to the six months ended June 30, 2024

Service Revenue

The Company's service revenue decreased by 2% to ₱6,978.44 million for the six months ended June 30, 2025, from ₱7,132.29 million for the six months ended June 30, 2024, mainly from the retail segment by 10%. This was cushioned by the improvement in revenue from the corporate segment by 21%.

Cost of Services

Cost of services went down by 4% to ₱5,344.76 million for the six months ended June 30, 2025, from ₱5,593.45 million for the six months ended June 30, 2024, mainly from improved cost of delivery and remittance ratio from 32% to 31% of total revenue as a result of cost rationalization. There were lower facilities costs e.g. utilities and supplies of branches, depreciation and rental cost as well, along with salaries and wages equivalent to 4% decrease in aggregate.

Gross Profit

Gross profit increased to ₱1,633.68 million for the six months ended June 30, 2025, from ₱1,538.84 million for the six months ended June 30, 2024, primarily related to improved efficiency and cost rationalization.

Operating Expenses

Operating expenses increased by 3% to ₱1,239.92 million for the six months ended June 30, 2025 from ₱1,207.74 million for the six months ended June 30, 2024, mainly driven by increases in professional fees, dues and subscriptions incurred for the period. This is offset by the reduction in costs from rationalization of branches and targeted advertising expenses of the management.

Operating Income

Operating income increased to ₱393.75 million for the six months ended June 30, 2025, from ₱331.10 million for the six months ended June 30, 2024, mainly due to improvement in gross profit by 6%.

Other Charges, Net

Other charges, net decreased to ₱170.27 million for the six months ended June 30, 2025, from ₱509.38 million for the six months ended June 30, 2024, mainly due to gains on derivative and foreign exchange.

Net Income (Loss) after tax

Net income after tax amounted to ₱181.30 million for the six months ended June 30, 2025, from net loss of ₱190.95 million for the six months ended June 30, 2024, due to improvement in operating income by 19% and the reduction in non-operating charges by 67%.

Quarter ended June 30, 2025 compared to the quarter ended June 30, 2024

Service Revenue

The Company's service revenue decreased by 5% to ₱3,338.02 million for the quarter ended June 30, 2025, from ₱3,519.10 million for the quarter ended June 30, 2024 as there was a 15% shortfall on retail segment. However, the corporate segment improved by 23%.

Cost of Services

Cost of services went down by 6% to ₱2,595.91 million for the quarter ended June 30, 2025, from ₱2,776.21 million for the quarter ended June 30, 2024, mainly from improved cost of delivery and remittance ratio from 33% to 31% of total revenue while facilities cost e.g utilities, supplies, rent, depreciation and manpower cost declined by 6% in aggregate. These are resulting from cost rationalization implemented by the management.

Gross Profit

Gross profit is almost at par at ₱742.11 million for the quarter ended June 30, 2025, from ₱742.89 million for the quarter ended June 30, 2024.

Operating Expenses

Operating expenses decreased by 3% to ₱623.57 million for the quarter ended June 30, 2025, from ₱642.18 million for the six months ended June 30, 2024, mainly driven by lower license fees and provision in credit losses. These movements were countered by increases in professional fees incurred during the period.

Operating Income

Operating income increased to ₱118.54 million for the quarter ended June 30, 2025, from ₱100.71 million for the quarter ended June 30, 2024, mainly due to lower operating expenses.

Other Charges, Net

Other charges, net decreased to ₱70.86 million for the quarter ended June 30, 2025, from ₱293.08 million for the quarter ended June 30, 2024, mainly due to gains on derivative and foreign exchange and lower interest expenses for the quarter.

Net Income (Loss) after tax

Net income after tax amounted to ₱36.48 million for the quarter ended June 30, 2025, from a net loss of ₱178.60 million for the quarter ended June 30, 2024, due to the improvement in operating income by 18% and the reduction in non-operating charges.

FINANCIAL CONDITION

As of June 30, 2025 compared to as of December 31, 2024

Assets

Current Asset
Cash and cash equivalents decreased by 20% to ₱2,190.78 million as of June 30, 2025, from ₱2,733.43 million as of December 31, 2024. Refer also to analysis of cash flows in "Liquidity" section below.

Trade and other receivable, net decreased to ₱2,101.79 million as of June 30, 2025, from ₱2,127.19 million as of December 31, 2024, driven by the lower receivable from outside parties as a result of collections for the period. Further, there is slight increase on the allowance for expected credit losses which contributed to the decline.

Due from related parties increased to ₱1,170.60 million as of June 30, 2025, from ₱1,159.78 million as of December 31, 2024 caused by the business-as-usual transactions for the current period.

Investments at fair value through profit and loss increased to ₱2.42 million as of June 30, 2025, from ₱2.36 million as of December 31, 2024, due to minimal amount of fair value gain recognized during the quarter.

Prepayments and other current assets increased by 2% to ₱1,164.21 million as of June 30, 2025, from ₱1,144.89 million as of December 31, 2024, primarily attributable to additional input value-added tax (VAT) from local purchases, higher level of material and supplies inventories and advance payments for software and maintenance payments, which were countered by the reduced level of restricted cash in bank and short-term investments.

Noncurrent Assets
Property and equipment, decreased by 2% to ₱2,443.47 million as of June 30, 2025, from ₱2,487.77 million as of December 31, 2024, mostly due to depreciation expense recognized during the period and retirement of assets related to closed branches, countered by additional purchases of ₱46.67 million.

Right-of-use assets, net is lower by 17% to ₱1,334.47 million as of June 30, 2025, from ₱1,601.24 million as of December 31, 2024, mainly attributable to amortization amounting to ₱399.03 million as of the period, offset by the net effect of renewals with impact of ₱157.77 million.

Intangible assets decreased by 7% to ₱196.63 million as of June 30, 2025, from ₱212.28 million as of December 31, 2024, mainly attributable to amortization amounting to ₱40.23 million as of the period, as countered by the additions in development in progress and software aggregating ₱20.52 million.

Investment at fair value through other comprehensive income increased by 2% to ₱101.38 million as of June 30, 2025, from ₱99.48 million as of December 31, 2024, relative to movement in market price from ₱0.51/share to ₱0.52/share.

Investment in associates increased to ₱384.08 million as of June 30, 2025, from ₱369.94 million as of December 31, 2024, due to share in net earnings.

Deferred tax assets - net slightly increased by 6% to ₱574.93 million as of June 30, 2025, from ₱544.57 million as of December 31, 2024, due to additional minimum corporate income tax (MCIT), recognition of net operating loss carry over (NOLCO), increase in contract liabilities, as countered by

lower deferred taxes from retirement liability, accrued employee benefits, and impact of net decrease in right-of-use assets and lease liabilities.

Security deposit decreased by 5% to ₱358.48 million as of June 30, 2025, from ₱375.43 million as of December 31, 2024, mainly due to forfeitures and applications to rent expense of closed branches.

Other noncurrent assets slightly decreased to ₱2,079.27 million as of June 30, 2025, from ₱2,093.36 million as of December 31, 2024, because of application as tax credits of input VAT on capital goods and collection of loans receivable.

Liabilities

Accounts and other payable decreased by 9% to ₱3,197.00 million as of June 30, 2025, from ₱3,518.30 million as of December 31, 2024, due to settlements of trade payables to outside parties and to a related party, net decrease in the accruals, offset by the higher taxes payable.

Due to related parties decreased to ₱3.91 million as of June 30, 2025, from ₱10.72 million as of December 31, 2024, due to settlement of advances from an affiliate.

Notes payable (current and noncurrent) decreased to ₱1,537.86 million as of June 30, 2025, from ₱1,914.69 million as of December 31, 2024, driven by the settlement of loans amounting to ₱394.38 million, offset by total availment during the period amounting to ₱17.55 million.

Transmissions liability decreased to ₱540.81 million as of June 30, 2025, from ₱684.86 million as of December 31, 2024, mainly attributable to additional transactions.

Income taxes payable decreased to ₱11.06 million as of June 30, 2025, from ₱16.60 million as of December 31, 2024, mainly attributable to payment of taxes in overseas.

Lease liabilities (current and noncurrent) is lower by 16% to ₱1,538.10 million as of June 30, 2025, from ₱1,838.04 million as of December 31, 2024, primarily attributable to lease payments during the period.

Bond payable increased by 5% to ₱2,167.70 million as of June 30, 2025, from ₱2,065.59 million as of December 31, 2024, mainly from the accretion of interest amounting to ₱157.41 million and countered by the foreign exchange gains recognized amounting to ₱55.31 million.

Derivative liability decreased to ₱2,497.30 million as of June 30, 2025, from ₱2,528.53 million as of December 31, 2024, related to the gain on valuation recognized for the period amounting to ₱31.23 million.

Retirement benefit obligation increased to ₱1,044.76 million as of June 30, 2025, from ₱1,005.30 million as of December 31, 2024, primarily due to accrual of expense recognized in current period.

1. Corporate Information

LBC Express Holdings, Inc. (referred to as the "Parent Company" or "LBCH"), formerly Federal Resources Investment Group Inc. (FED), was registered with the Securities and Exchange Commission (SEC) on July 12, 1993.

The ultimate parent of the Parent Company is LBC Development Corporation (LBCDC). The Araneta Family is the ultimate beneficial owner of the Parent Company.

FED, before it was acquired by LBCH, undertook an Initial Public Offering and on December 21, 2001, FED's shares were listed on the Philippine Stock Exchange (PSE).

The Parent Company invests, purchases or disposes real and personal property of every kind and description, including shares of stock, bonds, debentures, notes, evidence of indebtedness, and other securities or obligations of any corporation, association, domestic and foreign.

The Parent Company is a public holding company with investments in businesses of messengerial either by sea, air or land of letters, parcels, cargoes, wares, and merchandise; acceptance and remittance of money, bills payment and the like; performance of other allied general services from one place of destination to another within and outside of the Philippines; and foreign exchange trading.

As of June 30, 2025, the Group is in net current liability position of ₱3.48 billion and has a current ratio of 0.66. The Group's convertible instrument amounting to ₱4.66 billion was extended indefinitely and is classified as current liability since creditor has the right to demand payment anytime subject to 30-day notice. To date, the Group is in discussion with banks to obtain replacement financing. In the event of default, the creditor may foreclose the pledged LBCE shares which can be auctioned to the public and the proceeds can be used to settle the liability which may have an impact on the domestic business of the Group.

Management's plans on future actions to settle the instrument include improving operations to raise funds, securing replacement financing and those options under the agreement (see Note 15). Management is implementing strategic initiatives to accelerate the recovery of the Group's operation, sustain the increasing trend, and be able raise funds. Other settlement option for the convertible instrument will have a material impact to the domestic business of the Group but the international business supports the Group's ability to continue as going concern. Management has determined that these actions support the Group's going concern assessment and has therefore prepared the financial statements on a going concern basis.

The Parent Company's registered office address is at LBC Hangar, General Aviation Centre, Domestic Airport Road, Pasay City, Metro Manila, Philippines.

2. Summary of Significant Accounting Policies and Significant Accounting Estimates, Judgements and Assumptions

The principal accounting policies applied in the preparation of these interim condensed consolidated financial statements are set out below. These policies have been constantly applied to all the periods presented, unless otherwise stated.

Basis of Preparation

The accompanying interim condensed consolidated financial statements of the Group have been prepared using the historical cost basis, except for investments at fair value through profit or loss (FVPL) and fair value through other comprehensive income (FVOCI), and derivatives which have been measured at fair value. The interim condensed consolidated financial statements are presented in Philippine Peso (₱). All amounts are rounded off to the nearest peso, unless otherwise indicated.

Statement of Compliance

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with Philippine Accounting Standard (PAS) 34, *Interim Financial Reporting*. The unaudited interim condensed consolidated financial statements do not include all the information and disclosures required in the annual financial statements and should be read in conjunction with the Group's annual audited consolidated financial statements as at and for the year ended December 31, 2024, which have been prepared in accordance with PFRS.

Difference in accounting periods

The Group consolidated the non-coterminous financial statements of its subsidiaries using their November 30 fiscal year end and the six months ended June 30 except for QUADX Pte. Ltd and Mermaid Co. Ltd. with December 31 year end which are aligned with the Parent Company since it is impracticable for the said subsidiaries to prepare financial statements as of the same date as the reporting date of the Parent Company.

Except as disclosed below, the Group did not reflect any transactions of entities with non-coterminous financial statements from June 1 to 30 as these are not considered to be significant.

Management exercised judgment in determining whether adjustments should be made in the interim condensed consolidated financial statements of the Group pertaining to the effects of significant transactions or events of its subsidiaries that occur between June 1, 2025 and 2024 and the date of the Parent Company's financial statements which is June 30, 2025 and 2024 and between December 1, 2024 and the comparative date of the Parent Company's financial position which is December 31, 2024.

The interim condensed consolidated financial statements were adjusted to reflect LBCE's settlements of bank loans in June 30, 2025 amounting to ₱135.27 million and adjustment to reflect the increase in fair value of equity investment at FVOCI by ₱5.85 million.

The interim condensed consolidated financial statements were adjusted to reflect LBCE's availment and settlement of bank loans in June 30, 2024 amounting to ₱124.00 million and ₱130.49 million, respectively, adjustment to reflect equity share in net earnings of TBAI amounting to ₱0.76 million and adjustment to reflect the decrease in fair value of equity investment at FVOCI by ₱29.26 million.

The consolidated financial statements as of December 31, 2024 were adjusted to reflect LBCE's availment and settlement of bank loans in December 2024 amounting to ₱136.78 million and ₱100.16 million, respectively, adjustment to reflect the decrease in fair value of investment at FVOCI by ₱9.75 million, maturity of time deposit amounting ₱100.58 million; and adjustment to reflect equity share in net loss of TBAI amounting to ₱2.67 million for the period December 1 to 31, 2024.

There were no other significant transactions that transpired between June 1, 2025 to June 30, 2025, December 1, 2024 to December 31, 2024 and June 1, 2024 to June 31, 2024.

Basis of Consolidation

The interim condensed consolidated financial statements include the accounts of the Parent Company and all of its subsidiaries where the Parent Company has control. The interim condensed consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances. All significant intercompany balances and transactions, including income, expenses and dividends, are eliminated in full. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Specifically, the Group controls an investee if and only if the Group has:

- power over the investee (i.e., existing rights that give it the current ability to direct the relevant activities of the investee),
- exposure, or rights, to variable returns from its involvement with the investee, and
- the ability to use its power over the investee to affect its returns.

When the Group has less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- the contractual arrangement with the other vote holders of the investee
- rights arising from other contractual arrangements
- the Group's voting rights and potential voting rights

The Group re-assesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control. Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Assets, liabilities, income and expenses of a subsidiary acquired or disposed of during the year are included in the interim condensed consolidated statements of comprehensive income from the date the Group gains control until the date the Group ceases to control the subsidiary. Non-controlling interests (NCI) represent the portion of profit or loss and net assets in subsidiaries not owned by the Group and are presented separately in the interim condensed consolidated statement of comprehensive income, interim condensed consolidated statement of changes in equity and within equity in the interim condensed statement of financial position, separately from the Parent Company's equity. Any equity instruments issued by a subsidiary that are not owned by LBCH are non-controlling interests including preferred shares and options under share-based transactions.

Profit or loss and each component of other comprehensive income (OCI) are attributed to the equity holders of LBCH and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. When necessary, adjustments are made to the interim condensed consolidated financial statements of subsidiaries to bring their accounting policies in line with the Group's accounting policies. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full upon consolidation.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- derecognizes the assets (including goodwill) and liabilities of the subsidiary
- derecognizes the carrying amount of any non-controlling interests
- derecognizes the cumulative translation differences recorded in equity
- recognizes the fair value of the consideration received
- recognizes the fair value of any investment retained
- recognizes any surplus or deficit in profit or loss
- reclassifies LBCH's share of components previously recognized in OCI to profit or loss or retained earnings, as appropriate, as would be required if the Group had directly disposed of the related assets or liabilities.

All significant intercompany balances and transactions, including income, expenses and dividends, are eliminated in full. Profit and losses resulting from intercompany transactions that are recognized in assets are eliminated in full.

On September 28, 2023, the Parent Company acquired, through business combination, 100% of the capital of Blue Eagle and LBC Service Ltd., a corporation organized under the laws of Republic of China which is engaged in employment services for a total purchase price of New Taiwan Dollar (NTD) 5.00 million.

There were no other acquisitions and disposal nor changes in the Parent Company's ownership interests in its subsidiaries in 2025 and 2024.

Changes in Accounting Policies and Disclosures

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended December 31, 2024, except for the adoption of new standards effective as of January 1, 2025. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

Except otherwise stated, the adoption of the new accounting standards, amendments and interpretations which apply for the first time in 2025, do not have an impact on the interim condensed consolidated financial statements of the Group.

- Amendments to PAS 1*, Classification of Liabilities as Current or Non-current*

  The amendments clarify:

  - That only covenants with which an entity must comply on or before the reporting date will affect a liability's classification as current or non-current.

  - That classification is unaffected by the likelihood that an entity will exercise its deferral right.

  - That only if an embedded derivative in a convertible liability is itself an equity instrument would the terms of a liability not impact its classification.

- Amendments to PFRS 16*, Lease Liability in a Sale and Leaseback*

  The amendments specify how a seller-lessee measures the lease liability arising in a sale and leaseback transaction in a way that it does not recognize any amount of the gain or loss that relates to the right of use retained.

- Amendments to PAS 7 and PFRS 7*, Disclosures: Suppliers Finance Arrangements*

  The amendments specify disclosure requirements to enhance the current requirements, which are intended to assist users of financial statements in understanding the effects of supplier finance arrangements on an entity's liabilities, cash flows and exposure to liquidity risk.

Significant Accounting Judgments Estimates and Assumptions
The preparation of the interim condensed consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenue, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the reporting date. Uncertainty about these estimates and assumptions could result in outcomes that could require a material adjustment to the carrying amount of the affected asset or liability in the future.

There were no significant changes in the significant accounting judgments, estimates, and assumptions used by the Group for the interim period ended June 30, 2025.

3. Business Combination and Goodwill

On September 28, 2023, the Parent Company acquired, through business combination, 100% of the capital of Blue Eagle and LBC Service Ltd., a corporation organized under the laws of Republic of China which is engaged in employment services for a total purchase price of New Taiwan Dollar (NTD) 5.00 million.

Identifiable assets acquired, and liabilities assumed of Blue Eagle and LBC Service Ltd.
PFRS 3, *Business Combinations*, provides that if the initial accounting for a business combination can be determined only provisionally by the end of the period in which the combination is effected because either the fair values to be assigned to the acquiree's identifiable assets, liabilities or contingent liabilities or the cost of the combination can be determined only provisionally, the acquirer shall account for the combination using those provisional values. The acquirer shall recognize any adjustments to those provisional values as a result of completing the initial accounting within twelve months of the acquisition date. The comparative information presented for the periods before the initial accounting for the combination is complete shall be presented as if the initial accounting had been completed from the acquisition date.

Transtech, an entity incorporated in Japan, is involved in freight forwarding, warehousing, and packing business. Its services include forwarding of Balikbayan boxes from Japan to the Philippines.

Transtech shall pay interests on a quarterly basis. The Loan Agreement also constitutes a pledge by Transtech on its trademark for the benefit of LBCH, to secure LBCH's claims to the repayment of the loaned amount in case of default as defined in the Loan Agreement.

Subsequently, on September 30, 2019, Transtech granted LBCH an exclusive license to use its registered trademark subject to restrictions for a period of 10 years with automatic renewal of 3 years unless otherwise discontinued in writing by either party. LBCH may, in its discretion, use the trademark in combination with any text, graphics, mark, or any other indication. As consideration for the exclusive use of license, LBCH shall pay royalty of $0.13 million annually.

For the six months ended June 30, 2025 and 2024, LBCH incurred royalty fee amounting to ₱3.56 million and ₱3.58 million, respectively. The related payable was offset to LBCH's interest receivable from Transtech amounting to ₱0.75 million and ₱0.84 million for the six months ended June 30, 2025 and 2024, respectively, and to loans receivable amounting to ₱2.81 million and ₱2.76 million for the six months ended June 30, 2025 and 2024, respectively.

Current and noncurrent portion as at June 30, 2025 and December 31, 2024 are as follows:

   In 2024, additional availments were made in an aggregate amount of ₱118.70 million. Settlement made in 2025 and 2024 amounted to ₱0.86 million and ₱13.78 million., respectively.

   While the loan remains unpaid, LBCE shall not, without prior consent of the bank, permit any material change in the character of its business and controlling ownership; shall not undertake corporate reorganization; and amend Articles of Incorporation and By-laws. LBCE shall not participate in merger and consolidation except when it is the surviving corporation, nor sell, lease, mortgage or otherwise encumber or dispose of any asset owned, except (i) in the ordinary course of the business and (ii) to any consolidated subsidiary, person or entity which, upon such disposal, shall become a consolidated subsidiary of LBCE. There shall be no voluntary suspension of operations or dissolution of affairs. No dividend shall be declared to its

stockholders other than dividends payable solely in shares of capital stock. In the event of default, LBCE shall not pay any loans or advances from its stockholders, affiliates, subsidiaries, or related entities. Further, LBCE shall ensure, that:

- The ratio of its consolidated debt to equity shall not exceed 4.0x, computed net of lease liabilities; and
- Current ratio shall not be lower than 0.8x.

b. A short-term loan availed with UBP in July 2023 which was rolled over in January 2024 amounting to ₱25.00 million and settled in August 2024. It was rolled over in August 2024 amounting to ₱7.60 million and settled in February 2025. Settlements made in 2025 and 2024 amounted to ₱1.50 million and ₱6.10 million, respectively. Additional availments were made in January 2025 amounting to ₱18.00 million with maturity date of July 2025.

c. The Notes Facility Agreement entered into by LBCE with Banco De Oro (BDO) in 2016 is with a credit line facility amounting to ₱800.00 million. The loan is secured by a real estate mortgage on land owned by LBCE's affiliate (see Note 15). In June 2021, the term was extended up to October 2021 and secured by time deposit hold-out. In October 2021, it was further extended up to May 2026. Settlement made in 2025 and 2024 amounted to ₱42.38 million and ₱84.75 million, respectively.

On April 15, 2021, the Board of Directors of LBCH approved to guarantee the loan and allowed to hold out its time deposit. The current amount of time deposit as of June 30, 2025 is ₱96.29 million. On June 20, 2017, the BOD of the Parent Company approved the issuance of convertible instrument. The proceeds of the issuance of convertible instrument will be used to fund the growth of the business of the Parent Company, including capital expenditures and working capital. Accordingly, on August 4, 2017, the Parent Company issued, in favor of CP Briks Pte. Ltd (CP Briks), a seven-year secured convertible instrument in the aggregate principal amount of US$50.0 million (₱2,518.25 million) convertible at any time into 192,307,692 common shares of the Parent Company at the option of CP Briks initially at ₱13.00 per share conversion price, subject to adjustments and resetting of conversion price in accordance with the terms and conditions of the instrument as follows:

- effective on three years (3) from issuance date (the Reset Date) - if the 30-day Trading Day Weighted Average Price (TDWAP) of the Parent Company's common shares on the Principal Market prior to the Reset Date is not higher than the initial conversion price, the conversion price shall be adjusted on the Reset Date to the 30-day TDWAP prior to Reset Date;
- upon issuance of common shares for a consideration less than the conversion price in effect – the conversion price shall be reduced to the price of the new issuance;
- upon subdivision or combination (i.e., stock dividend, stock split, recapitalization or otherwise) – the conversion price in effect shall be proportionately reduced or increased; and
- other events or voluntary adjustment.

The convertible instrument (to the extent that the same has not been converted by CP Briks as the holder or by the Parent Company) is redeemable at the option of CP Briks, commencing on the 30th month from the issuance date at the redemption price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively). The agreement also contains redemption in cash by the Parent Company at a price equal to the principal amount of the bond plus an internal rate of 13% (decreasing to 12%, 11% and 10% on the 4th, 5th and 6th anniversary of the issuance date, respectively) in case of a Change of Control as defined under the agreement.

The Parent Company also has full or partial right to convert the shares subject to various conditions including pre-approval of the PSE of the listing of the conversion shares and other conditions to include closing sale price and daily trading volume of common shares trading on the Principal Market and upon plan of offering, placement of shares or similar transaction with common share price at a certain minimum share price. On August 9, 2021, the Parent Company's stockholders approved the issuance of common shares for potential exercise of conversion rights. As at report date, there has been no conversion of the convertible instrument.

The convertible instrument is a hybrid instrument containing host financial liability and derivative components for the equity conversion and redemption options. The equity conversion and redemption options were identified as embedded derivatives and were separated from the host contract.

On October 3, 2017, the Parent Company entered into a pledge supplement with CP Briks whereby the Parent Company constituted in favor of CP Briks a pledge over all of the Parent Company's shares in LBCE consisting of 1,041,180,504 common shares, representing 100% of the total issued and outstanding capital stock of LBCE.

In the event of default, CP Briks may foreclose upon the pledge over LBCE shares as a result of which LBCE shares may be sold via auction to the highest bidder. The sale of LBCE shares in such public auction shall extinguish the outstanding obligation, whether or not the proceeds of the foreclosure sale are equal to the amount of the outstanding obligation. Under the terms of the pledge

agreement, if LBCE shares are sold at a price higher than the amount of the outstanding obligation, any amount in excess of the outstanding obligation shall be paid to the Parent Company.

While CP Briks may participate in the auction of LBCE shares should there be a foreclosure, any such foreclosure of the pledge over LBCE shares and any resulting acquisition by CP Briks of equity interest in LBCE are always subject to the foreign ownership restrictions applicable to LBCE, which may not exceed 40% of the total issued and outstanding capital stock entitled to vote, and 40% of the total issued and outstanding capital stock whether or not entitled to vote, of LBCE.

Covenants
While the convertible instrument has not yet been redeemed or converted in full, the Parent Company shall ensure that neither it or its subsidiaries shall incur, create or permit to subsist or have outstanding indebtedness, as defined in the Omnibus Agreement, or enter into agreement or arrangement whereby it is entitled to incur, create or permit to subsist any indebtedness and that the Parent Company shall ensure, on a consolidated basis, that:

a. Total Debt to EBITDA for any Relevant Period (12 months ending on the Parent Company's financial year) shall not exceed 2.5:1.
b. The ratio of EBITDA to Finance Charges for any Relevant Period shall not be less than 5.0:1; and
c. The ratio of Total Debt on each relevant date to Shareholder's Equity for that Relevant Period shall be no more than 1:1.

The determination and calculation of the foregoing financial ratios are based on the agreement and interpretation of relevant parties subject to the terms of the convertible instrument. The Group is in compliance with the above covenants as at June 30, 2025 and December 31, 2024, the latest Relevant Period subsequent to the issuance of the convertible instrument. Relevant period means each period of twelve (12) months ending on the last day of the Parent Company's financial year.

In relation to the issuance of the convertible instrument and following the entry of CP Briks as a stakeholder in the Parent Company, the Parent Company entered into the following transactions:

- LBC Mabuhay (B) SDN BHD which operates as a cargo company in Brunei. The Parent Company acquired 50% of LBC Mabuhay (B) SDN BHD for a total purchase price of US $225,965.

vii. On September 28, 2023, the Parent Company acquired 100% equity in Blue Eagle and LBC Service Ltd., a corporation organized under the Republic of China (Taiwan) for NTD 5.00 million.

Upon completion of the acquisitions discussed in (i) to (vi) above, the Parent Company will have acquired equity interests in twelve overseas entities which are affiliated to the Parent Company and LBCDC. In 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a date no later than two years from the amendment (see Note 18). On November 29, 2022, a memorandum of agreement was signed between LBCDC and LBCE, whereas LBCDC pledged certain LBCH shares to secure the repayment of its obligation to LBCE amounting to P1,018.66 million (see Note 18).

If an event of default occurred and be continuing, CP Briks may require the Parent Company to redeem all or any portion of the convertible instrument, provided that CP Briks provides written notice to the Parent Company within the applicable period. Each portion of the convertible instrument subject to redemption shall be redeemed by the Parent Company at price equal to 100% of

the conversion amount plus an internal rate of return (IRR) equal to 16% (inclusive of applicable tax, which shall be for the account of CP Briks).

On December 29, 2022, US$11.0 million of the US$50.0 million convertible instrument was redeemed by CP Briks at a total redemption price of ₱1,084.42 million (US$19.33 million) and was paid on January 10, 2023. As of December 31, 2022, the Group recognized bond redemption payable amounting to ₱1,014.74 million and deducted the portion of US$11.0 million from the bond payable and derivative liability. Gain on partial redemption of convertible instrument amounted to ₱7.58 million in 2022.

On August 2, 2024, CP Briks Pte. Ltd (CP Briks) agreed to extend the maturity date from August 4, 2024 to such time CP Briks opts to terminate the instrument upon thirty (30) days prior notice ("Extended Stated Maturity Date"). LBCH acknowledges and agrees that the interest in the instrument shall continue to accrue from the original stated maturity date until the extended maturity date, at the relevant IRR pursuant to Sections 4 and 5 of the instrument. Any reference in the purchase agreement and in the instrument to "due 2024" or "maturity date" or similar terms whether any such term is capitalized or not shall hereafter mean Extended Stated Maturity Date.

In order for CP Briks to exercise its right to terminate the instrument, it shall notify LBCH at least thirty (30) days prior to the day CP Briks opts to terminate and LBCH shall pay all outstanding principal and any accrued interest on such extended stated maturity date.

a. In the normal course of business, the Group fulfills the delivery of balikbayan boxes, fulfillment of money remittances and performs certain administrative functions on behalf of its affiliates. The Group charges delivery fees and service fees for the fulfillment of these services based on agreed rates. The Group charged penalties by its affiliate for the Group's failure to meet the maximum period of delivery as contained in the service level agreement. There are no claims and losses recognized as shown as a reduction in 'Service fees' for 2025 and 2024.

b. The Group provides expense reimbursements, has receivable and payable under regular trade agreements to affiliates. These are non-interest bearing and payable on demand.

In prior years, the Group had outstanding advances of ₱295.00 million to LBC Development Bank, an entity under common control of LBCDC. In 2011, management assessed that these advances are not recoverable. Accordingly, the said asset was written-off from the books in 2011 (see Note 28).

On May 29, 2019, LBCH sold all its 1,860,214 common shares in QUADX Inc. to LBCE for ₱186,021,400 or ₱100 per share payable no later than two years from the execution of deed of absolute sale of share, subject to any extension as may be agreed in writing by the parties.

On July 1, 2019, LBCE sold all its QUADX shares to LBCDC for ₱186.02 million, payable no later than two years from the date of sale, subject to any extension as may be agreed in writing by the parties. On the same date, LBCE, LBCDC and QUADX Inc. entered into a Deed of Assignment of Receivables whereas LBCE agreed to assign, transfer and convey its receivables from QUADX as of June 30, 2019 amounting to ₱832.64 million to LBCDC which shall be paid in full, from time to time starting July 1, 2019 and no later than two years from the date of the execution of the Deed, subject to any extension as may be agreed in writing by LBCE and LBCDC. In July 2021, LBCE and LBCDC entered into amended agreements to extend the payment of consideration for the sale of QUADX shares and the Assignment of Receivables to a

date no later than two years from the amendment. Subsequently, this was further extended for an additional two years in 2023.

In 2022, LBCDC entered into a pledge agreement with LBCE whereby the former pledged portion of its LBCH shares to LBCE as a guarantee to its outstanding receivables amounting to ₱1,018.66 million.

c. Starting 2007, LBCDC (Licensor), the Ultimate Parent Company, granted to the Group (Licensee) the full and exclusive right to use the LBC Marks within the Philippines in consideration for a continuing royalty rate of two point five percent (2.5%) of the Company's Gross Revenues which is defined as any and all revenue from all sales of products and services, including all other income of every kind and nature directly and/or indirectly arising from, related to and/or connected with Licensee's business operations (including, without limitation, any proceeds from business interruption insurance, if any), whether for cash or credit, wherever made, earned, realized or accrued, excluding any sales discounts and/or rebates, value added tax. Such licensing agreement was amended on August 4, 2017 and was subsequently discontinued effective September 4, 2017 in recognition of the Group's own contribution to the value and goodwill of the trademark.

d. In the normal course of business, LBCE acquires services from OFII which include sea freight and brokerage mainly for the cargoes coming from international origins. These expenses are billed to the origins at cost.

e. In November 2011, LBC Mundial Corporation paid-off LBC Express Holdings USA Corporation’s outstanding mortgage loan which is consolidated into a long-term promissory note amounting to US$1,105,148 at 4% interest, payable in 180 equal monthly installments. This was fully settled in May 2024. Interest income earned from notes receivable amounted to nil and ₱0.30 million for the six months ended June 30, 2025 and 2024, respectively.

f. In June 2024 and August 2023, the BOD of OFII declared cash dividends amounting to ₱100.00 million and ₱132.00 million of which the 30% share of LBCH is equivalent to ₱30.00 million and ₱39.60 million, respectively.

Aside from required approval of related party transactions explicitly stated in the Corporation Code, the Group has established its own related party transaction policy stating that any related party transaction involving amount or value greater than 10% of the Group’s total consolidated assets are deemed ‘Material Related Party Transactions’. Such transactions shall be reviewed by the Related Party Transaction Committee (RPTC) prior to its endorsement for the Board’s Approval. Moreover, any related party transaction involving less than 10% of the Group’s total consolidated assets will be submitted to the President and Chief Executive Officer for review.

23. Financial Risk Management Objectives and Policies

The Group has various financial assets such as cash and cash equivalents, restricted cash, trade and other receivables (excluding advances to officers and employees), due from related parties, financial assets at FVPL, financial assets at FVOCI, short-term investments under other current assets, loan receivable and notes receivable.

The Group's financial liabilities comprise of accounts and other payables (excluding statutory liabilities, accrued taxes and contract liabilities), due to related parties, notes payable, transmissions liability, lease liabilities, dividends payable, bonds payable, derivative liability and other noncurrent liabilities. The main purpose of these financial liabilities is to finance the Group's operations. The main risks arising from the Group's financial instruments are price risk, interest rate risk, liquidity risk, foreign currency risk and credit risk. The BOD reviews and approves policies for managing each of these risks which are summarized below.

Price risk
The Group closely monitors the prices of its equity securities as well as macroeconomic and entity-specific factors which could directly or indirectly affect the prices of these instruments. In case of an expected decline in its portfolio of equity securities, the Group readily disposes or trades the securities for replacement with more viable and less risky investments.

Such investment securities are subject to price risk due to changes in market values of instruments arising either from factors specific to individual instruments or their issuers, or factors affecting all instruments traded in the market.

The following table shows the effect on comprehensive income should the change in the close share price of quoted equity securities accounted for as FVOCI occur as at June 30, 2025 and 2024 with all other variables held constant.

	Effect on comprehensive income	
	June 30, 2025 (Unaudited)	June 30, 2024 (Unaudited)

Change in NAV		
Increase by 5%	**120,856**	₱115,301
Decrease by 5%	**(120,856)**	(115,301)

The Group is also exposed to equity price risk in the fair value of the derivative liability due to the embedded equity conversion feature. Furthermore, at a given point in time in the future until maturity date, the derivative liability has a redemption option offering a minimum return in case the value of the conversion feature is low. The impact of the changes in share price in the valuation is minimal.

Interest rate risk and credit spread sensitivity analysis
Except for the credit spread used in the valuation of the convertible redeemable bond, the Group is not significantly exposed to interest rate risk as the Group's interest rate on its cash and cash equivalents and notes payable are fixed and none of the Group's financial assets and liabilities carried

at fair value are sensitive to interest rate fluctuations. Further, the impact of fluctuation on interest rates on the Group's finance leases will not significantly impact the results of operations.

The value of the Group's convertible redeemable bond is driven primarily by two risk factors: underlying stock prices and interest rates. Interest rates are driven by using risk-free rate, which is a market observable input, and credit spread, which is not based on observable market data. The following table demonstrates the sensitivity to a reasonably possible change in credit spread, with all other variables held constant, on the fair value of the Group's embedded conversion option of the convertible redeemable bond.

	Effect in fair value as of	
	June 30, 2025 (Unaudited)	June 30, 2024 (Unaudited)
Credit spread		
+1%	**₱2,049,874**	₱2,142,104
-1%	**(2,051,811)**	(2,144,128)

Liquidity risk
Liquidity risk is the risk from inability to meet obligations when they become due, because of failure to liquidate assets or obtain adequate funding. The Group ensures that sufficient liquid assets are available to meet short-term funding and regulatory capital requirements.

The Group has a policy of regularly monitoring its cash position to ensure that maturing liabilities will be adequately met.

Prudent liquidity risk management implies maintaining sufficient cash, the availability of funding through an adequate amount of committed credit facilities and the ability to close out market positions. Management believes that cash generated from operations is sufficient to meet daily working capital requirements.

Management has been continuously engaged in cost rationalization on all it's business segments which includes consolidation of facilities, evaluation and rationalization of branches as well as rightsizing of the workforce globally . In addition, management is upgrading its operational touchpoints, websites and applications to be more competitive in the evolving on line logistics industry. These activities are expected to reduce the operational cash outflow requirements and improve liquidity of the Group.

Management is implementing strategic initiatives to accelerate the recovery of the Group's operation, sustain the increasing trend, and be able raise funds. Management is also seeking of various means to address the instrument's timeline which include exploring interested parties to purchase the instrument or refinance the liability. Management believes that the Group is able to address any unplanned obligation in the next twelve months that may arise from the convertible instrument which is presented as current financial liability considering the pledge shares (see Note 15).

Surplus cash is invested into a range of short-dated money time deposits, which seek to ensure the security and liquidity of investment while optimizing yield.

The Group expects to generate cash flows from its operating activities mainly on sale of services. The Group also has sufficient cash and adequate amount of credit facilities with banks to meet any

unexpected obligations.

Foreign currency risk
Foreign currency risk is the risk that the future cash flows of financial assets and financial liabilities will fluctuate because of changes in foreign exchange rates. The Group's exposure to the risk of changes in foreign exchange rates relates to the Group's operating activities when revenue or expenses are denominated in a different currency from the Parent Company and its subsidiaries' functional currencies.

The Group operates internationally through its various international affiliates by fulfilling the money remittance and cargo delivery services of these related parties. This exposes the Group to foreign exchange risk primarily with respect to Euro (EUR), Hongkong Dollar (HKD), Australian dollar (AUD), US Dollar (USD) and Japanese Yen (JPY). Foreign exchange risk arises from future commercial transactions, foreign currency denominated assets and liabilities and net investments in foreign operations.

The Group enters into short-term foreign currency forwards, if needed, to manage its foreign currency risk from foreign currency denominated transactions.

Information on the Group's foreign currency-denominated monetary assets and liability recorded under cash and cash equivalents, due from related parties and bonds payable in the interim condensed consolidated statements of financial position and their Philippine Peso equivalents follow:

The following table demonstrates the sensitivity to a reasonably possible change in foreign exchange rates, with all variables held constant, of the Group's income before tax (due to changes in the fair value of monetary assets and liabilities - net position) as at June 30, 2025 and December 31, 2024.

	Increase (decrease) in income before tax

(2)	**36,315,832**	(41,488,936)

There is no impact on the Group's equity other than those already affecting profit or loss and other comprehensive income. The movement in sensitivity analysis is derived from current observations on fluctuations in foreign currency exchange rates.

The Group recognized ₱51.68 million gain and ₱63.91 million foreign exchange loss - net, for the six months ended June 30, 2025 and 2024, respectively, arising from settled transactions and translation of the Group's cash and cash equivalents, equity investments at FVPL, due from related parties, trade payables and bond payable (see Note 19).

Credit risk
Credit risk is the risk that one party to a financial instrument will fail to discharge an obligation and cause the other party to incur a financial loss.

Credit risk is monitored and actively managed by way of strict requirements relating to the creditworthiness of the counterparty at the point at which the transactions are concluded and also throughout the entire life of the transactions, and also by way of defining risk limits.
The maximum credit risk exposure of the Group's financial assets is equal to the carrying amounts in the consolidated statements of financial position.

There are no collaterals held as security or other credit enhancements attached to the Group's financial assets.

Capital Management
The Group's objectives in managing capital are to safeguard the Group's ability to continue as a going concern so that it can continue to provide shareholder returns and to maintain an optimal capital structure to reduce the cost of capital and thus, increase the value of shareholder investment.
In order to maintain a healthy capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debts. Management has assessed that the Group is self-sufficient based on historical and current operating results.

The capital that the Group manages is equal to the total equity as shown in the interim condensed consolidated statements of financial position as at June 30, 2025 and December 31, 2024 amounting to ₱1,859.58 million and ₱1,656.06 million, respectively.

24. Fair Values

The methods and assumptions used by the Group in estimating the fair value of the financial instruments are as follows:

The carrying amounts of cash and cash equivalents, trade and other receivables (excluding advances to officer and employees), due from/to related parties, short-term cash investments, restricted cash in bank, notes receivable, loans receivable, accounts and other payables (excluding statutory payables), dividends payable, transmissions liability, and the current portion of notes payable and lease liabilities approximate their fair value because these financial instruments are relatively short-term in nature.

The fair value of equity financial assets at FVOCI is the current published closing price while the financial assets at FVPL is based on the net asset value per unit as of reporting date as provided by the fund manager.

The estimated fair value of the derivative liability as at June 30, 2025 and December 31, 2024 is based on an indirect method of valuing multiple embedded derivatives. This valuation technique uses binomial pyramid model using stock prices and stock price volatility. This valuation method compares the fair value of the option-free instrument against the fair value of the hybrid convertible instrument. The difference of the fair values is assigned as the value of the embedded derivatives.

The significant unobservable input in the fair value is the stock price volatility of 11.69% and 16.92% in 2025 and 2024, respectively. In 2025, a 5% increase (5% decrease) in the stock volatility has no significant impact.

As of June 30, 2025 and December 31, 2024, the plain bond is determined by discounting the cash flow, which is simply the principal at maturity, using a discount rate of 12.35% and 17.80%, respectively. The discount rate is composed of the matched to maturity risk free rate and the option adjusted spread (OAS) of 12%.

The fair value of the long-term portion of lease liabilities as at June 30, 2025 and December 31, 2024 is based on the discounted value of future cash flow using applicable interest rates ranging from 5.71% to 5.90% and from 5.93% to 5.96%, respectively.

The estimated fair value of long-term portion of notes payable as at June 30, 2025 and December 31, 2024 is based on the discounted value of future cash flow using applicable rates ranging from 5.66% to 6.02% and 5.93% to 6.03%, respectively.

The discounting used Level 3 inputs such as projected cash flows, discount rates and other market data except for the fair values of financial assets at FVOCI and FVPL which are classified as Level 1 and Level 2, respectively.

The quantitative disclosures on fair value measurement hierarchy for assets and liabilities as at June 30, 2025 and December 31, 2024 follow:

25. Segment Reporting

Management has determined the operating segments based on the information reviewed by the executive committee for purposes of allocating resources and assessing performance.

The Group's two main operating segments comprise of logistics and money transfer services. The executive committee considers the business from product perspective.

The Group's logistics products are geared toward both retail and corporate clients. The main services

offered under the Group's logistics business are domestic and international courier and freight forwarding services (by way of air, sea and ground transport).

Money transfer services comprise of remittance services (including branch retail services, prepaid remittance cards and online and mobile remit) and bills payment collection and corporate remittance payout services. Money transfer services include international presence through its branches which comprises international inbound remittance services.

The Group only reports revenue line item for this segmentation. Assets and liabilities and cost and expenses are shared together by these two segments and, as such, cannot be reliably separated.

The Group has no significant customer which contributes 10% or more to the revenue of the Group.

Set below is the disaggregation of the Group's revenue from contracts with customers:

	For the Six Months ended June 30, 2025		
Segments	**Logistics**	**Money transfer services**	**Total**

Total revenue from contracts with customer	₱6,885,149,296	₱247,144,380	₱7,132,293,676

The Group disaggregates its revenue information in the same manner as it reports its segment information.

The revenue of the Group consists mainly of sales to external customers. Revenue arising from service fees charged to affiliates amounted to ₱54.66 million and ₱52.81 million for the six months ended June 30, 2025 and 2024, respectively (see Note 17).

Seasonality of Operations

The Group's operation tends to experience increased volume in remittance transmission as well as cargo throughout the second quarter and fourth quarter of the year, particularly during the start of the school year and during the Christmas holiday season.

26. Basic/Diluted Earnings (Losses) Per Share

The following table presents information necessary to calculate earnings (losses) per share on net income (loss) attributable to owners of the Parent Company:

Basic/Diluted Earnings (Losses) per Share:

	For the Six Months Ended June 30,	
	2025 (Unaudited)	2024 (Unaudited)
Net income (loss) attributable to shareholder of the Parent Company	**₱172,123,366**	(₱193,433,656)
Weighted average number of common shares outstanding	**1,425,865,471**	385,796,399
Basic earnings (losses) per share	**₱0.12**	(₱0.14)

In 2025 and 2024, the Parent Company did not consider the effect of the assumed conversion of convertible debt since these are anti-dilutive. As such, for the six months ended June 30, 2025, the diluted EPS presented in the interim condensed consolidated statements of comprehensive income is the same value as basic EPS.

27. Notes to Consolidated Statement of Cash Flows

For the six months ended June 30, 2025, the Group has the following non-cash transaction under:

Investing Activities

a. Unpaid acquisition of property and equipment amounting to ₱14.90 million.
b. Offsetting of loans receivable and interest receivable against royalty fee recorded under 'accounts and other payables' (see Note 11) amounting to ₱2.81 million.

28. Other Matters

Closure of LBC Development Bank, Inc.
On September 9, 2011, the Bangko Sentral ng Pilipinas (BSP), through Monetary Board Resolution No. 1354, resolved to close and place LBC Development Bank Inc.'s (the "Bank") assets and affairs under receivership and appointed Philippine Deposit Insurance Company (PDIC) as the Bank's official receiver and liquidator.

On December 8, 2011, the Bank, thru PDIC, demanded LBC Holdings USA Corporation (LBC US) to pay its alleged outstanding obligations amounting to approximately ₱1.00 billion, a claim that LBC US has denied for being baseless and unfounded.

In prior years, the Group has outstanding advances of ₱295.00 million to the Bank, an entity under common control of LBCDC. In 2011, upon the Bank's closure and receivership, management assessed that these advances are not recoverable. Accordingly, the receivables amounting to ₱295.00 million were written-off.

PDIC's external counsel sent demand/collection letters to LBC Systems, Inc. [Formerly LBC Mundial Inc.] [Formerly LBC Mabuhay USA Corporation], demanding the payment of various amounts aggregating to ₱911.59 million on March 24 and 29, 2014, and June 17, 2015 and June 24 and June 26, 2015.

On March 17, 2014, PDIC's external counsel sent a demand/collection letter to LBC Express, Inc. (LBCE), for collection of alleged amounts totaling ₱1.76 billion representing unpaid service fees due from June 2006 to August 2011 and service charges on remittance transactions from January 2010 to September 2011. On March 29, 2014, PDIC's external counsel also sent demand/collection letters to LBCE and LBCDC for collection of the additional amounts of ₱27.17 million and ₱30 million, respectively, representing alleged unwarranted reduction of advances made by the Bank.

On November 2, 2015, the Bank, represented by the PDIC, filed a case against LBCE and LBCDC, together with other defendants, before the Makati City Regional Trial Court (RTC) for collection of money in the total amount of ₱1.82 billion. PDIC justified the increase in the amount from the demand letter sent on March 17, 2014 as due to their discovery that the supposed payments of LBCE and LBCDC were allegedly unsupported by actual cash inflow to the Bank, which PDIC sought to collect through the respective demand letters sent on March 29, 2014.

On December 28, 2015, the summons, the Complaint and the writ of preliminary attachment were served on the former Corporate Secretary of LBCE. The writ of preliminary attachment resulted to the (a) attachment of the 1,205,974,632 shares of LBC Express Holdings, Inc. owned by LBCDC and (b) attachment of various bank accounts of LBCE totaling ₱6.90 million. The attachment of the shares of LBC Express Holdings, Inc. in the record of the stock transfer agent had the effect of preventing the registration or recording of any transfers of such shares in the corporate records, until the writ of preliminary attachment is discharged.

On January 12, 2016, LBCE and LBCDC, together with other defendants, filed motions to dismiss the Complaint which was denied by the RTC, and then by the Court of Appeals (CA). LBCE and LBCDC filed an appeal to the Supreme Court on September 2, 2019 assailing the denial of the motions to dismiss. PDIC has already filed its comment on the appeal while LBCE and LBCDC filed its reply on October 14, 2020. The Supreme Court has not resolved the appeal as of today.

On January 21, 2016, LBCE and LBCDC filed its Urgent Motion to Approve the Counterbond and Discharge the Writ of Attachment which was resolved in favor of LBCE and LBCDC.

On February 17, 2016, the RTC issued the order to lift and set aside the writ of preliminary attachment. The order to lift and set aside the writ of preliminary attachment directed the sheriff of the RTC to deliver to LBCE and LBCDC all properties previously garnished pursuant to the said writ. The counterbond delivered by LBCE and LBCDC stands as security for all properties previously attached and to satisfy any final judgment in the case.

From August 10, 2017 to January 19, 2018, LBCE, LBCDC, the other defendants and PDIC were referred to mediation and Judicial Dispute Resolution (JDR) but were unable to reach a compromise agreement. The RTC ordered the mediation and JDR terminated and the case was raffled to a new judge who scheduled the case for pre-trial proceedings.

On or about September 3, 2018, PDIC filed a motion for issuance of alias summons to five individual defendants, who were former officers and directors of the Bank. For reasons not explained by PDIC, it had failed to cause the service of summons upon the five individual defendants and hence, the RTC had not acquired jurisdiction over them. Since PDIC was still trying to serve summons on the five individual defendants and thus, for orderly proceedings, LBCE and other defendants filed motions to defer pre-trial until the RTC had acquired jurisdiction over the remaining defendants.

On January 18, 2019, PDIC filed its Pre-Trial Brief. LBCE, LBCDC and the other defendants, filed their own Pre-Trial Briefs on February 18, 2019 without prejudice to their pending motions to defer pre-trial. In the meantime, the parties have proceeded to pre-mark their respective documentary exhibits in preparation for eventual pre-trial.

On May 2, 2019, at the pre-trial hearing, the RTC released an Order, which, among others, granted LBCE's motion to defer pre-trial proceedings in order to have an orderly and organized pre-trial and deferred the pre-trial hearing until the other defendants have received summons and filed their answers.

Later on, three of the four individual defendants received summons and then filed motions to dismiss the case, all of which were denied by the RTC. The three individual defendants filed motions for reconsideration which were eventually denied by the RTC. Thereafter, the two individual defendants filed their Answers to the Complaint with the RTC, and the third individual defendant filed her Answer with Compulsory Counterclaims on May 24, 2021. On December 15, 2020, PDIC filed a motion to declare the fourth individual defendant in default for failure to file an Answer despite receiving the summons. The fourth individual defendant replied that he has filed his Answer to the Complaint on July 13, 2020. PDIC filed its Reply with motion to show cause against the fourth individual defendant on January 14, 2021 and such defendant filed his Manifestation and Comment/Opposition thereto on January 19, 2021.

Meanwhile, on January 16, 2021, summons, together with a copy of the Complaint were served on LBC Properties, Inc., another defendant in this case. On February 11, 2021, LBC Properties, Inc. filed its Answer to the Complaint.

Later on, the RTC denied the motion for reconsideration of the last remaining individual defendant. Thus, on May 24, 2021, a defendant filed her Answer with Compulsory Counterclaims.

On November 8 2021, the parties completed the pre marking of their respective documentary exhibits.

The RTC then conducted the pre-trial proper from May 26, 2022 until September 29, 2022.

The presentation of PDIC's evidence and witnesses commenced on January 11, 2023. After several postponements, PDIC was supposed to present its last witness during the hearing on 22 February 2023. The RTC directed PDIC to make its oral formal offer of evidence on 8 March 2023.

On March 7, 2023, PDIC filed a Motion for Reconsideration, submitting the Judicial Affidavit of the witness and requesting that the RTC allow the witness to be presented. The defendants have since then filed their Comment/Opposition to the Motion for Reconsideration. The RTC will rule on PDIC's Motion for Reconsideration of the Order dated February 22, 2023 after receipt of PDIC's Reply.

Meanwhile, due to the pendency of the Motion for Reconsideration of the Order dated February 22, 2023, the RTC cancelled the scheduled hearing on March 8, 2023, and reset the same to April 19, 2023.

On April 19, 2023, the RTC allowed PDIC to present its last witness during the hearing. The testimony of the witness was completed on April 19, 2023.

The RTC issued an Order dated April 20, 2023 ruling the defendants' Comment/Opposition to PDIC's Motion for Reconsideration has been rendered moot by the presentation and cross examination of the defendant. The RTC set the case for hearing on May 4, 2023 during which PDIC will formally offer its documentary evidence. The RTC likewise set the case for hearing on May 18, 2023 for the initial presentation of LBC's evidence and witnesses.

LBCE, LBCDC and the other defendants filed a Motion for Reconsideration, Motion to Resolve, and Motion to Defer Plaintiff's Formal Offer of Evidence dated May 4, 2023, which essentially sought to reconsider the RTC on April 20, 2023. Order on the ground that the cross-examination of the last witness was made with express objections to the admissibility of her testimony and with express reservations with respect to the pending Motion for Reconsideration of the PDIC as well as to any remedy against any adverse resolution on the pending Motion for Reconsideration of the PDIC.

LBCE, LBCDC and the other defendants also requested the RTC to resolve the pending Motion for Reconsideration of the PDIC and to defer the Plaintiff's formal offer of evidence scheduled on May 4, 2023.

At the hearing on May 4, 2023, the RTC postponed PDIC's oral formal offer of evidence in light of the defendants' motions and directed PDIC to file a comment or opposition. PDIC filed an Opposition/Comment dated May 9, 2023.

The RTC then issued an Order dated May 18, 2023, whereby the presiding judge voluntarily inhibited from the case. The case was then raffled to Makati RTC, Branch 132 presided by Hon. Rommel O. Baybay.

After conducting a status hearing on July 13, 2023, the new presiding judge issued on Order of the same date, denying the pending motions on the ground that they are moot and academic, seeing that the last witness already testified. The Order further directed PDIC to file a written formal offer of evidence within 30 days from notice and granting the defendants an equal period of time to comment thereto.

On August 15, 2023, LBCE, LBCDC and the other defendants, through counsel, received the written Formal Offer of Evidence of PDIC. LBCE, LBCDC, and the other defendants filed their respective comments thereto.

The judge issued an order dated September 28, 2023, admitting all of the documentary evidence of the PDIC. Since the judge appeared not to consider serious objections raised by the defendants to the documentary evidence, LBCE, LBCDC, and the other defendants filed their respective motions for reconsideration. In the Order dated January 17 ,2024, the RTC denied the Motion for Reconsideration.

Accordingly, on January 18, 2024, LBCE filed its Demurrer to Evidence and LBCDC, LBC Properties, Inc. and the individual defendants filed a separate Demurrer to Evidence.

The RTC granted PDIC a period of 30 days to file its comments to the Demurrers and further granted the defendants a period of 30 days to file their replies.

Subsequently, another defendant filed her own Demurrer to Evidence dated February 19, 2024.

LBCE, LBCDC, LBC Properties, Inc. and the other defendants will file their Reply to the PDIC's Comment to the Demurrers to Evidence, which is due on March 20, 2024.

In a Motion for Extension of Time dated February 27, 2024, PDIC requested that it be given until March 23, 2024 to file its Comment to a defendant's Demurrer to Evidence.

Pending the resolution of the Demurrers, the initial presentation of evidence for the Defendants is set on April 19, 2024, April 26, 2024, and May 10, 2024.

At the hearing on April 19, 2024, the RTC noted that the Demurrers were not yet resolved. One of the defendant was given until May 4, 2024 to file a Reply in response to PDIC's Comment to said defendant's Demurrer to Evidence. Upon its request, PDIC was given 30 days from receipt of defendant's Reply to file a Consolidated Rejoinder to defendant's Reply and the Reply filed on behalf of LBCE and others.

The hearing dates on April 26, 2024 and May 10, 2024 were cancelled. The hearing dates for the presentation of Defendants' evidence were rescheduled to July 19, 2024, August 2, 2024, and August 23, 2024.

On May 16, 2024, LBCE received a copy of the Resolution dated May 9, 2024, denying all of the Demurrers. LBCE and the other Defendants filed their respective Motions for Reconsideration dated May 31, 2024. Defendant Berenguer also filed a Motion for Reconsideration dated June 3, 2024. The PDIC filed its oppositions to the three Motions for Reconsideration.

At the hearing last July 19, 2024, the court stated that it needed more time to resolve the pending motions. Hence, the presentation of Defendants' evidence were rescheduled to August 2, 2024 and August 23, 2024.

The court later issued a Resolution dated August 1, 2024, denying all the Motions for Reconsideration. The hearings for presentation of Defendants' evidence were rescheduled to September 20, 2024 and November 15, 2024.

LBCE and the other defendants presented their first witness on September 20, 2024, November 15, 2024, March 6, 2025 and July 17, 2025. LBCE and the other defendants presented their second witness on July 30, 2025. The presentation of defendants' evidence was scheduled for continuance on September 17, 2025. The Defendants have at least four more witnesses to present. Hence, the trial of the civil case is still on-going at this time.

In relation to the above case, in the opinion of management and in concurrence with its legal counsel, any liability of LBCE is not probable and estimable at this point.

National taxes
LBCE and its certain subsidiaries are currently involved in assessments for national taxes and the outcome is not currently determinable.

The estimate of the probable costs for the resolution of this assessment has been developed in consultation with the Group's tax counsel and based upon an analysis of potential results. The inherent uncertainty over the outcome of this matter is brought about by the differences in the interpretation and application of laws and rulings. Management believes that the ultimate liability, if any, with respect to this assessment, will not materially affect the financial position and performance of the Group.

Without prejudice to the results of the assessment, the Group paid tax advance to the taxation authority amounting to ₱2.03 billion. In 2022, management assessed that it is probable that these tax advance payments will be used to settle tax liabilities, if there's any, and be used as tax credit for tax liabilities in the succeeding years. As such, the Group recognized the tax advance payment as other assets classified between current and noncurrent in consideration of the expected timing of usage in future periods (see Note 7).

The Group does not provide further information required under Philippine Accounting Standards (PAS) 37, *Provisions, Contingent Liabilities and Contingent Assets*, on the ground that it may prejudice the outcome of the assessments.

29. Subsequent Events

On July 7, 2025, the BOD of OFII authorizes the increase in authorized capital stock from 16.00 million shares to 25.00 million shares. Further, out of the 9.00 million increase in authorized capital stock, a total of 2.25 million shares shall be initially subscribed by stockholders in proportion to their shareholding through a declaration of stock dividend.

On July 1, 2025, the BOD of OFII declares cash dividend amounting to ₱110.00 million. Share of the Parent Company is at ₱33.00 million which will be settled in July and November 2025.
